

Session 106 - (1985-1986)

H*4010 Resolution, By R. Schwartz, M.J. Cooper and J.E. Lockemy

A House Resolution to require the Department of Health and Environmental Control to conduct an inquiry into the conduct of the division responsible for the recertification of emergency medical technicians and directing this agency to require its agents and employees to better serve the public in the future and not to place obstructions to citizens in the recertification process involving emergency medical technicians.

06/05/86 House Introduced and adopted HJ-3881
