

NIKKI R. HALEY, GOVERNOR V. SUSAN ALFORD, STATE DIRECTOR

March 1, 2017

The Honorable Henry McMaster Governor of South Carolina State House, 1st Floor 1205 Pendleton Street Columbia, South Carolina 29201

Members of the General Assembly State House, 1st Floor 1205 Pendleton Street Columbia, South Carolina 29201

Dear Governor McMaster and Members of the General Assembly:

Enclosed you will find the South Carolina Department of Social Services' report pursuant to S.C. Code Section 43-1-210. This statute essentially requires the reporting of eight items, each outlined below with a reference to the tab where the pertinent information is located.

- **1. Requirement:** A full and detailed report of the Department's annual activities and expenditures, including a statement of its personnel and the salaries paid.
 - Attachment A contains the Department's Accountability Report which contains detailed activities and expenditures. Attachment B contains a statement of personnel expenses.
- **2. Requirement:** A report with such recommendations and suggestions the Department deems advisable.
 - Attachment C contains the 2016-2017 Department Budget Plan, and Attachment D contains the Department's Proviso Revision Request.
- Requirement: The monthly number of cases assigned as of the last business day of every month, to each case worker in the Department of Social Services Child Protective Services Division.
 - Attachment E contains a report, by month, of the total number of cases, including cases outside of the Child Protective Services Division, assigned to each case worker in Child Welfare Services. Data notes are provided on the first two pages of the attachment.

The Honorable Henry McMaster Members of the General Assembly March 1, 2017 Page 2

4. Requirement: The monthly total number of children assigned, as of the last business day of every month, to each case worker in the Department of Social Services Child Protective Services Division.

Attachment E contains a report, by month, of the total number of children assigned to each case worker in Child Welfare Services as documented in the Child and Adult Protective Services System (CAPSS).

5. Requirement: The monthly total number of children seen by the Department of Social Services within twenty-four hours of a report of abuse or neglect that were accepted for intake.

Attachment F contains a table that shows the monthly total number of children documented in the case records system (CAPSS) to have been seen by the Agency within twenty-four hours of a report of abuse or neglect that was accepted for investigation.

6. Requirement: The monthly total number of children that were not seen by the Department of Social Services within twenty-four hours of a report of abuse or neglect.

Attachment F contains a table that shows the monthly total number of children documented in the case records system (CAPSS) to have not been seen by the Agency within twenty-four hours of a report of abuse or neglect that were accepted for investigation. S.C. Code Section 63-7-920, which governs investigations and case determinations, does not require face-to-face contact within twenty-four hours. Instead, it requires the Department to "begin an appropriate and thorough investigation" within twenty-four hours of the receipt of a report of suspected child abuse or neglect. Although it is not a requirement, the Department's policy mandates diligent efforts must be made to see every child within twenty-four hours of the acceptance of a report.

7. Requirement: The total number of children in foster care that were seen by the Department of Social Services each month.

Attachment G contains a table that shows the total number of children in foster care that were documented to have been seen by the Agency each month.

8. Requirement: The total number of children in foster care that were not seen by the Department of Social Services each month.

Attachment G contains a table that shows the total number of children in foster care that were not documented to have been seen by the Agency each month.

V. Susan Cleford

S.C. Code Section 43-1-210 was recently amended to require the reporting of many of these items for the first time. We have included items that we think are most responsive to the statute; however, should you need additional information, I am happy to provide further information. I look forward to any feedback you may have.

Sincerely,

V. Susan Alford State Director

AGENCY'S DISCUSSION AND ANALYSIS

Overview

The South Carolina Department of Social Services (DSS), as one of the largest public Agencies in the state, provides a vast array of services. The Child Welfare System of Services includes Child Protective Services, Foster Care, Intensive Foster Care and Clinical Services, and Adoption Services. The Agency also provides Adult Protection and Domestic Violence Services, Economic Services including the distribution of food and financial assistance to families in need, Early Care (Early Child Care) and Education Services, Child Support Services including the collection of child support for custodial parents, and the staffing of emergency shelters.

DSS Mission

To serve South Carolina by promoting the safety, permanency, and well-being of children and vulnerable adults, helping individuals achieve stability and strengthening families.

Strategic Planning and Performance Measurements

The strategic planning and performance measurements sections of this year's Accountability Report reflect a focus on the core functions of DSS and the basic goals, strategies, and objectives needed to perform those functions with excellence. Many of these performance measurements are reported regularly to the federal government and are used by DSS for management and strategic planning purposes. During the past year, DSS adopted a new strategic plan that has been incorporated into this Accountability Report. Performance measures for the specific objectives in the strategic plan are being developed to provide additional accountability for the agency.

Division Highlights

Child Welfare Services

The Child Welfare Services programs are targeted to improve the safety, permanency, and well-being outcomes for children and families who receive these services. The Child Welfare System of Services includes Child Protective Services, Family Preservation, Foster Care, Intensive Foster Care and Clinical Services, and Adoption Services.

