Honorable G. Murrell Smith, Jr., Speaker
South Carolina House of Representatives
506 Blatt Building
Columbia, SC 29201

Re: SCDOT 2023 Annual Report

Dear Mr. President and Mr. Speaker:

I am pleased to submit the South Carolina Department of Transportation (SCDOT) Annual Report for 2023. Included in the report is an update on our progress towards repairing and upgrading the state's road and bridge network. Thanks to the funding provided in 2017 by the Legislature, significant progress has been made with thousands of miles of paving projects, hundreds of bridge projects, over 1,000 miles of rural road safety projects and numerous miles of interstate upgraded. Amongst these four main categories, SCDOT has either surpassed or is on target toward our 10-Year Plan.

In accordance with the South Carolina Code of Laws SS 57-3-760, SCDOT is required to provide this report to the General Assembly. In concurrence, this Annual Report satisfies the condition of the 2017 Act No. 40, SS 57-1-380 requiring SCDOT to provide and publish an annual update on achieving the Transportation Asset Management Plan (TAMP) performance goals.

We greatly appreciate your commitment to improving the state's infrastructure, and we look forward to continuing the successful execution and expansion of the 10-Year Plan. Please do not hesitate to reach out to us if you have any questions or need additional information.

Sincerely,

Christy A. Hall, P.E.
Secretary of Transportation

cc: Henry D. McMaster, Governor of South Carolina
ec: South Carolina General Assembly

ANNUAL REPORT

January 2024 - Reporting on State Fiscal Year 2023

This **Annual Report** exhibits the South Carolina Department of Transportation's (SCDOT) commitment to the Governor, General Assembly, and the citizens of South Carolina that SCDOT will maintain the State Highway System in the highest state of good repair possible given the funding available. The Agency is responsible for planning, constructing, maintaining, and operating the highway system in South Carolina, as well as the development of a statewide intermodal and freight program.

Thanks to the reoccurring increase in state funding made possible by Act 40, an additional one-time American Rescue Plan Act appropriations from the General Assembly, and an increase in over 30 percent of federal funding made possible by the Infrastructure Investment and Jobs Act (IIJA), SCDOT continues to make significant progress in restoring our transportation network. Without these additional sources of funding from landmark legislation, the goals and targets set for the improvement of our pavements, bridges, and the safety of our system would not be possible.

To aid us in our commitment, SCDOT uses asset and performance management principles that tie defined asset condition outcomes to specific levels of investment. In practical terms, this ensures that our pavement and bridge assets have the longest service life possible for the least practical cost. This is extremely important in the state of South Carolina where we have:

- the 4th largest state highway maintained system in the United States,
- over 528 million tons of freight moving across SC annually,
- the 3rd fastest growing population in the Nation,
- the deepest harbor (Charleston) on the Southeast coast,
- over \$29 billion generated from tourism, and
- a population of approximately 5.2 million people.

It is obvious that the highway system is vital to the increasing growth of South Carolina's economy. South Carolina's highway system interconnects ports with major cities and commercial hubs while promoting the efficient transfer of both goods and people within and across the state. South Carolina continues to attract new residents, tourists, and businesses. This growth has influenced SCDOT's ability to maintain and operate the transportation network. We have focused our efforts to getting the system to a state of good repair through the development and implementation of an aggressive 10-Year Plan to drive investments towards projects that aid in recovering the system from the past three decades of underfunding.

The Secretary of Transportation and the governing board of the Agency, the SCDOT Commission, have reaffirmed the importance of accountability and transparency regarding the use of taxpayer funds. In 2022, the executive leadership team of SCDOT updated the Strategic Plan, which forms the guiding principles of our Investment Strategies, focusing on the maintenance, preservation, and safety of the existing transportation infrastructure, directing investments based on a hierarchy of highway systems and priority networks, integrating risk-based prioritization, improving safety, advancing lifecycle cost in investment programming, and enhancing mobility. The three major goals of the SCDOT Strategic Plan are to:

- Improve safety programs and outcomes in high-risk areas;
- Maintain and preserve its existing transportation infrastructure;
- Improve program delivery to increase the efficiency and reliability of the road and bridge network.

