Fiscal Impact Summary

This bill is expected to have no impact to the State Department of Education or local school districts.

Explanation of Fiscal Impact

State Expenditure

The bill adds Section 59-63-77, which would require students who participate in a school-sponsored athletic team to undergo a preparticipation physical examination, including an electrocardiogram test. The physician who administers the test must clear the student for participation on the team before the student is eligible to participate.

The State Department of Education indicates there is no impact to the General Fund, Federal, or Other Funds. The costs of this test could have a financial impact to the parents or guardians whose children chose to participate in sports.