The South Carolina Department of Social Services (DSS) is the Agency responsible for administering Title IV-B and IV-E funded programs and the related child welfare plans and services. DSS has outlined its plan for the administration of child welfare services programs in the South Carolina Child and Family Services Plan (CFSP) for the FFYs 2015-2019. The CFSP is developed in collaboration with both internal and external agency partners. This strategic plan, which must be submitted to the United States Department of Health and Human Services, Administration for Children and Families, Children's Bureau (Children's Bureau), presents goals objectives, strategies, and services planned for the five-year period. DSS submitted the 2015-2019 CFSP to the Children's Bureau on June 20, 2014. The Children's Bureau approved the CFSP on September 30, 2014.

Each year during the five-year plan cycle, DSS is required to file a progress report (Annual Progress and Services Report) with the Children's Bureau. Throughout the year, DSS engages internal and external partners to discuss progress and challenges in meeting plan objectives. During these meetings with Agency partners, DSS and its partners make adjustments in plan strategies as needed.

DSS submitted its FFY 2017 Annual Progress and Services Report on June 30, 2016. Many of the Goals, Strategies, and Objectives indicated in this Accountability Report reflect the updated SC Child and Family Services Plan in the APSR.

DSS continues to struggle with high caseloads, particularly in the delivery of family preservation services. More than any other challenge currently confronting DSS, heavy caseloads affect safety, permanency, and well-being outcome measures outlined in the CFSP.

DSS analyzed staff turnover data for the Agency, which decreased year-to-year, and obtained feedback from the DSS County Offices. Causes of this turnover for South Carolina, and for Child Welfare caseworkers across the nation, included low wages, high workload and insufficient supervision. To address these issues, DSS developed multiple strategies to increase staff retention. These strategies include: increase in salary for frontline workers to remain competitive with other states, development of a career ladder to provide opportunity for advancement, second and third shift pilots to distribute workload and strategies to address caseloads, a tuition reimbursement and student loan forgiveness incentive, salary increases for length of service, new supervisory ratios, and Guided Supervision of staff. In 2016, DSS received funding to hire 35 front line human services caseworkers to decrease caseloads and to improve quality in the delivery of services. Additionally, DSS received funding to hire 51 additional caseworkers to expand the second and third shift pilot program.

Twenty-two counties are currently served by the department's regionalized intake hub system, Monday-Friday, 8:30 a.m. -5:00 p.m. To continue efforts to improve the quality and consistency of decisions at the time of intake, DSS received funding to hire 52 human services employees to complete the second phase of implementation of the regional intake hub system. In this second phase of implementation, DSS plans to bring the remaining 24 counties into the regional intake hub system. DSS will monitor the quality of the system and will recommend the provision of resources accordingly, toward the ultimate goal of having all 46 counties in the state served by a regionalized intake hub system 24 hours a day, 7 days a week, which will be the third phase.

DSS is updating its website to not only provide an updated look for the Department, but to better serve the public and our partners by making information more accessible. For the last two years, the Department has published data on its website regarding child fatalities caused by abuse or neglect. DSS is working to enhance its child fatality prevention practice by developing a new child fatality review process that begins from the time of intake, includes a rapid response review of information by a mutli-disciplinary team including child abuse pediatricians, coroners, and law enforcement, and concludes with a review that will reveal "lessons learned" that can be shared with the public, and therefore, can be used to improve prevention efforts on a systemic level.

On June 3, 2016, a Settlement Agreement in the Michelle H., et.al. v. Haley, et.al. class action lawsuit was filed in federal court. The terms of the Settlement Agreement target various areas in need of improvement in the delivery of services to children who are in foster care, including, but not limited to, utilization of congregate care, placement stability, sibling placements and family visitation, and the provision of health care services. A hearing to approve the Settlement Agreement is scheduled on October 4, 2016. Once approved by the federal court, many of the Agency's goals and strategies for reformation of the child welfare system will be influenced by the priorities outlined in the Settlement Agreement.

Finally, the Agency will undergo the third round of the federal Child and Family Services Review (CFSR) in April 2017. The CFSR measures the states' compliance in meeting federal safety, permanency, and well-being outcomes for children and families. States that are not in compliance with these federal standards will be required to develop program improvement plans which must be successfully completed or the state faces financial penalties. The results of the CFSR will also impact the Agency's goals and strategies

AGENCY CODE:	L04	SECTION:	038

for improvement in the child welfare system.

These reforms, and the others including a business process redesign of foster home licensing and new efforts to recruit foster homes, will mean better service for the children and families under the agency's care, and represent a major upgrade in performance.

Adult Advocacy Services

Adult Protective Services

Adult Protective Services (APS) is mandated to investigate non-criminal reports of abuse, neglect and exploitation of vulnerable adults. APS has the responsibility to provide protection to persons 18 years of age or older who resides within the community setting that has a physical or mental condition which prevents them from providing for his or her own care or protection. This includes adults who are impaired because of brain damage, advanced age, and physical, mental or emotional dysfunction.

