1.1. (SDE: Appropriation Transfer Prohibition) The amounts appropriated herein for aid to subdivisions, allocations to school districts, or special line items shall not be transferred and must be expended in accordance with the intent of the appropriation, except that the department may transfer funds that are deducted and retained from a school district's transportation allocation to reimburse the department for the cost of unauthorized mileage. This transfer must be agreed upon by both the school district and the department. Those funds may be transferred into the department's school bus transportation operating account.

1.2. (SDE: ~~DHEC~~ Comprehensive Health Assessment) All school districts shall participate, to the fullest extent possible, in the Medicaid program by seeking appropriate reimbursement for services and administration of health and social services. Reimbursements to the school districts shall not be used to supplant funds currently being spent on health and social services.

(SDE: State Aid to Classrooms) (A) For the current fiscal year, the total pupil count is projected to be ~~762,837~~ 769,703, which includes 719,354 traditional school districts, 49,649 charter school authorizers, and ~~the~~ 700 special school districts. ~~For the current fiscal year, the total pupil count for traditional school districts is projected to be 717,486, the total pupil count for the charter authorizers is projected to be 44,648, and the total pupil count for the special districts is projected to be 703. These funds represent~~ The total appropriations for State Aid to Classrooms represent an average per pupil appropriation of ~~\$5,377~~ \$5,724 ~~in State Aid to Classrooms~~. The average total per pupil funding, excluding revenue and local bond issues, is projected to be ~~\$8,214~~ \$8,590 ~~from state sources, \$1,310~~ \$1,245 ~~from federal sources, and \$8,031~~ \$8,145 ~~from local sources~~. This is an average total funding level of ~~\$17,555~~ \$17,980, excluding revenues of local bond issues.

34 (C) For the current fiscal year, the funds appropriated for State Aid to Classrooms represent the State's contribution to the Aid to
 35 Classrooms program for direct instruction of students in kindergarten through grade twelve in our state, which is seventy-five percent
 36 of the total salary and employer contribution cost of funding one teacher salary for every 11.2 students. The salary cost used to

1 determine the amount of funding required for the state effort is based on that of a teacher having a master's degree and twelve years
2 of experience, which equates to ~~\$55,104~~ \$57,250 on the statewide minimum salary schedule for the current fiscal year and including
3 fringe benefits is ~~\$72,991~~ of \$18,641, for a total of \$75,891. The types of teachers used in the calculation of ~~teachers for every student~~
4 ~~ratio~~ student-teacher ratio includes those teachers eligible pursuant to Section 59-20-50(4)(b), ~~to include~~. This includes classroom
5 teachers, librarians, guidance counselors, psychologists, social workers, occupational and physical therapists, school nurses,
6 orientation/mobility instructors, and audiologists in the school districts of the State. School districts are required to meet the statewide
7 minimum salary schedule in the current fiscal year and are required to provide the annual step increase pursuant to Section 59-20-50.
8 No school district is required to increase teacher salaries above the amount necessary to meet the statewide minimum salary schedule
9 as prescribed in this act. For the current fiscal year, the provisions of Section 59-20-50(3) of the 1976 Code, as amended, are
10 suspended.

11 (D) To allocate the funds, the department will calculate the total number of weighted pupil units (WPU) in each school district
12 and in the State. The funds appropriated herein for State Aid to Classrooms represent the state share of the total Aid to Classrooms
13 program, which is seventy-five percent. The local required effort is twenty-five percent of the total program. The total Aid to
14 Classrooms funding for each district is calculated based on the district's percentage of the total statewide weighted pupils multiplied
15 by the total Aid to Classrooms program. The district's local share is calculated by multiplying the total local share by the district's
16 imputed index of taxpaying ability, which is the district's relative fiscal capacity compared to that of all other districts in the State.
17 The State Aid to Classrooms amount allocated to each district will be determined by subtracting the calculation of the district's local
18 share from the calculation of the district's total Aid to Classrooms projected funding. The Statewide Public Charter School District
19 and any approved institution of higher education authorizing charter schools shall receive one hundred percent of the Aid to
20 Classrooms funding from the State. For Fiscal Year ~~2023-24~~ 2024-25, no local match is required for the State Aid to Classroom EIA
21 distributions for the base funding rolled up from the previous fiscal year.

22 (E) Each district will receive either the amount determined by this new methodology or the actual state funding received in Fiscal
23 Year 2021-22 from State Aid to Classrooms, Aid School Districts, Student Health and Fitness, Guidance/Career Specialists,
24 Handicapped – Profoundly Mentally, EIA - Aid to Districts, EIA - Students at Risk of School Failure, Allocations EIA – Teacher
25 Salaries, Allocations EIA – Employer Contributions, EIA – Student Health and Fitness Act - Nurses, and EIA - South Carolina Public
26 Charter Schools.

27 (F) To provide flexibility, each district may expend the funds as determined by the local school board of trustees to meet the
28 educational needs of students as defined in Section 59-1-50, Chapter 18, Title 59, and as delineated in a child's Individualized
29 Education Program (IEP). Pursuant to Section 59-20-80, each school board of trustees must make available by September first of
30 each fiscal year its annual budget that includes state, local, and federal investments in education. The budget must be available on
31 the district's website. The department, in collaboration with local school districts, will provide a template that each district must use
32 in reporting its budget.

33 (G) To provide transparency, Revenue and Fiscal Affairs will document annually, through an online financial dashboard, the
34 expenditure of all state, local, and federal funds by each district and by each charter school authorizer and other relevant data to
35 include its fund balance and average fund balance for the reporting year. The districts shall report monthly, to the Department of
36 Education, their monthly fund balance that will be used to calculate an average. To ensure that the public reporting meets the needs

1 of educators, parents, citizens, and policymakers, the department, in conjunction with Revenue and Fiscal Affairs, will consult
2 routinely with a group of educators, parents, citizens, and policymakers. District expenditures for the prior fiscal year must be
3 published on the department's website for public disclosure by January 1.

4 (H) If a traditional school district, charter school authorizer, or special school district fails to submit expenditure data needed for
5 the online financial dashboard, the Revenue and Fiscal Affairs Office will notify the Department of Education. Within thirty days of
6 such notification, the Department of Education must then withhold ten percent of all state payments to the district or authorizer until
7 the district or authorizer complies and all payments will then be made.

8 (I) To ensure accountability, each district's annual audit that is submitted to the Department of Education pursuant to Section
9 59-17-100 must be conducted using an auditing firm from an approved list provided by the State Auditor. The State Auditor will
10 develop standards and criteria for determining qualifying auditors. Each district's annual audit must be available on the district's
11 website.

12 (J) For the current fiscal year the South Carolina Public Charter School District and any institution of higher education sponsoring
13 a public charter school shall receive and distribute state Aid to Classroom funds to the charter school. Students enrolled in charter
14 schools authorized by the South Carolina Public Charter School District or an institution of higher education will receive in addition
15 to the base weight of 1.00 or in addition to the disability weight of 2.60 an additional weight based upon the type of charter school
16 that they attend. These additional funds must support the provision of educational services for children served by a charter school
17 that does not receive local revenues. These students are also eligible to receive additional weights for personalized instruction. The
18 department will make any necessary adjustments to account for the state share for Charter and Special Districts.

19 (K) Three and four year old students with a disability, who are eligible for services under IDEA and enrolled in brick and mortar
20 charter schools sponsored by the South Carolina Public Charter School District or registered IHE, shall be included in student counts
21 solely for the purposes of receiving the additional weighting for students attending a brick and mortar charter school.

22 (L) For Fiscal Year ~~2023-24~~ 2024-25, special districts and alternative schools will receive the amount received in the prior fiscal
23 year from these funds.

24 (M) The Revenue and Fiscal Affairs Office, must post in a prominent place on their website for each school district projections,
25 including the per pupil state, federal and local revenues, excluding revenues of local bond issues, for the current fiscal year. Also,
26 as soon as practicable, upon determining the exact numbers regarding pupil count and funding, the Revenue and Fiscal Affairs Office,
27 shall also post on their website the one hundred thirty-five-day average daily membership for each school district and per pupil state,
28 federal and local revenues, excluding revenues of local bond issues, based on the most recent audited financial statement as reported
29 annually pursuant to Section 59-17-100. The Department of Education and the Education Oversight Committee shall provide in a
30 prominent place on their internet websites a link to the information posted by the Revenue and Fiscal Affairs Office, including the
31 projected numbers and the exact numbers.

32 (N) For the current fiscal year, the pupil classification weightings are as follows:

33 (1) K-12 pupils or base students including homebound students 1.00

34 Students served in licensed residential treatment facilities (RTFs) for children and adolescents as defined under Section 44-7-130
35 of the 1976 Code shall receive a weighting of 2.10.

36 (2) Weights for students with disabilities as documented by their Individualized Education ~~Plan~~ Program (IEP) 2.60

1	(3) Precareer and Career Technology	1.20
2	(4) Charter school students	
3	(a) Enrolled in brick and mortar school	1.25
4	(b) Enrolled in virtual charter school	0.65
5	(5) Additional weights for personalized instruction:	
6	(a) Gifted and Talented	0.15
7	(b) Academic Assistance	0.15
8	(c) Limited English Proficiency	0.20
9	(d) Pupils in Poverty	0.50

10 (O) *The Department of Education will review the child count data for all of the districts and charter school authorizers in the*
 11 *State and identify any school district or charter school authorizer whose percentage of total enrolled students with IEPs is outside*
 12 *of the typical percentage range based on national and state data. The department will then conduct a focused review of the district's*
 13 *special education population and provide technical assistance, as needed, to ensure that students with disabilities are being*
 14 *appropriately identified and served.*

15 (P) Students in poverty are students who qualify for Medicaid, SNAP, TANF, or are homeless, transient, or in foster care.

16 (Q) Gifted and talented students are students who are classified as academically or artistically gifted and talented or who are
 17 enrolled in Advanced Placement (AP), International Baccalaureate (IB), and Cambridge International courses in high school.
 18 Districts shall set-aside twelve percent of the funds for serving artistically gifted and talented students in grades three through twelve.

19 (R) Students in need of academic assistance are students who do not meet state standards in mathematics, English language arts,
 20 or both on state approved assessments in grades three through eight and high school assessments for grades nine through twelve.
 21 The additional weight generates funds needed to provide additional instructional services to these students.

22 (S) Students with limited English proficiency are students who require intensive English language instruction programs and
 23 whose families require specialized parental involvement intervention.

24 (T) Further, the Department of Education may use school district student counts for personalized instruction as collected in the
 25 same manner as the prior fiscal year, PowerSchool or other available existing data sources as determined by the department to
 26 calculate the school district add on weightings for the personalized instruction classifications and the determination of the school
 27 districts monetary entitlement. End of year adjustments shall be based on the one hundred thirty-five-day student average daily
 28 membership for all classifications. During the current fiscal year, the department will update PowerSchool calculations, reports,
 29 screen development, documentation, and training to incorporate the new pupil classification weightings and to make final district
 30 allocation adjustments by June 30. The department must provide districts with technical assistance with regard to student count
 31 changes in PowerSchool.

32 (U) Up to ten percent of any funds appropriated for State Aid to Classrooms at the end of the fiscal year may be carried forward
 33 into the subsequent fiscal year and allocated to school districts, the South Carolina Public Charter School District, and an institution
 34 of higher education that authorizes charter schools pursuant to this provision. The additional funds must first support increases in
 35 student enrollment and any balance may be allocated proportionately utilizing weighted pupil units to districts. Any additional
 36 unexpended funds shall revert to the general fund or to the EIA Fund.

1 (V) With the funds that the Department of Education receives for health insurance for school districts, the department shall
2 allocate the funds to school districts proportionately utilizing weighted pupil units. The department shall allocate to districts funds
3 received for retirement benefits through the State Aid to Classrooms formula.

4 (W) In the event of a mid-year across-the-board budget reduction, which reduces the total appropriation of general funds for
5 State Aid to Classrooms, the Department of Education is directed to first reduce the amount of funds allocated to traditional school
6 districts, charter school authorizers, and the special school districts for proportional funding under this provision.

7 **1.4.** (SDE: Employer Contributions/Allocations) It is the intent of the General Assembly that the appropriation contained herein
8 for “Public School Employee Benefits” shall not be utilized to provide employer contributions for any portion of a school district
9 employee’s salary that is federally funded.

10 State funds allocated for school district employer contributions must be allocated by the formula and must be used first by each
11 district to cover the cost of fringe benefits for personnel required by the Defined Program, food service personnel and other personnel
12 required by law. Once a district has expended all state allocated funds for fringe benefits, the district may utilize food service
13 revenues to fund a proportionate share of fringe benefits costs for food service personnel.

14 The Department of Juvenile Justice and the Department of Corrections’ school districts must be allocated funds under the fringe
15 benefits program in accordance with criteria established for all school districts.

16 **1.5.** (SDE: Employer Contributions/Obligations) In order to finalize each school district’s allocations of Employer Contributions
17 funds for retiree insurance from the prior fiscal year, the Department of Education is authorized to adjust a school district’s allocation
18 in the current fiscal year accordingly to reflect actual payroll and payments to the Retirement System from the prior fiscal year. In
19 the event the Department of Education is notified that an educational subdivision has failed to remit proper payments to cover
20 Employee Fringe Benefit obligations, the Department of Education is directed to withhold the educational subdivision’s state funds
21 until such obligations are met.

22 **1.6.** (SDE: Educational Responsibility/Foster Care) The responsibility for providing a free and appropriate public education
23 program for all children including disabled students is vested in the public school district wherein a child of lawful school age resides
24 in a foster home, group home, orphanage, or a state operated health care facility including a facility for treatment of mental illness
25 or chemical dependence and habilitation centers for persons with intellectual disabilities or persons with related conditions located
26 within the jurisdiction of the school district or alternative residences. The districts concerned may agree upon acceptable local cost
27 reimbursement. If no agreement is reached, districts providing education shall receive from the district where the child last resided
28 before placement in a facility an additional amount equivalent to the statewide average of the local base student cost multiplied by
29 the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. If a child from out of state is residing
30 in a facility owned and/or operated by a for profit entity, the district providing educational services shall be reimbursed by the for
31 profit entity the local district’s local support per weighted pupil above the statewide average base student cost multiplied by the
32 appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. Participation will be evidenced by a
33 written agreement from the IEP team or 504 team, written referral, or the school district initiating the placement process. School
34 districts providing the education shall notify the nonresident district in writing within forty-five calendar days that a student from the
35 nonresident district is receiving education services pursuant to the provisions of the proviso. The notice shall also contain the
36 student’s name, date of birth, and disabling condition if available. If appropriate financial arrangements cannot be effected between

1 institutions of the state, including independent school districts under the authority of the Department of Disabilities and Special
2 Needs, and school districts, institutions receiving educational appropriations shall pay the local base student cost multiplied by the
3 appropriate pupil weighting. Children residing in institutions of state agencies shall be educated with nondisabled children in the
4 public school districts if appropriate to their educational needs. Such institutions shall determine, on an individual basis, which
5 children residing in the institution might be eligible to receive appropriate educational services in a public school setting. Once these
6 children are identified, the institution shall convene an IEP meeting with officials of the public school district in which the institution
7 is located. If it is determined by the committee that the least restrictive environment in which to implement the child's IEP is a public
8 school setting, then the school district in which the institution is located must provide the educational services. However, that school
9 district may enter into contractual agreements with any other school district having schools located within a forty-five mile radius of
10 the institution. The cost for educating such children shall be allocated in the following manner: the school district where the child
11 last resided before being placed in an institution shall pay to the school district providing the educational services an amount
12 equivalent to the statewide average of the local base student cost multiplied by the appropriate pupil weighting as set forth in Section
13 59-20-40 of the Education Finance Act; the school district providing the educational services shall be able to count the child for all
14 funding sources, both state and federal. The institution and school district, through contractual agreements, will address the special

17 the procedures provided for in the Individuals with Disabilities Education Act.

18 The agreed upon acceptable local cost reimbursement or the additional amount equivalent to the statewide average of the local
19 base student cost multiplied by the appropriate pupil weighting set forth in Section 59-20-40, for instructional services provided to
20 out-of-district students, shall be paid within sixty days of billing, provided the billing district has provided a copy of the invoice to
21 both the Superintendent and the finance office of the district being invoiced. Should the district not pay within sixty days, the billing
22 district can seek relief from the Department of Education. The department shall withhold EFA funding equal to the billing from the
23 district refusing to pay and submit the funding (equal to the invoice) to the billing school district.

27 security card, attendance records, discipline records, IEP's, psychological reports (or notation in the school records that a
28 psychological report on the child is available at the school district office) and any other records necessary for the appropriate
29 placement of the child in the new school. School districts must release all records upon presentation of a court order or appropriate
30 permission for confidential release. If evaluation or placement is pending, the receiving school district is responsible to secure
31 information and to complete the placement. The receiving school will maintain appropriate confidentiality of all records received
32 on a child. Upon discharge or release from the treatment facility, the agency placing the child in the receiving school must work

7 Commission on Higher Education shall share data about the teaching profession in South Carolina. The data sharing should ensure
8 (1) a systematic report on teacher supply and demand information and (2) data to determine classes being taught by public school
9 teachers out of field of their preparation. The data collection should include but not be limited to: classes/subjects taught, number
10 of students taught, percentage of teacher education graduates from South Carolina colleges/universities who go into teaching,

25 department must submit a report to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means
26 Committee detailing the methodology by which the alternative specifications were determined to be safe, more economical, and in
27 the public interest, when compared to the specifications set forth by the School Bus Specifications Committee.

3 **1.20.** (SDE: Proviso Allocations) In the event an official General Fund revenue shortfall is declared by the Board of Economic
4 Advisors, the Department of Education may reduce any allocation in Section 1 specifically designated by proviso in accordance with
5 the lower Board of Economic Advisors revenue estimate as directed by the Executive Budget Office-Carolina.

6 **1.21.** (SDE: School Districts and Special Schools Flexibility) All school districts and special schools of this State may transfer
7 and expend funds among appropriated state general fund revenues, Education Improvement Act funds, and Education Lottery Act
8 funds, and funds received from the Children's Education Endowment Fund for school facilities and fixed equipment assistance, to
9 ensure the delivery of academic and arts instruction to students. However, a school district may not transfer funds allocated
10 specifically for state level maintenance of effort requirements under IDEA, funds allocated specifically for state level maintenance
11 of effort requirement for federal program, funds provided for the Education and Economic Development Act, funds provided for
12 Career and Technology Education, nor funds required for debt service or bonded indebtedness. All school districts must report the
13 student teacher ratio for every classroom to the Department of Education at the forty-fifth and the one hundred and thirty-fifth day
14 mark. The department shall report this information to the General Assembly for the current school year.

15 In order for a school district to take advantage of the flexibility provisions, at least seventy-five percent of the school district's per
16 pupil expenditures must be utilized within the In\$ite categories of instruction, instructional support, and only transportation, food
17 service, and safety within non-instruction pupil services. No portion of the seventy-five percent may be used for facilities, business
18 services, debt service, capital outlay, program management, and leadership services, as defined by In\$ite. The school district shall
19 report to the Department of Education the actual percentage of its per pupil expenditures used for classroom instruction, instructional
20 support, and transportation, food service, and safety within non-instruction pupil services for the current school year ending June
21 thirtieth. Salaries of on-site principals must be included in the calculation of the district's per pupil expenditures.

22 "In\$ite" means the financial analysis model for education programs utilized by the Department of Education.

