SOUTH CAROLINA STATE REGISTER

An official state publication, the *South Carolina State Register* is a temporary update to South Carolina's official compilation of agency regulations--the *South Carolina Code of Regulations*. Changes in regulations, whether by adoption, amendment, repeal or emergency action must be published in the *State Register* pursuant to the provisions of the Administrative Procedures Act. The *State Register* also publishes the Governor's Executive Orders, notices or public hearings and meetings, and other documents issued by state agencies considered to be in the public interest. All documents published in the *State Register* are drafted by state agencies and are published as submitted. Notices of Drafting Regulations give interested persons the opportunity to comment during the initial drafting period before regulations are submitted as proposed.

Proposed Regulations are those regulations pending permanent adoption by an agency.

Pending Regulations Submitted to the General Assembly are regulations adopted by the agency pending approval by the General Assembly.

Final Regulations have been permanently adopted by the agency and approved by the General Assembly.

If requested by twenty-five persons, a public hearing must be held at least thirty days after the date of publication of the notice in the *State Register*.

After the date of hearing, the regulation must be submitted to the General Assembly for approval. The General Assembly has one hundred twenty days to consider the regulation. Executive Order No. 2009-03

WHEREAS, the Congress and President of the United States enacted the American Recovery and Reinvestment Act of 2009 (“the Act”), which provides for the expenditure of \$500 billion in federal funds for infrastructure investment, health care and welfare programs, and other public works; and

WHEREAS, the Act entitles the State of South Carolina to \$2.84 billion in federal funds for various public projects and programs; and

WHEREAS, the Act directs much of the stimulus funds programmatically to state and local governmental entities without requiring the approval or oversight of either the Governor or the General Assembly; and

WHEREAS, the expenditure of massive amounts of stimulus funds without oversight creates the possibility of government waste and fraud; and

WHEREAS, a coordinated effort to oversee and account for the expenditure of stimulus funds is fundamental to ensuring that taxpayer money is spent with efficiency and integrity; and

WHEREAS, pursuant to S.C. Code Ann. § 1-3-10, public officers have a duty to “immediately furnish to the Governor, in such form as he may require, any information desired by him in relation to their respective affairs or activities,” a directive that is consistent with the constitutional authority found in Article IV, Section 17, of the South Carolina Constitution, which provides that “[a]ll state officers, agencies, and institutions within the Executive Branch shall, when required by the Governor, give him information in writing upon any subject relating to the duties and functions of their respective offices.”

NOW, THEREFORE, I hereby establish the South Carolina Stimulus Oversight, Accountability, and Coordination Task Force (“Task Force”). The Task Force shall coordinate efforts among state and local governmental entities to maintain transparency, accountability, efficiency, and consistency with the Act in the spending of stimulus funds. In addition, the Task Force shall consult with the Senate Finance Committee and the House Ways and Means Committee to prevent annualizations and ensure that stimulus funds are not used to fund existing obligations or programs that are currently funded in the Annual Appropriations Act. The Task Force shall be comprised of the following officials or their designee:

- (1) South Carolina Comptroller General, who shall serve as the Chair of the Task Force;
- (2) South Carolina State Auditor, who shall exercise all powers provided pursuant to Title 11, Chapter 7, of the South Carolina Code of Laws to ensure that the accounting of all stimulus funds complies with state and federal law and other applicable government accounting standards and who shall assist the Comptroller General in his role as Chair of the Task Force; provided, however, that the State Auditor shall not perform any task which would jeopardize his independence as required by S.C. Code Ann. § 11-7-45;
- (3) South Carolina Treasurer;
- (4) South Carolina Superintendent of Education;
- (5) Secretary of the South Carolina Department of Transportation;
- (6) Director of the South Carolina Department of Health and Human Services;
- (7) Director of the Department of Social Services;
- (8) Secretary of the South Carolina Department of Commerce;
- (9) Chief of the State Law Enforcement Division;
- (10) Director of the Department of Public Safety;
- (11) Director of the Department of Natural Resources;
- (12) Commissioner of the Department of Health and Environmental Control;
- (13) Director of the Office of Economic Opportunity;

6 EXECUTIVE ORDERS

- (14) Executive Director of the Budget and Control Board;
- (15) Director of the South Carolina Energy Office;
- (16) Executive Director of the South Carolina State Housing Finance and Development Authority;
- (17) Director of the Budget and Control Board's Office of State Budget; and
- (18) Other public officials receiving or applying for stimulus funds, as hereafter appointed by the Governor.

FURTHER, pursuant to Article IV, Section 17, of the South Carolina Constitution and S.C. Code Ann. § 1-3-10, I hereby order that all State and local governmental entities that apply for, receive, or otherwise administer programs receiving funds from the Act provide the Task Force with such documents as it deems necessary to ensure that stimulus funds are expended, awarded, or otherwise distributed prudently, ethically, efficiently, and consistent with state and federal law.

This Order shall take effect immediately.

PUBLIC NOTICE

Statutory Authority: 1976 Code Section 48-1-10 et seq.

The South Carolina Department of Health and Environmental Control (Department) is publishing this public notice to provide interested persons the opportunity to comment on the Department's response to meet obligations of the United States Environmental Protection Agency (EPA). Specifically, the Department proposes to address the requirements of the EPA regarding the Control Techniques Guideline (CTG) Rule, pursuant to Section 182(b)(2)(A) of the CAA. To be considered, comments must be received by June 22, 2009, the close of the drafting comment period.

The Department is also providing the public with the opportunity to request a public hearing on the issue. If requested, a public hearing will be held on Tuesday, June 30, 2009, at 1:00 p.m., in room 3141 of the Sims Building, 2600 Bull Street, Columbia, South Carolina. The public is invited to attend. However, pursuant to 40 CFR 51.102, if no request for a public hearing is received by the close of the comment period (June 22, 2009), the hearing will be cancelled. If the public hearing is cancelled, the Department will notify the public at least one week prior to the scheduled hearing via the "Scheduled Public Hearings" link on the Air Quality Regulation Development webpage at <http://www.scdhec.gov/environment/baq/regulatory.aspx>. Interested persons may also contact Maeve S. R. Mason, Regulatory Development Section, Bureau of Air Quality, at 2600 Bull Street, Columbia, SC 29201, or via phone at (803) 898-2230 for more information or to find out whether the public hearing will be held.

Synopsis:

The Clean Air Act (CAA) (section 183(e)) directs the EPA to list regulated categories of consumer and commercial products that account for at least 80 percent of the volatile organic compounds (VOC) emissions in areas that violate the National Ambient Air Quality Standards (NAAQS) for ozone. The CAA further directs EPA to divide the list of categories to be regulated into four groups.

The EPA published the initial list in the *Federal Register* on March 23, 1995. Since then, however, the EPA has revised the list several times, with the most recent being May 2006.

“CAA section 172(c)(1) provides that state implementation plans (SIPs) for nonattainment areas must include ‘reasonable available control measures (RACM),’ including RACT, for sources of emissions. CAA section 182(b)(2)(A) provides that for certain nonattainment areas, States must revise their SIPs to include RACT for each category of VOC sources covered by a CTG document issued between November 15, 1990, and the date of attainment” (72 FR 57218).

The EPA defines RACT as the lowest emission limitation that a particular source is capable of meeting by the application of control technology (i.e., devices, systems, process modification, or other apparatus or techniques that reduce air pollution) that is reasonably available considering technological and economic feasibility. The RACT requirement is meant to ensure that all moderate and above nonattainment areas, have in place all RACT for source categories covered by a CTG document and for major sources that are not subject to a CTG.

States must adopt control methods for sources in its nonattainment area(s) subject to a CTG. Alternatively, a State may also declare that there are no sources in its nonattainment area(s) subject to a RACT requirement, and therefore, the requirement to adopt a rule for those sources does not apply.

On April 30, 2004, the EPA designated and classified a portion of York County, South Carolina within the Rock Hill Fort Mill Area Transportation Study (RFATS) Metropolitan Planning Organization (MPO) as a moderate nonattainment area for the 8-hour ozone NAAQS as part of the Charlotte-Gastonia-Rock Hill, North Carolina – South Carolina nonattainment area. As a result of this designation, the Department is required to amend the SIP, in accordance with the requirements of the CAA, as amended (42 U.S.C. 7401 et seq.). On August 31, 2007, the Department submitted a Reasonably Available Control Technology (RACT)/Reasonably Available Control Measures (RACM) SIP and the Rock Hill-Fort Mill Area Transportation Study (RFATS) 8-Hour Ozone Attainment Demonstration (SIP Amendment) for the Charlotte/Gastonia/Rock Hill (York County, SC) 8-hour ozone nonattainment area to the EPA which addressed the CTGs that had been promulgated up to that point (May 2006). Since then, additional CTGs have been promulgated.