In the quest to bring consistency in the 46 counties throughout the state, the Adult Advocacy Division continues to partner with the University of South Carolina to finalize the APS Intake Tool which was created to assist Intake workers in making an informed decision about the vulnerability of alleged victims and also to assist in determining if there is an allegation of abuse, neglect, self-neglect or exploitation. The Division plans to roll-out this Intake Tool to all the Intake Hubs throughout South Carolina. Plans also include training for Intake workers on the Intake Tool and incorporating the tool into CAPSS. Meanwhile, Intake policy is in the process of being revised and rewritten.

In collaboration with USC, the APS Basic Training program is in the process of being expanded from two weeks to four weeks. Research for on-line Training Modules has also begun.

Initiatives have been launched with various community partners to develop more resource placement alternatives for alleged victims throughout the state. The purchase of beds for emergency placement purposes will assist in minimizing the need for costly sitter services. Research on Adult Family Care better known as Adult Foster Care is ongoing as the search for a home like residential environment has become a priority for the alleged victims in need of a stable home. Dialog in support of expedited Medicaid for APS clients in DSS custody and emergency housing for mental health citizens has been started.

Reforms in the Emergency Fund service delivery system and Homemaker Services is in the process of being developed.

Domestic Violence

The Domestic Violence Program monitors and provides technical assistance to domestic violence providers throughout the state of South Carolina as mandated by the South Carolina Code of Law Title 20 Domestic Relations Chapter 4 Section 20-4-160. Domestic Violence Services provides support to victims of family violence and their children through a network of community based/nonprofit service providers. Programs are designed to provide crisis intervention and prevention services.

The Domestic Violence Program has recently hired a new Program Coordinator who will also serve as the Family Violence Prevention and Services Act State Administrator. Highlights for the coming months include the expansion of training services. The Domestic Violence Program will coordinate with the University of South Carolina, College of Social Work to incorporate the dynamics of domestic violence into basic and other specialized trainings. We will also coordinate with the South Carolina Coalition Against Domestic Violence and

Sexual Assault and USC to train on the assessment tool. Community partnerships will be enhanced as more attention will be given to creating partnerships with service providers and monitoring contracts.

Economic Services

The Office of Economic Services seeks to effectively and efficiently serve the citizens of South Carolina by helping individuals and families achieve stability through financial and other temporary benefits while transitioning into employment. This encompasses multiple programs and divisions, including the Temporary Assistance for Needy Families program (known in South Carolina as Family Independence, or "FI"), the Supplemental Nutritional Assistance Program (SNAP), the Division of Employment Services, the Division of Early Care and Education, and others. Several recent efforts and initiatives are discussed below.

Disaster SNAP

DSS operated a Disaster Supplemental Nutrition Assistance Program (DSNAP) in each of the 24 counties declared eligible for individual assistance in the October 2015 Presidential Disaster Declaration. Between October and December 2015, approximately 1,100 DSS staff helped provide disaster food assistance to more than 179,000 households. The U.S. Department of Agriculture's Food & Nutrition Service (FNS) requires states to complete a post-implementation Quality Control review of no more than 500 DSNAP cases, focusing on whether the agency followed procedure. FNS does not require a review or audit of recipient fraud. In an effort to ensure program integrity, the Department conducted a post-DSNAP case review of approximately five percent of the approved DSNAP applications (9,029 cases). Of the cases reviewed, 297 (3.2 percent), indicated an Intentional Program Violation, or "fraud".

Federal Time Limit for SNAP Able-Bodied Adults without Dependents (ABAWDs)

Under the federal food stamp regulations, Supplemental Nutrition Assistance Program (SNAP) eligibility for recipients who are designated as Able-Bodied Adults without Dependents, or "ABAWD", is limited to three months in a 36-month period unless the individual meets ABAWD work requirements. In order to meet the work requirements, an ABAWD must be working and/or participating in a work program at least 80 hours each month.

This is not a new requirement. However, beginning October 2015, most states who were previously operating under a federal waiver of the time limit policy no longer qualify because of lower unemployment rates. South Carolina's waiver expired March 31, 2016. Due to declining unemployment rates in the state, DSS did not seek another waiver, and reinstated the time limits established by federal law on April 1, 2016.

ABAWDs who exhaust their three months of benefits and do not comply with the work requirement lose their SNAP benefits for the remainder of the 36-month time period. An ABAWD can regain eligibility during this time period by meeting the work requirement for 30 days, after which they remain eligible to receive SNAP for as long as they continue to meet work requirements.