23 School districts are encouraged to reduce expenditures by means including, but not limited to, limiting the number of low
24 enrollment courses, reducing travel for the staff and the school district's board, reducing and limiting activities requiring dues and
25 memberships, reducing transportation costs for extracurricular and academic competitions, restructuring administrative staffing, and
26 expanding virtual instruction.

27 School districts and special schools may carry forward unexpended funds from the prior fiscal year into the current fiscal year.

28 Prior to implementing the flexibility authorized herein, school districts must provide to Public Charter Schools the per pupil
29 allocation due to them for each categorical program.

30 Quarterly throughout the current fiscal year, the chairman of each school district's board and the superintendent of each school
31 district must certify where non-instructional or nonessential programs have been suspended and the specific flexibility actions taken.
32 The certification must be in writing, signed by the chairman and the superintendent, delivered electronically to the State
33 Superintendent of Education, and an electronic copy forwarded to the Chairman of the Senate Finance Committee, the Chairman of
34 the Senate Education Committee, the Chairman of the House Ways and Means Committee, and the Chairman of the House Education
35 and Public Works Committee. Additionally, the certification must be presented publicly at a regularly called school board meeting,
36 and the certification must be conspicuously posted on the internet website maintained by the school district.

1 For the current fiscal year, Section 59-21-1030 is suspended. The foreign language program assessment, and the physical
2 education assessment must be suspended. School districts and the Department of Education are granted permission to purchase the
3 most economical type of bus fuel.

4 For the current fiscal year, savings generated from the suspension of the assessments enumerated above must be allocated to school
5 districts based on weighted pupil units.

6 School districts must maintain a transaction register that includes a complete record of all funds expended over one hundred dollars,
7 from whatever source, for whatever purpose. The register must be prominently posted on the district's internet website and made
8 available for public viewing and downloading. The register must include for each expenditure:

9 (i) the transaction amount;

10 (ii) the name of the payee; and

11 (iii) a statement providing a detailed description of the expenditure.

12 The register must not include an entry for salary, wages, or other compensation paid to individual employees. The register must
13 not include any information that can be used to identify an individual employee. The register must be accompanied by a complete
14 explanation of any codes or acronyms used to identify a payee or an expenditure. The register must be searchable and updated at
15 least once a month.

16 Each school district must also maintain on its internet website a copy of each monthly statement for all of the credit cards
17 maintained by the entity, including credit cards issued to its officers or employees for official use. The credit card number on each
18 statement must be redacted prior to posting on the internet website. Each credit card statement must be posted not later than the
19 thirtieth day after the first date that any portion of the balance due as shown on the statement is paid.

20 The Comptroller General must establish and maintain a website to contain the information required by this section from a school
21 district that does not maintain its own internet website. The internet website must be organized so that the public can differentiate
22 between the school districts and search for the information they are seeking.

23 The provisions contained herein do not amend, suspend, supersede, replace, revoke, restrict, or otherwise affect Chapter 4, Title
24 30, of the South Carolina Freedom of Information Act. Nothing in this proviso shall be interpreted as prohibiting the State Board of
25 Education to exercise its authority to grant waivers under Regulation 43-261.

26 **1.22.** (SDE: Medical Examination and Security Reimbursement/Expenditures) From funds authorized in Part IA, Section 1,
27 VII.B. Other Operating Expenses, the Department of Education may directly pay, or reimburse employees, for the cost of a medical
28 examination as required in Part 391, Subpart E of the Federal Motor Carrier Safety Regulations, for employees that are required to
29 operate a state vehicle transporting hazardous materials and that are required to undergo a national security background check because
30 of the required Hazmat endorsement to their CDL.

31 **1.23.** (SDE: Budget Reduction) In compensating for any reduction in funding or an operating deficit publicly recognized by the
32 School Board of Trustees, local districts must give priority to preserving classroom teachers and operations. Funding reductions
33 should first be applied to administrative and non-classroom expenses before classroom expenses are affected.

34 **1.24.** (SDE: School District Furlough) Should there be a midyear reduction in state funding to the districts, school districts may
35 institute employee furlough programs for district-level and school-level professional staff. Before any of these employees may be
36 furloughed, the chairman of the governing body of the school district must certify that all fund flexibility provided by the General

1 Assembly has been utilized by the district and that the furlough is necessary to avoid a year-end deficit and a reduction in force. The
2 certification must include a detailed report by the superintendent of the specific action taken by the district to avoid a year-end deficit.
3 The certification and report must be in writing and delivered to the State Superintendent of Education and a copy must be forwarded
4 to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee.

5 The local school district board of trustees may implement a furlough of personnel once certification to the State Superintendent
6 documents all funding flexibility has been exhausted and continued year-end deficits exist. Local school boards of trustees shall
7 have the authority to authorize furloughs of these employees in the manner in which it sees fit. However, instructional personnel
8 may be furloughed for up to five non-instructional days if not prohibited by an applicable employment contract with the district and
9 provided district administrators are furloughed for twice the number of days. District administrators may only be furloughed on
10 non-instructional days and may not be furloughed for a period exceeding ten days. District administrators shall be defined by the
11 Department of Education using the Professional Certified Staff (PCS) System. For individuals not coded in PCS, the determination
12 shall be made based upon whether the individual performs the functions outlined in position codes identified by the department as
13 administration. Educators who would have received a year's experience credit had a furlough not been implemented, shall not have
14 their experience credit negatively impacted because of a furlough implementation.

15 During any furlough, affected employees shall be entitled to participate in the same benefits as otherwise available to them except
16 for receiving their salaries. As to those benefits that require employer and employee contributions including, but not limited to,
17 contributions to the South Carolina Retirement System or the optional retirement program, the district will be responsible for making
18 both employer and employee contributions if coverage would otherwise be interrupted; and as to those benefits which require only
19 employee contributions, the employee remains solely responsible for making those contributions. Placement of an employee on
20 furlough under this provision does not constitute a grievance or appeal under any employee grievance procedure. The district may
21 allocate the employee's reduction in pay over the balance of the fiscal year for payroll purposes regardless of the pay period within
22 which the furlough occurs.

23 Each local school district must prominently post on the district's internet website and make available for public viewing and
24 downloading the most recent version of the school district's policy manual and administrative rule manual.

25 This proviso shall not abrogate the terms of any contract between any school district and its employees.

26 **1.25.** (SDE: School Lunch/Attendance Supervisors) For those counties in which an entity other than the school district
27 administers the school lunch supervisor and/or attendance supervisor programs, the school districts in that county shall transfer to
28 the entity the amount available in the previous fiscal year for administration of the school lunch supervisor and/or attendance
29 supervisor programs. Each district shall transfer a pro rata share of the total cost based upon the percentage of state EFA funds
30 distributed to the districts within the county.

31 **1.26.** (SDE: No Discrimination Requirement) State funds must not be appropriated to a school that discriminates against or
32 participates with or is a member of an association with policies that discriminate or afford different treatment of students based on
33 race or national origin.

34 **1.27.** (SDE: Medicaid Cash Match Accounting) The department is granted authority to transfer funds between budget lines and
35 object codes to identify, reconcile, reimburse, and remit funds required for Medicaid cash match to the Department of Health and
36 Human Services.

1 **1.28.** (SDE: Student Report Card-GPA) For each high school student, school districts shall be required to print the student's
2 individual cumulative grade point average for grades nine through twelve on the student's report card.

3 **1.29.** (SDE: Lost & Damaged Instructional Materials Fees) Fees for lost and damaged instructional materials for the prior school
4 year are due no later than December first of the current school year when invoiced by the Department of Education. The department
5 may withhold instructional materials funding from schools that have not paid their fees by the payment deadline.

6 **1.30.** (SDE: State Aid to Classrooms Reserve Fund) There is created in the State Treasury a fund separate and distinct from the
7 General Fund of the State and all other funds entitled the State Aid to Classrooms Reserve Fund. All unexpended general funds
8 appropriated to the Department of Education for the State Aid to Classrooms in the current fiscal year shall be transferred to the State
9 Aid to Classrooms Reserve Fund. In the event that the amount appropriated for the State Aid to Classrooms is insufficient to fully
10 fund the designated student-teacher ratio as established by this act, revenues from the State Aid to Classrooms Reserve Fund may be
11 used to supplement the funds appropriated. The General Assembly may make direct appropriations to this fund. All unexpended
12 funds in the State Aid to Classrooms Reserve Fund and any interest accrued by the fund must remain in the fund and may be carried
13 forward into the current fiscal year.

14 **1.31.** (SDE: Prohibit Advertising on School Buses) The Department of Education and local school districts are prohibited from
15 selling space for or the placement of advertisements on the outside or inside of state-owned school buses.

16 **1.32.** (SDE: Residential Treatment Facilities Student Enrollment and Funding) Each South Carolina resident of lawful school
17 age residing in licensed residential treatment facilities (RTFs) for children and adolescents identified on the State Qualified Providers
18 list and meets the requirements of Section 44-7-130 of the 1976 Code, (students) shall be entitled to receive educational services
19 from the school district in which the RTF is located (facility school district). The responsibility for providing appropriate educational
20 programs and services for these students, both with and without disabilities, who are referred, authorized, or placed by the State is
21 vested in the facility school districts. For purposes of this proviso, an authorization must be pursuant to a physician's determination
22 of medical necessity. If clinically appropriate, the facility school district, the RTF, and the parent or guardian of a student referred
23 or placed in a RTF may consider the appropriateness of providing the student's education program virtually through enrollment in
24 either the facility district's virtual program, the South Carolina virtual school program provided through the Department of Education
25 (Virtual SC), or a virtual charter school authorized by the South Carolina Public Charter School District, or a virtual charter school
26 authorized by an approved institute of higher education. This decision should be made jointly with the best interest of the student
27 and what is clinically indicated being considered.

28 A facility school district must provide the necessary educational programs and services directly to the student at the RTF's facility,
29 provided that the RTF facility provides and maintains comparable adequate space for the educational programs and services
30 consistent with all federal and state least restrictive environment requirements. Adequate space shall include appropriate electrical
31 support and Internet accessibility. Unless the parent or legal guardian of the student seeks to continue the student's enrollment in
32 the resident school district under a medical homebound instruction program and the district approves, if appropriate, then, under
33 these circumstances, the facility school district shall enroll the student and assume full legal and financial responsibility for the
34 educational services including enrolling the student, approving the student's entry into a medical homebound instructional program,
35 if appropriate, and receiving and expending funds, unless the resident school district undertakes to carry out its educational
36 responsibilities for the student directly. Alternatively, a facility school district may choose to provide the necessary educational

1 programs and services by contracting with the RTF provided that the RTF agrees to provide educational services to the student at the
2 RTF's facility. Under these circumstances, the facility school district must enroll the student and pay the RTF for the educational
3 services provided. If the facility school district determines the educational program being offered by the RTF does not meet the
4 educational standards outlines in the contract, the facility district shall be justified in terminating the contract.

5 The facility school districts are entitled to receive the base student cost multiplied by the Education Finance Act pupil weighting
6 for pupils in a Residential Treatment Facility of 2.10, as set forth in Proviso 1.3 of this act and any eligible categorical and federal
7 funds. These funds may be retained by the facility school districts for the purpose of providing the educational programs and services
8 directly to students referred or placed by the State or the facility school districts may use these funds to reimburse RTFs for the
9 educational programs and services provided directly by the RTFs. A facility school district is entitled to reimbursement from a
10 resident school district for the difference between: (1) the reasonable costs expended for the educational services provided directly
11 by the facility school district or the amount paid to the RTF; and (2) the aggregate amount of federal and state funding received by
12 the facility school district for that student. However, the reimbursement rate may not exceed \$90 per student per day. Through a
13 joint agreement with the facility school district and the RTF, the funding received for RTF students must be utilized to deliver an
14 instructional program that meets the needs of the students, and when applicable, the requirements of the Individuals with Disabilities
15 Education Act and Section 504 of the Rehabilitation Act of 1973. Facility school districts providing the educational services shall
16 notify the resident district in writing within forty-five calendar days that a student from the resident district is receiving educational
17 services pursuant to the provisions of the proviso. Reimbursements shall be paid within sixty days of billing, provided the facility
18 district has provided a copy of the invoice to both the District Superintendent and the finance office of the resident district being
19 invoiced. Should the facility school district be unable to reach agreement with the resident school district regarding reasonable costs
20 differences, the facility school district shall notify the Department of Education's Office of General Counsel. The Department of
21 Education shall facilitate a resolution of the dispute between the facility school district and the resident school district within
22 forty-five days of the notice of dispute. If the issue of reasonable cost differences should remain unresolved, a facility school district
23 shall have the right to file a complaint in a Circuit Court. Should a resident school district fail to distribute the entitled funding to
24 the facility school district by the one hundred thirty-five day count, the Department of Education is authorized to withhold the
25 equivalent amount of EFA funds and transfer those funds to the facility school district.

26 RTF facilities on the State Qualified Provider List not located within the boundaries of the state shall be reimbursed at a rate that
27 may not exceed \$45 per student per day for education services and school districts shall be eligible to receive a base student cost
28 weighted funding of 2.10 provided that the student remains enrolled in the school district. Facilities providing the educational
29 services shall notify the resident district in writing within forty-five calendar days that a student from the resident district is receiving
30 educational services pursuant to the provisions of the proviso. Reimbursements shall be paid within sixty days of billing, provided
31 the qualified facility has provided a copy of the invoice to both the District Superintendent and the finance office of the resident
32 district being invoiced. Should the facility be unable to reach agreement with the resident school district regarding reasonable costs
33 differences, the provider shall notify the Department of Education's Office of General Counsel. The Department of Education shall
34 facilitate a resolution of the dispute between the facility and the resident school district within forty-five days of the notice of dispute.
35 If the issue of reasonable cost differences should remain unresolved, a facility shall have the right to file a complaint in a Circuit
36 Court. Additionally, qualified RTF providers' general education curriculum must be aligned to the South Carolina academic

1 standards in the core content areas. All students with disabilities who are eligible for special education and related services under
2 the Individuals with Disabilities Education Act (IDEA), as amended, and the State Board of Education (SBE) regulations, as
3 amended, shall receive special education and related services in the least restrictive environment by appropriately certified personnel.
4 Students in a qualified RTF will at all times be eligible to receive the educational credits (e.g., Carnegie Units) earned through their
5 educational efforts. The resident school district and the RTF should develop a memorandum of understanding to outline the
6 responsibilities of the RTF in providing the educational services and responsibilities, if any, of the resident school district while the
7 student is housed in the RTF.

8 If a child from out of state is placed in a RTF by an out-of-state school district or agency, the child's home state remains responsible
9 for the educational services. The facility school district may choose to provide the educational program to the child and, upon
10 choosing to do so, shall contract with the appropriate entity for payment of educational services provided to the child. Out-of-state
11 students provided educational services by a facility school district shall not be eligible for funding through the Education Finance
12 Act.

13 If a child is placed in a RTF by the child's parent or guardian and is not referred, authorized, or placed by the State, the facility
14 school district may choose to provide the educational program to the child, and upon doing so, must negotiate with the resident
15 school district for services through medical homebound procedures. A facility school district is responsible for compliance with all
16 child find requirements under Section 504 of the Rehabilitation Act of 1973 and Individuals with Disabilities Act of 2004 (IDEA).

17 All students enrolled in the facility school districts shall have access to the facility school districts' general education curriculum,
18 which will be tied to the South Carolina academic standards in the core content areas. All students with disabilities who are eligible
19 for special education and related services under the Individuals with IDEA, as amended, and the State Board of Education (SBE)
20 regulations, as amended, shall receive special education and related services in the least restrictive environment by appropriately
21 certified personnel. Students in an RTF will at all times be eligible to receive the educational credits (e.g., Carnegie Units) earned
22 through their educational efforts.

23 With respect to students enrolled in the facility school districts, for accountability purposes, the assessment and accountability
24 measures for students residing in RTFs shall be attributed to a specific school only if the child physically attends the school. The
25 performance of students residing in a RTF who receive their educational program on site at the RTF must be reflected on a separate
26 line on the facility school district's report card and must not be included in the overall performance ratings of the facility school
27 district. The Department of Education shall examine the feasibility of issuing report cards for RTFs. For the current fiscal year, a
28 facility school district shall not have the district's state accreditation rating negatively impacted by deficiencies related to the delivery
29 of an educational program at a RTF.

30 RTFs shall notify the facility school district as soon as practical, and before admission to the RTF if practical, of a student's
31 admission to the RTF. RTFs, the facility school districts and the Department of Education shall use their best efforts to secure and/or
32 exchange information, including documents and records necessary to provide appropriate educational services and/or related services
33 as necessary to assist the facility school district in determining the resident school district. The Department of Education, in
34 collaboration with state placing agencies, RTFs, facility school districts, and resident school districts, shall implement a system to
35 follow the release of students from a RTF and re-enrollment in public, private, or special schools to ensure these students, when
36 appropriate, are not recorded as dropouts.

17 programs. To aid in the accurate reporting of four-year-olds in poverty served in formal education programs in public schools in
18 South Carolina, the Department of Education must provide to the EOC data related to four-year-olds served in formal education
19 programs funded with other state, local, or federal funds, including Title I and EIA-District-funded programs, denoting full- or
20 partial-day status.

21 (G) For eligible children residing in school districts that do not participate in CERDEP, the Department of Education is required
22 to develop and implement inter-district transfer policies that give parents or guardians the option of their eligible child attending an
23 out-of-district school that participates in CERDEP.

24 (H) For the current fiscal year, the Office of First Steps may expend: (1) up to \$2,000,000 to pilot a program to provide higher

29 service to ten or more CERDEP eligible children in communities unable to enroll all eligible students in a public, private, or Head
30 Start setting during the prior fiscal year. These grants are designed to address building renovations, documented as necessary to
31 bring proposed classrooms into compliance with licensing regulations, materials and staffing costs, and/or other obstacles currently
32 preventing their participation in the program. The First Steps Board of Trustees shall develop and approve an application process
33 that incorporates formal review and fiscal safeguards designed to ensure grant funds are used solely to address documented barriers
34 to program participation. Providers receiving this one-time supplement shall be expected to participate in the program and provide
35 high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate for three years shall
36 require the provider to return a portion of the supplemental allocation at a level determined by the Office of First Steps to School

1 Readiness. First Steps shall submit a report detailing its process, expenditures and expanded enrollment to the Chairman of the
2 House Ways and Means Committee and the Chairman of the Senate Finance Committee by March 15.

4 expenditures, available funds may be used to fund an extended program and to increase the length of the program to a maximum of
5 eight and a half hours per day or two hundred and twenty days per year or to fund summer programs. If a district chooses to fund
6 summer enrollment, the program funding shall conform to the funding in this act for full year programs; however, it shall be reduced
7 on a pro rata basis to conform with the length of the program. A summer program shall be no more than eight and a half hours per
8 day and shall be not more than ten weeks in length. The per pupil allocation and classroom grant must conform with the appropriated
9 amount contained in this act and end of year adjustments shall be based on the one hundred and thirty-five-day student average daily
10 membership or later student average daily membership for districts choosing to extend the program past one hundred and eighty
11 days. Funds may also be used to provide parent engagement, professional development, and quality evaluations of programs. No
12 later than April first, the Department of Education and the Office of First Steps shall report to the Chairman of the Senate Finance
13 Committee and the Chairman of the House Ways and Means Committee on the expenditure of these funds to include the following
14 information: the amount of money used and specific steps and measures taken to enhance the quality of the 4K program and the
15 amount of money used for professional development as well as the types of professional development offered and the number of
16 participants. The Office of First Steps is directed to determine if the provision of extended programs in private centers improves the
17 ability of parents to enter the workforce or to pursue postsecondary training or industry credentials.

