SLED would be the gold standard by which we train all emergency services within South Carolina. Training through a cooperative agreement would assist our State in meeting the recommendations as outlined through the National Fire Protection Association (NFPA) 3000, Standard for an Active Shooter/Hostile Event Response (ASHER) Program.

As Fire Chief of Lexington County Fire Service, I greatly appreciate the support you have shown the South Carolina Fire Service and the citizens we serve. I welcome a meeting with you on assisting in funding protective equipment for our firefighters which would be a catalyst in establishing a partnership at the *Center for School Safety and Targeted Violence* in Lexington County.

Professionally,

Mark A. Davis, Fire Chief