On July 14, 2008, (as a result of the 2006 revisions) a final CTG for the Group IV (Miscellaneous Metal Product Coatings, Plastic Parts Coatings, Auto and Light-Duty Truck Assembly Coatings, Fiberglass Boat Manufacturing Materials, and Miscellaneous Industrial Adhesives) sources was published in the *Federal Register* (73 FR 40230). The CAA section 182(b)(2) provides that any CTG issued after 1990 specify the date by which States are required to submit a SIP revision. For the Group IV sources (the subject of this Notice), the EPA provides that States should submit their SIP revisions within one year of the date that the CTGs are finalized, or July 14, 2009.

The Department has reviewed its permit files and emissions inventory and has determined that there are no stationary sources or emitting facilities located in the York County ozone nonattainment area that are subject to the following Group IV CTG category sources as defined by the aforementioned *Federal Register* Notice. Pending any comments received, a letter to this effect will be sent to the EPA.

WORKERS' COMPENSATION COMMISSION

NOTICE

The South Carolina Workers' Compensation Commission is considering a change to its Hospital Inpatient Payment System to include a carve out for implantable devices. Under this proposal, payments would continue to be determined by DRG, diagnosis related groups. For those discharges involving an implantable device, payment would be made based on the DRG assignment and the cost of the implant. While specifics of this proposal have not been established, the Commission is seeking comments on the possibility of such a change.

The present hospital payment system for inpatient care was established in 1997 and revised in 2006. It is based on diagnosis related groups, a classification which assigns inpatient claims based on diagnoses, procedures performed, complications, co-morbidities, signs and symptoms and discharge status. A DRG payment system is prospective in nature in that the price is set prior to services being rendered. Payment is based on the diagnosis related group the claim is assigned and determined by the resource needs for the average patient for that diagnosis group. Also included in this determination is length of stay and intensity of services. The DRG classifications used are those developed by the Centers for Medicare and Medicaid Services for the Medicare program. The maximum allowable payment is the Medicare payment rate plus 40%.

All comments and recommendations are welcomed and can be submitted to the Medical Services Division, South Carolina Workers' Compensation Commission, Post Office Box 1715, Columbia, South Carolina 29202-1715. To allow time for full consideration, comments must be submitted by July 31, 2009. A public hearing also will be held to receive comments. The public hearing will be held Wednesday, July 22, 2009 at 10:00 am at the offices of the Commission, 1333 Main Street, Columbia, South Carolina.

WORKERS' COMPENSATION COMMISSION

NOTICE

The South Carolina Workers' Compensation Commission is in the process of reviewing and revising the *Medical Services Provider Manual* (fee schedule). The fee schedule sets the maximum allowable fees physicians and other medical providers may be paid for authorized services provided to a workers' compensation patient. It does not include fees for hospital inpatient and outpatient services, services which are included in a separate fee schedule.

The next edition of the *Medical Services Provider Manual* will be a complete revision and include updates to payment policies, billing policies, evaluation and management services, anesthesia, surgery, radiology, pathology and lab services, medicine and injections, physical medicine, special reports and services, and supplies and durable medical equipment. All procedural codes and prices will be updated.

Since 1995 the *Medical Services Provide Manual* has been based on the Center for Medicare & Medicaid Services resource based relative value scale, RBRVS. RBRVS establishes a relative value for most medical services and is a well recognized and established method for determining price based on the work involved, the expense associated with providing that service, and malpractice insurance costs. RBRVS attempts to ensure that fees are based on the resources used to provide each service and utilizes one of the most systematic methods for setting prices. The relative value of each procedure is multiplied by a conversion factor to arrive at the maximum allowable payment. The current conversion factor is \$52.00. Medicare's conversion factor for 2009 is \$36.0666.

All comments and recommendations are welcomed and can be submitted to the Medical Services Division, South Carolina Workers' Compensation Commission, Post Office Box 1715, Columbia, South Carolina 29202-1715. To allow time for full consideration, comments must be submitted by June 30, 2009. A public hearing also will be held to receive comments. The public hearing will be held Friday, June 19, 2009 at 10:00 am at the offices of the Commission, 1333 Main Street, Columbia, South Carolina.

Dennis Building. Written comments may be directed to D. Breck Carmichael, Jr., Deputy Director, Wildlife & Freshwater Fisheries Division, Department of Natural Resources, Post Office Box 167, Columbia, SC 29202.

Preliminary Fiscal Impact Statement:

This amendment of Regulations 123-150 and 123-150.2 will not result in any fiscal impact to the state or the department.

Statement of Need and Reasonableness:

The statement of need and reasonableness was determined based on staff analysis pursuant to S.C. Code Sections 1-23-115(C) (1) through (3) and (9) through (11).

DESCRIPTION OF THE REGULATION:

Purpose: These regulations amend Chapter 123-150 and 123-150.2 to clarify and update conservation status and taxonomic changes for selected species in order to comply with changes in Federal law or regulation.

Legal Authority: Under Section 50-15-40 of the S.C. Code of Laws, the Department of Natural Resources has jurisdiction to review and amend the list of Non-Game Wildlife and Endangered Species in South Carolina.

Plan for Implementation: Once the regulation has been amended, the public will be notified through news releases and other Department media outlets and publications.

DETERMINATION OF NEED AND REASONABLENESS OF THE REGULATION BASED ON ALL FACTORS HEREIN AND EXPECTED BENEFITS:

The conservation status of wildlife species in South Carolina may change as a result of modification to the United States' List of Endangered Native Fish and Wildlife involving species indigenous to the State. The taxonomic status of wildlife species in South Carolina may change as a result of current research. As such the department is obligated to track and assess these changes and reflect them in proposed regulatory changes. The benefit of such actions to the state is an updated list of non-game wildlife and endangered species that is reflective of current conservation and taxonomic status changes.

DETERMINATION OF COSTS AND BENEFITS:

24 PROPOSED REGULATIONS

DETRIMENTAL EFFECT ON THE ENVIRONMENT AND PUBLIC HEALTH IF THE REGULATION IS NOT IMPLEMENTED:

No detrimental impact on public health or the environment will occur if this proposed regulation is not implemented. Failure to implement this regulation will prevent positive benefits to public.

Statement of Rationale:

Rationale for the formulation of these regulations is based on changes to the endangered species list of the U.S. Fish and Wildlife Service as published in the federal register: American peregrine falcon delisted with a status of recovered 64 FR46541 46558, August 25, 1999; Arctic peregrine falcon delisted with a status of recovered 59 FR 50796 50805, October 5, 1994 and bald eagle delisted with a status of recovered 72 FR 37345 37372, July 9, 2007.

Document No. 4077
ALCOHOLIC BEVERAGES, BEER AND WINE
CHAPTER 7
Statutory Authority: 1976 Code Sections 12-4-320 and 61-2-60

7-202., 7-401.1., and 7-700. Premises

Preamble:

The South Carolina Department of Revenue is considering promulgating SC Regulation 7-202 to revise the definition of “premises” for purposes of licenses for beer, wine, and liquor issued pursuant to Title 61, Chapters 4 and 6. The Department of Revenue is also considering repealing SC Regulations 7-401.1 and 7-700, which contain the current definitions of “premises.” On repeal, SC Regulation 7-401.1 will be designated as “Reserved.” The Notice of Drafting was published in the February 27, 2009 edition of the State Register.

Section-by-Section Discussion

Proposed SC Regulation 7-202, which includes four subsections, will provide a unified definition of premises, with general guidelines appropriate for all license holders. The regulation will also provide specific guidelines appropriate for specific types of premises, i.e., the premises of retail liquor dealers and the premises of nonprofit organizations licensed to sell alcoholic liquor by the drink. These general and specific guidelines are consistent with other regulations or longstanding Department of Revenue policy, or both. In addition, a subsection addressing certain facilities that may constitute the premises for a license to sell liquor by the drink, including golf courses, fishing piers, and resort complexes, will incorporate and make public longstanding Department of Revenue policy as modified in accordance with recent amendments to S.C. Code Ann. Sections 61-6-20(2) and 61-6-1610.

With the promulgation of SC Regulation 7-202, SC Regulations 7-401.1 and 7-700, which contain the current definitions of premises, will become obsolete. Therefore, the South Carolina Department of Revenue is considering repealing SC Regulations 7-401.1 and 7-700. On repeal, SC Regulation 7-401.1 will be designated as “Reserved.”

Notice of Public Hearing and Opportunity for Public Comment:

All comments concerning this proposal should be mailed to the following address by 5:00 p.m. on June 22, 2009: S.C. Department of Revenue, Legislative Services - Mr. Meredith Cleland, P.O. Box 125, Columbia, South Carolina 29214.