18 (J) On or before November 15, the Department of Education and the Office of First Steps shall share data that identifies the total
19 number of children enrolled in CERDEP in both public and private providers. If available appropriations exceed the instructional
20 costs of serving children enrolled in the program and if a waiting list of eligible children can be documented by the Department of
21 Education and by the Office of First Steps, then the Executive Budget Office may authorize the transfer of funds between the
22 Department of Education and the Office of First Steps.

23 (K) The Office of First Steps and the Department of Education shall collaborate with the South Carolina Head Start State

30 reading camps that utilize volunteers, mentors or tutors to provide instructional support to struggling readers in elementary schools
31 that have a poverty index of forty percent or greater. All mentors and tutors that are a part of these after school programs or summer
32 reading camps must have passed a SLED criminal background check. Participant to volunteer or teacher ratio must conform to that
33 of the school district in which the program is located; and (3) the remainder on a per pupil allocation to each school district based on

2 at least an add-on literacy endorsement or who have documented and demonstrated substantial success in helping students
3 comprehend grade-level texts. The Department of Education shall assist districts that cannot find qualified teachers to work in the
4 summer camps. Districts may also choose to contract for the services of qualified instructors or collaborate with one or more districts
5 to provide a summer reading camp. Schools and school districts are encouraged to partner with county or school libraries, institutions
6 of higher learning, community organizations, faith-based institutions, businesses, pediatric and family practice medical personnel,

12 students who are not exhibiting reading proficiency at any grade and may charge fees for these students to attend the summer reading
13 camps based on a sliding scale pursuant to Section 59-19-90, except where a child is found to be reading below grade level in the
14 first, second or third grade. A parent or guardian of a student who does not substantially demonstrate proficiency in comprehending

1 (3) accelerate student learning and systems of whole child education.

2 The pilot program shall support at least three diverse school districts which shall include a minimum of one, with a maximum of
3 two, large urban districts and a minimum of two, with a maximum of four, rural districts in order to:

4 (1) incentivize the recruitment and preparation of high quality educators including a focus on diversifying the teaching workforce

6 (2) support the development of a coherent and financially sustainable system, based on current school funding models, of teacher
7 leadership that improves learning environments and educator retention and effectiveness; and

8 (3) produce several models of the school-university-community partnerships in South Carolina, testing evidence-based elements
9 of a coherent system of teacher development including, but not limited to:

10 (a) prototyping a paid teacher residency for South Carolina, modeled from the medical profession, to develop well-prepared
11 new recruits to teaching and new school designs to support teacher learning and leadership for whole child education;

12 (b) applying state of the art technology and tools that save time, not only to help teachers problem-solve instructional
13 challenges, but also to teach students across schools and districts;

14 (c) reinventing the school day and/or school year calendar as teachers work on different contracts to create expanded and more
15 personalized student learning as well as more opportunities for educators to lead;

16 (d) reducing teaching loads for some of the state's top teachers, including over six thousand who are National Board certified,
17 so they can lead without leaving the classrooms; and

18 (e) rethinking the teacher salary schedule to:

19 (i) include opportunities for additional pay for increased responsibility, leadership roles, and expanded impact; and

20 (ii) prototype a menu of financial and nonfinancial incentives for effective educators to work in priority schools, subjects,
21 and grade levels.

22 State funding will support both an external evaluation of the pilot program as well as South Carolina districts participating in a
23 national learning community of other school-university partnerships seeking to transform the educator workforce.

24 The pilot program to transform the teaching profession will be in partnership with selected South Carolina Historically Black
25 Colleges and Universities which will be critical to recruiting and developing teachers of color. In addition, the pilot program will be
26 designed and developed in collaboration with national partners, Education Resource Strategies and Bank Street College, bringing
27 respective expertise in resource reallocations for innovative school staffing in public education and recruiting and preparing diverse
28 teachers through teaching residences. The pilot program will be anchored in data collection underway by SC-TEACHER, with a
29 grant funded by the Carnegie Corporation of New York, as well as in effective educator practices from across the globe.

30 The pilot program shall compliment and/or enhance the state's effective innovations in educator recruitment, induction, evaluation,
31 and professional learning, and draw upon research evidence to create a transformative system of educator development including
32 new ways to compensate teachers and principals that impact student learning and more efficient use of human capital across the
33 State. Current teacher shortages cannot be addressed without transforming the teaching job and the profession itself.

11 Oversight Committee shall determine and obtain the data necessary and both public and private providers are required to submit the
12 necessary data as a condition of continued participation in and funding of the program, including average daily attendance data, so
13 that consistent enrollment may be determined. This data shall include developmentally appropriate measures of student progress.
14 Additionally, the Department of Education shall issue a unique student identifier for each child receiving services from a public or
15 private provider including those funded by CERDEP, Head Start, SC Child Care Scholarships, EIA, Title I, district-funded, and all
16 other federal, state, or local public sources. The Department of Education shall be responsible for the collection and maintenance
17 of data on the public state funded full day and half-day four-year-old kindergarten programs. The Office of First Steps to School
18 Readiness shall be responsible for the collection and maintenance of data on the state funded programs provided through private
19 providers. The Education Oversight Committee shall use this data and all other collected and maintained data necessary to conduct
20 a research based review of the program's implementation and assessment of student success in the early elementary grades along
21 with information, recommendations, and a timeline for how the state can increase the number of students served in high-quality
22 programs. To aid in the accurate reporting of four-year-olds in poverty served in formal education programs in public schools in
23 South Carolina, the Department of Education must provide to the EOC data related to four-year-olds served in formal education
24 programs funded with other state, local, or federal funds, including Title 1 and EIA-District-funded programs, denoting full- or
25 partial-day status.

26 (G) For eligible children residing in school districts that do not participate in CERDEP, the Department of Education is required
27 to develop and implement inter-district transfer policies that give parents or guardians the option of their eligible child attending an
28 out-of-district school that participates in CERDEP.

29 (H) For the current fiscal year, the Office of First Steps may expend: (1) up to \$2,000,000 to pilot a program to provide higher
30 reimbursement rates to high-quality providers. The reimbursement rate for students enrolled by child care providers rated B or higher
31 in the ABC Quality System operated by the Department of Social Services may be increased by up to 10% of the per-student base
32 following guidelines developed by the Office of First Steps; and (2) up to \$250,000 to provide one-time supplemental, needs-based
33 incentive grants in an amount not to exceed \$30,000 for newly created and/or newly approved private providers proposing to expand
34 service to ten or more CERDEP eligible children in communities unable to enroll all eligible students in a public, private, or Head
35 Start setting during the prior fiscal year. These grants are designed to address building renovations, documented as necessary to
36 bring proposed classrooms into compliance with licensing regulations, materials and staffing costs, and/or other obstacles currently

1 preventing their participation in the program. The First Steps Board of Trustees shall develop and approve an application process
2 that incorporates formal review and fiscal safeguards designed to ensure grant funds are used solely to address documented barriers
3 to program participation. Providers receiving this one-time supplement shall be expected to participate in the program and provide
4 high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate for three years shall
5 require the provider to return a portion of the supplemental allocation at a level determined by the Office of First Steps to School
6 Readiness. First Steps shall submit a report detailing its process, expenditures and expanded enrollment to the Chairman of the
7 House Ways and Means Committee and the Chairman of the Senate Finance Committee by March 15.

8 (I) If by August first, the Department of Education or the Office of First Steps determines that appropriations will exceed
9 expenditures, available funds may be used to fund an extended program and to increase the length of the program to a maximum of
10 eight and a half hours per day or two hundred and twenty days per year or to fund summer programs. If a district chooses to fund
11 summer enrollment, the program funding shall conform to the funding in this act for full year programs; however, it shall be reduced
12 on a pro rata basis to conform with the length of the program. A summer program shall be no more than eight and a half hours per
13 day and shall be not more than ten weeks in length. The per pupil allocation and classroom grant must conform with the appropriated
14 amount contained in this act and end of year adjustments shall be based on the one hundred and thirty-five-day student average daily
15 membership or later student average daily membership for districts choosing to extend the program past one hundred and eighty
16 days. Funds may also be used to provide parent engagement, professional development, and quality evaluations of programs. No
17 later than April first, the Department of Education and the Office of First Steps shall report to the Chairman of the Senate Finance
18 Committee and the Chairman of the House Ways and Means Committee on the expenditure of these funds to include the following
19 information: the amount of money used and specific steps and measures taken to enhance the quality of the 4K program and the
20 amount of money used for professional development as well as the types of professional development offered and the number of
21 participants. The Office of First Steps is directed to determine if the provision of extended programs in private centers improves the
22 ability of parents to enter the workforce or to pursue postsecondary training or industry credentials.

23 (J) On or before November 15, the Department of Education and the Office of First Steps shall share data that identifies the total
24 number of children enrolled in CERDEP in both public and private providers. If available appropriations exceed the instructional
25 costs of serving children enrolled in the program and if a waiting list of eligible children can be documented by the Department of
26 Education and by the Office of First Steps, then the Executive Budget Office may authorize the transfer of funds between the
27 Department of Education and the Office of First Steps.

28 (K) The Office of First Steps and the Department of Education shall collaborate with the South Carolina Head Start State
29 Collaboration Office to inform parents of all publicly funded full-day 4K programs including Head Start by participating in
30 PalmettoPreK and First5SC.

31 **1A.27.** (SDE-EIA: Centers of Excellence) Of the funds appropriated for Centers of Excellence, \$350,000 must be allocated to the
32 Francis Marion University Center of Excellence to Prepare Teachers of Children of Poverty to expand statewide training for
33 individuals who teach children of poverty through weekend college, nontraditional, or alternative learning opportunities.

34 **1A.28.** (SDE-EIA: Career Cluster Industry Partnerships) From the funds appropriated to the Department of Education, \$800,000
35 must be provided as direct grants to the private sector statewide trade association or educational foundation providing nationally
36 certified programs in career and technology education representing the automotive, construction, engineering, healthcare, mechanical

1 contracting/construction, and hospitality tourism career clusters. Organizations applying for a grant must do so by July thirty-first
2 and the Department of Education must award a minimum of one grant of at least \$150,000 in at least four of these specified career
3 clusters to be used exclusively for career and technology education. The recipient industry organization must conduct end-of-course
4 exams graded by a national industry organization and must include in their grant request how the money will be spent in direct
5 support of students to further industry-specific career technology education; a description and history of their program nationally and
6 within South Carolina; estimates of future employment growth in their industry; and the national scope of their program. By August
7 first of the following year, the organization must submit to the department a report detailing how the grant increased
8 industry/employer awareness; the number of increased schools using the industry-based curriculum and partnered with the industry
9 organization; the increased number of students in the program; and an overview and analysis of the organization's statewide student
10 competition. The grant must be used for career awareness programs for that industry cluster; statewide student competitions leading
11 to national competitions; teacher development and training; post-secondary scholarships in industry-specific degree programs;
12 student recruitment into that career cluster programs; programs to educate middle and high school Career or Guidance Counselors
13 about the industry; service to disadvantaged youth; and administering business/employer awareness and partnerships which help lead
14 to experience-based, career-oriented experiences including internships, apprenticeships, mentoring, co-op education and service
15 learning. The Office of Career and Technology Education of the department will develop goals with each career cluster on the
16 number of new schools using the industry-based curriculum and partnered with that career cluster organization. These funds may
17 not be used to supplant or replace, in whole or in part, other existing resources/assets sourced outside the present grant being used to
18 provide the same services or programs. Organizations may carry-over grants for up to three years when a large project is identified
19 in the grant application to be used at a future date; otherwise excess funds must be returned to the state. Organizations awarded must
20 submit a semi-annual programmatic and financial report on the last day of December in addition to the final report due August first
21 that has been audited by a third party accounting firm.

22 **1A.29.** (SDE-EIA: Partnerships/Other Agencies & Entities) For the current fiscal year, agencies and other entities receiving funds
23 appropriated in Part IA, Section 1, VIII. F. will continue to report annually to the Education Oversight Committee (EOC). Any entity
24 receiving funds that must flow through a state agency will receive those funds through the EOC, unless requested in writing by the
25 entity to match federal or other funds. The EOC will make funding recommendations to the Governor and General Assembly as part
26 of the agency's annual budget request.

27 **1A.30.** (SDE-EIA: ETV Teacher Training/Support) Of the funds appropriated in Part IA, Section 1, VIII.F. South Carolina
28 Educational Television must provide training and technical support on the educational resources available to teachers and school
29 districts.

30 **1A.31.** (SDE-EIA: Teacher Salaries/SE Average) *(A)* The projected Southeastern average teacher salary shall be the average of
31 the average teachers' salaries of the southeastern states as projected by the Revenue and Fiscal Affairs Office. For the current school
32 year, the Southeastern average teacher salary is projected to be ~~\$58,048~~ \$59,866. The General Assembly remains desirous of raising
33 the average teacher salary in South Carolina through incremental increases over the next few years so as to make such equivalent to
34 the national average teacher salary.

35 *(B)* Additionally, for the current fiscal year, a local school district board of trustees must increase the salary compensation for all
36 eligible certified teachers employed by the district by no less than one year of experience credit using at a minimum the district salary

1 schedule utilized the prior fiscal year as the basis for providing the step. Application of this provision must be applied uniformly for
2 all eligible certified teachers. For Fiscal Year ~~2023-24~~ 2024-25, the requirement that school districts maintain local salary
3 supplements per teacher no less than their prior fiscal year level is suspended.

4 (C) For purposes of this provision, teachers shall be defined by the Department of Education using the Professional Certified
5 Staff (PCS) System.

6 **1A.32.** (SDE-EIA: PowerSchool Dropout Recovery Data) With the funds appropriated to the Department of Education for
7 PowerSchool and data collection, the department will begin in the current fiscal year to collect data from schools and school districts
8 on the number of students who had previously dropped out of school and who reenrolled in a public school or adult education to
9 pursue a high school diploma. The Education Oversight Committee working with the Department of Education will determine how
10 to calculate a dropout recovery rate that will be reflected on the annual school and district report cards. The department may carry
11 forward and expend the funds for the same purpose.

12 **1A.33.** (SDE-EIA: Assisting, Developing and Evaluating Professional Teaching -ADEPT) With funds appropriated in the current
13 fiscal year, the Department of Education, school districts, the Department of Juvenile Justice and special schools of the state may
14 continue implementation of the ADEPT program. Governing boards of public institutions of higher education may provide by policy
15 or regulation for a tuition waiver for the tuition for one three-hour course at that institution for those public school teachers who serve
16 as supervisors for full-time students completing education degree requirements. Unexpended funds appropriated for this purpose
17 may be carried forward from the prior fiscal year into the current fiscal year and expended for the same purposes.

18 **1A.34.** (SDE-EIA: Educational Partnerships) The funds provided to the Center for Educational Partnerships at the College of
19 Education at the University of South Carolina will be used to create a consortium of educational initiatives and services to schools
20 and communities. These initiatives will include, but are not limited to, professional development in writing, geography and other
21 content areas; training; research; advocacy; and practical consultancy. The Center will establish collaborative educational enterprises
22 with schools, school districts, parents, communities, and businesses while fulfilling the responsibilities of the School Improvement
23 Council Assistance. The Center will focus on connecting the educational needs and goals of communities to improve efficiency and
24 effectiveness.

25 **1A.35.** (SDE-EIA: STEM Centers SC) All EIA-funded entities that provide professional development and science programming
26 to teachers and students should be included in the state's science, technology, engineering, and mathematics education strategic plan.

27 **1A.36.** (SDE-EIA: EOC Partnerships for Innovation) Of the funds appropriated or carried forward from the prior fiscal year, the
28 Education Oversight Committee is directed to participate in public-private partnerships to promote innovative ways to transform the
29 assessment of public education in South Carolina that support increased student achievement in reading and college and career
30 readiness. The Education Oversight Committee may provide financial support to districts and to public-private partnerships for
31 planning and support to implement, sustain and evaluate the innovation and to develop a matrix and measurements of student
32 academic success based on evidence-based models. These funds may also be used to support the innovative delivery of science,
33 technology, and genetic education and exposure to career opportunities in science, including mobile science laboratory programs, to
34 students enrolled in the Abbeville equity school districts and students in high poverty schools. These funds may also focus on
35 creating public-private literacy partnerships utilizing a 2:1 matching funds provision when the initiative employs research-based
36 methods, has demonstrated success in increasing reading proficiency of struggling readers, and works directly with high poverty

1 schools and districts. The committee will work to expand the engagement of stakeholders including state agencies and boards like
2 the Educational Television Commission, businesses, and higher education institutions. The committee shall annually report to the
3 General Assembly on the measurement results.

4 **1A.37.** (SDE-EIA: Aid to Districts Draw Down) For the current fiscal year, in order to draw down funds appropriated in Part IA,
5 Section 1, VIII.A.1, Aid to Districts, school districts, Palmetto Unified District and the Department of Juvenile Justice must work
6 with local law enforcement agencies and fire marshals, and when necessary, state law enforcement agencies and the Office of the
7 State Fire Marshal in order to ensure that the district has updated school safety and fire plans in place. The safety and fire plans must
8 include safety directives in the classroom, a safe student and staff exit strategy and necessary safety staff. Notice of completion of
9 the updated plans must be submitted to the Department of Education no later than September first, of the current fiscal year. In the
10 current fiscal year, school districts may continue to negotiate with local law enforcement for the provision of School Resource
11 Officers. The department must report to the Chairman of the House Ways and Means Committee, the Chairman of the House
12 Education and Public Works Committee, the Chairman of the Senate Finance Committee, and the Chairman of the Senate Education
13 Committee by September thirtieth, of the current fiscal year, on any districts that failed to submit an updated plan.

14 **1A.38.** (SDE-EIA: Education and Economic Development Act Carry Forward) Funds provided for the Education and Economic
15 Development Act may be carried forward into the current fiscal year to be expended for the same purposes by the department, school
16 districts, and special schools.

17 **1A.39.** (SDE-EIA: EEDA Regional Education Centers) Funds appropriated from the EEDA for Regional Education Centers must
18 not be less than \$108,500.

19 **1A.40.** (SDE-EIA: Teach For America SC) Because Teach For America SC receives EIA funds in the current fiscal year, school
20 districts that partner with Teach For America SC are required to provide to Teach For America SC by September first annually,
21 information on the prior year's academic achievement of students who were directly taught by Teach For America corps members.
22 The information must be in a format that protects the identity of individual students and must include state assessment data as
23 appropriate.

24 **1A.41.** (SDE-EIA: EOC-South Carolina Autism Society) (A) Of the funds appropriated in Section 1A, VIII.F. Partnerships,
25 Education Oversight Committee (A85), \$500,000 must be transferred in quarterly installments from the Education Oversight
26 Committee to the South Carolina Autism Society for the Autism Parent-School Partnership Program. No more than ten percent of
27 these funds may be used for central office related administrative purposes, with the remaining funds used to directly provide services
28 through the Parent-School Partnership Program.

