Let us pray. Gracious God, we thank You for the guidance and direction You have provided these Representatives and staff as they worked for the people this week. You have blessed us in so many ways with Your presence and goodness. Grant these Representatives safe travel home. Bless our Nation, President, State, Governor, Speaker, staff, and all who serve in these Halls of Government. Protect our defenders of freedom at home and abroad as they protect us. Heal the wounds, those seen and those hidden, of those who suffer and sacrifice for our freedom. Lord, hear our prayers. Amen.

Amend the bill, as and if amended, by striking all after the enacting language and inserting:

/SECTION 1. Chapter 71, Title 44 of the 1976 Code is amended to read:

“CHAPTER 71

Section 44-71-20. As used in this chapter:

(1) ‘Board’ means the South Carolina Board of Health and Environmental Control.

(2) ‘Department’ means the South Carolina Department of Health and Environmental Control.

(3) ‘Hospice’ means a centrally administered, interdisciplinary health care program. ~~This program must provide, which provides~~ a continuum of medically supervised palliative and supportive care for the terminally ill patient and the family including, but not limited to, outpatient and inpatient services provided directly or through written agreement. Inpatient services include, but are not limited to, services provided by a hospice in a licensed hospice facility.

Admission to a hospice program of care is based on the voluntary request of the hospice patient alone or in conjunction with designated family members.

(4) ‘Hospice facility’ means an institution, place, or building in which a licensed hospice provides room, board, and appropriate hospice services on a twenty-four hour basis to individuals requiring hospice care pursuant to the orders of a physician.

(5) ‘Licensee’ means the individual, corporation, or public entity with whom rests the ultimate responsibility for maintaining approved standards for the hospice or hospice facility.

(6) ‘Multiple location’ means a properly registered additional site, other than the licensed primary office, from which a parent hospice organization provides hospice services. ‘Multiple location’ does not mean a ‘work station’ as defined in item (7).

(7) ‘Work station’ means a site operated within the licensed service area of a hospice solely for the convenience of the staff where they may conduct activities including, but not limited to, completing paperwork, checking messages, or storing equipment. These work stations must not have signage with an address or operating hours, must not be advertised, and must not be open to the public for any reason, such as to distribute supplies or to receive referrals.

THURSDAY, APRIL 14, 2016

(8) 'Parent hospice organization' means a properly licensed hospice that, in addition to its primary office, also provides hospice services from a multiple location as defined in item (6).

Section 44-71-30. (A) No person, private or public organization, political subdivision, or other governmental agency may establish, conduct, or maintain a hospice or represent itself as a hospice without first obtaining a license from the department.

(C) The license must prescribe by county the geographic area authorized to be served. A hospice must be licensed only to serve eligible patients in the county in which the hospice's primary or sole office is housed or counties that are contiguous to the county in which the hospice's primary or sole office is housed. A hospice that wishes to expand its licensed service area to include additional counties authorized in this section must first notify the department, in accordance with Section 44-71-40, and then receive approval from the department.

(D) A license issued under this chapter is not assignable or transferable and is subject to suspension or revocation at any time for failure to comply with this chapter.

(E) The department shall publish a current list of all licensed hospices, including all registered multiple locations, on its website and shall include a list of all counties served by the licensed hospice and each multiple location.

Section 44-71-35. (A) A parent hospice organization, or any other hospice, may not establish, conduct, or maintain a multiple location or represent itself as such without first registering the multiple location with the department and receiving approval of the registration from the department. Upon approval by the department, a multiple location must be listed on the license of the parent hospice organization.

(B) A registration may be filed at any time and is effective until the expiration of the license of the parent hospice organization that is in effect at the time of the initial approval of the multiple location. The registration and approval of a multiple location is effective for a period running coterminous with the parent hospice organization's license, and, as such, the registration and approval of a multiple location must be reviewed by the department annually at the time of the parent hospice organization's license renewal and as a part of that process as prescribed by the department in regulation.

THURSDAY, APRIL 14, 2016

(C) The registration of a multiple location must prescribe by county the geographic area authorized to be served. A multiple location must be approved only to serve eligible patients in the county in which the multiple location is housed or counties that are contiguous to the county in which the multiple location is housed. A multiple location that wishes to expand its service area to include additional counties authorized in this section shall first notify the department, in accordance with Section 44-71-40, and then receive approval from the department.