SNAP Employment and Training (E&T) Program

On April 1, 2016, the SNAP E&T program moved to a statewide, voluntary model. The SNAP E&T program now includes specific components to assist ABAWDs by providing educational, training, and volunteer opportunities that allow them to remain eligible for SNAP benefits while pursuing self-sufficiency. SNAP E&T has expanded the agency's existing partnership with the Workforce Innovation and Opportunity Act (WIOA) by working to colocate SNAP E&T staff in the State's SC Works Centers to provide participants with direct access to resources and partner agencies through the State's One-Stop system. The Pathways Scholarship Program was also initiated to provide SNAP recipients with scholarships for short term training and certification programs where they have the opportunity to gain valuable training and receive industry-recognized competencies and credentials. These

AGENCY NAME:	Department of Social Services		
AGENCY CODE:	L04	SECTION:	038

scholarships are available statewide, however, priority is given to SNAP recipients residing in federally-designated Promise Zone areas.

Workforce Innovation and Opportunity Act (WIOA)

Over the course of 2015, DSS has sought to further expand the agency's existing partnerships and to establish new relationships with collaborative agencies and specifically, organizations that can assist with our goals of providing more efficient services to both jobseekers and employers. One of the ways DSS has worked toward these goals is to participate in the State's planning for the requirements of the Workforce Innovation and Opportunity Act (WIOA). DSS has participated in the discussions and planning for the State's four-year, Unified State Plan. As a required WIOA partner, the TANF program has been a specific focus and DSS has also strategically incorporated SNAP E&T as a recommended partner.

Jobs Upfront Mean More Pay (JUMMP)

The JUMMP program is in its final contractual year, and changes have been made to further improve the program's operations and client outcomes. JUMMP vendors have implemented new, short term training programs designed to provide participants with additional skills while simultaneously seeking employment; executed call center training and basic computer training to make JUMMP participants more marketable and to meet local labor demands; and strategically placed offices in SC Works Centers to reduce costs while concurrently expediting client services with partner agencies.

Project HOPE

In the fall of 2015, DSS was awarded a new, five-year Health Profession Opportunity Grant by the Administration of Children and Families which became fully operational February 2016. Project HOPE (Healthcare Occupations Preparation for Employment) seeks to build upon the experiences of the first five-year grant by expanding services and enrolling more participants who are interested in careers in the healthcare field.

Division of Early Care and Education

The Division of Early Care and Education (DECE) administers multiple programs, including ABC Voucher, ABC Quality, the Center for Child Care Career Development, Child Care Licensing, the Child and Adult Care Food Program, and the Head Start Collaboration Office. Examples of current activities/initiatives are discussed below.

DECE provides oversight for all legally operating child care facilities in the state. The Child Care Licensing regulations serve as the basis for the protection of children's health and safety while in care. ABC Quality, the state's voluntary quality rating improvement system (QRIS), is a broad five tier quality structure that includes Levels A+, A, B+, B, and C. The QRIS is based on comprehensive standards to assist child care providers to enhance their program beyond licensing standards.

Through several contractual agreements DECE provides support for the provision of specialized guidance to all types of child care providers across the state which build and enhance knowledge and skills that are critically important to providing high quality care for young children. These initiatives include the SC Inclusion Collaborative, SC Child Care Resource and Referral Network, SC Beginnings, and SC Program for Infant and Toddler Care.

In 2016, one-time grants were offered to child care providers to support flood recovery efforts, assure compliance with health and safety requirements, and for overall quality improvement efforts. DECE also provided support for a free online health and safety pre service course for all child care providers. As of June 30, 2016, 127,734 courses have been taken and 5,022 students have completed the 26 hour course.

AGENCY NAME:	Department of Social Services

In January 2016 DECE implemented a policy prioritizing homeless children and providing subsidy voucher slots to homeless families. Other enhancements to the child care subsidy program implemented in 2016 include:

- Restoring the second year of transitional child care from half-time to full time for families meeting the eligibility requirements.
- Expanding foster care child care policy to allow foster parents to work, be in school, training or have a verified disability.
- Increasing payment rates to progressively compensate providers based on their performance in meeting
 increasing quality criteria that exceed regulatory requirements and providing the opportunity for more
 children with child care subsidies to have access to higher quality care.

The Center for Child Care Career Development (CCCCD) is a multi-faceted system designed to manage professional development for the state's ECE system. CCCCD maintains a strong working relationship with the technical college system that fosters advance professional development opportunities for the child care workforce. In addition, CCCCD administers the Teacher Education and Compensation Helps (T.E.A.C.H) scholarship program to provide an educational career path for caregivers and directors. South Carolina's T.E.A.C.H program is one of the largest in the nation.

DECE continues to implement a broad based consumer and community awareness campaign about quality child care. Parents are provided information on how to judge the quality of available child care choices and communities are made aware of quality programs in their town or county. 2016 accomplishments include television PSAs, print and online ads focusing on quality child care, and sponsoring a health and fitness game with the University of South Carolina Women's Basketball team for the 3rd straight year.

Child Support Services

The Child Support Services Division (CSSD) establishes and enforces orders for child support, establishes paternity for children when paternity is an issue, locates absent parents when whereabouts are unknown, and collects and distributes child support payments. CSSD also provides enhanced fatherhood initiatives and new linkages to child welfare services and employment-related services to improve the capability of both custodial and non-custodial parents to provide their children with the financial, physical and emotional support they deserve and need to be safe and to thrive.