"I want to congratulate Secretary Hall and her Team for reaching this important financial milestone. Under Hall's leadership, SCDOT's financial stewardship has continued to grow, and I appreciate her efforts to support accountability and transparency in state government."

–State Treasurer
Curtis Loftis

SECTION I - Agency Accomplishments

The 10-Year Plan has been marked with successes as roads are resurfaced, bridges are replaced or rehabilitated, interstates are widened, and rural roads are made safer. In addition to those successes, SCDOT has gone above-and-beyond earning major achievements and awards in the following areas:

- In September 2022, before **Hurricane Ian** ever made landfall in South Carolina, SCDOT crews began to prepare around-the-clock for the storm's anticipated impact and began monitoring traffic flow on the transportation network. Following the storm, crews worked 24-hour shifts.
- Later in September 2022, SCDOT Equipment Operators took **Second Place** overall in the **2022 Southeastern Regional Equipment Operators Rodeo** in Louisiana. Several individual award winners from SCDOT took first place in their events.
- As of October 1, 2022, SCDOT was officially **Debt Free**. SCDOT made the final payment on outstanding bonds, making SCDOT one of six state departments of transportation in the nation with no outstanding highway bonds or loans. This action saved SCDOT \$9.2 million in future principal and interest payments.
- On November 29, 2022, SCDOT employees in every county participated in the **Fall Cleanup** event. Thousands of pounds of litter were picked up statewide from the highway system.
- In December 2022, SCDOT crewmembers worked the **Winter Storm** by clearing over 300 downed trees, pretreated routes, and made signal repairs due to inclement weather.
- SCDOT won the national **Keep America Beautiful Award** for recognition of continued support to Palmetto Pride and affiliates through partnership projects and exceptional programming.
- Deputy Secretary for Engineering Leland Colvin was awarded the Carolina AGC **Build with the Best Pinnacle Award**, which is given to a non-contractor for their role in advancing the "betterment of the construction industry and the overall economic welfare of the Carolinas."
- The Harbor River Bridge Replacement project in Beaufort County won the **Best Use of Technology and Innovation SASHTO Award** for its use of connectable barges creating a wide access road across the salt march and open water, allowing the road to remain open during construction and minimizing environmental impacts.
- On October 13, 2022, SCDOT was a part of the inter-agency working group for the **Governor's Electric Vehicle Summit**. SCDOT is responsible for adoption and implementation of the National Electric Vehicle Infrastructure (NEVI) Formula Program.
- In March 2023, SCDOT began a nine day **Bridge Rehabilitation on I-77** in Richland County. This project rehabilitated 17 deteriorating bridges on I-77, 9 northbound bridge decks, and 8 southbound bridge decks. SCDOT employees worked around the clock, finishing more than twenty-four hours ahead of schedule.
- The **Spring Spruce Up** event was on March 28, 2023, where approximately 1,600 SCDOT employees participated statewide and removed more than 105 tons of litter from South Carolina highways.
- On March 30, 2023, the SCDOT Planning Office hosted the annual MPO-COG Academy for Metropolitan Planning Organizations and Councils of Government. This provides local government leaders from around the state the opportunity to discuss topics such as the updated census, regional mobility programs, and bicycle/pedestrian safety.
- Three SCDOT employees were recognized for having over 50 Years of Service with SCDOT – Mr. Walt Holiday of Orangeburg Maintenance, Mr. Michael "Mike" Bagley of District 4 Pavement Crew, and Mr. James B. Powers of Lancaster Maintenance.

SECTION II - Delivering Results with the 10-Year Plan

The 10-Year Program (2018-2027) launched July 1, 2017, so this report covers a full six years of the 10-Year Program. We are well on our way to achieving the Agency's goals. Prior to the passage of the Roads Bill in 2017, we had roughly \$1 billion in active construction work; SCDOT continues to significantly increase its work program by almost quintupling its construction program to a record-breaking \$4.8 billion level. This is the highest number of construction projects in the history of the Agency.