29 (B) On a quarterly basis, the South Carolina Autism Society shall submit to the Chairmen of the Senate Finance Committee and
30 the House Ways and Means Committee a comprehensive report concerning the society's finances. The report must include, but is
31 not limited to:

- 32 (1) All income derived during the quarter from any source;
- 33 (2) An itemized list of all expenditures for the quarter, including the amount of each expenditure;
- 34 (3) A list of employees, independent contractors hired by the society, and any other person or entity that provides goods or
35 services to the society, including the amount paid to each; and
- 36 (4) Any other such information that aids in fully understanding the fiscal health of the society.

1 (C) On or before August 1, ~~2023~~ 2024, the society shall provide the Chairman of the Senate Finance Committee and the Chairman
2 of the House Ways and Means Committee an audit of the society's books from the society's previous fiscal year. On or before June
3 30, ~~2024~~ 2025, the society shall provide an updated audit to the Chairman of the Senate Finance Committee and the Chairman of the
4 House Ways and Means Committee.

5 **1A.42.** (SDE-EIA: CHE/CERRA) The Center for Educator Recruitment, Retention and Advancement (CERRA) must complete
6 periodic evaluations of the institutions currently hosting a Teaching Fellows (TF) program and ensure that the TF programs at the
7 current host institutions continue to meet the requirements for a TF program as set forth by the CERRA Board of Directors. Further,
8 CERRA will continue implementing a long-range plan for approving additional TF programs at other public, four-year institutions
9 who wish to be considered to host a TF program, provided the proposed programs meet the requirements set forth by the CERRA
10 Board of Directors. CERRA will publish TF program criteria and requirements prominently on its website. Any institution who
11 applies but is not selected to host a TF program will be informed in writing of the basis for the selection decision and be offered
12 technical support if the institution elects to reapply. Any institution that applies but is not selected to host a TF program may appeal
13 to the Commission on Higher Education.

14 **1A.43.** (SDE-EIA: Public Charter Pupil Counts) With funds appropriated to charter schools sponsored by either the South Carolina
15 Public Charter School District or a registered Institution of Higher Education, the sponsor must require each charter school to submit
16 a student attendance report for the 5th, 45th, 90th and 135th days. Reporting requirements shall include both Average Daily Membership
17 and Weighted Pupil Unit membership. The South Carolina Public Charter School District or a registered Institution of Higher
18 Education shall then provide the data for each charter school to the Department of Education. Quarterly, the department will submit
19 the information to the House Ways and Means Committee, the House Education and Public Works Committee, the Senate Finance
20 Committee, and the Senate Education Committee.

21 The South Carolina Public Charter School District or a registered Institution of Higher Education must also require each virtual
22 charter school to collect the following information: (1) the reason or reasons why each student enrolled in the virtual charter school
23 district from both the parent(s) and the referring school district; and (2) the reason or reasons why a student withdrew from the virtual
24 charter school district. This data must be provided to the Department of Education quarterly and must include the unique student
25 identifier. The department, in turn, will provide summary information to the House Ways and Means Committee, the House
26 Education and Public Works Committee, the Senate Finance Committee and the Senate Education Committee on the enrollment and
27 withdrawal information on June 30th of the current fiscal year.

28 **1A.44.** (SDE-EIA: CDEPP Student Information and Reporting) For the current fiscal year, the Department of Education and the
29 Office of First Steps to School Readiness must acquire unique student identifiers or SUNS numbers for each student enrolled in the
30 CDEPP program no later than the 45th day and must provide a report of such to the House Ways and Means Committee, the House
31 Education Committee, the Senate Finance Committee, the Senate Education Committee and the Education Oversight Committee by
32 November thirtieth. The Department of Education and the Office of First Steps to School Readiness must provide any information
33 required by the Education Oversight Committee for the annual CDEPP report no later than November thirtieth.

34 **1A.45.** (SDE-EIA: Rural Teacher Recruiting Incentive) (A) There is created a program within the South Carolina Center for
35 Educator Recruitment, Retention, and Advancement (CERRA) to recruit and retain classroom educators in rural and underserved
36 districts experiencing excessive turnover of classroom teachers on an annual basis.

1 (B) During the current fiscal year CERRA shall publish eligibility requirements and applications for individual educators, school
2 districts, and institutions of higher education not inconsistent with existing licensure requirements for each, but also including:

3 (1) Eligible districts identified by CERRA as experiencing greater than eleven percent average annual teacher turnover, as
4 reported on the districts' five most recent district report cards issued by the South Carolina Department of Education and are not one
5 of the fifteen wealthiest districts based on the index of taxpaying ability, may make application to participate in the program.

6 (2) Individuals eligible for incentives shall be willing to provide instructional services in an eligible district in exchange for
7 participation in an incentive detailed in item (C) of this section, pursuant to the obligations and restrictions stated for each.

8 (3) Institutions of higher education eligible to receive education funding as a component of recruiting incentives created
9 pursuant to item (C) of this section shall not be excluded from participation in Teaching Fellows Program.

10 (4) Any incentives requiring individuals to relocate into an eligible district to provide instructional services shall not be made
11 available to individuals providing instructional services in other eligible districts.

12 (C) Pursuant to item (A), CERRA shall develop a set of incentives including, but not limited to, salary supplements, education
13 subsidies, loan forgiveness, professional development, and mentorship to be provided to classroom educators that offer instructional
14 services in eligible districts and shall provide incentive options for eligible individuals at all stages of their careers, including
15 high-school and college or university students interested in entering the teaching profession and including individuals entering the
16 field through an alternative certification pathway to include, but not limited to, PACE, ABCTE, Teach for American, and CATE
17 Work-Based Certification.

18 At a minimum, the incentives shall include:

19 (1) Development of a program for forgiveness of undergraduate student loans, not to exceed \$5,000 per year, for up to 7 years,
20 for teachers participating in this incentive that achieve certification through an alternative pathway or who have a loan from an
21 institution other than the South Carolina Student Loan Corporation or program other than the South Carolina Teachers Loan Program.

22 (2) Development of a forgivable loan program for individuals pursuing graduate coursework in furtherance of a teaching
23 career, including enrollment in graduate-level coursework necessary to seek additional credentialing or certification relevant to the
24 participant's teaching practice, or individuals seeking an alternative pathway to certification as a teacher.

25 (3) Support for the establishment and maintenance of a teaching mentorship program, including salary supplements for
26 teaching mentors not to exceed \$2,500 per year.

27 (4) Other technical support and recruiting incentives as developed by CERRA in conjunction with the Department of Education
28 and the Education Oversight Committee consistent with the objectives of this section.

29 (D) In addition to eligibility and application requirements, CERRA shall develop a process for recovering an amount equal to the
30 incentives given to individual participants who fail to comply with the obligations associated with a relevant incentive in which they
31 participate including, but not limited to, failure to complete a prescribed course of study, failure to obtain a relevant certification or
32 licensure upon completion of a course of study, or failure to provide instructional services in an eligible district for a prescribed
33 period of time.

34 (E) CERRA shall report by July thirty-first of the current fiscal year to the Governor, President of the Senate, and Speaker of the
35 House on the incentives developed pursuant to item (C) of this section and make recommendations for attracting and retaining high
36 quality teachers in rural and underserved districts. The report shall contain at a minimum eligibility requirements and application

1 processes for districts and individuals, descriptions of and proposed budgets for each incentive program and an analysis of the number
2 and demographics of individuals potentially eligible for each.

3 (F) Funds appropriated or transferred for use in the Rural Teacher Recruiting Incentive may be carried forward from prior fiscal
4 years and used for the same purpose.

5 (G) The Education Oversight Committee is required to complete an evaluation of the impact of the funds and incentives related
6 to the Rural Teacher Recruiting Incentive. A completed evaluation is due to the House Ways and Means Committee, the House
7 Education Committee, the Senate Finance Committee, the Senate Education Committee, and the Governor's Office no later than
8 December 15 of the current fiscal year.

9 **1A.46.** (SDE-EIA: Project Read) Of the funds appropriated in Section 1A. VIII.A.3. for Reading, \$500,000 must be used for
10 teacher in-service training and professional development related to Project Read. The department may set accountability guidelines
11 to ensure that funds are spent in accordance with the proviso.

12 **1A.47.** (SDE-EIA: Reading/Literacy Coaches) (A) For the current fiscal year, of the funds appropriated for Reading/Literacy
13 Coaches, the Department of Education shall retain up to \$14,000,000 to be expended for the Palmetto Literacy Project. The
14 Department shall identify schools in the Palmetto Literacy Project that have one-third or more of its third grade students scoring at
15 the lowest achievement level on the statewide summative English language arts assessment. For each school identified and
16 participating in the Palmetto Literacy Project in the prior school year, the Department of Education shall provide, at a minimum, the
17 following support: provision of reading specialists, professional learning, and curriculum resources based on the science of reading.
18 The reading specialist/coaches provided to the Palmetto Literacy Project schools shall be hired and evaluated annually by the
19 Department of Education.

20 (B) The balance of funds appropriated to the Department for Reading/Literacy Coaches shall be allocated to school districts for
21 schools not included in the Palmetto Literacy Project to support reading instruction and interventions which may include, but not be
22 limited to, hiring reading/literacy coaches, interventionists, or professional development based on the science of reading. Expenditure
23 of funding must be included in the district reading plan approved by the Department of Education.

24 (C) These funds must be allocated to school districts by the Department of Education as follows: for each primary and elementary
25 school, the school district shall be eligible to receive up to \$62,730 or the actual cost of salary and benefits for a full-time
26 reading/literacy coach.

27 (D) By accepting these funds, a school district warrants that they will not be used to supplant existing school district expenditures,
28 except for districts that either are currently, or in the prior fiscal year, were paying for reading/literacy coaches with local funds. A
29 district may only utilize these funds to employ reading/literacy coaches that may serve in a primary, elementary, or middle school or
30 a combination of these schools depending on the area of highest need in the district except in the event that the district can request
31 and receive a waiver from the Department of Education to expend the funds on interventionists who spend more than fifty percent
32 of their time providing direct support to struggling readers in grades kindergarten through grade five. The school district must align
33 the placement of coaches to the district reading plan that is approved by the department.

34 (E) Funds appropriated for reading/literacy Coaches are intended to be used to provide primary, elementary, and/or middle
35 schools with reading/literacy coaches who shall serve according to the provisions in Chapter 155, Title 59.

1 (F) Schools and districts accepting funding to support a coaching position agree that the reading/literacy coach must not serve as
2 an administrator. If the department finds that school districts are using these funds for administrative costs as defined in statute they
3 must withhold that districts remaining balance of funds allocated pursuant to this proviso.

4 (G) The Department of Education must publish guidelines that define the minimum qualifications for a reading/literacy coach.
5 These guidelines must deem any licensed/certified teacher qualified if, at a minimum, he or she:

6 (1) holds a bachelor's degree or higher and an add-on endorsement for literacy coach or literacy specialist;

7 (2) holds a bachelor's degree or higher and is actively pursuing the literacy coach or literacy specialist endorsement; or

8 (3) holds a master's degree or higher in reading or a closely-related field.

9 Within these guidelines, the Department of Education must assist districts in identifying a reading/literacy coach in the event that
10 the school is not successful in identifying and directly employing a qualified candidate.

11 (H) The Department of Education shall require:

12 (1) any school district receiving funding to identify the name and qualifications of the supported reading/literacy coach; as
13 well as the school in which the coach is assigned; and

14 (2) any school district receiving funding to account for the specific amounts and uses of such funds.

15 (I) With the data reported by the school districts, the department shall report by January fifteenth of the current fiscal year on the
16 hiring of and assignment of reading/literacy coaches by school. The department shall also report the amount of funds that will be
17 used for Summer Reading Camps.

18 (J) Any unspent or unallocated funds may be carried forward and expended for Summer Reading Camps.

19 **1A.48.** (SDE-EIA: Digital Instructional Materials) The Department of Education shall continue to create an instructional materials
20 list composed of those items (print and/or digital) that have received State Board of Education approval through the normal adoption
21 process. The department shall continue to work with the publishers of instructional materials to ensure that districts have options for
22 print/digital student materials to include class sets of print student editions, if needed. Funds appropriated for the purchase of
23 instructional materials (print/digital) may be used for reimbursing school districts to offset the costs of refurbishing science kits on
24 the state-adopted instructional materials inventory, purchasing new kits or those adopted as supplemental from the central textbook
25 depository, or a combination of refurbishment and purchase. The refurbishing cost of kits may not exceed the cost of the
26 state-adopted refurbishing kits plus a reasonable amount for shipping and handling. Costs for staff development, personnel costs,
27 equipment, or other costs associated with refurbishing kits on state inventory are not allowable costs. Funds provided for Instructional
28 Materials may be carried forward from the prior fiscal year into the current fiscal year to be expended for the same purposes by the
29 department, school districts, and special schools. These funds are not subject to flexibility.

30 **1A.49.** (SDE-EIA: 4K Early Literacy Competencies Assessments) Of the funds carried forward from the full-day 4K program
31 from the previous fiscal year, the Department of Education is authorized to expend up to \$800,000 on assessments and professional
32 development to analyze the early literacy competencies of children in publicly funded prekindergarten. If these funds are not

34 department shall manage the administration of assessments that analyze the early literacy and language development of children in
35 publicly funded prekindergarten as done in the prior fiscal year. Each school district and private provider participating in a publicly
36 funded prekindergarten program will administer one of the formative assessments selected by the department to each child eligible

1 for and enrolled in a publicly funded prekindergarten program during the first forty-five days of the school year and during the last
2 forty-five days of the school year. Accommodations that do not invalidate the results of these assessments must be provided in the
3 manner set forth by the student's Individualized Education Program or 504 Accommodations Plan and for students who are Limited

5 Committee. The results of the assessment and the developmental intervention strategies recommended or services needed to address
6 the child's identified needs must also be provided, in writing, to the parent or guardian. The assessment may not be used to deny a
7 student to admission to prekindergarten.

8 Furthermore, up to \$2,000,000 of the funds appropriated for half-day programs for four-year-olds and funds carried forward from
9 assessment must be expended by the Department of Education to administer the Kindergarten Readiness Assessment (KRA) to each
10 child entering kindergarten in the public schools. The assessment of kindergarten students must be administered at a minimum of

14 Accommodations that do not invalidate the results of these assessments must be provided in the manner set forth by the student's
15 Individualized Education Program, 504 Accommodations Plan, or LEP Plan. Districts are given the option of designating up to two
16 days of the one hundred eighty day school calendar to administer the assessment to kindergarten students. The department will also
17 provide the results of the assessment of kindergarten students to the Education Oversight Committee. With available funds, the
18 department will also provide or secure training for appropriate educators in how to administer the assessment.

19 For all students assessed with the Kindergarten Readiness Assessment (KRA), the Department of Education is required to collect
20 data from schools and school districts on the prior early learning experience of each student. The data would include whether the
21 kindergartener had attended in the prior school year a Head Start program, a South Carolina Early Reading Development and
22 Education Program in a public school or a private center, a half-day 4K program in a public school, a full-day 4K program in a public

29 Commerce, the Department of Employment and Workforce, state and local chambers of commerce and economic development
30 offices and the Tech Board to ensure that students are aware of the industry required credentials for current job availability in the
31 state organized by region. Any additional funds appropriated must be allocated to school districts based upon the number of national

31 The provisions of Section 2-75-30 regarding the aggregate amount of funding provided for the Centers of Excellence Matching
32 Endowment are suspended for the current fiscal year.

33 The Commission on Higher Education is authorized to temporarily transfer funds between appropriated line items in order to
34 ensure the timely receipt of scholarships and tuition assistance. It is the goal of the General Assembly to fund the Tuition Assistance
35 program at such a level to support at least \$996 per student per term for full-time students.

9 year shall have their appropriations reduced on a pro rata basis, except that a reduction must not be applied to the funding of LIFE,
10 HOPE, and Palmetto Fellows Scholarships.

11 The Higher Education Tuition Grants Commission is authorized to use up to \$70,000 of the funds appropriated in this provision
12 for Tuition Grants to provide the necessary level of program support for the grants award process.

13 Of the funds appropriated to the Commission on Higher Education for College Transition Scholarships, the commission shall
14 provide scholarships to South Carolina resident students enrolled at a public institution of higher education in an established College

17 Scholarships shall be awarded to each South Carolina resident student enrolled in an established public CTP in an amount of at least
18 \$2,500 per semester, not to exceed \$10,000 per academic year (including summer semester), and no student may receive a scholarship

20 discretion to allocate a portion of their aggregate funding provided pursuant to this provision for need-based grants to eligible
21 students. This discretion is allowable only to the extent that the funding for need-based grants for eligible CTP students provided
22 pursuant to Proviso 11.12 has first been fully exhausted. The commission, in cooperation with the CTPs, shall collect and report the
23 number of scholarship recipients and other information determined necessary to evaluate the effectiveness of these scholarships in

28 consortium (known as The South Carolina Inclusive Post Secondary Education Consortium) to be used collaboratively by the
29 consortium to promote better awareness of CTP programs statewide as an option for youth with intellectual disabilities after high
30 school through dedicated support for activities such as, but not necessarily limited to, student recruitment, development and
31 maintenance of a consortium website and associated materials, and the provision of strategic informational events for prospective
32 students and families across the State. Additionally, unexpended or carried forward funds may be used by individual college
33 transition programs in partnership with third party providers for technology resources for students participating in these programs.
34 Not more than \$1,000,000 of total unexpended funds may be used for this purpose among all CTPs. The commission shall establish

9 from the general fund and used only to provide for indigent defense services. The monies shall be administered by the Commission
10 on Indigent Defense. The clerk of court or other appropriate official shall maintain a record of all persons applying for representation
11 and the disposition of the application and shall provide this information to the Commission on Indigent Defense on a monthly basis

17 (D) Nothing contained above shall restrict or hinder a court from appointing counsel in any emergency proceedings or where
18 existing statutes do not provide sufficient time for an individual to complete the application process.

19 (E) The appointment of counsel, as herein before provided, creates a claim against the assets and estate of the person who is
20 provided counsel or the parents or legal guardians of a juvenile in an amount equal to the costs of representation as determined by a
21 voucher submitted by the appointed counsel and approved by the court, less that amount that the person pays to the appointed counsel.

22 (F) Such claim shall be filed in the office of the clerk of court in the county where the person is assigned counsel, but the filing
23 of a claim shall not constitute a lien against real or personal property of the person unless, in the discretion of the court, part or all of
24 such claim is reduced to judgment by appropriate order of the court, after serving the person with at least thirty days' notice that
25 judgment will be entered. When a claim is reduced to judgment, it shall have the same effect as judgments, except as modified by
26 this provision.

24 five hundred dollars as the court considers appropriate. Payment in excess of the five-hundred-dollar limit is authorized only if the

105.1. (SFAA-AUD: Annual Audit of Federal Programs) Each state agency receiving federal funds subject to the audit requirements of the Single Audit Act Amendments of 1996 and Title 2 U.S. Code of Federal Regulations (C.F.R) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) shall remit to the State Auditor an amount representing an equitable portion of the expense of conducting the audit of the State's federal financial assistance.

Each state agency's equitable portion of the expense will be determined by a schedule developed by the State Auditor. Such remittance will be based upon invoices provided by the State Auditor. The State Auditor shall retain and expend the funds received and shall carry forward any unexpended funds from the prior fiscal year into the current fiscal year for the same purpose.

105.2. (SFAA-AUD: Medical Assistance Audit Carry Forward) The State Auditor's Office shall retain and expend the funds received from the Department of Health and Human Services for the Medical Assistance Audit Program pursuant to Proviso 33.3 of this act and shall carry forward any unexpended funds from the prior fiscal year into the current fiscal year for the same purpose.

