Good Morning,

Cowpens Town Council met last night to discuss the Town's needs and priorities. Your generous financial support will be most useful for these issues:

1-Make improvements to the Farmer's Market so that it will be useful for more events. This will include HVAC, insulation, and upgraded plumbing. (\$200,000)

2-Create parking along E Church St (S42-71) to accommodate new and future businesses. Make repairs and improvements to Oakland St (S42-790) including widening and improved drainage. (\$200,000)

3-Repairs and improvements to the Depot Museum and to Town Hall. (\$100,000)

Thank you, again, for all your help. These much needed projects will definitely be noticed and appreciated.

Steve Bolin
Town Administrator
