11. Please answer the following:

- (a) If you are a candidate for Family Court, please provide a brief written description of your experience within each of the following Family Court practice areas: divorce and equitable division of property, child custody, adoption, abuse and neglect, and juvenile justice. Include information about cases you have handled in each of these practice areas, or if you have not practiced in an area, describe how your background and procedural knowledge has prepared you to preside over such matters as a Family Court judge. Please also indicate the frequency of your appearances before a Family Court judge within the past five years.

N/A.

- (b) If you are a candidate for Circuit Court, please provide a brief written description of your experience in criminal matters, including any cases handled over the past five years, and include a brief description of the issues involved. Further, please provide a brief written description of your experience in civil matters, including any cases handled over the past five years, and include a brief description of the types of matters handled, issues involved, and procedural history. Please include information such as the primary areas in civil court in which you practice, and whether you represent plaintiffs or defendants, or both. You may go back further than five years if you feel it would assist the Commission with its assessment of your experience. If you lack experience in an area, describe how your background and procedural knowledge has prepared you to preside over such matters as a Circuit Court judge, or how you would compensate for your lack of experience in this area. Please also indicate the frequency of your appearances before a Circuit Court judge within the past five years.

Over the past 5 years, and even prior, I have handled DUI/DUS cases, cases involving burglary and stolen goods, assault and battery, criminal domestic violence, various drug and firearm related charges, and also numerous traffic offenses. The usual issues presented in these cases pertained to probable cause or lack thereof, Miranda violations, failure of law enforcement to comply with South Carolina law, as well as mitigating facts and circumstances to be considered beyond just the charge(s) alone. The vast majority of my criminal cases concluded in negotiated plea agreements after concluding the rule 5 discovery process.

As far as civil matters, I frequently and routinely handle an array of cases including automobile accidents and premises liability cases, primarily. These typically involve issues of proximate causation, damages and especially on the premises liability side, foreseeability issues and issues of actual and constructive notice, in addition to the proximate cause and damages issues. Again, the vast majority of my civil cases ended in an agreed upon settlement, whether it be at mediation or before; however, a few cases that included issues of causation/liability coupled with issues of causally connected damages, ended up proceeding to trial. Most of my practice is spent

representing Plaintiffs, but from time to time I do represent individual defendants who have been sued.

I certainly am aware that my practice has been primarily on the civil side; however, I believe that the Rules of Evidence apply across the board, in any type of case, and the practice of one type of law familiarizes you with those same rules to be applied in other areas. I believe there would be a swift learning curve on the criminal side if I were elected, as there are usually more General Sessions terms of court compared to Common Pleas terms. As criminal matters involve the potential loss of rights most sacred to our State and US Constitutions, I would most certainly ensure that I was well versed, by way of research and independent study, on any unfamiliar issue that may arise in a case before me. That would also hold true with civil matters, as I am a firm believer in proper preparation in all areas of the law, and beyond.

- (c) If you are a candidate for Master-In-Equity, please provide a brief written description of your experience in the Master's court, including any cases handled over the past five years, and include a brief description of the issues involved. Please include the frequency of your appearances before a Master-In-Equity or a Circuit Court judge within the past five years.

N/A.

- (d) If you are a candidate for Administrative Law Court, please provide a brief written description of your experience before an Administrative Law Judge, including any issues discussed and the frequency of your appearances before the Administrative Law or Circuit Court within the past five years.

15. List five of the most significant litigated matters you have personally handled in either trial or appellate court, or before a state or federal agency. Give citations if the cases were reported and describe why these matters were significant.

- (a) Sandra Canty, indiv. and as Guardian of Andrea Gulley, an Incapacitated Adult v. Orangeburg County EMS, Case # 2018-CP-38-01354

This matter involved alleged breaches of the standard of care by EMS personnel in responding to a 911 call from the Plaintiff's daughter, which resulted in an anoxic brain injury. The case involved multiple experts in the areas of causation and damages, as well as issues surrounding protections under the SC Tort Claims Act. After discovery and expert preparation, the case was successfully mediated, wherein a substantial, yet limited recovery was obtained to assist in Ms. Gulley's lifelong care.