105.3. (SFAA-AUD: Coordination with Inspector General) In the event the State Auditor's Office identifies instances of fraud, waste, and abuse during any state agency audit, the State Auditor shall refer such instances to the State Inspector General for examination. The State Auditor shall prepare and submit an annual report to the Chairmen of the House Ways and Means Committee and the Senate Finance Committee and the Governor detailing all written referrals of fraud, waste, and abuse submitted to the State Inspector General.

105.4. (SFAA-AUD: Annual Audit of Court Fees and Fines Reports) The State Auditor shall conduct a minimum of fifteen audits annually of county treasurers, municipal treasurers, county clerks of court, magistrates and/or municipal courts as required by Section 14-1-210 of the 1976 Code and allowed by Section 14-1-240; however, the State Auditor shall not be required to spend more than the annual amount of ~~\$250,000~~ \$350,000, received from the State Treasurer to conduct the said audits pursuant to Section 14-1-210 of the 1976 Code. The State Auditor may contract with one or more CPA/accounting firms to conduct the required audits. The State Auditor shall consult with the State Treasurer to determine the jurisdictions to be audited in the current fiscal year. Jurisdictions may be selected randomly or based on an instance in the current or previous fiscal year of failing to report, incorrectly reporting or under remitting amounts owed. The funds transferred to the State Auditor by the State Treasurer shall not be used for any purpose other than to conduct the described audits and report whether or not the assessments, surcharges, fees, fines, forfeitures, escheatments, or other monetary penalties imposed and/or mandated are properly collected and remitted to the State. Any unexpended balance on June thirtieth of the prior fiscal year shall be carried forward and must be expended for the same purpose during the current fiscal year. The State Auditor shall annually report by October first, its findings of the jurisdictions audited to the Senate Finance Committee and the House Ways and Means Committee.

105.5. (SFAA-AUD: Special Study of Long-Term Obligations) (A) The State Auditor shall identify certain long-term obligations by state institutions of higher learning, as defined by Section 59-107-10 of the 1976 Code, and report his findings to the General Assembly. The intent is to identify those obligations which are long-term debt or tantamount to long-term debt, or those which, if

1 not honored, might result in a negative rating action on the institution's or the State's credit rating. Such obligations would not
2 include either general obligation debt or bonded indebtedness issued directly by an institution.

3 (B) "Long-term obligation" means:

4 (1) an arrangement to acquire an interest in or a right to use, or have others use, any type of property if all or a portion of the
5 money required to pay for the acquisition is secured through fare, toll, or user charges;

6 (2) an arrangement to acquire an interest in or a right to use, or have others use, any type of property if (a) the arrangement is
7 financed, directly or indirectly, with indebtedness undertaken by another for that purpose; (b) the state institution knows or should
8 know the acquisition is financed by indebtedness; and, (c) the state institution is obligated to make, or undertakes to have others
9 make, recurring payments on, or that another will use to make payments on, the indebtedness; or

10 (3) any of the following arrangements: (a) lease-purchase agreement; (b) leaseback agreement; (c) installment purchase
11 agreement; (d) lease with an option to purchase for other than the then-current fair market value; (e) lease with option to renew for
12 nominal or no additional consideration; (f) an agreement involving collateral, such as a mortgage or security interest; (g) a public
13 private partnership; (h) an agreement structured as either design-build-operate-maintain or design-build-finance-operate-maintain,
14 as defined in Section 11-35-2910; (i) a finance lease, as defined in Section 36-2A-103(1)(g); (j) a transaction in the form of a lease
15 that creates a security interest, as addressed in Section 36-1-203(b); or (k) a guaranteed energy, water, or wastewater savings contract,
16 as authorized by Section 48-52-670(A).

17 (C) The report should include long-term obligations irrespective of the source of funds involved, if any, and whether or not the
18 obligation is subject to the availability or appropriation of funds. The report should exclude the following: (1) general obligation
19 debt authorized under Section 13, Article X of the Constitution of South Carolina, 1895, and debt issued by the state institution under
20 Section 13, Article X of the Constitution of South Carolina, 1895, but not debt issued under Section 13 or 14 of Article X on its
21 behalf or for its benefit; and (2) an institution's obligation to make payments when the total amount of money needed for the
22 obligation is committed for that purpose, authorized for expenditure, and in hand.

23 (D) The report should be adequate to catalog the type, extent, and prevalence of long-term obligations by state institutions.
24 Without limitation, the report should include the following information for each obligation identified, if applicable: (1) the interest
25 or right acquired; (2) the initial, maximum, and then outstanding amount of indebtedness involved; (3) whether a credit rating was
26 obtained for such indebtedness; (4) the amount and frequency of payments involved, and who makes the payments; (5) the total
27 amount of payments remaining to be made; (6) the initial and remaining duration of the obligation; (7) the source of funds used to
28 make payments; (8) the parties to the arrangement and any associated borrowing, including without limitation, the entity lending the
29 funds or assets associated with the financed acquisition; and (9) any counterparty or intermediary involved.

30 (E) The State Auditor shall conduct the study and issue a final report no later than one hundred and twenty days after the beginning
31 of the current fiscal year. State institutions must fully respond within forty-five days to any formal request for information from the
32 State Auditor. If, in the State Auditor's judgment, a state institution does not timely submit a complete and accurate report, he may
33 obtain the service of independent professionals to audit the institution's records and charge the institution for the associated cost.
34 Sections 11-7-30, 11-7-35, and 11-7-45 of the 1976 Code shall apply to this special study as though it were an audit.

35 **105.6.** (SFAA - AUD: Internal Audit Services) The State Auditor's Office is authorized to offer internal audit services to state
36 agencies under a cost reimbursement, shared services model. Any state agency that does not have an internal audit function may opt

1 to use the services to conduct such audit. The audit plan will be agreed upon between the State Auditor's Office and the state agency,
2 and cost will be determined by nature, timing, and extent of the audit work.

3 105.7. (SFAA - AUD: Auditing Moratorium) For Fiscal Year 2024-25, if a minimum of one year has passed, the State Auditor or
4 a member of his staff may conduct an audit of a program, activity, or agency for which he had management responsibility or by
5 which he was employed.

6 105.8. (SFAA - AUD: Carry Forward) For Fiscal Year 2024-25, the Office of the State Auditor is authorized to carry forward

13 Executive Budget Office for SCRS and PORS rate increases.

14 **106.2.** (SEB: Suspend SCRS & PORS Employer Contribution Rate Increase) ~~The increase in the employer contribution rate~~
15 ~~imposed by Section 9-1-1085 and Section 9-11-225 for Fiscal Year 2023-24, respectively, are suspended. The employer contribution~~

17 ~~as a percentage of earnable compensation, shall increase by 1% from Fiscal Year 2022-23 rates as set in Act 239 of 2022.~~

19 SECTION 108 - F500 - PUBLIC EMPLOYEE BENEFIT AUTHORITY

20
21 **108.1.** (PEBA: Lottery, Infrastructure Bank, and Magistrates Health Insurance) South Carolina Lottery Commissioners and South
22 Carolina Transportation Infrastructure Bank Board members and their eligible dependents are eligible to participate in the State
23 Health and Dental Insurance Plan, upon paying the full premium costs as determined by the Public Employee Benefit Authority. If
24 a county is participating in the State Health and Dental Insurance Plan, magistrates and their eligible dependents are eligible to
25 participate in the State Health and Dental Insurance Plan, upon the magistrate paying the full premium costs as determined by the
26 Public Employee Benefit Authority.

27 **108.2.** (PEBA: Adoption Assistance Program) The Employee Adoption Assistance Program is established to provide grants to
28 eligible employees to assist them with the direct costs of adoption. The program shall be an employee benefit through the Public
29 Employee Benefit Authority (PEBA) and shall be funded from the appropriation for the State Health Plan as provided in this act.
30 Total funding for the Adoption Program shall not exceed the amount authorized by the General Assembly in the annual appropriations
31 act. Employees are eligible for the Adoption Program if they participate in PEBA insurance benefits, have adopted a child during
32 the prior fiscal year, apply for the grant during the annual application period, and meet any other Adoption Program criteria. The
33 application period shall be July first through September thirtieth of the current fiscal year for an adoption in the prior fiscal year.
34 The maximum grant amounts shall be \$10,000 in the case of the adoption of a special needs child and \$5,000 for all other child
35 adoptions. Should the total amount needed to fund grants at the maximum level exceed the amount authorized, the amount of a grant

1 to an eligible employee shall be determined by dividing the authorized amount evenly among qualified program applicants, with the
2 adoption of a special needs child qualifying for two times the benefit of a non-special needs child.

3 **108.3.** (PEBA: Health Plan Tobacco User Differential) For health plans adopted under the authority of Section 1-11-710 of the
4 1976 Code by the Public Employee Benefit Authority during the current fiscal year, the board is authorized to differentiate between

7 or \$60 per month per subscriber and dependent(s).

8 **108.4.** (PEBA: Funding Abortions Prohibited) No funds appropriated for employer contributions to the State Health Insurance
9 Plan may be expended to reimburse the expenses of an abortion, except in cases of rape, incest or where the mother's medical
10 condition is one which, on the basis of the physician's good faith judgment, so complicates the pregnancy as to necessitate an
11 immediate abortion to avert the risk of her death or for which a delay will create serious risk of substantial and irreversible impairment
12 of major bodily function, and the State Health Plan may not offer coverage for abortion services, including ancillary services provided
13 contemporaneously with abortion services. The Public Employee Benefit Authority must determine the amount of the total premium
14 paid for health coverage necessary to cover the risks associated with reimbursing participants in the plan for obtaining an abortion in
15 the circumstances covered by this provision. The determination must be based on actuarial data and empirical study in the same
16 manner and by the same method that other risks are adjusted for in similar circumstances. The plan must report this determination
17 annually to the respective Chairmen of the Senate Finance Committee and the House Ways and Means Committee.

18 **108.5.** (PEBA: TRICARE Supplement Policy) The Public Employee Benefit Authority (PEBA) shall offer a group TRICARE
19 Supplement policy or policies to its TRICARE-eligible subscribers through its flexible benefits program to provide that subscribers

21 Supplement subscribers an amount not to exceed \$2 per subscriber per month for any associated administrative costs.

22 **108.6.** (PEBA: State Health Plan) Of the funds authorized for the State Health Plan pursuant to Section 1-11-710(A)(2) of the
23 1976 Code, an employer premium increase of ~~3.7~~ 11.8 percent and a subscriber premium increase of zero percent will result for the
24 standard State Health Plan for Plan Year ~~2024~~ 2025. Notwithstanding the foregoing, pursuant to Section 1-11-710(A)(3), the Public
25 Employee Benefit Authority may adjust the plan, benefits, or contributions of the State Health Plan during Plan Year ~~2024~~ 2025 to
26 ensure the fiscal stability of the Plan.

27 **108.7.** (PEBA: Exempt National Guard Pension Fund) In the calculation of any across-the-board cut mandated by the
28 Executive Budget Office or General Assembly, the amount of the appropriation for the National Guard Pension Fund shall be
29 excluded.

30 **108.8.** (PEBA: Inactive SCRS Account Transfer) A current employee or teacher who is an active participant in the State Optional
31 Retirement Program but who has an inactive account in the South Carolina Retirement Program due to previous service in that
32 system, shall be allowed to transfer previous contributions to the employee's or teacher's active State Optional Retirement Program
33 account.

34 **108.9.** (PEBA: Network Pharmacy Publications) All pharmacy publications or lists must include independent retail pharmacies.
35 Abridged pharmacy lists are prohibited.

1 **108.10.** (PEBA: Covered Contraceptives) ~~For the Plan year beginning in January of the current fiscal year, the State Health Plan~~
2 ~~shall not apply patient cost sharing provisions to covered contraceptives. This provision does not alter the current approved list of~~
3 ~~contraceptives and complies with the requirements of Proviso 108.4.~~

4 **108.11.** (PEBA: Former Spouses on the State Health Plan) For the Plan Year beginning in January of the current fiscal year, the

6 spouse's own individual policy and at the full amount of the premium for the coverage elected, with such rates, billing, and other
7 administrative policies to be determined by the Public Employee Benefit Authority. The former spouses may only elect such health,
8 dental, and vision coverage as required by the court order. The former spouse's individual coverage may continue under the State
9 Health Plan as long as authorized under the court order and the subscriber remains a participant in the State Health Plan. This proviso
10 does not affect a subscriber's ability to cover a current spouse on an employee/retiree and spouse or full family policy when the
11 subscriber's former spouse is covered on a separate policy.

12 **108.12.** (PEBA: COVID-19 Return to Work Extension) ~~For Fiscal Year 2023-24, the earnings limitation imposed pursuant to~~
13 ~~Section 9-1-1790 and Section 9-11-90 of the 1976 Code does not apply to retired members of the South Carolina Retirement System~~
14 ~~or the Police Officers Retirement System who return to covered employment to participate in the state's public health preparedness~~
15 ~~and response to the COVID-19 virus. This section is not intended to supersede or conflict with Act 102 of 2021, S. 704 of 2021. In~~

21 are consistent with the requirements for an approved mandatory furlough program established by a state agency or institution of
22 higher learning under state law. The participating employer shall make such contributions in order to ensure that a furloughed
23 employee's retirement benefits are not interrupted as a result of the furlough, and the period for which such contributions are made
24 will not be considered a break in consecutive employment.

25 **108.14.** (PEBA: South Carolina Retiree Health Insurance Trust Fund) The provisions of Section 1-11-705(I)(2) ~~of the 1976~~
26 ~~Code~~ are suspended for Fiscal Year 2023-24 2024-25, and, notwithstanding any other provision of law, during Fiscal Year 2023-24
27 2024-25, funds that would otherwise have been transferred to the South Carolina Retiree Health Insurance Trust Fund from the
28 operating account for the State's employee health insurance program pursuant to Section 1-11-705(I)(2) may remain in the operating

35 employee, independent contractor, leased employee, joint employee, or other classification of worker, for a period of at least twelve
36 consecutive months subsequent to retirement. The exemption provided under this provision does not apply unless the member first

1 certifies to the system that he satisfies the requirements for the exemption. If a member inaccurately certifies that he satisfies the
2 requirements for the exemption provided in this provision, the member is responsible for reimbursing the system for any benefits
3 wrongly paid to the member.

4 *(B)* For compensation earnings during the current fiscal year, the earnings limitation does not apply if a member of the South
5 Carolina Retirement System has not been engaged to perform services for a participating employer in the system or any other system
6 provided in Title 9 for compensation in any capacity, whether as an employee, independent contractor, leased employee, joint
7 employee, or other classification of worker, for a period of at least twelve consecutive months subsequent to retirement. The
8 exemption provided under this provision does not apply unless the member first certifies to the system that he satisfies the
9 requirements for the exemption. If a member inaccurately certifies that he satisfies the requirements for the exemption provided in
10 this provision, the member is responsible for reimbursing the system for any benefits wrongly paid to the member.

11 **108.17.** (PEBA: PORS Return to Work) If a member of the Police Officer Retirement System chooses to engage in the Return

28 Department of Commerce, Coordinating Council.

29 **109.4.** (DOR: SCBOS Funds) The Department of Revenue shall share equally the collection assistance fees imposed on overdue
30 tax debt with the South Carolina Business One Stop program. The funds received by the department from this fee shall be used for

3 concerning whether that candidate or appointee has filed annual state income tax returns that he was required to file during the past
4 ten years, regardless of the source of income, has paid all income taxes due during that time period, and has satisfied all judgments,
5 liens, or other penalties for failure to pay income taxes when due. The department may only respond to an inquiry if the inquiry is
6 made by a candidate or appointee concerning that candidate's or appointee's own income tax returns.

7 (B) Unless a candidate or appointee requests otherwise, the department must post the results of all inquiries from candidates or

1 **117.14.** (GP: FTE Management) In order to provide the necessary control over the number of employees, the Executive Budget
2 Office is hereby directed to maintain close supervision over the number of state employees, and to require specifically the following:

3 (1) That no state agency exceed the total authorized number of full-time equivalent positions and those funded from state sources
4 as provided in each section of this act except by majority vote of the State Fiscal Accountability Authority.

5 (2) That the Executive Budget Office shall maintain and make, as necessary, periodic adjustments thereto, an official record of
6 the total number of authorized full-time equivalent positions by agency for state and total funding sources.

7 (a) That within thirty days of the passage of the Appropriation Act or by August first, whichever comes later, each agency of
8 the State must have established on the Executive Budget Office records all positions authorized in the Act. Each agency may, upon
9 notification to the Executive Budget Office, change the funding source of state FTE positions established on the Executive Budget
10 Office records as necessary to expend federal and other sources of personal service funds to conserve or stay within the state
11 appropriated personal service funds. No agency shall change funding sources that will cause the agency to exceed the authorized
12 number of state or total full-time equivalent positions. Each agency may transfer FTEs between programs as needed to accomplish
13 the agency mission.

14 (b) That by September thirtieth, the office shall prepare a FTE analysis, by agency, which shows the number of authorized,
15 filled, and vacant positions by source of funds for the current and two previously completed fiscal years. The office shall provide a
16 copy of each agency's FTE analysis to the Senate Finance and House Ways and Means Committees.

17 (3) That full-time equivalent (FTE) positions shall be determined under the following guidelines:

18 (a) The annual work hours for each FTE shall be the agency's full-time standard annual work hours.

19 (b) The state FTE shall be derived by multiplying the state percentage of budgeted funds for each position by the FTE for that
20 position.

21 (c) All institutions of higher education shall use a value of 0.75 FTE for each position determined to be full-time faculty with
22 a duration of nine months.

23 The FTE method of accounting shall be utilized for all authorized positions.

24 (4) That the number of positions authorized in this act shall be reduced in the following circumstances:

25 (a) Upon request by an agency.

26 (b) When anticipated federal funds are not made available.

27 (c) When the Executive Budget Office, through study or analysis, becomes aware of any unjustifiable excess of positions in
28 any state agency.

29 (5) That no new permanent positions in state government shall be funded by appropriations in acts supplemental to this act but
30 temporary positions may be so funded.

31 (6) That the provisions of this section shall not apply to personnel exempt from the State Classification and Compensation Plan
32 under item I of Section 8-11-260 of the 1976 Code.

33 The Governor, in making his appropriation recommendations to the Ways and Means Committee, must provide that the level of
34 personal service appropriation recommended for each agency is at least ninety-seven percent of the funds required to meet one
35 hundred percent of the funds needed for the full-time equivalents positions recommended by the Governor (exclusive of new
36 positions).

1 **117.15.** (GP: Allowance for Residences & Compensation Restrictions) *(A)* That salaries paid to officers and employees of the
2 State, including its several boards, commissions, and institutions shall be in full for all services rendered, and no perquisites of office
3 or of employment shall be allowed in addition thereto, but such perquisites, commodities, services or other benefits shall be charged
4 for at the prevailing local value and without the purpose or effect of increasing the compensation of said officer or employee. The
5 charge for these items may be payroll deducted at the discretion of the Comptroller General or the chief financial officer at each
6 agency maintaining its own payroll system. This shall not apply to the Governor's Mansion, nor to guards at any of the state's penal
7 institutions and nurses and attendants at the Department of Disabilities and Special Needs, and registered nurses providing clinical
8 care at the MUSC Medical Center, nor to the Superintendent and staff of the Governor's School for Agriculture at John de la Howe,
9 nor to the cottage parents and staff of Wil Lou Gray Opportunity School, nor to full-time or part-time staff who work after regular
10 working hours in the SLED Communications Center or Maintenance Area, nor to adult staff at the Governor's School for Science
11 and Mathematics and the Governor's School for Arts and Humanities who are required to stay on campus by the institution because
12 of job requirements or program participation. Any state institution of higher learning may provide complimentary membership
13 privileges to employees who work at their wellness centers. The presidents of those state institutions of higher learning authorized
14 to provide on-campus residential facilities for students may be permitted to occupy residences on the grounds of such institutions
15 without charge.