Over the past year, the Child Support Services Division continued to improve its internal workflow and the workflow between the Division and the 46 county Clerks of Court regarding case scheduling, income withholding, and service of process. Past due notices are now generated automatically at a central location, license revocation is centralized and automatic, and reporting on performance metrics has been routinized and distributed to child support staff and Clerks of Court. This has resulted in a continuous increase in collections over the last three fiscal years – from \$250 million in SFY13 to \$263 million in SFY 14 to \$286 million in SFY15 and \$295 million in SFY 16. These represent increases of more than three times the national average.

The Child Support Services Division continued its increased efforts to establish partnerships with others to improve the program. With Clemson University, CSSD has begun planning the creation of a Child Support Institute, using the Rutgers University partnership with the New Jersey Child Support program as a model. Key trainings included customer service training, leadership development, trauma informed care, and active shooter training, among others.

The Child Support Services Division also partnered with Clemson and SNAP to deliver the NCP Connections Program in six counties – Aiken, Chesterfield, Florence, Richland, Spartanburg, and Sumter. Through the intensive case management of this program, two hundred forty-nine SNAP recipients who also had child support

AGENCY NAME:	Department of Social Services		
AGENCY CODE:	L04	SECTION:	038

cases were placed in jobs, resulting in collections of \$299,314.61 in child support, an increase of \$119,035.64 from the same group of individuals for the fifteen months prior to Connections program involvement. Due to organizational changes, this program has been retired and staff been re-tasked to an Early Intervention Child Support project.

The Child Support Division also partnered with the Child Welfare Division and the Division of Economic Services to procure state-wide fatherhood services in each region of the state. The South Carolina Center for Fathers and Families and its local fatherhood affiliates were awarded the contracts. The program curriculum comprises employment training, job finding, and job retention, as well as relationship skills building, parenting skills, and financial management. At the end of FY16, fatherhood and employment services were available to eighty-five percent of the state's population – with larger, more populous counties receiving a full range of services, and those with the smallest populations receiving telephone and periodic one-on-one support for the individuals enrolled. Rollout and expansion will continue through FY17. As of June 30, 2016, 1,156 individuals were enrolled and receiving services.

CSSD is in the final year of the Child Support Parent Employment Demonstration (CSPED) grant. As of June 30, 2016, in the three grant counties – Horry, Charleston, and Greenville – 849 individuals were enrolled in Operation Work, the grant's local name. Eighty percent had secured employment, seven were enrolled in or had completed GED courses, five have obtained a CDL, two had enrolled in a culinary arts class, and several more had enrolled in various other educational programs. A final, detailed evaluation of the program will be prepared by the Federal OCSE Evaluation Team in 2017.

CSSD continues to work with Xerox to transfer the Delaware child support system, known locally as Palmetto Automated Child Support System (PACSS). Implementation is scheduled to be complete by July 2019. CSSD staff are participating in requirement and design sessions, testing, data clean-up and data conversion efforts which are critical for the successful implementation of PACSS.

Risk Assessment and Mitigation Strategies

DSS provides services to families throughout South Carolina and plays an important role in the lives of children and adults who find themselves in difficult and challenging situations. Every year, DSS strives to improve on past performance and build a knowledgeable workforce that is prepared to face any situation that presents itself. The agency works closely with and relies on other state agencies, non-profit organizations, and others in the delivery of these services. If the agency were unable to carry out its goals and objectives, the public would not receive timely or quality services at their point of need. From delivering employment assistance, child support enforcement services, child protective services, food assistance, vulnerable adult services, and much more, DSS plays an important role in the array of services provided by the state government. DSS works closely with the General Assembly to ensure that the agency is able to fulfill its goals and objectives, including presenting budget requests to fund the agency's efforts, proposing improvements to state law and regulation that will enable DSS to better serve families, and adjusting agency practice and policy to address concerns raised by the public and our oversight bodies.

During the next several years, the system of child welfare services will be greatly impacted by two major reform efforts. The first of those two efforts is a class action lawsuit, Michelle H. v. Haley, et.al. (Michelle H.) which is currently pending in federal court. In January 2015, the South Carolina Department of Social Services (agency) was served with this lawsuit which includes claims that children in the state's foster care system have been harmed and are at risk of harm due to the agency's failure in three major areas.

The Plaintiffs, who are children in foster care, allege they have been harmed and have been placed at risk of harm because the state has a drastic shortage of foster homes, which caused the agency to place the children in inappropriate settings that are not responsive to their needs. The Plaintiffs allege the agency does not have a sufficient foster care workforce and therefore, case worker caseloads are excessive. Excessive caseloads cause poor case management, which leads to harm and risks of harm to children in foster care. And finally, the Plaintiffs allege the agency lacks the capacity to provide adequate behavioral and physical health care to children in foster care.