The department shall promulgate regulations which define needs, services, and standards for the care, treatment, health, safety, welfare, and comfort of patients and their families served by hospices and for the maintenance and operation of hospices, including hospice facilities and multiple locations, which will promote safe and adequate care and treatment of the patients and their families.

Section 44-71-65. Notwithstanding any other provision of law, a hospice facility must comply with the regulations promulgated by the department pursuant to this chapter and is not subject to regulations pertaining to the licensure and regulation of nursing homes or community residential care facilities.

Section 44-71-70. (A) The department is authorized to issue, deny, suspend, or revoke licenses in accordance with regulations promulgated pursuant to this section. Such regulations must include

THURSDAY, APRIL 14, 2016

(C) The department shall approve a request to expand the service area of a multiple location to include additional counties only when the additional counties requested in a properly filed application are counties that are contiguous to the county in which the multiple location is housed.

(D) Regulations pertaining to the denial, suspension, or revocation of approvals must include hearing procedures related to denial, suspension, or revocation of licenses.

Section 44-71-80. Each hospice for which a license has been issued must be inspected by an authorized representative of the department at least once a year for the purpose of ensuring that the provisions of this chapter are being followed. Inspections of hospices that have multiple locations must be rotated annually among all locations to ensure the full provisions of this chapter are being followed.

Section 44-71-90. Hospices must not discriminate based on age, sex, race, color, religion, or source of payment, location of patient, acceptance or provision of goods and services to patients of potential patients.

THURSDAY, APRIL 14, 2016

For purposes of this section, 'actively engaged in the practice of electrology' means that an applicant has performed electrology on a regular basis for compensation, which the applicant can substantiate by providing evidence of paid advertising, tax returns, or other written records of compensation, affidavits from clients or business owners who can attest to the applicant practicing electrology for compensation, or other evidence acceptable to the committee. The applicant shall provide this evidence to the committee with a notarized affidavit certifying its authenticity.

(B) The committee may require an applicant seeking exemption from education and examination requirements under this section to undertake additional instruction in infection control standards for the practice of electrology, as established by the Centers for Disease Control or other organization as provided in regulation, if the applicant is unable to provide evidence of adequate prior instruction. (C) A licensee only may practice electrology in a permanent establishment, referred to in this article as an office. The board shall, with input from the committee, promulgate regulations concerning sanitation standards, equipment, supplies, and facilities to be used and maintained in an office. An office is subject to random and periodic inspections during business hours by members of the committee or its agents or assistants.

(D) A licensed electrologist shall notify the committee in writing no later than ten business days after a change of address or opening of a new office.

(E) A licensed electrologist shall display the license in a conspicuous place in the office.

Section 40-47-1760. (A) A license issued pursuant to this article for an electrologist or electrology instructor is valid for two years and must be renewed biennially. (C) Any person who has failed to renew a license for more than ninety days after expiration may have it reinstated by applying to the committee for reinstatement on a form approved by the committee, furnishing a statement of the reason for failure to apply for renewal prior to the deadline and paying the required fee. Beyond ninety days, the

committee may require the applicant to provide evidence of competency, including repeating any or all of the requirements of Section 40-47-1735.

(D) A licensee is solely responsible for notifying the committee of any change of address for correspondence.

Section 40-47-1765. (A) The committee shall recommend to the board for promulgation in regulation the number of hours and subject matter of continuing education required as a condition of license renewal. The committee may offer continuing education to the licensees under this article or may approve programs offered at other institutions or by other electrologists.

(B) Upon request, the committee may grant approval to a continuing education program or course upon finding that the program or course offers a worthwhile educational experience for licensed electrologists.

(C) Upon application for license renewal, each licensee shall provide the committee with records or transcripts of the approved educational course work completed, including the subject matter and the number of hours of each course.

Section 40-47-1770. (A) Upon written request by a licensee for inactive status, the committee shall place the licensee's name on the inactive list. While on the inactive list, the person is subject to renewal requirements and may not practice electrology in this State.