The Department of Revenue has scheduled a public hearing before the Administrative Law Court in the Edgar Brown Building (Suite 224) on the Capitol Complex (1205 Pendleton Street) in Columbia, South Carolina for Tuesday, September 15, 2009 at 10:00 a.m. if the requests for a hearing meet the requirements of S.C. Code Ann. Section 1-23-110(A)(3). The public hearing, if held, will address a proposal by the Department to promulgate SC Regulation 7-202 concerning the definition of “premises” for purposes of licenses for beer, wine and liquor issued pursuant to Title 61, Chapters 4 and 6, and to repeal SC Regulations 7-401.1 and 7-700. The Department will be asking the Administrative Law Court, in accordance with S.C. Code Ann. Section 1-23-111, to issue a report that the proposal to promulgate SC Regulation 7-202 and to repeal SC Regulations 7-401.1 and 7-700 is needed and reasonable.

Preliminary Fiscal Impact Statement:

There will be no impact on state or local political subdivisions expenditures in complying with this proposed legislation. There will be no impact on general fund collections.

Statement of Need and Reasonableness:

DESCRIPTION OF REGULATION: 7-202. Premises

Purpose: To promulgate SC Regulation 7-202 to provide a unified definition of premises, with general guidelines appropriate for all license holders. Two of the regulation subsections will provide specific guidelines appropriate for specific types of premises, i.e., the premises of retail liquor dealers and the premises of nonprofit organizations licensed to sell alcoholic liquor by the drink. These guidelines are consistent with other regulations or longstanding Department of Revenue policy, or both. In addition, a subsection addressing certain facilities that may constitute the premises for a license to sell liquor by the drink, including golf courses, fishing piers and resort complexes, will incorporate and make public longstanding Department of Revenue policy as modified in accordance with recent amendments to S.C. Code Ann. Sections 61-6-20(2) and 61-6-1610. With the promulgation of SC Regulation 7-202, SC Regulations 7-401.1 and 7-700, which contain the current definitions of premises, will become obsolete. Therefore, the South Carolina Department of Revenue is considering repealing SC Regulations 7-401.1 and 7-700. On repeal, SC Regulation 7-401.1 will be designated as “Reserved.”

Legal Authority: S.C. Code Ann. Sections 12-4-320 and 61-2-60.

Plan for Implementation: After approval by the General Assembly and publication in the State Register, SC Regulation 7-202 would be effective upon publication in the State Register. The repeal of SC Regulations 7-401.1 and 7-700 would be effective at the same time.

DETERMINATION OF NEED AND REASONABLENESS OF THE PROPOSED REGULATION BASED ON ALL FACTORS HEREIN AND EXPECTED BENEFITS:

The promulgation of SC Regulation 7-202 is needed to provide a unified definition of premises, with general and specific guidelines that are consistent with other regulations or longstanding Department of Revenue policy, or both, as modified by recent amendments to S.C. Code Ann. Sections 61-6-20(2) and 61-6-1610. The

26 PROPOSED REGULATIONS

promulgation of SC Regulation 7-202 is reasonable in that it represents longstanding Department policy that is consistent with applicable statutes and regulations. The repeal of SC Regulations 7-401.1 and 7-700, which contain the current definitions of premises, is both needed and reasonable inasmuch as these regulations will become obsolete with the promulgation of SC Regulation 7-202.

DETERMINATION OF COSTS AND BENEFITS:

There will be no impact on state or local political subdivisions expenditures from the promulgation of SC Regulation 7-202 and repeal of SC Regulations 7-401.1 and 7-700. There will be no impact on general fund collections. Promulgation of SC Regulation 7-202 and repeal of SC Regulations 7-401.1 and 7-700 will benefit the State and taxpayers by providing a unified definition of premises with general and specific guidelines, thus ensuring that longstanding Department of Revenue policies are made public and brought up to date in accordance with recent statutory amendments.

UNCERTAINTIES OF ESTIMATES:

None.

EFFECT ON ENVIRONMENT AND PUBLIC HEALTH:

None.

DETRIMENTAL EFFECT ON THE ENVIRONMENT AND PUBLIC HEALTH IF REGULATION IS NOT IMPLEMENTED:

None.

Statement of Rationale:

SC Regulation 7-202 will provide a unified definition of premises, with general guidelines appropriate for all license holders. Two of the regulation subsections will provide specific guidelines appropriate for specific types of premises, i.e., the premises of retail liquor dealers and the premises of nonprofit organizations licensed to sell alcoholic liquor by the drink. The general and specific guidelines are consistent with other regulations or longstanding Department of Revenue policy, or both. In addition, a subsection addressing certain facilities that may constitute the premises for a license to sell liquor by the drink, including golf courses, fishing piers, and resort complexes, will incorporate and make public longstanding Department of Revenue policy as modified in accordance with recent amendments to S.C. Code Ann. Sections 61-6-20(2) and 61-6-1610. With the promulgation of SC Regulation 7-202, SC Regulations 7-401.1 and 7-700, which contain the current definitions of premises, will become obsolete. Therefore, the South Carolina Department of Revenue is considering repealing SC Regulations 7-401.1 and 7-700. On repeal, SC Regulation 7-401.1 will be designated as "Reserved."

The promulgation of SC Regulation 7-202 and repeal of SC Regulations 7-401.1 and 7-700 are needed to provide a unified definition of premises with general and specific guidelines, thus ensuring that longstanding Department of Revenue policies are made public and brought up to date in accordance with recent statutory amendments.

Preamble:

The General Assembly passed Act 210 of 2008 (South Carolina Code Section 30-6-10, et seq.) creating the Uniform Real Property Electronic Recording Act. - B. To keep the technology used by registers in South Carolina compatible with technology used by recording offices nationally that have enacted the Uniform Real Property Electronic Recording Act.
- C. To keep the standards and practices of registers in South Carolina in agreement with professional standards and best practices in electronic records management.
- D. To ensure accessibility of electronic instruments filed and recorded by a register as public records.
- E. To manage and retain real property records in accordance with established records management standards for electronic records.

Notice of Drafting was published in the South Carolina *State Register* on February 27, 2009.

Notice of Public Hearing and Opportunity for Public Comment:

Should a hearing be requested pursuant to Section 1-23-110(A)(3) of the S.C. Code, as amended, such hearing will be held on August 21, 2009 in the Department of Parks, Recreation and Tourism Conference Room, located on the second floor of the Edgar Brown Building, Room 252, 1205 Pendleton Street, State House Grounds, Columbia, South Carolina. Persons desiring to make oral comments at the hearing are asked to provide written copies of their presentation for the record. If a qualifying request pursuant to Section 1-23-110(A) (3) is not timely received, the hearing will be canceled.

Interested persons are also provided an opportunity to submit written comments on the proposed regulations by writing to the Secretary of State's Office, Melissa Dunlap, Chief of Staff & General Counsel, 1205 Pendleton Street, Suite 525, Columbia, SC 29201. Comments must be received no later than 5:00 PM on June 22, 2009.

Preliminary Fiscal Impact Statement:

No state funding is requested. The fiscal impact on local counties that choose to allow electronic recording is indeterminate. The Act does not require local government entities to incur any costs since participation in electronic recording is voluntary. If a county chooses to allow electronic recording of documents it would need to purchase specific hardware that would enable it to receive documents for recording, indexing and returning a copy of the documents once the recording is completed. Local Registers may experience reduced costs as a result of electronic recording. These savings would be in the scanning, copying and mailing costs currently associated with filings. Additionally, there would be a more efficient method of identifying and correcting errors in documents.

Statement of Need and Reasonableness:

The Secretary of State is required, pursuant to Act No. 210 of 2008, to promulgate regulations to adopt standards for uniform electronic recording of real property as recommended by the Electronic Recording Committee.

DESCRIPTION OF REGULATIONS:

Purpose: To provide uniform statewide standards for the electronic recording of documents related to real property.

Legal Authority: 1976 Code 30-6-10 et seq.

Plan for Implementation: The new regulations will take effect upon approval of the General Assembly and upon publication in the *State Register*. The new regulations will be available on the agency's website.

DETERMINATION OF NEED AND REASONABLENESS OF THE PROPOSED REGULATION BASED ON ALL FACTORS HEREIN AND EXPECTED BENEFITS:

The proposed regulations will set forth standards for local county registers to follow to implement the standards for uniform real property recording in the state.

DETERMINATION OF COSTS AND BENEFITS:

There will be no additional cost incurred by the State or its political subdivisions.

UNCERTAINTIES OF ESTIMATES:

There are no uncertainties of estimates concerning the regulations.

EFFECT ON ENVIRONMENT AND PUBLIC HEALTH:

These regulations will have no negative effect on the environment. These regulations will set forth uniform standards for electronic recording of real property documents in the state. There will be a reduction in paper usage.

