Re: Addendum to PDQ

Dear Erin:

I write to update my PDQ in two respects. First, I have incurred additional campaign expenditures since I submitted my application. My answer to question 43 is \$36.53 in postage and \$198.95 in stationery. I have reported these expenditures to both the House and Senate Ethics committees, and I have copied you via email on these reports.

Second, my financial circumstance has changed, and I have enclosed a revised financial statement that reflects these changes. In August, my wife and kids were involved in a car accident wherein our Chevrolet Suburban was destroyed. My wife now drives a Honda Pilot. On November 7, 2017, my wife and I purchased a new house. I have highlighted the portions of the financial statement that reflect these events. These are the only significant changes.

Thank you for consideration, and please let me know if you need any additional information.

Sincerely,

s/Andrew B. Moorman, Sr.