The agency has negotiated a settlement of all claims raised in the Plaintiffs' complaint, a strategy that has spared the state the costs typically associated with protracted litigation. The agency will ask the federal court to approve the settlement agreement on October 4, 2016. The settlement agreement requires the agency to meet several benchmarks to reform the child welfare system. Those benchmarks include achieving and maintaining a caseload standard that must be approved by the court, increasing the size and improving the quality of the foster care placement array, and developing a foster care health care system that is tailored to meet the needs of children in the foster care system. Failure to comply with the settlement agreement will result in large fines for contempt of court and the ordering of attorneys' fees.

SUMMARY

The second reform effort that the agency must prepare for is the United States Administration for Children and Families Child and Family Services Review (CFSR). The CFSR is a federal review of the quality of the state's delivery of child welfare services. The state's child welfare programs and practices are reviewed to identify strengths and weaknesses, focusing on outcomes for children and families in the areas of safety, permanency, and well-being. States that are not in substantial conformity with federal requirements must develop Program Improvement Plans to address any deficiencies. States are given a period of time to successfully complete a Program Improvement Plan will result in the levying of large financial penalties.

In the 2017-2018 budget request, the agency has attempted to anticipate the impact of Michelle H. and the CFSR and to request resources that will assist the agency in meeting the challenges associated with the implementation of strategies and innovations that will reform the child welfare system.

DSS is requesting funding for following areas within the Human Services Division:

AGENCY NAME:	SC	Department of Soci	tment of Social Services		
AGENCY CODE:	L040	SECTION:	38		

<u>New Caseworkers</u> - Based on calculations from June of 2016, 163 new case managers for Assessment, Family Preservation, and Foster Care are needed in order to meet the standard of 20:1, 24:1, and 24:1 and to meet the anticipated increase (appx. 15%) in cases due to full implementation of the Intake Hubs. To meet the standards, DSS is requesting 78 additional Human Services Specialist II's, 21 Human Services Coordinator I's, 3 Human Services Coordinator II's, 1 Program Manager I, and 1 Human Services Specialist I. (104 Total Positions) In addition, 59 case worker and supervisor positions (see below) are being requested for 2nd/3rd shift for a total of 163 positions.

2nd/3rd Shift - DSS is implementing 2nd and 3rd shifts in higher volume counties statewide to more evenly distribute workload and reduce night, weekend, and on call hours for case managers. Additionally, hiring 2nd/3rd shift workers will help the agency adhere to new FSLA guidelines and prevent substantial overtime payments. DSS is requesting 46 additional Human Services Specialist II's, and 13 Human Services Coordinator II's. (59 Total Positions)

<u>Regional FH Licensing/Support</u> – Additional staff is needed to conduct initial licensure and provide ongoing support for the 50% increase in foster homes anticipated upon the successful achievement of the agency's recruitment goal. DSS is requesting 23 additional Human Services Specialist II's, 3 Human Services Coordinator I's, and 1 Program Coordinator II. (27 Total Positions)

Phase 3 Regional Intake Hubs - DSS is implementing a regionalized intake structure in order to standardize the process for initial receipt of reports of abuse, and bring consistency to the evaluation of those reports. At full implementation there will be 7 Intake Hubs in 5 regions. Phase 3 of the implementation plan allows DSS to operate the hubs 24/7. DSS is requesting 17 additional Human Services Specialist II's, 4 Human Services Coordinator I's, 1 Program Coordinator II, and 1 Program Manager I. (23 Total Positions)

<u>Child Fatality Review Teams</u> - DSS has developed new policies and protocols for ensuring transparency and an effective response and review of child fatalities. In 2017 the system will expand to the reporting of near fatalities. A Program Manager I position is requested to centrally manage these activities and ensure consistency and accountability statewide. (1 Total Position)

Attorneys/Paralegals - 14 Attorney and 20 Paralegal positions are needed to reduce current case processing demands and expedite permanency in placements. High caseload is considered one of the major barriers to quality representation and is the source of the high turnover rate that exists for attorneys at DSS. Current caseloads for child welfare attorney staff far exceed the American Bar Association (ABA) recommended maximum number of 60 cases per attorney. In some DSS offices, attorneys carry close to 200 cases each. We also spend significant amounts to hire contract attorneys to assist in meeting case processing requirements. The cost for contract attorneys is significantly greater than the cost of FTE attorneys. The 20 Administrative Assistant (Paralegal) positions are essential to support the court activities of agency attorneys and to provide general legal office support for all attorney staff. (34 Total Positions)

AGENCY NAME:	SC Department of Social Services			
AGENCY CODE:	L040	Section:	38	

<u>Medical Administrator</u> - To meet the consent agreement/CFSR goals, DSS is requesting 1 Program Manager III position to serve as Medical Administrator. This position will monitor the medical services provided to our clients and pursue funding for the services. (1 Total Position)

<u>Child Welfare Training</u> —In order to develop child welfare curricula and coordinate/ deliver training statewide to ensure practice standards brought about by the consent agreement and CFSR are taught to line staff, DSS is requesting 6 Program Coordinator I positions. (6 Total Positions)