DETRIMENTAL EFFECT ON THE ENVIRONMENT AND PUBLIC HEALTH IF THE REGULATION IS NOT IMPLEMENTED:

There will be no detrimental effect on the environment and public health of this State if these regulations are not implemented.

Statement of Rationale:

Promulgation of these regulations is necessary in order to carry about the provisions of 2008 Act No. 210.

Statement of Need and Reasonableness:

Periodically additional lands are made available to the public through the Wildlife Management Area Program. Since existing regulations only apply to specific wildlife management areas, new regulations must be filed to establish seasons, bag limits and methods of hunting and taking of wildlife and general public use on these new WMAs as well as expanding use opportunities on existing WMAs. Amendments are needed to allow additional opportunity. Because public use is year round on Department WMAs it is necessary to file these regulations as emergency so they take effect immediately.

Fiscal Impact Statement:

This amendment of Regulations 123-200, 123-201, 123-203 and 123-205 will result in increased public use opportunities that should generate additional State revenue through local expenditures by the public. The local economy should benefit from sales of supplies, food and overnight accommodations. Sales taxes on these items will also directly benefit government.

27-77. Light Brown Apple Moth Quarantine

Synopsis:

The State Crop Pest Commission has previously designated the Light Brown Apple Moth (LBAM) (*Epiphyas postvittana*) as a plant pest. The proposed quarantine will focus on the most effective method of preventing the introduction of the pest into the State by giving greater effect to state and federal quarantines at point of origin.

The Notice of Drafting was published in the South Carolina *State Register* on September 26, 2008.

Instructions:

This is a new regulation, designated as Regulation 27-77. Insert the new regulation in numerical order in the South Carolina Rules and Regulations, under new article 6D, as indicated below.

Host material shipped into South Carolina must be clearly labeled as having been so treated.

Fiscal Impact Statement:

No additional state funding is requested. The Commission estimates that no additional costs will be incurred by the State and its political subdivisions in complying with the proposed revisions.

Statement of Rationale:

This regulation is necessary to enhance the ability of the Commission to prevent the introduction and spread of Light Brown Apple Moth (*Epiphyas postvittana*) into the State, while minimizing administrative burdens on ornamental nursery operators and agriculture generally.

DEPARTMENT OF INSURANCE

CHAPTER 69

Statutory Authority: 1976 Code Sections 38-3-110, 38-13-80, 38-90-150 and 38-90-630

69-70. Annual Audited Financial Reporting Regulation

Synopsis:

Pursuant to S.C. Code Ann. Section 38-13-80 (2002) the South Carolina Department of Insurance (“Department”) requires insurers to file an annual audited financial report. By March first of each year, every insurer shall file with the Department a statement showing the business standing and financial condition of the insurer on December thirty-first of the preceding year. The statement is to be prepared in accordance with the Annual Statement Instructions and the Accounting Practices and Procedures Manual adopted by the National Association of Insurance Commissioners (“NAIC”). Effective January 1, 2010, the instructions for completing the Annual Audited Financial Report will be removed from the annual statement instructions because regulators and interested parties have determined that requirements for the Annual Audited Financial Report should be adopted by law or regulation through the legislative process. The proposed regulation incorporates revisions made by the NAIC to its Annual Financial Reporting Regulation, which requires insurers and designated entities to comply with certain best practices related to auditor independence, corporate governance, and internal controls over financial reporting.

Instructions:

Add Regulation 69-70, Annual Audited Financial Reporting Regulation, as drafted below, to the South Carolina Code of Regulations.

Text:

Section 1. Authority

This regulation is promulgated by the Director of Insurance (Director) of the South Carolina Department of Insurance (Department) pursuant to Section 38-3-110 of the South Carolina Code of Laws.

Section 2. Purpose and Scope

A. The purpose of this regulation is to improve the Department’s surveillance of the financial condition of insurers, as defined in Section 3, by requiring (1) an annual audit of financial statements reporting the financial position and the results of operations of insurers by independent certified public accountants, (2) Communication of Internal Control Related Matters Noted in an Audit, and (3) Management’s Report of Internal Control over Financial Reporting.

36 FINAL REGULATIONS

B. Every insurer shall be subject to this regulation. Insurers having direct premiums written in this state of less than \$1,000,000 in any calendar year and less than 1,000 policyholders or certificateholders of direct written policies nationwide at the end of the calendar year shall be exempt from this regulation for the year (unless the Director makes a specific finding that compliance is necessary for the Director to carry out statutory responsibilities) except that insurers having assumed premiums pursuant to contracts and/or treaties of reinsurance of \$1,000,000 or more will not be so exempt.

C. Foreign or alien insurers filing the Audited Financial Report in another state, pursuant to that state's requirement for filing of Audited Financial Reports, which has been found by the Director to be substantially similar to the requirements herein, are exempt from Sections 4 through 13 of this regulation if:

(1) A copy of the Audited Financial Report, Communication of Internal Control Related Matters Noted in an Audit, and the Accountant's Letter of Qualifications that are filed with the other state are filed with the Director in accordance with the filing dates specified in Sections 4, 11 and 12, respectively (Canadian insurers may submit accountants' reports as filed with the Office of the Superintendent of Financial Institutions, Canada).

(2) A copy of any Notification of Adverse Financial Condition Report filed with the other state is filed with the Director within the time specified in Section 10.

D. Foreign or alien insurers required to file Management's Report of Internal Control over Financial Reporting in another state are exempt from filing the Report in this state provided the other state has substantially similar reporting requirements and the Report is filed with the commissioner of the other state within the time specified.

E. This regulation shall not prohibit, preclude or in any way limit the Director from ordering or conducting or performing examinations of insurers under the rules and regulations of the Department and the practices and procedures of the Department.

(a) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of assets;

Section 4. General Requirements Related to Filing and Extensions for Filing of Annual Audited Financial Reports and Audit Committee Appointment

A. All insurers shall have an annual audit by an independent certified public accountant and shall file an Audited Financial Report with the Director on or before June 1 for the year ended December 31 immediately preceding. The Director may require an insurer to file an Audited Financial Report earlier than June 1 with ninety days advance notice to the insurer.

B. Extensions of the June 1 filing date may be granted by the Director for thirty-day periods upon a showing by the insurer and its independent certified public accountant of the reasons for requesting an extension and determination by the Director of good cause for an extension. The request for extension must be submitted in writing not less than ten days prior to the due date in sufficient detail to permit the Director to make an informed decision with respect to the requested extension.

C. If an extension is granted in accordance with the provisions in Section 4B, a similar extension of thirty days is granted to the filing of Management’s Report of Internal Control over Financial Reporting.

D. Every insurer required to file an annual Audited Financial Report pursuant to this regulation shall designate a group of individuals as constituting its Audit Committee, as defined in Section 3. The Audit Committee of an entity that controls an insurer may be deemed to be the insurer’s Audit Committee for purposes of this regulation at the election of the controlling person.

38 FINAL REGULATIONS

Section 5. Contents of Annual Audited Financial Report

A. The annual Audited Financial Report shall report the financial position of the insurer as of the end of the most recent calendar year and the results of its operations, cash flow, and changes in capital and surplus for the year then ended in conformity with statutory accounting practices prescribed, or otherwise permitted, by the insurer's state of domicile.

B. The annual Audited Financial Report shall include the following:

- (1) Report of independent certified public accountant.
- (2) Balance sheet reporting admitted assets, liabilities, capital and surplus.
- (3) Statement of operations.
- (4) Statement of cash flow.
- (5) Statement of changes in capital and surplus.

(6) Notes to financial statements. These notes shall be those required by the appropriate NAIC Annual Statement Instructions and the NAIC Accounting Practices and Procedures Manual. The notes shall include a reconciliation of differences, if any, between the audited statutory financial statements and the annual statement filed pursuant to Section 38-13-80 of the South Carolina Code of Laws with a written description of the nature of these differences.

(7) The financial statements included in the Audited Financial Report shall be prepared in a form and using language and groupings substantially the same as the relevant sections of the annual statement of the insurer filed with the Director, and the financial statement shall be comparative, presenting the amounts as of December 31 of the current year and the amounts as of the immediately preceding December 31. However, in the first year in which an insurer is required to file an Audited Financial Report, the comparative data may be omitted.

Section 6. Designation of Independent Certified Public Accountant

A. Each insurer required by this regulation to file an annual Audited Financial Report, within sixty days after becoming subject to the requirement, shall register with the Director in writing the name and address of the independent certified public accountant or accounting firm retained to conduct the annual audit set forth in this regulation. Insurers not retaining an independent certified public accountant on the effective date of this regulation shall register the name and address of their retained independent certified public accountant not less than six months before the date when the first Audited Financial Report is to be filed.

