Subject: Senior League Baseball World Series

Dear Sir or Madam:

The Senior League World Series is an event on July 29-August 5 that brings 12 teams from around the world to Easley, SC. We are a division of Little League International. Our games are played on ESPN networks. We have 6 US teams (East, West, Southeast, Southwest, Central, and Host from Easley area) and 6 international teams (Europe Africa, Asia Pacific, Australia, Canada, Latin America, Caribbean regions) that come and stay in a hotel in Clemson, SC. They bring their families and fans from surrounding areas come to the games, stay in our hotels, eat in the restaurants, and visit area attractions. I have linked some [benefits to Pickens County](#). Here is the website from [2022](#) and the [2023](#) we are continuing to update. I have also included 2019 and 2022 [Website Analytics](#).

We are very grateful for the donation from the State. We plan on using this money to continue marketing the tournament and Easley and Pickens County to our visitors. We have gathered an information book on local attractions for the families and teams to go visit on their off days. We also plan on using some of the money to help feed the teams in local restaurants while they are here. Once a team arrives, they do not have to worry about lodging, food, or transportation to the games. We take care of all of that for them. We feel that our World Series benefits the citizens of Easley and Pickens County by bringing in 4000 fans for the duration of the tournament into our restaurants, shops, local attractions, and lodging.

Sincerely,
Kimber Nelson, Tournament Director