SCDOT has Dramatically Increased its Work Program

SCDOT has dramatically improved the condition and operation of the transportation system. Construction or maintenance is occurring in every county. The transportation industry has responded by completing record-breaking levels of work. The four programs in the Plan have set the bar higher with new and expanded targets. The 10-Year Plan accomplishments to date (July 2018- June 2023) are:

- **SAFETY/RURAL ROAD:** South Carolina leads the nation in fatalities on rural roads. Nearly 30% of the rural fatal and serious injury crashes in South Carolina are happening on just over 5% of the rural roads. The SCDOT Commission has dedicated funding to target these roads and has increased the target to 1,250 miles (*up from 1,000 miles*) to help meet the safety needs across the state. SCDOT has already seen evidence/results of this Rural Road Safety Program investment. **SCDOT is currently ahead of schedule with 946 miles completed or under contract (or 76%).**
- **PAVING:** The largest single area of this investment of the 10-Year Plan is for paving. More than **7,300 miles have advanced to construction. The major road networks or primary routes have improved their measurement of "good" from 19% (2016) to 42% (2023), well on our way towards the goal of 53% "Good" target for year 2026.**
- **BRIDGES:** SCDOT has targeted load-restricted and bridges in poor condition on the network that create inefficiencies and unnecessary delays. Additionally, we have created a Bridge Rehab Program to address significant bridge issues throughout the state, expanding the scope of the program and increasing our 10-year target of replacing to 500 bridges (up from 465 bridges). **SCDOT remains on target with 299 bridges completed or under contract (or 60%).**
- **INTERSTATE CAPACITY/WIDENING:** The second largest area of this investment is for Interstate Widening. We have established an aggressive interstate widening program to improve mobility and capacity. **Our 10-year objective of improving 215 miles (up from 140 miles) of interstates is on target with approximately 101 miles completed or advanced to construction (or 47%).**

ANNUAL REPORT

The 10-Year Plan is financially backed by both state and federal funds with the allocation of funding strategically assigned to maximize efficiency and leverage all funds to their maximum potential and benefit to our state. The 10-Year Plan also embraces asset and performance management principles, including tying specific levels of investment to desired outcomes (targets).

Each year, SCDOT reports on this progress and has compiled the table below in compliance with SC Code of Laws, [Section 57-1-380](#).

Transportation Asset Management Plan (TAMP) Performance Targets												
	Baseline		2016 Baseline		10-Year Target		Year Five				Average Annual Funding Level	Commission Approval Date
	Centerline Miles	% VMT	% Good	% Poor	% Good	% Poor	2021 Target		2021 Actual			
Pavements							% Good	% Poor	% Good	% Poor		
Interstate	851	30%	65%	11%	92%	3%	76%	8%	78%	8%	\$152M	October 2021
Primary	9,517	46%	23%	55%	53%	30%	35%	45%	42%	42%	\$282M	October 2021

Bridge Programs**	2016 Baseline Condition		10-Year Target		2021 Target (Cumulative)		2021 Actual (Cumulative)					
Load Restricted & NHS Structurally Deficient Bridge Program	465 bridges load restricted or structurally deficient		465 bridges replaced, repaired or permanently closed		185 bridges replaced, repaired or permanently closed		217 bridges replaced, repaired or permanently closed		\$36.5M		April 2018	
Total Average Annual Funding											\$190M	October 2021
Safety	2016 Baseline Condition		10-Year Target		2021 Interim Target		2021 Actual Values					
Fatalities (Statewide)	890				1139		968		1059		\$130M	October 21, 2021 (Funding updated)
Fatality Rate	1.75				1.90		1.68		1.92			March 17, 2022 (10-year target updated)
Number of Serious Injuries	3194	5-Year Rolling Average			2731	5-Year Rolling Average	2923	5-Year Rolling Average	2860			
Serious Injury Rate	6.30				4.56		4.93		4.99			
Non-Motorized Fatalities & Serious Injuries	376				469		377		454			
Emphasis Area: Roadway Departures											\$70M Emphasis Area Allocation	
Rural Road Safety Program											\$50M	September 2017
Interstate Safety Program											\$11M	March 2018
Rumble Strips Installation Program											\$9M	March 2018
Emphasis Area: Intersections & Other High-Risk Locations											\$22M Emphasis Area Allocation	
Intersection Safety Projects											\$13M	March 2018
Railroad Safety Projects											\$4M	March 2018
Work zone Enforcement											Included in Project Costs	
Target Zero Law Enforcement Teams											Previously Allocated	
Road Safety Assessments & Implementation											\$5M	March 2018
Emphasis Area: Vulnerable Roadway Users											\$5M Emphasis Area Allocation	
Pedestrian & Bicycle Safety Projects											\$5M	March 2018
Safety Data Analytics											\$2M Allocation	
Total Average Annual Funding											\$99M	March 2018