B. The insurer shall obtain a letter from the accountant and file a copy with the Director stating that the accountant is aware of the provisions of the insurance code and the regulations of the insurance department of the state of domicile that relate to accounting and financial matters and affirming that the accountant will express an opinion on the financial statements in terms of their conformity to the statutory accounting practices prescribed or otherwise permitted by that insurance department, specifying such exceptions as the accountant may believe appropriate.

C. If the accountant who was the insurer's accountant for the immediately preceding filed Audited Financial Report is dismissed or resigns, the insurer shall notify the Director within five business days of this event. The insurer shall also furnish the Director with a separate letter within ten business days of the above notification stating whether in the twenty-four months preceding the event there were any disagreements with the former accountant on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which, if not resolved to the satisfaction of the former accountant, would have caused the accountant to make reference to the subject matter of the disagreement in connection with the opinion. The disagreements required to be reported in response to this section include those resolved to the former accountant's satisfaction and those not resolved to the former accountant's satisfaction. Disagreements contemplated by this section are those that occur at the decision-making level, i.e., between personnel of the insurer responsible for presentation of its financial statements and personnel of the accounting firm responsible for rendering its report. The insurer also in writing shall request the former accountant to furnish a letter addressed to the insurer stating whether the accountant agrees with the statements contained in the insurer's letter and, if not, stating the reasons for the disagreement; and the insurer shall furnish the responsive letter from the former accountant to the Director together with its own.

Section 7. Qualifications of Independent Certified Public Accountant

A. The Director shall not recognize a person or firm as a qualified independent certified public accountant if the person or firm:

(1) Is not in good standing with the AICPA and in all states in which the accountant is licensed to practice, or, for a Canadian or British company, that is not a chartered accountant; or

(2) Has either directly or indirectly entered into an agreement of indemnity or release from liability, collectively referred to as indemnification, with respect to the audit of the insurer.

B. Except as otherwise provided in this regulation, the Director shall recognize an independent certified public accountant as qualified as long as the accountant conforms to the standards of the profession, as contained in the AICPA Code of Professional Conduct and the regulations of the South Carolina Board of Accountancy, or similar code.

C. A qualified independent certified public accountant may enter into an agreement with an insurer to have disputes relating to an audit resolved by mediation or arbitration. However, in the event of a delinquency proceeding commenced against the insurer under Chapter 27 of Title 38 of the South Carolina Code of Laws, the mediation or arbitration provisions shall operate at the option of the statutory successor.

D. The lead or coordinating audit partner having primary responsibility for the audit may not act in that capacity for more than five consecutive years. The person shall be disqualified from acting in that or a similar capacity for the same insurer or its insurance subsidiaries or affiliates for a period of five consecutive years. An insurer may make application to the Director for relief from the above rotation requirement on the basis of unusual circumstances. This application should be made at least thirty days before the end of the calendar year. The Director may consider the following factors in determining if the relief should be granted:

(1) Number of partners, expertise of the partners or the number of insurance clients in the currently registered firm;

(2) Premium volume of the insurer; or

(3) Number of jurisdictions in which the insurer transacts business.

E. The insurer shall file, with its annual statement filing, the approval for relief from Subsection D with the states that it is licensed in or doing business in and with the NAIC. If the non-domestic state accepts electronic filing with the NAIC, the insurer shall file the approval in an electronic format acceptable to the NAIC.

F. The Director shall not recognize as a qualified independent certified public accountant or accept any annual Audited Financial Report prepared in whole or in part by any person who:

(1) Has been convicted of fraud, bribery, a violation of the Racketeer Influenced and Corrupt Organizations Act, 18 U.S.C. Section 1961 et seq., or any dishonest conduct or practices under federal or state law;

(2) Has been found to have violated the insurance laws of this state with respect to any previous reports submitted under this regulation; or

(3) Has demonstrated a pattern or practice of failing to detect or disclose material information in previous reports filed under the provisions of this regulation.

G. The Director, pursuant to statute, may hold a hearing to determine whether an independent certified public accountant is qualified and, considering the evidence presented, may rule that the accountant is not qualified for purposes of expressing his or her opinion on the financial statements in the annual Audited Financial Report made pursuant to this regulation and require the insurer to replace the accountant with another whose relationship with the insurer is qualified within the meaning of this regulation.

H. The Director shall not recognize as a qualified independent certified public accountant or accept an annual Audited Financial Report prepared in whole or in part by an accountant who provides to an insurer, contemporaneously with the audit, the following non-audit services:

(1) Bookkeeping or other services related to the accounting records or financial statements of the insurer;

(2) Financial information systems design and implementation;

(3) Appraisal or valuation services, fairness opinions, or contribution-in-kind reports;

40 FINAL REGULATIONS

(4) Actuarially-oriented advisory services involving the determination of amounts recorded in the financial statements. The accountant may assist an insurer in understanding the methods, assumptions and inputs used in the determination of amounts recorded in the financial statement only if it is reasonable to conclude that the services provided will not be subject to audit procedures during an audit of the insurer's financial statements. An accountant's actuary may also issue an actuarial opinion or certification ("opinion") on an insurer's reserves if the following conditions have been met:

(a) Neither the accountant nor the accountant's actuary has performed any management functions or made any management decisions;

(b) The insurer has competent personnel (or engages a third-party actuary) to estimate the reserves for which management takes responsibility; and

(c) The accountant's actuary tests the reasonableness of the reserves after the insurer's management has determined the amount of the reserves;

(5) Internal audit outsourcing services;

(6) Management functions or human resources;

(7) Broker or dealer, investment adviser, or investment banking services;

(8) Legal services or expert services unrelated to the audit; or

(9) Any other services that the Director determines, by regulation, are impermissible.

I. In general, the principles of independence with respect to services provided by the qualified independent certified public accountant are largely predicated on three basic principles, violations of which would impair the accountant's independence. The principles are that the accountant cannot function in the role of management, cannot audit their own work, and cannot serve in an advocacy role for the insurer.

J. Insurers having direct written and assumed premiums of less than \$100,000,000 in any calendar year may request an exemption from Subsection H. The insurer shall file with the Director a written statement discussing the reasons why the insurer should be exempt from these provisions. An exemption may be granted if the Director finds, upon review of this statement, that compliance with this regulation would constitute a financial or organizational hardship upon the insurer.

K. A qualified independent certified public accountant who performs the audit may engage in other non-audit services, including tax services, that are not described in Subsection H or that do not conflict with Subsection I, only if the activity is approved in advance by the Audit Committee, in accordance with Subsection L.

L. All auditing services and non-audit services provided to an insurer by the qualified independent certified public accountant of the insurer shall be pre-approved by the Audit Committee. The pre-approval requirement is waived with respect to non-audit services if the insurer is a SOX compliant entity or a direct or indirect wholly-owned subsidiary of a SOX compliant entity or:

(1) The aggregate amount of all such non-audit services provided to the insurer constitutes not more than five percent of the total amount of fees paid by the insurer to its qualified independent certified public accountant during the fiscal year in which the non-audit services are provided;

(2) The services were not recognized by the insurer at the time of the engagement to be non-audit services; and

(3) The services are promptly brought to the attention of the Audit Committee and approved prior to the completion of the audit by the Audit Committee or by one or more members of the Audit Committee who are the members of the board of directors to whom authority to grant such approvals has been delegated by the Audit Committee.

M. The Audit Committee may delegate to one or more designated members of the Audit Committee the authority to grant the pre-approvals required by Subsection L. The decisions of any member to whom this authority is delegated shall be presented to the full Audit Committee at each of its scheduled meetings.

N. The Director shall not recognize an independent certified public accountant as qualified for a particular insurer if a member of the board, president, chief executive officer, controller, chief financial officer, chief accounting officer, or any person serving in an equivalent position for that insurer, was employed by the independent certified public accountant and participated in the audit of that insurer during the one-year period preceding the date that the most current statutory opinion is due. This section shall only apply to partners and senior managers involved in the audit. An insurer may make application to the Director for relief from the above requirement on the basis of unusual circumstances.

O. The insurer shall file, with its Annual Statement filing, the Director's letter granting relief from Subsection N with the states in which it is licensed or doing business and with the NAIC. If the non-domestic state accepts electronic filing with the NAIC, the insurer shall file the approval in an electronic format acceptable to the NAIC.

Section 8. Consolidated or Combined Audits

A. An insurer may make written application to the Director for approval to include in its Audited Financial Report audited consolidated or combined financial statements in lieu of separate annual audited financial statements if the insurer is part of a group of insurance companies that utilizes a pooling or one hundred percent reinsurance agreement that affects the solvency and integrity of the insurer's reserves and the insurer cedes all of its direct and assumed business to the pool. In such cases, a columnar consolidating or combining worksheet shall be filed with the report, as follows:

- (1) Amounts shown on the consolidated or combined Audited Financial Report shall be shown on the worksheet;
- (2) Amounts for each insurer subject to this section shall be stated separately;
- (3) Noninsurance operations may be shown on the worksheet on a combined or individual basis;
- (4) Explanations of consolidating and eliminating entries shall be included; and
- (5) A reconciliation shall be included of any differences between the amounts shown in the individual insurer columns of the worksheet and comparable amounts shown on the annual Statements of the insurers.