Interstate Compact on the Placement of Children (ICPC)- Currently ICPCs are processed at the county level. To manage and process cases in a more timely, efficient manner, DSS proposes the development of regional ICPC Unit. DSS is requesting 5 Program Coordinator I's (1 per region) to manage and act as a liaison between SCDSS and other states regarding ICPCs and 10 Human Service Specialists II's (2 per region) to conduct visits and monitoring. 2 additional Program Coordinator II's are necessary for processing the current volume of ICPC packets for the state. (17 Total Positions)

<u>Forensic Interviews</u> - State Office of Victims Assistance (SOVA) no longer reimburses Children's Advocacy Centers (CAC) for forensic interviews provided to children in DSS care. CACs are facing huge deficits trying to serve child victims of sexual and physical abuse among several other victimizations (drug endangerment, witness to domestic violence, etc.). Funding is requested for 2078 forensic interviews at a cost of \$175 each.

<u>Lawsuit Monitor Costs</u> – \$800,000 is needed to pay court appointed monitors as outlined in the consent agreement.

Using as much detail as necessary to make an informed decision regarding this request, provide a summary of the rationale for the decision package. Why has it been requested? How specifically would the requested funds be used? If the request is related to information security or information technology, explain its relationship to the agency's security or technology plan.

How was the amount of the request calculated? List per unit or per FTE costs of implementation. What factors could cause deviations between the request and the amount that could ultimately be required in order to perform the underlying work?

FUTURE IMPACT

The Agency anticipates requesting additional caseworker staff as required to meet and maintain caseload standards. With full implementation of regional hubs it is anticipated caseloads will increase by 15%.

Will the state incur any maintenance-of-effort or other obligations by adopting this decision package? What impact will there be on future capital and/or operating budgets if this request is or is not honored? Has a source of any such funds been identified and/or obtained by your agency?

AGENCY NAME:	SC Department of Social Services

PRIORITIZATION	N/A
	If no or insufficient new funds are available in order to meet this need, how would the agency prefer to proceed? By using fund balances, generating new revenue, cutting other programs, or deferring action on this request in FY 2017-18? Please be specific.
INTENDED IMPACT	Reduce caseworker and employee turnover. Provide staff to perform Human Services casework after traditional office hours. Provide consistent training to staff across the agency. Increase the number of Foster Homes. Improve the intake process and make it consistent across the state.
	What impact is this decision package intended to have on service delivery and program outcomes, and over what period of time?
Program Evaluation	Decrease the number of employees exiting agency. Increase the number of Foster Homes. Accurate, timely intake of potential abuse and neglect cases. Effective case management.

How would the use of these funds be evaluated? What specific outcome or performance measures would be used to assess the effectiveness of this program?

SUMMARY

DSS is requesting funding for four areas within the Economic Services Division:

<u>Benefit Integrity</u> – An additional 25 Benefit Integrity Staff are needed to new federal benefit integrity requirements, and Group Living Arrangements/Drug and Alcohol Abuse (GLA/DAA) eligibility requirements. (25 Total Positions)

<u>DSNAP Coordinator</u> – One additional position is needed to help coordinate disaster response/emergency preparedness activities for Economic Services, including:

- Economic Services regional participation in an annual exercise with the local County Emergency Management to strengthen local collaboration and communication.
- Biannual reviews of county DSNAP plans with local partners and support agencies, focusing on logistical issues. This was recommended by county emergency managers.

<u>National Voter Registration Compliance Reporting</u> – One position is needed to ensure compliance with the National Voter Registration Act, to include providing training to staff (content and/or delivery) and timely submission of reports. Other requirements include sending a notice and information packet for all applications received and all recertification's, reviews and change of address situations.

<u>Lead Workers Reclassification</u> - This would provide in-band increases and equity increases to DSS economic service front line staff.

Using as much detail as necessary to make an informed decision regarding this request, provide a summary of the rationale for the decision package. Why has it been requested? How specifically would the requested funds be used? If the request is related to information security or information technology, explain its relationship to the agency's security or technology plan.

DSS is requesting funding to support the growing caseload in Adult Protective Services (APS). These staff are needed to address the 54% increase in APS assessment cases since January 2015, and a projected growth in the aging adult population of 30% over the next four years.

<u>Case Management</u> – Due to the roll out of statewide intake call centers and the anticipated growth mentioned above, DSS is requesting 30 Human Service Specialist I positions and 3 Human Services Coordinator I positions to meet caseload standards.

SUMMARY

<u>Collaborative Organization of Services Adult (COSA) Pilot Project</u> - Invest \$37,500 in the Beaufort COSA process with the expectation that this interagency collaboration, multi-disciplinary team of adult service providers will develop coordinated case management for vulnerable adults which will ultimately prevent these adults from coming into DSS custody.

<u>Securing Beds - Emergency Placements</u> - Procure eight emergency nursing home beds through SCDHHS at the Medicaid rate of \$1623 per month per bed. This will provide immediate access to care, a more efficient use of funds and better serve vulnerable adults.