16 *(B)* Any state institution of higher learning may provide a housing allowance to the president in lieu of a residential facility, the
17 amount to be approved by the State Fiscal Accountability Authority.

18 *(C)* That the following may be permitted to occupy residences owned by the respective departments without charge: the Farm
19 Director, Farm Managers, and Specialists employed at the Wateree River Correctional Institution; the South Carolina State
20 Commission of Forestry fire tower operators, forestry aides, and caretaker at central headquarters; the Department of Natural
21 Resources' Wildlife Management Area Personnel, Fish Hatchery Personnel, and Heritage Trust Personnel; Director of Wil Lou Gray
22 Opportunity School; President of the School for the Deaf and the Blind; houseparents for the Commission for the Blind; South
23 Carolina Department of *Public Health and Environmental Control* personnel at the State Park Health Facility and Camp Burnt Gin;

25 Lander University; Residence Life Directors, temporary and transition employees, student interns, and emergency personnel at
26 Winthrop University and Francis Marion University; Farm Superintendent at Winthrop University; Residence Hall Directors at the
27 College of Charleston; the Department of Disabilities and Special Needs' physicians and other professionals at Whitten Center,
28 Clemson University Off-Campus Agricultural Staff and Housing Area Coordinators; and TriCounty Technical College's Bridge to
29 Clemson Resident and Area Directors; and housing maintenance night supervisors, residence life directors, temporary and transition
30 employees, and emergency medical personnel occupying residences owned by the University of South Carolina. Except in the case
31 of elected officials, the fair market rental value of any residence furnished to a state employee shall be reported by the state agency
32 furnishing the residence to the Agency Head Salary Commission, and the Department of Administration by October first of each
33 fiscal year.

34 *(D)* All salaries paid by departments and institutions shall be in accord with a uniform classification and compensation plan,
35 approved by the Department of Administration, applicable to all personnel of the State Government whose compensation is not
36 specifically fixed in this act. Such plan shall include all employees regardless of the source of funds from which payment for personal

1 service is drawn. The Department of Administration is authorized to approve temporary salary adjustments for classified and
2 unclassified employees who perform temporary duties which are limited by time and/or funds. When approved, a temporary salary
3 adjustment shall not be added to an employee's base salary and shall end when the duties are completed and/or the funds expire.
4 Academic personnel of the institutions of higher learning and other individual or group of positions that cannot practically be covered
5 by the plan may be excluded therefrom but their compensations as approved by the Department of Administration shall, nevertheless,
6 be subject to review by the State Fiscal Accountability Authority. Salary appropriations for employees fixed in this act shall be in
7 full for all services rendered, and no supplements from other sources shall be permitted or approved by the State Fiscal Accountability
8 Authority. With the exception of travel and subsistence, legislative study committees shall not compensate any person who is
9 otherwise employed as a full-time state employee. Salaries of the heads of all agencies of the State Government shall be specifically
10 fixed in this act and no salary shall be paid any agency head whose salary is not so fixed. As long as there is no impact on appropriated
11 funds, state agencies and institutions shall be allowed to spend public funds and/or other funds for designated employee award
12 programs which shall have written criteria approved by the agency governing board or commission. For purposes of this section,
13 monetary awards, if any, shall not be considered a part of an employee's base salary, a salary supplement, or a perquisite of
14 employment. The names of all employees receiving monetary awards and the amounts received shall be reported annually to the
15 Department of Administration.

16 *(E)* In the case of lodging furnished by certain higher education institutions to employees, the prevailing local rate does not apply
17 if the institution meets the exceptions for inadequate rent described in the current Internal Revenue Code Section 119(d)(2). To meet
18 the exception, rental rates must equal the lesser of five percent of the appraised value of the qualified campus lodging, or the average
19 of the rentals paid by individuals (other than employees or students of the educational institution) during the calendar year for lodging
20 provided by the educational institution which is comparable to the qualified campus lodging provided to the employee, over the rent
21 paid by the employee for the qualified campus lodging during the calendar year. The appraised value shall be determined as of the
22 close of the calendar year in which the taxable year begins, or, in the case of a rental period not greater than one year, at any time
23 during the calendar year in which the period begins.

27 for personal expenses incurred in connection with the performance of their official duties. Reimbursements may be made to the

32 of Probation, Parole and Pardon Services, Department of Mental Health, Department of Disabilities and Special Needs, Continuum
33 of Care, Department of Social Services and School for the Deaf and the Blind may replace the personal property of an employee
34 which has been damaged or destroyed by a client while in custody of the agency. The replacement of personal property may be
35 made only if the loss has resulted from actions by the employee deemed to be appropriate and in the line of duty by the agency head
36 and if the damaged or destroyed item is found by the agency head to be reasonable in value, and necessary for the employee to carry

1 out the functions and duties of his employment. Replacement of damaged or destroyed items shall not exceed \$250 per item, per
2 incident. Each agency must have guidelines to insure the reasonableness of the replacement payments.

3 **117.18.** (GP: Business Expense Reimbursement) Agency heads and deputy commissioners or deputy directors designated by
4 agency heads may receive reimbursements for business expenses incurred while performing their official duties, provided that
5 receipts are presented when seeking reimbursement and justification is submitted to document the time, place, and purpose of the
6 expense as well as the names of the individuals involved. The Department of Administration shall promulgate regulations governing
7 these expenses.

8 **117.19.** (GP: Per Diem) The per diem allowance of all boards, commissions and committees shall be at the rate of \$50 per day.

11 **117.20.** (GP: Travel - Subsistence Expenses & Mileage) Travel and subsistence expenses, whether paid from state appropriated,
12 federal, local or other funds, shall be allowed in accordance with the following provisions:

13 (A) Unless otherwise provided in paragraphs B through H of this section, all employees of the State of South Carolina or any
14 agency thereof including employees and members of the governing bodies of each technical college while traveling on the business
15 of the State shall, upon presentation of a paid receipt, be allowed reimbursement for actual expenses incurred for lodging, not to
16 exceed the current maximum lodging rates, excluding taxes, established by the U.S. General Services Administration. The lodging
17 reimbursement for employees of a school district must also conform to these rates when that employee's travel reimbursement is
18 paid by state funds that are transferred to the school district. Agencies may contract with lodging facilities to pay on behalf of an
19 employee. Failure to maintain proper control of direct payments for lodging may result in the revocation of the agency's authority
20 by the Comptroller General or the State Auditor. The employee shall also be reimbursed for the actual expenses incurred in the
21 obtaining of meals except that such costs shall not exceed \$35 per day within the State of South Carolina. For travel outside of South
22 Carolina the maximum daily reimbursement for meals shall not exceed \$50. Agencies may contract with food or dining facilities to
23 pay for meals on behalf of employees in accordance with rules and regulations established by the Office of Comptroller General. It
24 shall be the responsibility of the agency head to monitor the charges for lodging which might be claimed by his employees in order
25 to determine that such charges are following maximum lodging rates as established by the U.S. General Services Administration.
26 Any exceptions must have the written approval of the agency head, taking into consideration location, purpose of travel or other
27 extenuating circumstances. The provisions of this item shall not apply to Section 42-3-40 of the 1976 Code, and when pertaining to
28 institutions of higher learning, for travel paid with funds other than General Funds.

34 membership consists solely of members of the General Assembly or members of the General Assembly and other personnel who are
35 not employees of the State of South Carolina shall be allowed subsistence expenses of \$42 per day while traveling on official business,

1 unless otherwise designated by law. Members of such committees may opt to receive actual expenses incurred for lodging and actual
2 expenses incurred in the obtaining of meals in lieu of the allowable subsistence expense.

3 (E) Members of the state boards, commissions, or committees whose duties are not full-time and who are paid on a per diem
4 basis, shall be allowed reimbursement for actual expenses incurred at the rates provided in paragraph A and I of this section while
5 away from their places of residence on official business of the State. One person accompanying a handicapped member of a state
6 board, commission, or committee on official business of the State shall be allowed the same reimbursement for actual expenses
7 incurred at the rates provided in paragraph A through I of this section.

8 (F) No subsistence reimbursement shall be allowed to a Justice of the Supreme Court or Judge of the Court of Appeals while
9 traveling in the county of his official residence. When traveling on official business of said court within fifty miles outside the county
10 of his official residence, a Supreme Court Justice and a Judge of the Court of Appeals shall be allowed subsistence expenses in the
11 amount of \$42 per day plus such mileage allowance for travel as is provided for other employees of the State. When traveling on
12 official business of said court fifty or more miles outside the county of his official residence, each Justice and Judge of the Court of
13 Appeals shall be allowed subsistence expenses in the amount as provided in this act for members of the General Assembly plus such
14 mileage allowance for travel as is provided for other employees of the State. The Chief Justice, or such other person as the Chief
15 Justice designates, while attending the Conference of Chief Justices and one member of the Supreme Court while attending the
16 National Convention of Appellate Court Judges, and three Circuit Judges while attending the National Convention of State Trial
17 Judges shall be allowed actual subsistence and travel expenses.

18 Upon approval of the Chief Justice, Supreme Court Justices, Judges of the Court of Appeals, Circuit Judges, and Family Court
19 Judges shall be reimbursed for actual expenses incurred for all other official business requiring out-of-state expenses at the rate
20 provided in paragraph A of this section.

21 (G) No subsistence reimbursements are allowed to a Circuit Judge, a Family Court Judge, or an Administrative Law Judge while
22 holding court within the county in which he resides. While holding court or on other official business outside the county, within
23 fifty miles of his residence, a Circuit Court Judge, Family Court Judge, or an Administrative Law Judge is entitled to a subsistence
24 allowance in the amount of \$42 per day plus such mileage allowance for travel as is provided for other employees of the State. While
25 holding court or on other official business at a location fifty miles or more from his residence, a Circuit Court, Family Court or
26 Administrative Law Judge is entitled to a subsistence allowance in the amount as provided in this act for members of the General
27 Assembly plus such mileage allowance for travel as is provided for other employees of the State.

28 (H) Any retired Justice, Circuit Court Judge or Family Court Judge or Master-in-Equity appointed by the Supreme Court to serve
29 as a Special Circuit Judge, Family Court Judge, Appeals Court Judge, or Acting Associate Justice shall serve without pay but shall
30 receive the same allowance for subsistence, expenses, and mileage as provided in Part I for Circuit Court Judges.

31 (I) No expense shall be allowed an employee either at his place of residence or at the official headquarters of the agency by
32 which he is employed except as provided in paragraph E, of this section. When an employee is assigned to work a particular territory
33 or district, and such territory or district and his official headquarters are in different localities or sections of the State, expenses may
34 be allowed for the necessary travel to his official headquarters. The members of the Workers' Compensation Commission may be
35 reimbursed at the regular mileage rate of one round trip each week from their respective homes to Columbia. No subsistence
36 reimbursement shall be allowed to a member of the Workers' Compensation Commission while traveling in the county of his official

1 residence. When traveling on official business of the commission outside the county of his official residence, a member of the
2 Workers' Compensation Commission shall be allowed subsistence expenses in the amount of \$42 per day. When traveling on official
3 business of the commission fifty or more miles outside the county of his official residence, each member shall be allowed a
4 subsistence allowance in the amount as provided in this act for members of the General Assembly. When out-of-state, members of
5 the Workers' Compensation Commission and the members of the Appellate Panel of the Department of Employment and Workforce
6 may claim the established amount of per diem, as stated in the General Appropriation Act, or actual expenses as deemed reasonable
7 by the Comptroller General. The members of the Appellate Panel of the Department of Employment and Workforce may be
8 reimbursed at the regular mileage rate when the member is on official business fifty miles or more outside of Columbia. The members
9 of the Appellate Panel of the Department of Employment and Workforce shall be allowed subsistence allowance in the amount as
10 provided in this act for members of the General Assembly when the member is on official business fifty miles or more outside of
11 Columbia.

12 (J) When an employee of the State shall use his or her personal automobile in traveling on necessary official business, a charge
13 to equal the standard business mileage rate as established by the Internal Revenue Service will be allowed for the use of such
14 automobile and the employee shall bear the expense of supplies and upkeep thereof. The standard business mileage rate used in this
15 calculation shall be the current rate established by the Internal Revenue Service. Whenever state provided motor pool vehicles are
16 reasonably available and their use is practical and an employee of the State shall request for his own benefit to use his or her personal
17 vehicle in traveling on necessary official business, a charge of four cents per mile less than the standard business mileage rate as
18 established by the Internal Revenue Service will be allocated for the use of such vehicle and the employee shall bear the expense of
19 supplies and upkeep thereof. The standard business mileage rate used in this calculation shall be the current rate established by the
20 Internal Revenue Service. When such travel is by a state-owned automobile, the State shall bear the expense of supplies and upkeep
21 thereof but no mileage will be allowed. Agencies and employees are directed to use state fueling facilities to the maximum extent
22 possible, when such use is cost beneficial to the State. When using commercial fueling facilities, operators of State-owned vehicles
23 are directed to use self-service pumps. In traveling on the business of the State, employees are required to use the most economical
24 mode of transportation, due consideration being given to urgency, schedules and like factors.

25 Mileage between an employee's home and his/her place of employment is not subject to reimbursement. However, when an
26 employee leaves on a business trip directly from his/her home, and does not go by the employee's headquarters, the employee shall
27 be eligible for reimbursement for actual mileage beginning at his/her residence.

28 (K) That a state agency may advance travel and subsistence expense monies to employees of that agency for the financing of
29 ordinary and necessary travel required in the conducting of the business of the agency. The Office of Comptroller General is directed
30 to develop and publish rules and regulations pertaining to the advancing of travel expenses and no state agency shall make such
31 advances except under the rules and regulations as published. All advances for travel and subsistence monies shall be repaid to the
32 agency within thirty days after the end of the trip or by July fifteenth, whichever comes first.

33 (L) That the state institutions of higher learning are authorized to reimburse reasonable relocation expenses for new employees
34 when such reimbursements are considered by the agency head to be essential to successful recruitment of professionally competent
35 staff members.

1 (M) The Office of Comptroller General is authorized to promulgate and publish rules and regulations governing travel and
2 subsistence payments.

3 (N) No state funds may be used to purchase first class airline tickets.

4 **117.21.** (GP: Organizations Receiving State Appropriations Report). Each state agency receiving funds that are a direct
5 appropriation to a non-profit organization, prior to disbursing the funds, shall require from each recipient organization a plan of how
6 the state funds will be spent and how the expenditures will provide a public benefit. The Executive Budget Office, Department of
7 Administration shall provide each state agency with a standard form for collecting the information required. After receiving the
8 funds, non-profit organizations shall provide quarterly spending updates to the respective state agency. After all state funds have
9 been expended, each organization shall provide an accounting of how the funds were spent, including an accounting of funds provided
10 to subgrantees and affiliated non-profits. State agencies receiving funds pursuant to this provision shall report the information
11 collected to the Executive Budget Office, the Chairman of the Senate Finance Committee, and the Chairman of the House Ways and
12 Means Committee by June 30th. No funds in this act shall be disbursed to organizations or purposes which practice discrimination
13 against persons by virtue of race, creed, color or national origin.

14 **117.22.** (GP: State-Owned Aircraft - Flight Logs) Each agency having in its custody one or more aircraft shall maintain a
15 continuing log on all flights, which in order to promote accountability and transparency shall be open for public inspection and shall
16 also be posted online. Any and all aircraft owned or operated by agencies of the State Government shall be used only for official
17 business. The Division of Aeronautics and other agencies owning and operating aircraft may furnish transportation to the Governor,
18 Constitutional Officers, members of the General Assembly, members of state boards, commissions, and agencies and their invitees
19 for official business only; no member of the General Assembly, no member of a state board, commission, or committee, and no state
20 official shall use any state-owned or operated aircraft unless the member or official files within twenty-four hours after the completion
21 of the flight with the agency that provided the flight a sworn statement certifying and describing the official nature of his trip; and
22 no member of the General Assembly, no member of a state board, commission or committee, and no state official shall be furnished
23 air transportation by a state agency unless such agency prepares and maintains in its files a sworn statement from the highest ranking
24 official of the agency or its designee certifying that the member's or state official's trip was in conjunction with the official business
25 of the agency. Official business shall not include routine transportation to and from meetings of the General Assembly or committee
26 meetings for which mileage is authorized. Official business also does not include attending a press conference, bill signing, or
27 political function.

28 All logs shall be signed by the parties using the flight and the signatures shall be maintained as part of the permanent record of
29 any agency. All passengers shall be listed on the flight log by their legal name; passengers flying with an appropriate official of
30 SLED or the Department of Commerce whose confidentiality must, in the opinion of SLED or the department, be protected shall be
31 listed in writing on the flight log as "Confidential Passenger SLED or the Department of Commerce (strike one)" and the appropriate
32 official of SLED or the department shall certify to the agency operating the aircraft the necessity for such confidentiality. The
33 Division of Aeronautics shall post its flight logs on its website within one working day of completion of trips.

34 Violation of the above provisions of this section is prima facie evidence of a violation of Section 8-13-700(A) of the 1976 Code
35 and shall subject a violating member of the General Assembly to the ethics procedure of his appropriate house and shall subject a
36 violating member of a state board, commission or committee, or a state official to the applicable ethics procedure relating to them as

1 provided by law. The above provisions do not apply to state-owned or operated aircraft when used by the Medical University of
2 South Carolina, nor to aircraft of the athletic department or the educational foundations of any state-supported institution of higher
3 education, nor to law enforcement officers when flying on state-owned aircraft in pursuit of fugitives, missing persons, or felons or
4 for investigation of gang, drug, or other violent crimes.

5 Aircraft owned by agencies of state government shall not be leased to individuals for their personal use.

6 **117.23.** (GP: Carry Forward) Each agency is authorized to carry forward unspent general fund appropriations from the prior
7 fiscal year into the current fiscal year, up to a maximum of ten percent of its original general fund appropriations less any
8 appropriation reductions for the current fiscal year. Agencies shall not withhold services in order to carry forward general funds.

9 This provision shall be suspended if necessary to avoid a fiscal year-end general fund deficit. For purposes of this proviso, the
10 amount of the general fund deficit shall be determined after first applying the Capital Reserve Fund provisions in Section
11 11-11-320(D) of the 1976 Code, and before any transfers from the General Reserve. The amount of general funds needed to avoid
12 a year-end deficit shall be reduced proportionately from each agency's carry forward amount.

13 Any funds that are carried forward as a result of this provision are not considered part of the base of appropriations for any
14 succeeding years.

15 **117.24.** (GP: TEFRA-Tax Equity and Fiscal Responsibility Act) It is the intent of the General Assembly that the State Medicaid
16 Plan be amended to provide benefits for disabled children as allowed by the Tax Equity and Fiscal Responsibility Act (TEFRA)

18 Public Health and Environmental Control, the Department of Mental Health, the Department of Disabilities and Special Needs, and
19 the Department of Health and Human Services shall collectively review and identify existing state appropriations within their
20 respective budgets that can be used as state match to serve these children. Such funds shall be used effective January 1, 1995 to
21 implement TEFRA option benefits. Agencies providing services under the provisions of this paragraph must not spend less in the
22 current fiscal year than expended in the previous fiscal year.