Section 9. Scope of Audit and Report of Independent Certified Public Accountant

Financial statements furnished pursuant to Section 5 shall be examined by the independent certified public accountant. The audit of the insurer's financial statements shall be conducted in accordance with generally accepted auditing standards. In accordance with Auditing (AU) Section 319 of the AICPA Professional Standards, Consideration of Internal Control in a Financial Statement Audit, the independent certified public accountant shall obtain an understanding of internal control sufficient to plan the audit. To the extent required by AU Section 319, for those insurers required to file a Management's Report of Internal Control over Financial Reporting pursuant to Section 16, the independent certified public accountant should consider (as that term is defined in Statements on Auditing Standards (SAS) No. 102 of the AICPA Professional Standards, Defining Professional Requirements in Statements on Auditing Standards or its replacement) the most recently available report in planning and performing the audit of the statutory financial statements. Consideration shall be given to the procedures illustrated in the Financial Condition Examiners Handbook promulgated by the National Association of Insurance Commissioners as the independent certified public accountant deems necessary.

Section 10. Notification of Adverse Financial Condition

A. The insurer required to furnish the annual Audited Financial Report shall require the independent certified public accountant to report, in writing, within five business days to the board of directors or its Audit Committee any determination by the independent certified public accountant that the insurer has materially misstated its financial condition as reported to the Director as of the balance sheet date currently under audit or that the insurer does not meet the minimum capital and surplus requirement of the South Carolina Code of Laws as of that date. An insurer that has received a report pursuant to this paragraph shall forward a copy of the report to the Director within five business days of receipt of the report and shall provide the independent certified public accountant making the report with evidence of the report being furnished to the Director. If the independent certified public accountant fails to receive the evidence within the required five business day period, the independent certified public accountant shall furnish to the Director a copy of its report within the next five business days.

B. No independent certified public accountant shall be liable in any manner to any person for any statement made in connection with the above paragraph if the statement is made in good faith in compliance with Subsection A.

42 FINAL REGULATIONS

C. If the accountant, subsequent to the date of the Audited Financial Report filed pursuant to this regulation, becomes aware of facts that might have affected his or her report, the Director notes the obligation of the accountant to take such action as prescribed in AU 561 of the AICPA Professional Standards, Subsequent Discovery of Facts Existing at the Date of the Auditor's Report.

Section 11. Communication of Internal Control Related Matters Noted in an Audit

A. In addition to the annual Audited Financial Report, each insurer shall furnish the Director with a written communication as to any unremediated material weaknesses in its Internal control over financial reporting noted during the audit. Such communication shall be prepared by the accountant within sixty days after the filing of the annual Audited Financial Report, and shall contain a description of any unremediated material weakness (as the term material weakness is defined in SAS No. 112 of the AICPA Professional Standards, Communicating Internal Control Related Matters Identified in an Audit, or its replacement) as of December 31 immediately preceding (so as to coincide with the Audited Financial Report discussed in Section 4(A)) in the insurer's Internal control over financial reporting identified by the accountant during the course of the audit of the financial statements. If no unremediated material weaknesses were noted, the communication should so state.

B. The insurer is required to provide a description of remedial actions taken or proposed to correct unremediated material weaknesses, if the actions are not described in the accountant's communication.

C. The insurer is expected to maintain information about significant deficiencies communicated by the independent certified public accountant. The information should be made available to the examiner conducting a financial examination for review and kept in a manner as to remain confidential.

Section 12. Accountant's Letter of Qualifications

A. The accountant shall furnish the insurer in connection with, and for inclusion in, the filing of the annual Audited Financial Report, a letter stating:

(1) That the accountant is independent with respect to the insurer and conforms to the standards of their profession as contained in the AICPA's Code of Professional Conduct and pronouncements of its Financial Accounting Standards Board and the South Carolina Board of Accountancy, or similar code;

(2) The background and experience in general, and the experience in audits of insurers of the staff assigned to the engagement and whether each is an independent certified public accountant. Nothing within this regulation shall be construed as prohibiting the accountant from utilizing such staff as deemed appropriate where use is consistent with the standards prescribed by generally accepted auditing standards;

(3) That the accountant understands the annual Audited Financial Report and that its opinion thereon will be filed in compliance with this regulation and that the Director will be relying on this information in the monitoring and regulation of the financial position of insurers;

(4) That the accountant consents to the requirements of Section 13 of this regulation and that the accountant consents and agrees to make available for review by the Director, or the Director's designee or appointed agent, the workpapers, as defined in Section 13;

(5) A representation that the accountant is properly licensed by an appropriate state licensing authority and is a member in good standing in the AICPA; and

(6) A representation that the accountant is in compliance with the requirements of Section 7 of this regulation.

Section 13. Definition, Availability and Maintenance of Independent Certified Public Accountants Workpapers

A. Workpapers are the records kept by the independent certified public accountant of the procedures followed, the tests performed, the information obtained, and the conclusions reached pertinent to the accountant's audit of the financial statements of an insurer. Workpapers, accordingly, may include audit planning documentation, work programs, analyses, memoranda, letters of confirmation and representation, abstracts of insurer documents and schedules or commentaries prepared or obtained by the independent certified

public accountant in the course of his or her audit of the financial statements of an insurer and which support the accountant's opinion.

B. Every insurer required to file an Audited Financial Report pursuant to this regulation, shall require the accountant to make available for review by Department examiners, all workpapers prepared in the conduct of the accountant's audit and any communications related to the audit between the accountant and the insurer, at the offices of the insurer, at the Department or at any other reasonable place designated by the Director. The insurer shall require that the accountant retain the audit workpapers and communications until the Department has filed a report on examination covering the period of the audit but no longer than seven years from the date of the audit report.

C. In the conduct of the aforementioned periodic review by the Department examiners, it shall be agreed that photocopies of pertinent audit workpapers may be made and retained by the department. Such reviews by the department examiners shall be considered investigations and all working papers and communications obtained during the course of such investigations shall be afforded the same confidentiality as other examination workpapers generated by the department.

Section 14. Requirements for Audit Committees

A. This section shall not apply to foreign or alien insurers licensed in this state or an insurer that is a SOX Compliant Entity or a direct or indirect wholly-owned subsidiary of a SOX Compliant Entity.

(1) The Audit Committee shall be directly responsible for the appointment, compensation and oversight of the work of any accountant (including resolution of disagreements between management and the accountant regarding financial reporting) for the purpose of preparing or issuing the Audited Financial Report or related work pursuant to this regulation. Each accountant shall report directly to the Audit Committee.

(2) Each member of the Audit Committee shall be a member of the board of directors of the insurer or a member of the board of directors of an entity elected pursuant to Subsection (A)(5) of this Section and Section 3(A)(C).

(3) In order to be considered independent for purposes of this section, a member of the Audit Committee may not, other than in his or her capacity as a member of the Audit Committee, the board of directors, or any other board committee, accept any consulting, advisory or other compensatory fee from the entity or be an affiliated person of the entity or any subsidiary thereof. However, if law requires board participation by otherwise non-independent members, that law shall prevail and such members may participate in the Audit Committee and be designated as independent for Audit Committee purposes, unless they are an officer or employee of the insurer or one of its affiliates.

(4) If a member of the Audit Committee ceases to be independent for reasons outside the member's reasonable control, that person, with notice by the responsible entity to the Director, may remain an Audit Committee member of the responsible entity until the earlier of the next annual meeting of the responsible entity or one year from the occurrence of the event that caused the member to be no longer independent.

(5) To exercise the election of the controlling person to designate the Audit Committee for purposes of this regulation, the ultimate controlling person shall provide written notice to the commissioners of the affected insurers. Notification shall be made timely prior to the issuance of the statutory audit report and include a description of the basis for the election. The election can be changed through notice to the Director by the insurer, which shall include a description of the basis for the change. The election shall remain in effect for perpetuity, until rescinded.

(6) The Audit Committee shall require the accountant that performs for an insurer any audit required by this regulation to timely report to the Audit Committee in accordance with the requirements of SAS No. 114 of the AICPA Professional Standards, The Auditor's Communication with those Charged with Governance, or its replacement, including:

(a) All significant accounting policies and material permitted practices;

(b) All material alternative treatments of financial information within statutory accounting principles that have been discussed with management officials of the insurer, ramifications of the use of the alternative disclosures and treatments, and the treatment preferred by the accountant; and

(c) Other material written communications between the accountant and the management of the insurer, such as any management letter or schedule of unadjusted differences.