<u>Homemaker and Personal Services Care</u> – DSS anticipates a 54% increase in APS cases. Therefore, DSS is requesting \$900,000 for a homemaker and personal care services contract. Contracting the homemaker services reduces the states liability for high risk cases by removing state employees from client homes. SSBG funds previously paid a portion of this contract, but those funds are no longer available.

Attachment E - Cases and Children Assigned to Workers - Data Notes

"(1) the monthly total number of cases assigned, as of the last business day of every month, to each case worker in the Department of Social Services Child Protective Services Division;

(2) the monthly total number of children assigned, as of the last business day of every month, to each case worker in the Department of Social Services Child Protective Services Division;"

The included caseload reports reflect a specific set of data from the CAPSS¹ system, as outlined below in the data notes.

Data Notes

Content of the Caseload Reports

- To generate the monthly caseload reports, the CAPSS system was queried on February 23, 2017 to identify which workers had which types of open services assigned to them on the last business day of every month of calendar year 2016, and how many children were in those services. The data in these reports is as it appeared in CAPSS on February 23, 2017. These are twelve point-in-time snapshots of the data in CAPSS. As additional work activities are entered into the system, caseload reports will be impacted accordingly.
- The workers on the caseload reports are those who had at least one open service on the date specified. This is not a total list of workers with the agency. Conclusions about the staffing levels or needs of any county office cannot be made using this report alone as it is not a complete list of workers. For instance, new workers are oftentimes sent to training prior to being assigned services, workers are occasionally out on medical leave, etc.
- The list of workers on the caseload reports includes some supervisors who have open services. If a supervisor does not have an open service, that supervisor will not appear. Therefore, the reports show a mixture of workers and supervisors.
- O When a worker departs DSS, their services are reassigned to other workers in their office. An administrative function must also be completed in CAPSS to reflect these changes. Therefore, these point-in-time reports may contain workers who were no longer active with the agency and whose services had already been reassigned on the report date. If a service line is not formally closed in CAPSS following the departure of a worker, that worker may continue to appear on these reports.
- The reports are not an unduplicated count of children served by DSS. Some children have multiple services opened in their name for various appropriate purposes. It would not be accurate to conclude a total count of children served by DSS by totaling of the columns in the reports.
- There are a small number of child welfare services cases that have no children in them. These can represent uncompleted administrative activities in CAPSS to properly close out services after their completion.
- On occasion, a worker may appear more than once on the reports in different offices within the same month. This occurs when that worker has at least one service open in multiple offices, such as when they are temporarily assigned to assist another county, or for other appropriate reasons.
- o CAPSS is primarily a system to store case records and not a human resources or staffing system.

• Offices Included

- o DSS county offices
- o Regional IFCCS² offices
- Regional Adoptions offices
- Foster Family Support Offices

¹ Child and Adult Protective Services System

² Intensive Foster Care and Clinical Services

Service Types Included

- o The reports include Child Welfare Services staff who carry at least one type of service, as well as staff carrying Adult Protective Services cases.
- The reports include four adoption service types that are primarily utilized by workers in the regional adoption and IFCCS offices.
 - Adoption Assessment
 - Adoption Preservation Services
 - Adoption Preservation Services Placement
 - Adoption Services
- The reports include foster home licensing services. The CAPSS system is not equipped to track historical caseload data for foster home licensing services and therefore the data for past dates may not be correct.
 - Total Active Licenses
- o Some Child Welfare Services staff carry Adult Protective Services cases. Those services are included.
 - APS Assessment
 - APS Services
- While the work of county DSS workers is concentrated on three primary service types (CPS Assessment, Foster Care, and Family Preservation), other services types were also included in the reports to provide a more complete picture. These other service types generally do not require the same commitment of time and resources as the three primary services.
 - Other CWS³
 - "Other Child Welfare Services" is a service type available to workers for various purposes. It has been utilized as a vehicle to record dictation and store other related materials for situations including the court-ordered monitoring of a Family Preservation services after closure, the completion of home studies, courtesy contact for other states, etc.
 - ICPC⁴ Receiving State
 - "ICPC Receiving State" is a service type used to designate which cases have Interstate
 Compact on the Placement of Children (ICPC) requests sent to South Carolina by other
 states requesting an assessment of a parent, relative, foster home license, or a
 public/private adoptive home for the possible placement of children in South
 Carolina.
 - Supervision Only IFCCS
 - "Supervision Only IFCCS" is a service line that was created as a component of an
 initiative called "Teaming" that allows IFCCS workers to provide services to meet
 special needs normally related to severe behavioral or emotional problems of a foster
 child while the county foster care workers provides routine foster care services to the
 child and the family.
 - Support Services
 - Other supports and services provided to families are sometimes captured under the following service types that do not involve an open Assessment, Family Preservation, or Foster Care case.
 - o Other Adult Services non-APS
 - Support Services Only Adult
 - Support Services Only Family