23 **117.25.** (GP: Prison Industries) All agencies funded in this act, when procuring goods and services, shall first consider
24 contracting for services or purchasing goods and services through the Department of Corrections' Prison Industries Program. The
25 Department of Corrections shall furnish, upon request, to all agencies a catalogue of goods and services provided by Prison Industries.
26 The department is hereby directed to develop and market a catalogue of Prison Industries products for nationwide circulation.

27 **117.26.** (GP: Travel Report) Annually on November first, the Comptroller General shall issue a report on travel expenditures
28 for the prior fiscal year which shall be distributed to the Senate Finance Committee, the House Ways and Means Committee, and the
29 Statehouse Press Room. The Comptroller General may use up to \$500 of general fund appropriations for the purpose of providing
30 copies to the media or the public upon request. The report must contain a listing for every agency receiving an appropriation in the
31 annual General Appropriations Act. The listing must show at a minimum the top ten percent of employees for whom travel expenses
32 and registration fees were paid within each agency, not to exceed twenty-five employees per agency. Agencies should include
33 position titles for each of the top twenty-five travelers for each agency. Expenditures must include state, federal and other sources
34 of funds. Expenditures for in-state and out-of-state registration fees (fees to attend conferences, teleconferences, workshops, or
35 seminars for training on a per person basis) must be shown as a separate subtotal within the grand total for the individual employees
36 and the agency as a whole. The list for each agency must be in rank order with the largest expenditure first and the name of the

1 employee must be shown with each amount. Agencies should include a brief summary of the type of travel the agency incurs. The
2 Comptroller General may provide additional information as deemed appropriate. The Comptroller General shall provide no
3 exceptions to this report in that the information contained is not considered confidential or restricted for economic development
4 purposes. However, further disclosure of detailed information shall be restricted as provided for by law.

5 **117.27.** (GP: School Technology Initiative) From the funds appropriated/authorized for the K-12 technology initiative, the
6 Department of Education, in consultation with the Department of Administration, the State Library, the Educational Television
7 Commission, and a representative from the Education Oversight Committee, shall administer the K-12 technology initiative funds.
8 These funds are intended to provide technology, encourage effective use of technology in K-12 public schools throughout the state,
9 conduct cost/benefit analyses of the various technologies, and should, to the maximum extent possible, involve public-private sector
10 collaborative efforts. Funds may also be used to establish pilot projects for new technologies with selected school districts as part of
11 the evaluation process. K-12 technology initiative funds shall be retained and carried forward to be used for the same purpose.

12 **117.28.** (GP: State-Operated Day Care Facilities Fees) Any state agency receiving funding in this act and any higher education
13 institution, including four-year institutions, two-year institutions, and technical colleges, that operates an early childhood
14 development center or day care facility shall charge, at a minimum, fees that are comparable to those charged by private day care
15 facilities in the local community. The institution or agency shall not restrict enrollment in the center solely to the children of faculty,
16 staff, and students of the institution; nor shall fees be set at a lower level for faculty, staff, or students of the institution or agency.

17 **117.29.** (GP: Base Budget Analysis) Agencies' annual accountability reports for the prior fiscal year, as required in Section
18 1-1-810, must be accessible to the Governor, Senate Finance Committee, House Ways and Means Committee, and to the public on
19 or before September fifteenth, for the purpose of a zero-base budget analysis and in order to ensure that the Agency Head Salary
20 Commission has the accountability reports for use in a timely manner. Accountability Report guidelines shall require agencies to
21 identify key program area descriptions and expenditures and link these to key financial and performance results measures. The
22 Executive Budget Office is directed to develop a process for training agency leaders on the annual agency accountability report and
23 its use in financial, organizational, and accountability improvement. Until performance-based funding is fully implemented and
24 reported annually, the state supported colleges, universities and technical schools shall report in accordance with Section 59-101-350.

31 contributions, the state agencies, institutions and departments will be responsible for making both employer and employee
32 contributions if coverage would otherwise be interrupted; and as to those benefits which require only employee contributions, the

5 general funds appropriated for that agency in the prior fiscal year, or whenever the General Assembly or the Executive Budget Office
6 implements a midyear across-the-board budget reduction, and agency heads institute a mandatory employee furlough program, in
7 determining which employees must participate in the program, agency heads should give consideration to furloughs for contract
8 employees, post-TERI employees, and TERI employees before other employees. During this mandatory furlough, the state
9 employees shall be entitled to participate in the same state benefits as otherwise available to them except for receiving their salaries.

11 responsible for making both employer and employee contributions if coverage would otherwise be interrupted; and as to those
12 benefits which require only employee contributions, the employee remains solely responsible for making those contributions. In the
13 event an agency's reduction is due solely to the General Assembly transferring or deleting a program, this provision does not apply.

14 **117.71.** (GP: Reduction In Force) In a fiscal year in which the general funds appropriated for a state agency are less than the
15 general funds appropriated for that agency in the prior fiscal year, or whenever the General Assembly or the Executive Budget Office

19 **117.72.** (GP: Cost Savings When Filling Vacancies Created by Retirements) During the current fiscal year, whenever classified
20 FTEs become vacant because of employee retirements, it is the intent of the General Assembly that state agencies should realize
21 personnel costs savings of at least twenty-five percent in the aggregate when managing these vacant positions. Prior to filling a
22 classified FTE which has become vacant because of a retirement, an agency must review and determine the appropriate salary for
23 the position as well as determine whether the agency can manage without filling the position or by delay in filling the position. Prior
24 to filling the vacant FTE, agencies must follow all laws and regulations concerning posting and competitive solicitation and
25 consideration of applicants. No agency shall enter into any agreement with any employee that violates the terms of this proviso.

35 connectivity to health care providers while minimizing administrative burden and allowing health care providers to maintain existing
36 electronic health systems. The department shall incorporate measures to ensure that the confidentiality, integrity, and availability of

1 patient data is always safeguarded and protected in accordance with state and federal laws. The department shall coordinate its efforts
2 with the Department of ~~Public Health and Environmental Control~~ and other stakeholders the department deems appropriate.

3 **117.74.** (GP: Broadband Spectrum Lease) The General Assembly must approve any exercise of the Middle Band Segment
4 Channel recapture provisions contained in the Educational Broadband Service Spectrum Lease Agreements if the exercise of the
5 recapture provisions would result in a decrease in payments received by the State. The Educational Television Commission assumes
6 management and administration of the lease and receives lease payments directly. The Educational Television Commission shall
7 retain and expend funds received pursuant to the lease for agency operations. The commission shall be authorized to carry forward
8 unexpended funds from the prior fiscal year into the current fiscal year. In the event of a default by the current lease holder, the
9 Educational Television Commission is authorized to use contingent funds up until such time as a new lease can be negotiated by the

11 **117.75.** (GP: Reduction in Compensation) For the current fiscal year, no state agency or political subdivision of this State may
12 decrease the compensation of an employee, including dismissal, suspension, or demotion, solely because the employee gave sworn

14 Senate or the House of Representatives. This proviso shall apply regardless of when the alleged wrongdoing occurred.

18 If at the end of each quarterly deficit monitoring review by the Executive Budget Office, it is determined by either the Executive
19 Budget Office or a state agency, department, or institution that the likelihood of a deficit for the current fiscal year exists, the state
20 agency shall notify the General Assembly within fifteen days of this determination and shall further request the Executive Budget
21 Office to work with it to develop a plan to avoid the deficit. Within fifteen days of the deficit avoidance plan being completed, the
22 Executive Budget Office shall either request the General Assembly to recognize the deficit if it determines the deficit avoidance plan
23 will not be sufficient to avoid a deficit or notify the General Assembly of how the deficit will be avoided based on the deficit
24 avoidance plan if the Executive Budget Office determines the plan will be sufficient to avoid a deficit.

25 Upon notification from the Executive Budget Office that an agency will run a deficit and requesting that it be recognized, the
26 General Assembly, by joint resolution, may make a finding that the cause of, or likelihood of, a deficit is unavoidable due to factors
27 which are outside the control of the state agency, department, or institution, and recognize the deficit. Any legislation to recognize
28 a deficit must be in a separate joint resolution enacted for the sole purpose of recognizing the deficit of a particular state agency,
29 department, or institution. A deficit may only be recognized by an affirmative vote of each branch of the General Assembly.

30 If the General Assembly recognizes the deficit, then the actual deficit at the close of the fiscal year must be reduced as necessary
31 from surplus revenues or surplus funds available at the close of the fiscal year in which the deficit occurs and from funds available
32 in the General Reserve Fund and the Capital Reserve Fund, as required by the Constitution of this State.

33 Once a deficit has been recognized by the General Assembly, the state agency, department, or institution shall limit travel and
34 conference attendance to that which is deemed essential by the director of the agency, department, or institution. In addition, the

4 which must use the Cents per mile Rule, unless they are exempted from such reimbursement by applicable IRS regulations. These
5 permanently assigned vehicles must be clearly marked as a state or agency vehicle through the use of permanent state-government
6 license plates and either state or agency seal decals unless the vehicle is used primarily in undercover operations. This requirement
7 does not apply to a vehicle used by an employee for the purpose of a special travel assignment, for active certified law enforcement

17 date, amount, and source of each deposit transaction and the date, name of the payee, the transaction amount, and a description of
18 the goods or services purchased for each expenditure transaction. To facilitate review, the State Fiscal Accountability Authority
19 shall prescribe a common format for the report which agencies must use. In order to promote accountability and transparency, a link
20 to the report shall be posted on the Comptroller General's website as well as the agency's homepage.

21 When the State Auditor conducts or contracts for an audit of a state agency, accounts of the agency subject to this proviso must be
22 included as part of the review.

23 If an agency determines that the release of the information required in this provision would be detrimental to the state or the
24 agency, the agency may petition the State Fiscal Accountability Authority to grant the agency an exemption from the reporting
25 requirements for the detrimental portion. The meeting to determine whether an exemption should be granted shall be closed.
26 However, the exemption may only be granted upon a majority vote of the State Fiscal Accountability Authority in a public meeting.

27 ~~entity and/or their insurer upon the submission of an affidavit executed by the agency head or his designee that the employee was~~
28 ~~acting within the scope of employment or in good faith. No insurer that provides insurance for any governmental entity may exclude~~
29 ~~coverage for civil conspiracy as provided for in this provision. Prior to trial, the court must make a final determination whether the~~
30 ~~action or decision giving rise to the suit was made by the government employee within the scope of their official duty or in good~~
31 ~~faith. If the court finds that the government employee was acting outside the scope of the employee's official duties or not in good~~
32 ~~faith, the government or their insurer shall not thereafter expend any funds to pay or defend the claim including funds for the~~
33 ~~employee's legal counsel. If the court finds the government employee was acting within the scope of their official duties, the employee~~
34 ~~is immune from suit, liability, and damages with respect to the civil conspiracy claim. The government may only expend funds to~~
35 ~~defend the claim if the determination is that the employee was acting within the scope of their official duties or in good faith. Nothing~~

29 universities to purchase fetal remains resulting from an abortion for the purpose of research or experimentation. The State's public
30 colleges and universities are further prohibited from accepting donated fetal remains resulting from an abortion for the purpose of
31 research or experimentation. A public college or university that purchases or accepts donated fetal remains in violation of this proviso
32 shall return to the General Fund an amount equal to ten percent of the funds appropriated to the college or university under Part 1A
33 of this act.

34 **117.144.** (GP: Behavioral Health Capacity) (A) The Department of Health and Human Services, in coordination with the
35 Department of Mental Health , the Department of Public Health and Environmental Control, the Department of Alcohol and Other

1 Drug Abuse Services, and all other relevant agencies shall examine and analyze the existing statewide system for the delivery of
2 Medicaid and non-Medicaid behavioral health services to assess the system's effectiveness in:

3 (1) providing a range and supply of treatment options and settings that are appropriate to meet the varying needs of individual
4 patients;

5 (2) being responsive to changes in federal law, regulation, or policy that improve access to care and/or associated
6 reimbursement, particularly where related to the treatment of patients in Institutions for Mental Disease (IMDs);

7 (3) being economical in its approach, so as to obtain the greatest value possible for each state taxpayer dollar; and

8 (4) ensuring that the statewide system for the delivery of behavioral health services complies with the requirements of Section
9 44-9-90(7) of the 1976 Code.

10 (B) With the support of the Department of Mental Health, the Department of Health and Human Services shall undertake an effort
11 to assess existing gaps in coverage for or the supply of inpatient psychiatric care, crisis stabilization, and other inpatient or outpatient
12 behavioral health services. Based upon this assessment, the Department of Health and Human Services shall establish, or with the
13 full cooperation of any other requested state agency, request the establishment of coverage and reimbursement policies that it deems
14 necessary to address existing deficiencies and bring about a more comprehensive and effective continuum of behavioral health care
15 in South Carolina. Priorities for this effort may be piloted on a regional basis and shall include, but not be limited to:

16 (1) increasing the number of beds available to provide inpatient psychiatric care, with emphasis on communities with the
17 greatest current need, and using the appropriate combination of new construction, augmentation or reconfiguration of existing
18 facilities, or contracting with psychiatric or acute care hospitals to obtain short-term capacity;

19 (2) establishing crisis stabilization beds and services to provide needed short-term medication, counseling, and other support
20 in previously unserved areas of the State, working toward the goal of having such services available within a 90-minute drive of each
21 South Carolinian, and with coverage and reimbursement being funded through Medicaid for its beneficiaries or through the
22 Department of Mental Health for indigent care, regardless of the provider of these services;

23 (3) formalizing and expanding the coverage of claims-based mobile crisis stabilization services that offer rapid and intensive
24 interventions intended to stabilize individuals at the sites of behavioral health crises;

25 (4) developing one or more regional dedicated psychiatric emergency departments, operating twenty-four hours per day, seven
26 days per week to effectively evaluate and triage patients experiencing acute behavioral health emergencies;

27 (5) developing effective referral and discharge strategies and engaging with existing community providers to ensure that
28 sufficient outpatient services, case management services, and standards of care are in place;

29 (6) leveraging and building upon existing telehealth capacity to support and extend outpatient services; and

30 (7) promoting the development of in-state treatment options for specific behavioral health conditions for which patients are
31 routinely placed out-of-state due to an insufficiency of treatment options or settings in South Carolina.

32 (C) The Executive Director of the Public Employee Benefit Authority shall be encouraged to consult with the Director of the
33 Department of Health and Human Services to make appropriate coverage and reimbursement policy changes to ensure proper access
34 to behavioral health services for covered beneficiaries.

35 (D) The Data Oversight Council, established pursuant to Section 44-6-170 of the 1976 Code, shall undertake whatever rulemaking
36 is necessary to ensure that the data on the utilization of crisis stabilization units are collected in a manner generally consistent with

1 the requirements for general acute care hospitals and specialized hospitals, so that the effectiveness of these services may be properly
2 evaluated. The Data Oversight Council, Department of ~~Public Health and Environmental Control~~, and any other state agency shall,
3 upon the request of and in the format specified by the Department of Health and Human Services, furnish information on behavioral
4 health service demand, utilization, or financing needed to facilitate the implementation of this provision.

5 (E) With the support of the Director of the Department of Mental Health, the Director of the Department of Alcohol and Other
6 Drug Abuse Services, and any other identified agency head, the Director of the Department of Health and Human Services shall
7 evaluate opportunities to improve and/or coordinate treatment capacity for individuals diagnosed with substance use disorder and/or
8 serious mental illness including, but not limited to, options established pursuant to Sections 1115, 1915(I), and/or 1947 of the Social
9 Security Act or made available to states by the Centers for Medicare and Medicaid Services through State Medicaid Director Letters
10 17-003, 18-011, or 19-0003.

11 (F) In consultation with the Department of Juvenile Justice and the Department of Mental Health, the Department of Health and
12 Human Services shall ensure that access to “no eject, no reject” services is restored for children and adolescents requiring care in a
13 private residential treatment facility.

14 (G) To ensure that individuals requiring behavioral health services are protected from unexpected or excessive billings, the
15 Department of Mental Health shall examine ways to convert state-funded or DSH-funded indigent care to a sustainable
16 reimbursement model that improves access to behavioral health treatment while potentially reducing uncompensated care levels and
17 the department’s reliance on state funds. In the current fiscal year, the department shall report to the Chairmen of the Senate Finance
18 Committee and the House Ways and Means Committee on the results of this examination and the actions taken to address any
19 findings. The department also shall:

20 (1) contract for an exhaustive independent review of its entire revenue cycle, to eliminate inefficiencies and improve business
21 processes, ensure that bills are produced on a timely and accurate basis, and assess and maximize the proportion of the time during
22 which the department’s clinicians and providers are rendering chargeable treatment services to the State’s citizens; and

23 (2) ensure its immediate and ongoing compliance with the hospital price transparency rules established at 45 C.F.R. Part 180,
24 and also meet its obligation to provide certain patients with good faith estimates as required by the No Surprises Act, P.L. 116-260,
25 and subsequent regulation.

26 (H) With the support and participation of the Department of Education and the Department of Mental Health, and with the intent
27 of assuring access to behavioral health services to every student in the State through either a public or private provider, the
28 Department of Health and Human Services must lead a comprehensive effort to improve access to and the quality of school-based
29 behavioral health services in South Carolina, while identifying and taking steps to address community-level disparities in the
30 availability of this care. This effort shall include, but not be limited to:

31 (1) the performance of a comprehensive review of Medicaid and non-Medicaid school-based behavioral health services in
32 South Carolina, including an assessment of the availability of such services and the identification of any barriers to access, such as
33 coverage and reimbursement rules, billing practices, other insurer policies, state agency, school district rules or procedures, or
34 provider shortages;

35 (2) a revisitation of existing coverage policies for medically necessary services provided to children, including those with or
36 without a disability determination, and whether those services are or are not required by a child’s individualized education plan or

1 individualized family services plan, whether they do or do not arise from a referral under the Early and Periodic Screening,
2 Diagnostic, and Treatment program, and in the context of State Medicaid Director Letter 14-006;

3 (3) the rescission of any Medicaid or PEBA policies that deny coverage, solely on the basis that those services are being
4 provided within a school or through a telehealth encounter that originates in a school, of medically necessary outpatient services that
5 have been furnished to eligible children by enrolled and qualified providers;

6 (4) the issuance of any new Medicaid policies needed to durably enshrine any appropriate telehealth coverage that had been
7 authorized on a temporary basis during the public health emergency;

8 (5) a review of statewide and school district-level policies and practices relating to suicide risk referral protocols and behavioral
9 health training for student-facing personnel in schools; and

10 (6) reporting to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee
11 on any other relevant potential policy changes that the Director of the Department of Health and Human Services believes would
12 advance the intent of this provision, but which would have a fiscal impact that is sufficiently substantial to require the General
13 Assembly's direct consideration in the future.

14 (I) The Department of Health and Human Services is authorized to establish programs and/or fund in whole or in part, including
15 through the potential use of CHIP Health Services Initiatives, various pilot projects or other initiatives that are intended to develop
16 the health care workforce in South Carolina. Such efforts must be targeted toward current or future providers who demonstrate, by
17 whatever means is selected by the department, commitments to remaining in-state and including Medicaid beneficiaries among their
18 patients. The development of the behavioral health workforce shall be prioritized, although the department may also address other
19 provider classes, such as respiratory therapists, for which shortages have been highlighted and/or exacerbated by the public health
20 emergency. Further consideration also should be given to attracting additional qualified preceptors and increasing opportunities for
21 clinical rotations. The department may partner with or enlist the support of the Technical College System, Area Health Education
22 Centers, and/or Student Loan Corporation in designing or administering these programs and, where appropriate, is encouraged to
23 structure them as public-private partnerships in conjunction with the state's hospital and health systems and other key employers of
24 health providers.