Pavement condition based on Pavement Quality Index (PQI).
 NFA Secondary annual funding of \$121M includes estimated \$39M in CTC spending
 *Bridge conditions based on Federal Metrics.
 **Bridge Program Numbers are bridges complete and under construction Updated July 29, 2021

As noted in the table, very good progress is being made towards the targets in the 10-Year Plan with the exception of fatalities. Regrettably, South Carolina has followed the national trend of seeing increased fatalities in both vehicular crashes and non-motorized (bike/ped) crashes. It appears that lower traffic volumes across the state, due to changes in commute and travel patterns since the arrival of the coronavirus, has led to higher speeds and crashes of greater severity.

ANNUAL REPORT

In addition to the significant amount of road and bridge construction all across the state, SCDOT's maintenance forces continue to deliver results maintaining the nation's fourth largest transportation system. Below is a sampling of the maintenance activities performed each fiscal year:

Fiscal Year	Work Requests Received & Processed	Pothole Requests Received & Processed*	Acres Mowed	Pounds of Liter/Debris Removed (in millions)	Encroachment Permits Approved
2017	64,000	12,421	167,000	6.40	11,310
2018	63,553	18,338	162,000	6.46	11,723
2019	83,631	34,808**	174,000	6.61	12,762
2020	86,300	27,709	155,400	5.72	12,391
2021	84,000	28,812	162,190	5.41	9,119
2022	80,774	24,925	136,327	5.34	9,359

All values are approximate.
** Previous Annual Report data reported on the number of potholes filled; this data captures citizen's request to patch potholes.*
***Pothole Blitz January 2019*

SCDOT staff also processed several damage claims filed by citizens over the past several years.

As shown in the table below, the number of claims and amount paid can vary significantly from year to year. The data reflects only the claims processed and paid directly by SCDOT.

Calendar Year	Total Number of Claims	Amount Paid
2017	2,295	\$ 397,961
2018	1,085	\$ 135,568
2019	3,541	\$ 702,689
2020	3,161	\$ 700,135
2021	2,911	\$ 457,022
2022	2,672	\$ 447,274

The Secretary of Transportation and the governing board of the agency mentioned above, the SCDOT Commission, fully understand the challenge of building, maintaining, and preserving the pavement and bridge assets of the state highway system today, and how this will enable us to rebuild that system into one that will meet the needs of every South Carolinian in the future. To accomplish this, SCDOT developed and implemented four major transportation documents, to include the Strategic Plan (SP), Statewide Transportation Improvement Program (STIP), the Transportation Asset Management Plan (TAMP), and Statewide Multimodal Transportation Plan (MTP).

SCDOT has adopted transportation asset and performance management as a best management practice and has fully embraced the concept for all of its programs. These plans document our commitment to the Governor, General Assembly, and the citizens of South Carolina, that SCDOT will maintain the State Highway System in the highest state of good repair possible given the funding available. A description of each plan or program is below:

- **Strategic Plan** is the overarching guide of our transportation vision, mission, values, and goals. The SCDOT Strategic Plan is a multi-year plan provided to all employees and continually presented to new employees at New Employee Orientations. Our statutory charge to *“build and maintain roads and bridges in and across the state and provide mass transit to the motoring public”* continues to be our purpose and therefore, our strategic plan continues as we complete and track measures for each goal. Our Strategic Plan has five goals:
 - 1: **Improve safety** programs and outcomes in our high-risk areas.
 - 2: **Maintain and preserve** our **existing** transportation infrastructure.
 - 3: **Improve SCDOT program delivery** to increase efficiency and reliability of our road and bridge network.
 - 4: **Provide a safe and productive work environment** for SCDOT employees.
 - 5: **Earn public trust** through transparency, improved communications, and audit compliance.
- **Statewide Transportation Improvement Program (STIP)** is the state’s 7-year improvement program for all projects or programs receiving state or federal funding, including pavements, bridges, upgrades, freight, safety, congestion mitigation and air quality (CMAQ), transportation alternatives program (TAP), railroad crossings, planning, State Transportation Infrastructure Bank (STIB) payments, preventative maintenance and operations, and public transportation. This is reviewed every three years, but is also revised on a continual basis to reflect the latest program and project information. The current plan was approved in 2021, and it will be updated in 2024.
- **Transportation Asset Management Plan (TAMP)** is a 10-year plan that focuses on programs and activities to improve business practices, asset conditions, and system performance. The TAMP uses asset and performance management principles and practices that tie defined asset condition outcomes to specific levels of investment. In other words, how we ensure that pavement and bridge assets have the longest service life possible for the least practical cost. The plan includes the condition targets that were established as part of our 10-Year Plan. This is reviewed at two-year intervals to evaluate performance targets and sets the agency’s asset investment strategies. The current plan was completed June 2022.
- **Multimodal Transportation Plan (MTP)** is a 20-year long-range plan that identifies statewide, multi-modal needs, forecasts investment levels, and estimates annual funding gaps. The Multimodal Transportation Plan is South Carolina’s long-range transportation plan. The 2040 Multimodal Transportation Plan update includes fully integrated modal plans for the Interstate, Strategic Corridors, Public Transit and Human Health Service Coordination, Freight, and Rail. This is updated every five-years. The current plan was completed July 2020, with the next plan to follow in October 2024.

SECTION III - 5-Year Plan Detailing Traffic Regulation

In response to Act 181 of 1993 (also known as the 1993 Restructuring Act), the SC Highway Department was separated into the Department of Public Safety, the Department of Motor Vehicles, and the Department of Transportation. Pursuant to Section 1507 of ACT 181, the duties and powers relating to highways do not contain traffic regulations (including administration and enforcement of traffic, driver, and motor vehicle laws) and are, therefore, not the responsibility of SCDOT.

SECTION IV - Firms, Companies, & Businesses with Contracts

The following are lists by five categories of all firms, companies, or businesses that did business with the South Carolina Department of Transportation for FY 2022 (July 1, 2021 – June 30, 2022).

The first report is all *Vendor Payments* and begins on page 8. This report includes all payments made to any vendor during FY 2021 and is sorted from highest paid vendor to lowest.

The second report focuses only on *Construction Contractor Payments*. The Construction Contractor Payments report begins on page 75 and reflects payments for construction work on the state highway system.

The third report focuses only on payments associated with work to construct, renovate or maintain SCDOT owned buildings. The *Facility / Capital Improvements* report is on page 76.

The fourth report focuses only on payments for vendor services generally affiliated with maintenance and operation of the state system as well as general supplies. The *Commodities and Services Contracts* report begins on page 76.

Finally, the fifth report focuses only on payments for engineering consultants and other professional services. The *Professional Services Contracts* report is on page 82.

Section 12-28-2930 of the Code of Laws and Article 8 of Chapter 63 of the Code of Regulations requires the Department to ensure at least ten percent of state-source highway funds are expended through direct contracts with estimated values of \$250,000 or less to small business owned or controlled by socially and economically disadvantaged ethnic minorities (MBEs) and firms owned and controlled by disadvantaged females (WBEs), collectively, these groups are referred to as "Disadvantaged Business Enterprises" or "DBEs." In FY23, no contracts were awarded under the State DBE Program as specifically set forth in Section 12-28-2930(l).

The vendor numbers and names represented on the following lists were extracted directly from the South Carolina Enterprise System (SCEIS).

All Vendor Payments:

SCEIS Vendor Number	Vendor	FY23 Amount
7000275092	Archer United JV	\$ 206,796,929.36
7000042402	Palmetto Corp	\$ 112,136,771.02
7000086543 7000094049	CR Jackson Inc.	\$ 99,270,624.04
7000025264 7000177001	Banks Construction Co	\$ 91,168,106.58
7000176901 7000236139 7000082621	Reeves Construction Company	\$ 72,252,454.15