(a) reactivation application on a form furnished by the committee; and

(b) reactivation fee.

(2) If the period of inactivity has exceeded two years, the committee may require the applicant to provide evidence of competency, including repeating any requirements of Section 40-47-1735, before returning the applicant to the active status. A person whose license has lapsed or expired for a period of five years or more must take and pass the examination for licensure before the license can be reactivated.

Section 40-47-1775. (A) A licensed electrologist or licensed electrology instructor may voluntarily surrender a license by expressing this voluntary surrender in writing to the committee and returning the license to the committee. If the license is lost, the individual shall submit a notarized statement to that effect to the committee.

(B) A licensed electrologist or licensed electrology instructor may not surrender his license and the license may not lapse by operation of law while the licensee is under investigation or while charges are

THURSDAY, APRIL 14, 2016

pending against the licensee, unless the committee agrees to accept the surrender of a license. However, the committee may set conditions on its agreement with the licensed electrologist or licensed electrology instructor under investigation or against whom charges are pending to accept surrender of the license.

Section 40-47-1780. (A) Regarding electrology education programs, the committee also shall:

- (1) recommend standards by which a program may be approved for the board to promulgate in regulation;
- (2) survey and evaluate proposed programs;

- (4) keep a list of institutions that currently offer electrology education programs that are approved by the committee pursuant to this section; and
- (5) encourage schools of higher learning to establish programs in the theory and practice of electrology.

(B) Before an institution may operate an electrology education program in this State, the committee must approve the program. The institution first shall submit evidence to the committee that the institution is prepared to:

- (1) meet the standards provided in subsection (A)(1); and

(C) The committee periodically may evaluate electrology programs in this State. If an institution that offers an approved electrology education program violates a standard provided in subsection (A)(1), the committee shall give the institution specific written notice of the violation.

(D) The committee may remove an institution from a list of institutions that offer approved electrology education programs, subject to the hearing provisions of Section 40-47-1795 if the institution:

- (1) is guilty of fraud or deceit in obtaining or attempting to obtain approval;
- (2) acts in a manner inconsistent with generally accepted standards for the practice of electrology;

THURSDAY, APRIL 14, 2016

(3) advertises in a manner that the board determines violates this article;

(4) violates the standards provided in this article and does not correct the violation in a reasonable time after notice is given; or

(5) no longer operates a program that qualifies for approval under this article.

(E) An action taken pursuant to this section must comply with the notice and hearing provisions of the Administrative Procedures Act.

(F) Nothing in this article shall prevent a cosmetology school licensed pursuant to Chapter 13, Title 40 from submitting an electrology education program to the committee for approval.

Section 40-47-1785. (A) Subject to the hearing provisions of Section 40-47-1795, the board, upon the recommendation of the committee, may deny a license or renewal of a license to an applicant or licensee, reprimand a licensee, place a licensee on probation, or suspend or revoke a license if the applicant or licensee:

“(1) written affidavit under oath by a person stating:

(A) The certificate required by Section 44-17-410, emergency admission, must authorize and require a state or local law enforcement officer, preferably in civilian clothes and preferably with crisis intervention training, to take into custody and transport the person to the hospital designated by the certification. No person may be taken into custody after the expiration of three days from the date of certification. A friend or relative may transport the individual to the mental health facility designated in the application or engage the services of an emergency medical technician as defined by Section 44-61-310, if the friend or relative has read and signed a statement on the certificate which clearly states that it is the responsibility of a state or local law enforcement officer to provide timely transportation for the patient and that the friend or relative freely chooses to assume that responsibility and liability. A friend or relative who chooses to transport the patient is not entitled to reimbursement from the State for the cost of the transportation. An officer acting in accordance with this article is immune from civil liability. Upon entering a written agreement between the local law enforcement agency, the governing body of the local government, and the directors of the community mental health centers, an alternative transportation program utilizing peer supporters and case managers may be arranged for nonviolent persons requiring mental health treatment. The agreement clearly must define the responsibilities of each party and the requirements for program participation.

(C) For an individual who has eloped after commitment, a request for an order to search, locate, and return must be issued by the probate court and transportation must be by a state or local law enforcement officer.”