25 (J) If either the Director of the Department of Mental Health or the Director of the Department of Health and Human Services
26 finds that state personnel and/or procurement rules are limiting his ability to fulfill the intent of this provision, he shall notify the
27 State Fiscal Accountability Authority of this in writing and request whatever exemptions are necessary to ensure that clinical staff
28 may be recruited, retained, and/or contracted for so as to provide greater access to behavioral health treatment.

29 (K) In consultation with the Department of Mental Health, the Department of Health and Human Services shall assess the
30 feasibility of, and if warranted, take steps to establish or obtain through grant, contract, subscription, or other procurement, a statewide
31 system for the near-real time tracking of in-patient psychiatric hospital beds and crisis stabilization beds. This system should be
32 generally designed to draw data from providers' existing electronic medical record systems and make summary-level data available
33 to authorized users within state agencies, participating provider organizations, and any others to be specified by the Department of
34 Health and Human Services, for the purposes of managing critical resources and ensuring that patients may be promptly treated in
35 the most effective and clinically appropriate setting. To protect patient privacy and ensure HIPAA compliance, the system may only
36 collect information on the types, counts, and availability of beds, or other categorical or aggregated information, as opposed to

1 individually identifying patient details. In partnership with the following named agencies, the Department of Health and Human
2 Services may also explore and pursue the use of such a system:

3 (1) to meet the emergency preparedness and disaster recovery requirements of the Department of *Public* Health and
4 ~~Environmental Control~~ and the Emergency Management Division that are currently met by the Bed Availability Report Tracking
5 system; and/or

6 (2) to augment or replace the capabilities of the Department on Aging's GetCareSC website.

7 (L) From the funds appropriated to or otherwise made available to it, the Department of Health and Human Services is authorized
8 to procure, enter into contracts and agreements, offer grants, and otherwise expend funds as well as establish demonstration projects
9 in one or more areas of the state to encourage and promote necessary infrastructure and investment to achieve the objectives set out
10 in this provision. The department shall develop policies and procedures as necessary to assure accountability in the expenditure of
11 these funds and apply for federal matching funds when appropriate and available. The department shall report annually to the Senate
12 Finance Committee and the House Ways and Means Committee on all expenditures made under this provision.

13 (M) Crisis stabilization unit facilities established or funded pursuant to this provision shall be eligible for licensure under
14 Regulation 61-125 without being owned or operated by the Department of Mental Health.

15 (N) Funds appropriated for Behavioral Health Capacity may be retained by the Department of Health and Human Services and
16 carried forward to be expended for any purpose specified in this provision.

17 **117.145.** (GP: Mental Health Transportation) ~~(A) Funds appropriated to the Department of Mental Health for the Alternative~~

20 ~~(B) In accordance with the terms of the contract awarded pursuant to Act 239 of 2022, Proviso 117.154, the Department may~~

26 ~~shall include a projection of the annualized amount by which the cost of a statewide Alternative Transportation Program might, at~~
27 ~~full implementation, exceed the amount appropriated for the program in the current fiscal year.~~

3 student.

4 **117.152.** (GP: Disinfection and Cleaning) *(A)* Of the funds appropriated or authorized herein, agencies and political subdivisions,
5 including public school districts, may implement or procure cleaning, sanitization, and disinfection services and products that, at a
6 minimum, meet the most current requirements and guidelines issued by the Department of Public Health and Environmental Control
7 to mitigate the impact of any COVID-19 strains, as well as other communicable diseases. All cleaning, disinfection, and sanitization
8 products should be able to be safely used on a daily, weekly, or monthly basis and meet the following qualifications, as aligned with
9 current ~~DHEC~~ DPH guidelines:

- 10 (1) be on the EPA approved disinfectant list;
- 11 (2) be a broad-spectrum disinfectant that kills 99.9% of bacteria and viruses, including COVID-19, norovirus, influenza, e-coli,
12 mold, fungi, and odor causing bacteria;

18 technology for indoor air quality (IAQ) pursuant to CDC guidelines. All related products and services require independent lab testing
19 for verification of claims, and an Underwriters Lab (UL) listing for any electrical products. When vendors are procured to provide
20 such services the vendor must have evidence of industry experience and expertise.

21 **117.153.** (GP: Job Order Contracting Pilot Program) For the current fiscal year, the Division of Procurement Services of the State
22 Fiscal Accountability Authority may pilot test a job order contracting method at the request and on behalf of up to six governmental
23 bodies or public procurement units consisting of two state agencies and four school districts by entering into job order contracts to
24 acquire construction services when the exact time or exact quantities of future jobs are not known at the time of contract award. The
25 State Engineer must approve, in his sole discretion, which governmental bodies and public procurement units may participate in the
26 pilot project. Procurement Services may enter into job order contracts with up to four businesses for each governmental body or
27 public procurement unit for each licensing classification and sub-classification for construction. The job order contracts must
28 terminate twenty-four months after award.

29 For purposes of this provision, the term “job order contract” means a contract that provides for the issuance of job orders for the
30 performance of construction, renovation, and repair work, where contractors propose an adjustment factor or factors to be applied to
31 a catalog of preset unit prices calculated using local prevailing wage rates, local equipment, and local material costs, and where
32 individual job orders are issued to the awarded contractors on an as-needed basis and the price paid for the work is a lump sum of
33 the preset unit prices needed to complete the job order multiplied by the quantity required multiplied by the adjustment factor.

34 For purposes of the pilot project, an individual project using job orders may not exceed five hundred thousand dollars and the sum
35 of all individual job orders may not exceed four million dollars per contract. Work may not be divided artificially in order to avoid

1 these limits. A single project must not be performed using job order contracts in combination with contracts awarded pursuant to
2 Section 11-35-1550 of the 1976 Code.

3 For purposes of the pilot project, a job order must clearly specify all tasks to be performed or property to be delivered under the
4 order so the full price for the performance of the work can be established when the order is placed. All job orders must be issued on
5 a fixed-price basis. All job orders must be issued within the period of the contract and must be within the scope and maximum value
6 of the contract. Each job order shall provide an itemized list of each construction tasks required to complete the work with the task's
7 associated unit price and applied adjustment factor. Each job order proposal shall be certified as contract compliant by a reviewer
8 independent of the contractor.

9 Any solicitation for a job order contract must include the following: (1) the period of the contract; (2) the maximum dollar value
10 of the services to be procured under the contract; (3) the maximum dollar value of the services to be procured under a single job
11 order; (4) a description that reasonably describes the licensing classification and the general scope, nature, complexity, and purposes
12 of the services to be procured under the contract in a manner that will enable a prospective bidder to decide whether to submit a bid;
13 (5) the procedures that the governmental body will use for issuing job orders for the pilot program; (6) if applicable, the geographic
14 area to which the job order contract applies; ordinarily, a geographically contiguous area should not be subdivided; and (7) the
15 number of job order contracts to be awarded.

3 increase, excluding increases in auxiliary fees, for the ~~2023-2024~~ 2024-25 academic year.

4 (C) The Commission on Higher Education shall develop the process by which institutions provide the certification. Certification
5 of any institution proposing an in-state undergraduate tuition or in-state undergraduate mandatory fee increase must include
6 analysis as to the necessity of the increase and all cost savings measures that have been undertaken to minimize them. Any institution
7 unable to provide such certification to the commission shall remit their respective above recurring allocation to the General Fund by
8 September 15, ~~2023~~ 2024.

9 (D) By November 1, ~~2023~~ 2024, the Commission on Higher Education shall report to the House Ways and Means Committee,
10 the Senate Finance Committee, and the Executive Budget Office the institutions that failed to certify that the in-state undergraduate
11 tuition or in-state undergraduate mandatory fee increase met the guidelines outlined in this provision. The Executive Budget Office
12 is directed to reduce the recurring appropriation of any institution found to be non-compliant with the certification.

33 claiming dependents, incurred by a taxpayer in the taxable year to purchase a monthly or annual contract or subscription for identity
34 theft protection and identity theft resolution services. The deduction allowed by this item may not be claimed by an individual if the
35 individual deducted the same actual costs as a business expense or if the taxpayer is enrolled in the identity theft protection and
36 identity theft resolution services offered free of charge by the State of South Carolina. For purposes of this item, "identity theft

1 protection” means products and services designed to prevent an incident of identify fraud or identity theft in order to protect the

16 Tobacco Settlement Revenue Management Authority from the Tobacco Master Settlement Agreement (“MSA”) in the current fiscal
17 year, the State Treasurer is authorized and directed, after transferring funds sufficient to cover the operating expenses of the Authority,
18 to transfer the remaining funds as follows:

19 (1) \$1,253,000 to the Attorney General’s Office for Diligent Enforcement and Arbitration Litigation; \$450,000 to the State
20 Law Enforcement Division for Diligent Enforcement; and \$325,000 to the Department of Revenue for Diligent Enforcement, all to
21 enforce Chapter 47 of Title 11, the Tobacco Escrow Fund Act;

22 (2) The Attorney General’s Office shall maintain a balance of \$1,253,000 in a fund for future tobacco arbitration. Attorney
23 General funds in excess of \$1,253,000 may be utilized for information technology expenses and building infrastructure upgrades.
24 These funds may be carried forward from the prior fiscal year into the current fiscal year and utilized for the same purpose; and

25 (3) The remaining balance shall be transferred to a restricted account authorized solely for use by the Department of Health
26 and Human Services for the Medicaid program. Earnings on this fund must be credited to the fund and balances may be carried
27 forward from the prior fiscal year for the same purpose.

29 **118.12.** (SR: One Dollar Appropriations) Funds appropriated in the amount of one dollar by this act shall not be disbursed. The
30 Comptroller General shall adjust the affected agency’s chart of accounts accordingly, if necessary.

31 **118.13.** (SR: Non-recurring Litigation Recovery Revenue) During the current fiscal year, if there is a recovery or an award in
32 any litigation managed by the State through a party other than the Attorney General, or if a state tax audit results in a collection, any
33 funds received in excess of twenty-five million dollars that are not likely to continue as recurring revenue and would have otherwise
34 been credited to the General Fund shall be credited to the Litigation Recovery Account. The amount credited to this Litigation
35 Recovery Account pursuant to this provision is deemed non-recurring revenue and must be expended only in the manner prescribed
36 by law.

1 **118.14.** (SR: Farm Aid) There is created the “South Carolina Farm Aid Fund”. This fund is separate and distinct from the
2 general fund of the State and all other funds. Earnings on this fund must be credited to it. Revenues credited to this fund in a fiscal
3 year must be used in that fiscal year to operate a grant program that provides financial assistance to farmers.

4 To be eligible for a grant, the person must have:

5 (1) experienced a verifiable loss of agricultural commodities of at least thirty percent as a result of the flooding occurring in the
6 aftermath of Hurricanes Michael and Florence for which:

7 (a) the Governor declared a state of emergency in the State for the county in which the farm is located; and

8 (b) the United States Secretary of Agriculture issued a Secretarial Disaster Declaration for the county in which the farm is
9 located;

10 (2) a farm number issued by the Farm Service Agency;

11 (3) signed an affidavit, under penalty of perjury, certifying that each fact of the loss presented by the person is accurate; and

12 (4) a signed affidavit, under penalty of perjury, certifying that no federal funds have been received for these specific disasters,
13 and in the event that federal funds are received, the person will return all state monies received under this program.

14 The Department of Agriculture shall administer the grant program authorized by this proviso. The Department of Revenue shall
15 assist the Department of Agriculture in the administration of the grant program by providing auditing services, accounting services,
16 and review and oversight of all financial aspects of the grant program. There is created the Farm Aid Advisory Board to make
17 recommendations to the department regarding the duties of the department in administering the grant program. The Commissioner
18 of Agriculture, or his designee, shall serve ex officio, as chairman of the board. Also, the Director of the Department of Revenue,
19 or his designee, the Vice President for Public Service and Agriculture of Clemson Public Service Activities, or his designee, and the
20 Vice President for Land Grant Services of South Carolina State Public Service Activities, or his designee, shall serve on the board.
21 The following additional members shall be appointed to the board:

22 (1) the Commissioner of Agriculture shall appoint one member representing the South Carolina Farm Bureau;

23 (2) the Commissioner of Agriculture shall appoint one member representing a farm credit association;

24 (3) the Director of the Department of Revenue shall appoint one member representing the crop insurance industry; and

25 (4) the Director of the Department of Revenue shall appoint one member who is an agricultural commodities producer.

26 By July twentieth of the current fiscal year, the board shall hold its initial meeting to recommend an application process by which
27 a person with a loss resulting from the flooding occurring in the aftermath of Hurricanes Michael and Florence may apply for a grant.
28 Upon adoption of an application process, the Department of Agriculture shall provide the Chairman of the House Ways and Means
29 Committee and the Chairman of the Senate Finance Committee with a written copy of its application process within ten days after
30 its adoption. A person shall apply not later than forty-five days after the adoption of the application process. The department must
31 ensure every person interested in applying for a grant has access to adequate resources to submit his application in a timely manner,
32 and upon request, the department must assist a person with the preparation of his application.

33 Each grant awarded by the department may not exceed twenty percent of the person’s verifiable loss of agricultural commodities.
34 However, a person, including any grant made to a related person, may not receive grants aggregating more than one hundred thousand
35 dollars. Also, a person, including any grant made to a related person, may not receive grants that when combined with losses covered
36 by insurance, exceed one hundred percent of the actual loss. If a grant is made to a related person, the amount to be included in the

1 limits set by this proviso must be the amount of the grant multiplied by the person's ownership interest in the related person.
2 However, a person who shares an ownership interest with another person or entity may not be refused a grant solely because the
3 other person or related person has otherwise received the maximum grant amount, but in this case, the person's grant amount is
4 limited by the person's ownership interest.

5 If the total amount of grants allowed pursuant to this proviso exceeds the monies in the fund, then each person's grant must be
6 reduced proportionately.

7 To determine loss, the department:

8 (1) must measure the person's cumulative total loss of all affected agricultural commodities for the year in which the flooding
9 occurred against the person's expected production of all agricultural commodities affected by the flooding occurring in the aftermath
10 of Hurricanes Michael and Florence;

11 (2) shall use the person's applicable actual production history yield, as determined by the Federal Crop Insurance Corporation,
12 to determine loss for insured agricultural commodities. In determining loss for uninsured agricultural commodities, the department
13 shall use the most recent year's county price and county yield, as applicable, as determined by the National Agriculture Statistics
14 Service, United States Department of Agriculture; and

15 (3) may require any documentation or proof it considers necessary to efficiently administer the grant program, including the
16 ownership structure of each entity and the social security numbers of each owner. Minimally, in order to verify loss, the department
17 shall require the submission of dated, signed, and continuous records. These records may include, but are not limited to, commercial
18 receipts, settlement sheets, warehouse ledger sheets, pick records, load summaries, contemporaneous measurements, truck scale
19 tickets, contemporaneous diaries, appraisals, ledgers of income, income statements of deposit slips, cash register tape, invoices for
20 custom harvesting, u-pick records, and insurance documents.

21 Grant awards must be used for agricultural production expenses and losses due to the flooding which demonstrate an intent to
22 continue the agricultural operation; however, awards may not be used to purchase new equipment. The department shall develop
23 guidelines and procedures to ensure that funds are expended in the manner outlined in grant applications, and may require any
24 documentation it determines necessary to verify the appropriate use of grant awards including receipts.

25 If the department determines that a person who received a grant provided inaccurate information, then the person shall refund the
26 entire amount of the grant. If the department determines that a person who received a grant used the funds for ineligible expenses,
27 then the person must refund the amount of the ineligible expenses. If the person does not refund the appropriate amount, the
28 Department of Revenue shall utilize the provisions of the Setoff Debt Collection Act to collect the money from the person.

29 The department shall coordinate the exchange of information between the USDA and the Department of Revenue to identify any
30 person that received a Farm Aid grant for the flooding occurring in the aftermath of Hurricanes Michael and Florence and also
31 received federal aid relief for the same disaster. Any person that is determined to have received grant funds from both the state and
32 federal government, must immediately repay the state grant they received.

33 If the department determines that a person knowingly provided false information to obtain a grant pursuant to this proviso or
34 knowingly used funds for ineligible expenses, the person shall be subject to prosecution pursuant to Section 16-13-240.

35 Within forty-five days of the completion of the awarding of grants, but no later than the end of the fiscal year, the Farm Aid
36 Advisory Board is dissolved. Any funds remaining in the fund upon dissolution shall lapse to the general fund.

1 The department may accept private funds, grants, and property to be used to make financial awards from the grant program.

2 The Department of Agriculture must administer the grant program authorized by this proviso using existing resources and funds.

3 If federal funds are allocated for persons that are otherwise eligible for a grant pursuant to this proviso before the current fiscal
4 year begins, then the provisions of this proviso are not effective and no funds may be credited to the South Carolina Farm Aid Fund.

5 For purposes of this proviso:

6 (1) "Agricultural commodities" means wheat, cotton, flax, corn, dry beans, oats, barley, rye, tobacco, rice, peanuts, soybeans,
7 sugar beets, sugar cane, tomatoes, grain sorghum, sunflowers, raisins, oranges, sweet corn, dry peas, freezing and canning peas,
8 forage, apples, grapes, potatoes, industrial hemp, timber and forests, nursery crops, citrus, and other fruits and vegetables, nuts, tame
9 hay, native grass, aquacultural species including, but not limited to, any species of finfish, mollusk, crustacean, or other aquatic
10 invertebrate, amphibian, reptile, or aquatic plant propagated or reared in a controlled or selected environment, excluding stored grain.

14 entity.

15 (4) "Department" means the Department of Agriculture.

18 **118.16.** (SR: State Ports Authority Projects) Any funds appropriated or authorized for the State Ports Authority by Proviso
19 118.17 (Nonrecurring Revenue) for the intermodal container transfer facility and waterborne cargo infrastructure must be deposited
20 into a separate and distinct account and shall only be used for costs directly related to those two projects. Funds shall not be used
21 for salaries, bonuses, or any kind of normal administrative costs. Funds shall not be used for personnel expenses not directly related
22 to the implementation of the two projects. In addition, the State Ports Authority shall provide quarterly progress reports on the
23 implementation of each facility to the Joint Bond Review Committee, the President of the Senate, the Speaker of the House of
24 Representatives, the Chairman of the Senate Finance Committee, and the Chairman of the House Ways and Means Committee.
25 These quarterly reports shall include, but are not limited to, financial results, operating plans, budgets, capital plans, and performance
26 objectives and results for the projects. The Joint Bond Review Committee must review and provide comment on expenditures, and
27 may prescribe the reporting format and such other informational requirements and reports as it deems useful and necessary, to ensure
28 the financial integrity, accountability, and stewardship of the funds and the ongoing operations of the project. To the extent permitted
29 by federal law, if federal funds become available to the State that can be used for the Intermodal Container Transfer Facility or for
30 Waterborne Cargo Infrastructure, those federal funds must first be used to complete the project. Any remaining state funds
31 appropriated for these projects shall be transferred to a restricted account at the Department of Administration.