44 FINAL REGULATIONS

(7) If an insurer is a member of an insurance holding company system, the reports required by Subsection (A)(6) may be provided to the Audit Committee on an aggregate basis for insurers in the holding company system, provided that any substantial differences among insurers in the system are identified to the Audit Committee.

(8) The proportion of independent Audit Committee members shall meet or exceed the following criteria:

\$0 - \$300,000,000	Over \$300,000,000 - \$500,000,000	Over \$500,000,000
No minimum requirements. See also Note A and B.	Majority (50% or more) of members shall be independent. See also Note A and B.	Supermajority of members (75% or more) shall be independent. See also Note A.

Note A: The Director has authority afforded by state law to require the insurer's board to enact improvements to the independence of the Audit Committee membership if the insurer is in a RBC action level event, meets one or more of the standards of an insurer deemed to be in hazardous financial condition, or otherwise exhibits qualities of a troubled insurer.

Note B: All insurers with less than \$500,000,000 in prior year direct written and assumed premiums are encouraged to structure their Audit Committees with at least a supermajority of independent Audit Committee members.

Note C: Prior calendar year direct written and assumed premiums shall be the combined total of direct premiums and assumed premiums from non-affiliates for the reporting entities.

(9) An insurer with direct written and assumed premium, excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, less than \$500,000,000 may make application to the Director for a waiver from the Section 14 requirements based upon hardship. The insurer shall file, with its annual statement filing, the approval for relief from Section 14 with the states that it is licensed in or doing business in and the NAIC. If the non-domestic state accepts electronic filing with the NAIC, the insurer shall file the approval in an electronic format acceptable to the NAIC.

Section 15. Conduct of Insurer in Connection with the Preparation of Required Reports and Documents

A. No director or officer of an insurer shall, directly or indirectly:

(1) Make or cause to be made a materially false or misleading statement to an accountant in connection with any audit, review or communication required under this regulation; or

(2) Omit to state, or cause another person to omit to state, any material fact necessary in order to make statements made, in light of the circumstances under which the statements were made, not misleading to an accountant in connection with any audit, review or communication required under this regulation.

B. No officer or director of an insurer, or any other person acting under the direction thereof, shall directly or indirectly take any action to coerce, manipulate, mislead or fraudulently influence any accountant engaged in the performance of an audit pursuant to this regulation if that person knew or should have known that the action, if successful, could result in rendering the insurer's financial statements materially misleading.

C. For purposes of Subsection B, actions that, "if successful, could result in rendering the insurer's financial statements materially misleading" include, but are not limited to, actions taken at any time with respect to the professional engagement period to coerce, manipulate, mislead or fraudulently influence an accountant:

(1) To issue or reissue a report on an insurer's financial statements that is not warranted in the circumstances (due to material violations of statutory accounting principles prescribed by the Director, generally accepted auditing standards, or other professional or regulatory standards);

(2) Not to perform audit, review or other procedures required by generally accepted auditing standards or other professional standards;

(3) Not to withdraw an issued report; or

(4) Not to communicate matters to an insurer's Audit Committee.

Section 16. Management's Report of Internal Control over Financial Reporting

A. Each insurer required to file an Audited Financial Report pursuant to this regulation that has annual direct written and assumed premiums, excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, of \$500,000,000 or more shall prepare a report of the insurer's or group of insurers' Internal Control Over Financial Reporting, as these terms are defined in Section 3. The report shall be filed with the Director along with the Communicating Internal Control Related Matters Identified in an Audit described under Section 11. Management's Report of Internal Control Over Financial Reporting shall be as of December 31 immediately preceding.

B. Notwithstanding the premium threshold in Subsection A, the Director may require an insurer to file Management's Report of Internal Control Over Financial Reporting if the insurer is in any RBC level event, or meets any one or more of the standards of an insurer deemed to be in hazardous financial condition as defined in S.C. Code Ann. Sections 35-5-120, 38-9-150, 38-9-360, and 38-9-440.

C. An insurer or a group of insurers that is

- (1) directly subject to Section 404;
- (2) part of a holding company system whose parent is directly subject to Section 404;
- (3) not directly subject to Section 404 but is a SOX compliant entity; or
- (4) a member of a holding company system whose parent is not directly subject to Section 404 but is a SOX compliant entity;

may file its or its parent's Section 404 Report and an addendum in satisfaction of this Section's requirement provided that those internal controls of the insurer or group of insurers having a material impact on the preparation of the insurer's or group of insurers' audited statutory financial statements (those items included in Section 5(B)(2) through 5(B)(7) of this regulation) were included in the scope of the Section 404 Report. The addendum shall be a positive statement by management that there are no material processes with respect to the preparation of the insurer's or group of insurers' audited statutory financial statements (those items included in Section 5(B)(2) through 5(B)(7) of this regulation) excluded from the Section 404 Report. If there are internal controls of the insurer or group of insurers that have a material impact on the preparation of the insurer's or group of insurers' audited statutory financial statements and those internal controls were not included in the scope of the Section 404 Report, the insurer or group of insurers may either file (i) a Section 16 report, or (ii) the Section 404 Report and a Section 16 report for those internal controls that have a material impact on the preparation of the insurer's or group of insurers' audited statutory financial statements not covered by the Section 404 Report.

D. Management's Report of Internal Control Over Financial Reporting shall include:

- (1) A statement that management is responsible for establishing and maintaining adequate internal control over financial reporting;
- (2) A statement that management has established internal control over financial reporting and an assertion, to the best of management's knowledge and belief, after diligent inquiry, as to whether its internal control over financial reporting is effective to provide reasonable assurance regarding the reliability of financial statements in accordance with statutory accounting principles;
- (3) A statement that briefly describes the approach or processes by which management evaluated the effectiveness of its internal control over financial reporting;
- (4) A statement that briefly describes the scope of work that is included and whether any internal controls were excluded;
- (5) Disclosure of any unremediated material weaknesses in the internal control over financial reporting identified by management as of December 31 immediately preceding. Management shall not conclude that the internal control over financial reporting is effective to provide reasonable assurance regarding the reliability of financial statements in accordance with statutory accounting principles if there are one or more unremediated material weaknesses in its internal control over financial reporting;
- (6) A statement regarding the inherent limitations of internal control systems; and
- (7) Signatures of the chief executive officer and the chief financial officer (or equivalent position/title).

E. Management shall document and make available upon financial condition examination the basis upon which its assertions, required in Subsection D, are made. Management may base its assertions, in part, upon its review, monitoring and testing of internal controls undertaken in the normal course of its activities.

46 FINAL REGULATIONS

(1) Management shall have discretion as to the nature of the internal control framework used, and the nature and extent of documentation, in order to make its assertion in a cost effective manner and, as such, may include assembly of or reference to existing documentation.

(2) Management's Report on Internal Control over Financial Reporting, required by Subsection A , and any documentation provided in support thereof during the course of a financial condition examination, shall be kept confidential by the Director.

Section 17. Exemptions

Upon written application of an insurer, the Director may grant an exemption from compliance with any provision or requirement of this regulation if the Director finds, upon review of the application, that compliance with this regulation would constitute a financial or organizational hardship upon the insurer. An exemption may be granted at any time and from time to time for a specified period or periods. Within ten days from a denial of an insurer's written request for an exemption from this regulation, the insurer may request in writing a hearing, pursuant to statute, on its application for an exemption. The hearing shall be held in accordance with the statutes of the Department pertaining to administrative hearing procedures.

Section 18. Canadian and British Companies

A. For Canadian and British insurers, the annual Audited Financial Report shall be defined as the annual statement of total business on the form filed by such companies with their supervision authority duly audited by an independent chartered accountant.

B. For such insurers, the letter required in Section 6B shall state that the accountant is aware of the requirements relating to the annual Audited Financial Report filed with the Director pursuant to Section 4 and shall affirm that the opinion expressed is in conformity with those requirements.

Section 19. Effective dates

A. Unless otherwise noted, the requirements of this regulation shall become effective for the reporting period ending December 31, 2010 and each year thereafter. An insurer or group of insurers not required to file a report because its total written premium is below the threshold that subsequently becomes subject to the reporting requirements shall have two years following the year the threshold is exceeded (but not earlier than December 31, 2010) to file the report. Likewise, an insurer acquired in a business combination shall have two calendar years following the date of acquisition or combination to comply with the reporting requirements.

B. The requirements of Section 7D shall become effective for audits of the year beginning January 1, 2010 and thereafter.

C. The requirements of Section 14 shall become effective on January 1, 2010. An insurer or group of insurers that is not required to have independent Audit Committee members or only a majority of independent Audit Committee members (as opposed to a supermajority) because the total direct written and assumed premium is below the threshold and subsequently becomes subject to one of the independence requirements due to changes in premium shall have one year following the year the threshold is exceeded (but not earlier than January 1, 2010) to comply with the independence requirements. Likewise, an insurer that becomes subject to one of the independence requirements as a result of a business combination shall have one calendar year following the date of acquisition or combination to comply with the independence requirements.

