## **Introduction**

Per Act 241 of 2016 the General Assembly directed that a report be submitted detailing obsolete laws or laws that are no longer applicable. Further, a report must be included that identifies the cost of compliance with federal education statutes and regulations.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. The General Assembly directs the State Superintendent of Education, the Executive Director of the Education Oversight Committee, the Chairman of the House Education and Public Works Committee, and the chairman of the Senate Education Committee to each appoint one representative to a committee to be chaired by the appointee of the State Superintendent of Education to review Title 59 of the South Carolina Code of Laws and report to the General Assembly all statutes that are obsolete or no longer applicable. In addition, the report must identify all the federal education statutes and regulations with which the state of South Carolina is required to comply. The committee, with the assistance of the Revenue and Fiscal Affairs Office, must include in the report the total cost to the State of South Carolina to comply with the identified federal education statutes and regulations. This report must be submitted by December 31, 2016, and updated at least every five years thereafter.

The committee members were:

Emily Heatwole – Appointee of the State Superintendent of Education

Melanie Barton – Executive Director of the Education Oversight Committee

Jay W. Ragley – Appointee of the Chairman of the Senate Education Committee

Sandy Smith – Appointee of the Chairman of the House Education and Public Works Committee

The Committee met during Fall 2016 and offered opportunities for public testimony both at the meeting and in writing.

Attached is the summary review of each chapter of Title 59, as well as an excerpt from the Agency Accountability Report outlining the cost of compliance with federal laws and regulations, with a link to the full report below. The agency will continue to update on costs associated with ESSA once the agency plan has been submitted and accepted by the US Department of Education.

CHAPTER 1	GENERAL PROVISIONS	<a href="#">HTML</a>	<a href="#">Word</a>					
§59-1-10							Either delete or update the chapter list referenced in this section. Has not been amended since 1962. A lot of relevant chapters have been added.	Needs amendment
§59-1-20							May need to make changes depending on how you handle 59-1-10.	
§59-1-30							May need to make changes depending on how you handle 59-1-10.	
§59-1-140				Revise to provide that certification is not required but to permit individuals with certificates to serve in those roles.	Delete reference to "non certificated person" Here's possible alternative definition: "Teacher Aide means a person employed by a school district whose assignment consists of and is limited to assisting the lead classroom teacher."	Not Obsolete	I agree with Melanie's comments.	Could be amended. Delete reference to "non certificated person" "Teacher Aide means a person employed by a school district whose assignment consists of and is limited to assisting a certified teacher."
§59-1-150				Add primary schools; add middle schools to item (4)	Add primary schools; Add middle schools to item (4). Add definition of career technology education center. Technical correction: "first day of November" should be changed to "first day of September" to conform to 59-63-20 Also should junior high school should be removed	Not Obsolete	Definitely need to add a definition for pre- K and primary. Aren't these definitions of school organizational structures used to determine who qualifies for e-rate funding? Technical change needs to be made to reflect the correct birth date for entrance to Kindergarten. Do we still have junior high schools? Don't we need a definition of middle schools?	Could be amended, but we need to look at other sections that rely on these definitions, and verify how school codes, PowerSchool, and Report Cards are set up.
§59-1-160				Define school district as a political subdivision	Redefine what a school district is	Not Obsolete	Definition of school district should be revisited. Verbiage has changed since 1962.	Could be amended, but be cautious about what becomes an LEA; charters, IHE sponsors, etc.
§59-1-180				Delete reference; duties are absorbed by SBE	DELETE	Obsolete	Delete section since no longer in existence.	State Educational Finance Commission is still referenced in Ch. 5 (8 times) and Ch 53 (twice). Would need to amend those too if this is deleted.
§59-1-310				Delete reference to county superintendent	DELETE references to county superintendent	Not Obsolete	While we have superintendents whose districts are confined within a county, I don't believe the reference here is referencing those superintendents.	Could be amended if we determine what is meant by County Supt.
§59-1-330				Move to Title One	Pledge to State Flag - Why in Title 59? Why not Title 1?	Not Obsolete	Didn't know we had a state flag pledge. Is this the best location for this requirement? Perhaps Title One is a better location.	
§59-1-340				Delete county board of education		Not Obsolete	Is county board reference obsolete?	
§59-1-350				Delete county board of education; delete reference to travel outside the county; question reimbursement of actual expenses; use board in lieu of county board	Delete reference to travel outside country;	Not Obsolete	Is county board reference obsolete? Isn't travel outside of the US restricted at the district's expense? Who would direct such travel?
