South Carolina First Steps: Looking Forward

BABYNET

GOING FORWARD:

- Developed **comprehensive improvement plan** in collaboration with 50 member BabyNet Think Tank, representing all partners and sectors of the BabyNet System. Recommendations submitted to the General Assembly, December 2015.
(Complete)
- Presented to Governor and Ways and Means, both of which have recommended **new resources**:
 - \$3.1M for increased client services
 - \$750K to create independent, statewide Eligibility and Assessment Team
 - \$300K to improve rural provider access via mileage reimbursement

South Carolina First Steps: Looking Forward

BABYNET

GOING FORWARD:

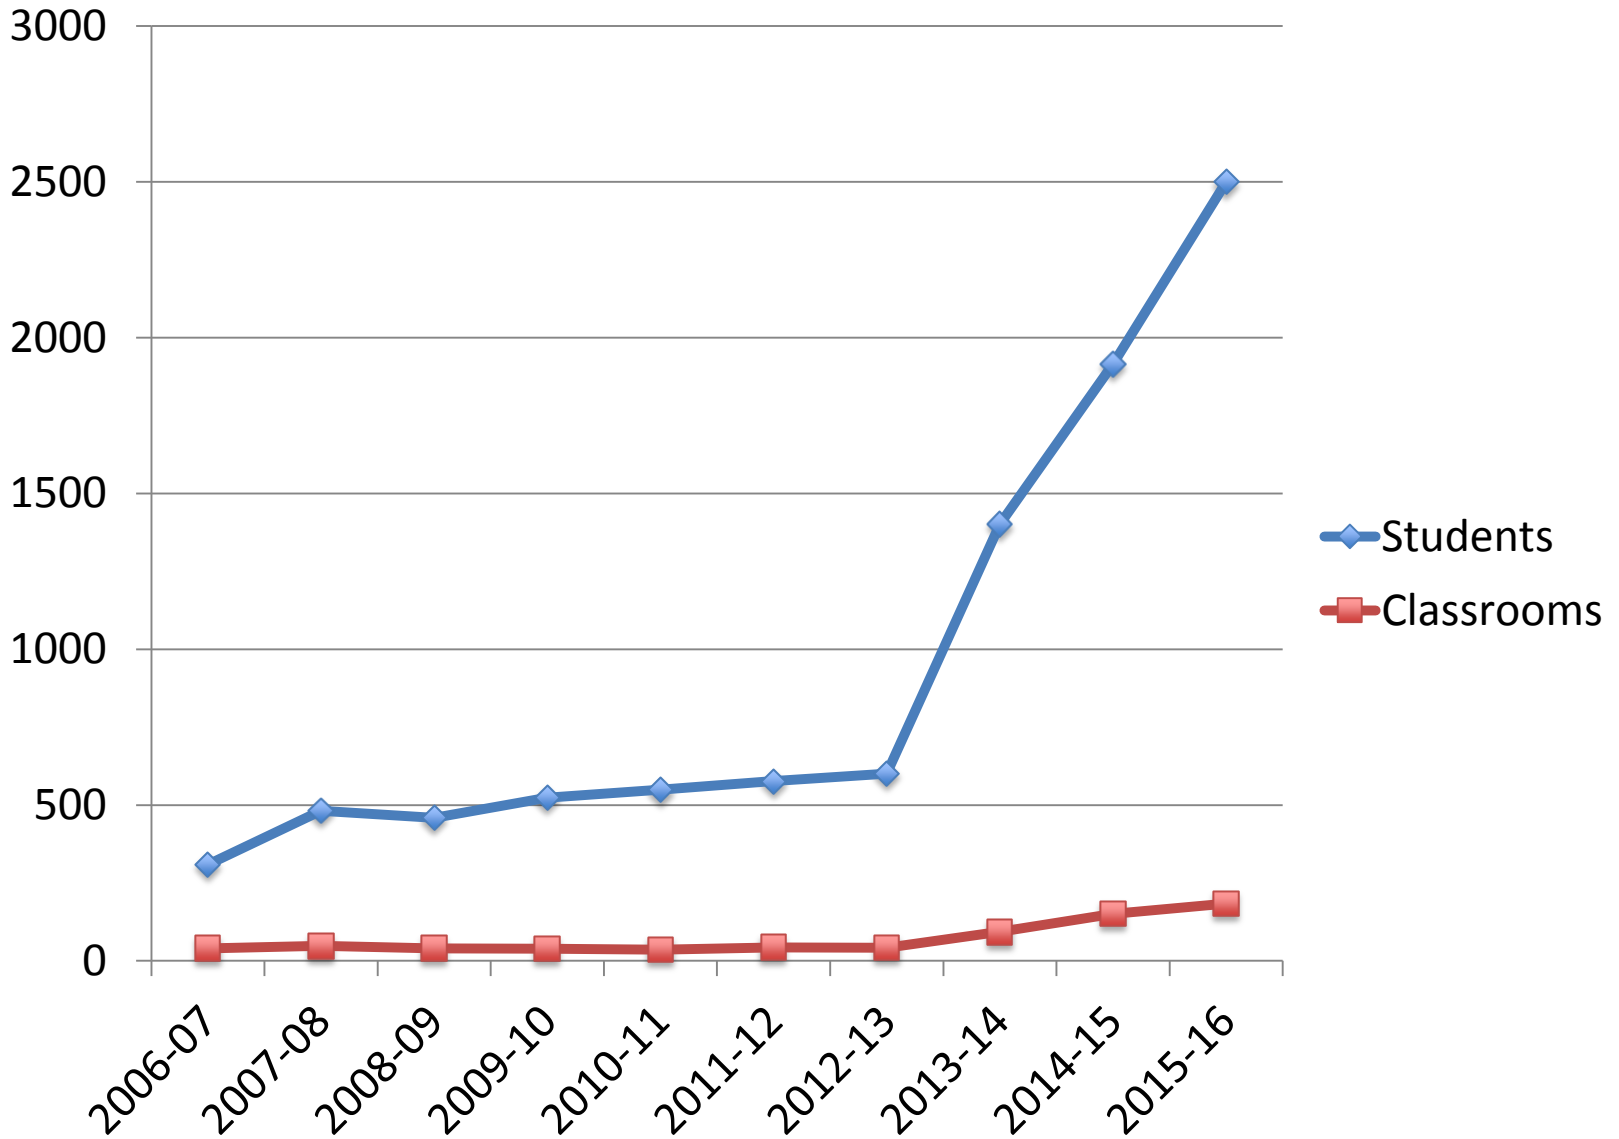

- **Coordination with DHHS** to share data, improve billing systems and Medicaid coding.
- **Coordination with DDSN/SCSDB to integrate data and maximize service and system efficiency.**
- **Further improve payment system efficiency, reduce administrative costs, and reduce time for payments.**
- **Resolution of federal compliance issues.**

South Carolina First Steps: Looking Forward

4K

- **Student outcomes comparable to those of public school providers (High/Scope, 2010, Education Oversight Committee, 2015)**
- **High-quality services delivered in the private sector for 75 cents on the dollar (First Steps 4K: \$4218 vs. Public School 4K: \$5632 plus facilities, utilities, etc.) (SC Department of Education, 2016)**

First Steps 4K

South Carolina First Steps: Looking Forward

4K

- **Partnering to Improve connectivity and support student learning and assessment: i-Pads via DSS, wireless broadband via Sprint/SCETV.**
- **Classroom quality assessment audits.**
- **New mentoring system designed to recognize high-quality teachers, provide peer-to-peer supports for new teachers.**

South Carolina First Steps: Looking Forward