- (b) Shawn Hale v. Locals Pub of Orangeburg, SC, et al., Case # 2017-CP-38-00005

This premises liability case involved injuries sustained by the owner of a security company who was shot while checking on staff at a night club providing security services. The Plaintiff had extensive medical treatment requiring a month long hospitalization, multiple skin grafts and was permanently limited in function as a result of his injuries. The issues litigated were the duties owed by the landowner, and imputed notice from tenant to the landlord, assumption of the risk doctrines, and criminal acts of third parties. After extensive investigation, numerous depositions and surviving a defense motion for summary judgment, the case was successfully mediated.

- (c) William Rutland v. Hazel H. Fogle, Case # 2016-CP-38-01449

This automobile accident case was one where liability was admitted, partly because the Defendant later became incapacitated due to age. Also, the case contained issues of pre-existing medical problems, exacerbation of a prior condition, causally connected medical expenses, and UIM offset due to failure to exhaust liability limits. After lengthy discovery, treating physician deposition(s), and subsequent consulting independent medical examiner testimony, the case was mediated twice (liability and UIM) and ultimately resolved prior to trial.

- (d) Shayyata Taylor v. Wal-Mart Stores East, LP, et al., Case # 2013-CP-38-0650

Suit was commenced in this matter due to the wrongful arrest and subsequent prosecution of the Plaintiff for shoplifting. Plaintiff was a single mother who lost her job because of her detention and arrest. Significantly, the case involved issues of computer forensics and data stored on a gaming console which assisted in proving the allegations of wrongful arrest and malicious prosecution. Further, past economic loss was a substantial portion of the damages in the case. After multiple pretrial motions hearings, requiring amendment of the complaint itself, the matter settled prior to trial, after it was previously mediated unsuccessfully.

- (e) Walter Proctor v. Admon Louis Moran d/b/a Moran Stumping Company, etal.,  
Case # 2010-CP-14-124

This case, along with the companion loss of consortium case, arose out of an accident between a private vehicle and a tractor trailer hauling pine tree stumps. From the beginning, this matter contained issues and violations of the Federal Motor Carrier Safety Administration regulations, conspiracy analysis, accident reconstruction, comparative negligence, as well as substantial physical injuries sustained by the Plaintiff and his wife. The case was unsuccessfully mediated, yet settled prior to trial

58. Provide any other information that may reflect positively or negatively on your candidacy, or which you believe should be disclosed in connection with consideration of you for nomination for the position you seek. This information may include how your life experiences have affected or influenced the kind or type of judge you have been or plan to be.

I was born and raised in a small community a few miles north of Kingstree, South Carolina. Growing up, my parents and grandparents taught me the importance of diligence and hard work. More importantly, they taught me how to be a person of good character, which includes how to treat people. I never once witnessed my parents mistreat another human being, not so much as to raise their voice at them. The opposite was more true: my parents would inconvenience themselves and go out of their way to help their peers, indiscriminately. At age twelve, my father passed away, and I watched my mother work tirelessly to ensure our needs were met. Growing up, I held every job a teenager in rural Williamsburg County could possibly have: from country store clerk to farming or working the tobacco and gladiola fields, I did it all. I consider myself fortunate to have met so many people from various walks of life at such a young age. It keeps me grounded to this day. I have walked many miles in many different persons' shoes, and I believe this is extremely important when one day I may be asked to adjudicate matters involving those same people.

My humble beginnings in life have stayed with me throughout my career, and I believe that is partially what has prepared me to be a Judge. I pray that if I am ever fortunate enough to wear a black robe, I will be no different of a man then as I am today. No person is bigger than the system in which they operate, including the law. I have realized over my eighteen years of practice that any case I have handled, although all important regardless of size and type, is the most important case to 1 person: the client that hired you. When an individual places that much trust in another individual, it is a very humbling experience. It is even more humbling to fathom that one day I may have to preside over matters where there are two sides having their most important, and sometimes only experience, within the judicial system. That is a responsibility that I do not, and will not take lightly. Having to preside and render judgment over an individual's life or livelihood is a sobering, serious responsibility, and that is a responsibility that I will gladly and humbly assume.
