Explanation of Fiscal Impact

State Expenditure

Explanation of Amendment (February 10, 2015) – By Senate Finance Committee

The bill, as amended, would modify Section 9-1-1620 to allow a member to change the form of monthly payment within five years after a change of marital status. The new form of monthly payment is effective on the first day of the month in which the election of the new form of payment is received by the system. The monthly payment must be calculated based upon the ages of the retired member and the member's beneficiary as of that effective date.

The Public Employee Benefit Authority indicates that this bill would have no expenditure impact to the General Fund, Federal Funds, or Other Funds. Since the conversion factors for determining optional forms of payment are intended to be actuarially cost neutral, there should be no fiscal impact from this bill.

Explanation of the Bill as Filed on January 28, 2015

The bill would amend Section 9-1-1620 to allow a member to change the form of monthly payment within five years after a change of marital status. In certain situations, the member may be required to reimburse the retirement system of any excess payment received.

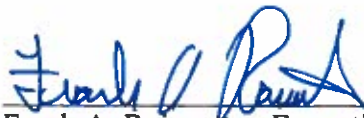

The Public Employee Benefit Authority indicates that this bill would have no expenditure impact to the General Fund, Federal Funds, or Other Funds. Since the conversion factors for determining optional forms of payment are intended to be actuarially cost neutral, there should be no fiscal impact from this bill.