Early Head Start-Child Care Partnerships

- **\$18.5M expansion of Early Head Start model in partnership with 15 private preschool providers in 12 SC counties (4 ½ years). 18th largest expansion grant in the country.**
- **Service to low-income infants and toddlers.**
- **Collaboration with local First Steps partnerships.**
- **Provider contracts signed, renovations underway, staff being hired.**
- **Working on required policies/procedures.**
- **Fully operational by July 31, 2016.**

South Carolina First Steps: Looking Forward

RECOMMENDATIONS:

- **South Carolina should establish a common assessment tool for school readiness for use within the public and private sectors and commit to its use over a period of years.**
- **The SC General Assembly should appropriate resources to develop an interagency, early childhood data system.**
- **The SC General Assembly should implement the remaining recommendations of the Legislative Audit Council pertaining to the interagency BabyNet system.**

South Carolina First Steps: Looking Forward

RECOMMENDATIONS:

- **First Steps and the SCDE should work in collaboration to study and depict the comprehensive costs of public and private sector 4K service provision.**
- **The General Assembly should take steps to ensure greater equity in 4K provider funding, to include teacher pay and the exploration of tax and other incentives to participating private providers.**
- **First Steps should develop a pilot project designed to provide startup funds for potential private 4K providers in underserved areas of the state to address lack of community capacity.**

South Carolina First Steps: Looking Forward

RECOMMENDATIONS:

- **As a second capacity building activity, First Steps should work with its local partnerships to establish 4K classrooms in communities where no other providers are available.**