Section 20. Severability Provision

If any section or portion of a section of this regulation or its applicability to any person or circumstance is held invalid by a court, the remainder of the regulation or the applicability of the provision to other persons or circumstances shall not be affected.

Fiscal Impact Statement:

There will be no increased costs to the state or its political subdivisions.

Statement of Rationale:

The purpose of this regulation is to improve the Department's surveillance of the financial condition of insurers by requiring an annual audit of financial statements reporting the financial position and the results of operations of insurers by independent certified public accountants. The audit will incorporate certain best practices related to auditor independence, corporate governance and internal control over financial reporting. It requires insurers with certain levels of premium writings to have a majority (50%) or a supermajority (75%) of its Audit Committee members to be independent members of its Board of Directors. It requires insurers with \$500 million or more in direct and assumed premiums annually to prepare management's assessment of internal controls over financial reporting. The regulation is based upon the NAIC model regulation and will become an accreditation standard January 1, 2010.

(2) A Medicare Supplement policy with benefits for outpatient prescription drugs shall not be issued after December 31, 2005.

52 FINAL REGULATIONS

(3) After December 31, 2005, a Medicare Supplement policy with benefits for outpatient prescription drugs may not be renewed after the policyholder enrolls in Medicare Part D unless:

(a) The policy is modified to eliminate outpatient prescription coverage for expenses of outpatient prescription drugs incurred after the effective date of the individual's coverage under a Part D plan and;

(b) Premiums are adjusted to reflect the elimination of outpatient prescription drug coverage at the time of Medicare Part D enrollment, accounting for any claims paid, if applicable.

Section 7. Minimum Benefit Standards for Pre-Standardized Medicare Supplement Benefit Plan Policies or Certificates Issued for Delivery Prior to May 1, 1992

No policy or certificate may be advertised, solicited or issued for delivery in this state as a Medicare Supplement policy or certificate unless it meets or exceeds the following minimum standards. These are minimum standards and do not preclude the inclusion of other provisions or benefits which are not inconsistent with these standards.

A. General Standards. The following standards apply to Medicare Supplement policies and certificates and are in addition to all other requirements of this regulation.

(1) A Medicare Supplement policy or certificate shall not exclude or limit benefits for losses incurred more than six (6) months from the effective date of coverage because it involved a preexisting condition. The policy or certificate shall not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six (6) months before the effective date of coverage.

(2) A Medicare Supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

(3) A Medicare Supplement policy or certificate shall provide that benefits designed to cover cost sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible, copayment, or coinsurance amounts. Premiums may be modified to correspond with such changes.

(4) A "noncancellable," "guaranteed renewable," or "noncancellable and guaranteed renewable" Medicare Supplement policy shall not:

(a) Provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium; or

(b) Be cancelled or nonrenewed by the issuer solely on the grounds of deterioration of health.

(5)(a) Except as authorized by the director of this state, an issuer shall neither cancel nor nonrenew a Medicare Supplement policy or certificate for any reason other than nonpayment of premium or material misrepresentation.

(b) If a group Medicare Supplement insurance policy is terminated by the group policyholder and not replaced as provided in Paragraph (5)(d), the issuer shall offer certificateholders an individual Medicare Supplement policy. The issuer shall offer the certificateholder at least the following choices:

(i) An individual Medicare Supplement policy currently offered by the issuer having comparable benefits to those contained in the terminated group Medicare Supplement policy; and

(ii) An individual Medicare Supplement policy which provides only such benefits as are required to meet the minimum standards as defined in Section 8.1B of this regulation.

(c) If membership in a group is terminated, the issuer shall:

(i) Offer the certificateholder the conversion opportunities described in Subparagraph (b); or

(ii) At the option of the group policyholder, offer the certificateholder continuation of coverage under the group policy.

(d) If a group Medicare Supplement policy is replaced by another group Medicare Supplement policy purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new group policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced.

(6) Termination of a Medicare Supplement policy or certificate shall be without prejudice to any continuous loss which commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be predicated upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or to payment of the maximum benefits. Receipt of Medicare Part D benefits will not be considered in determining a continuous loss.

(7) If a Medicare Supplement policy eliminates an outpatient prescription drug benefit as a result of requirements imposed by the Medicare Prescription Drug, Improvement, and Modernization Act of 2003, the modified policy shall be deemed to satisfy the guaranteed renewal requirements of this subsection.

B. Minimum Benefit Standards.

(1) Coverage of Part A Medicare eligible expenses for hospitalization to the extent not covered by Medicare from the 61st day through the 90th day in any Medicare benefit period;

(2) Coverage for either all or none of the Medicare Part A inpatient hospital deductible amount;

(7) Effective January 1, 1990, coverage under Medicare Part B for the reasonable cost of the first three (3) pints of blood (or equivalent quantities of packed red blood cells, as defined under federal regulations), unless replaced in accordance with federal regulations or already paid for under Part A, subject to the Medicare deductible amount.

Section 8. Benefit Standards for 1990 Standardized Medicare Supplement Benefit Plan Policies or Certificates Issued or Delivered on or After May 1, 1992 and With an Effective Date for Coverage Prior to June 1, 2010

The following standards are applicable to all Medicare Supplement policies or certificates delivered or issued for delivery in this state on or after May 1, 1992 and with an effective date for coverage prior to June 1, 2010. No policy or certificate may be advertised, solicited, delivered or issued for delivery in this state as a Medicare Supplement policy or certificate unless it complies with these benefit standards.

A. General Standards. The following standards apply to Medicare Supplement policies and certificates and are in addition to all other requirements of this regulation.

(1) A Medicare Supplement policy or certificate shall not exclude or limit benefits for losses incurred more than six (6) months from the effective date of coverage because it involved a preexisting condition. The policy or certificate may not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six (6) months before the effective date of coverage.

(2) A Medicare Supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

(3) A Medicare Supplement policy or certificate shall provide that benefits designed to cover cost sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible, copayment, or coinsurance amounts. Premiums may be modified to correspond with such changes.

(4) No Medicare Supplement policy or certificate shall provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium.

54 FINAL REGULATIONS

(5) Each Medicare Supplement policy shall be guaranteed renewable.

(a) The issuer shall not cancel or nonrenew the policy solely on the ground of health status of the individual.

(b) The issuer shall not cancel or nonrenew the policy for any reason other than nonpayment of premium or material misrepresentation.

(c) If the Medicare Supplement policy is terminated by the group policyholder and is not replaced as provided under Section 8A(5)(e), the issuer shall offer certificateholders an individual Medicare Supplement policy which (at the option of the certificateholder):

(i) Provides for continuation of the benefits contained in the group policy; or

(ii) Provides for benefits that otherwise meet the requirements of this subsection.

(d) If an individual is a certificateholder in a group Medicare Supplement policy and the individual terminates membership in the group, the issuer shall:

(i) Offer the certificateholder the conversion opportunity described in Section 8A(5)(c); or

(ii) At the option of the group policyholder, offer the certificateholder continuation of coverage under the group policy.

(e) If a group Medicare Supplement policy is replaced by another group Medicare Supplement policy purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced.

(f) If a Medicare Supplement policy eliminates an outpatient prescription drug benefit as a result of requirements imposed by the Medicare Prescription Drug, Improvement and Modernization Act of 2003, the modified policy shall be deemed to satisfy the guaranteed renewal requirements of this paragraph.

(6) Termination of a Medicare Supplement policy or certificate shall be without prejudice to any continuous loss which commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be conditioned upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or payment of the maximum benefits. Receipt of Medicare Part D benefits will not be considered in determining a continuous loss.

(7)(a) A Medicare Supplement policy or certificate shall provide that benefits and premiums under the policy or certificate shall be suspended at the request of the policyholder or certificateholder for the period (not to exceed twenty-four (24) months) in which the policyholder or certificateholder has applied for and is determined to be entitled to medical assistance under Title XIX of the Social Security Act, but only if the policyholder or certificateholder notifies the issuer of the policy or certificate within ninety (90) days after the date the individual becomes entitled to assistance.

(b) If suspension occurs and if the policyholder or certificateholder loses entitlement to medical assistance, the policy or certificate shall be automatically reinstated as of the termination of entitlement if the policyholder or certificateholder provides notice of loss of entitlement within ninety (90) days after the date of loss and pays the premium attributable to the period, effective as of the date of termination of entitlement.

(c) Each Medicare Supplement policy shall provide that benefits and premiums under the policy shall be suspended (for any period that may be provided by federal regulation) at the request of the policyholder if the policyholder is entitled to benefits under Section 226 (b) of the Social Security Act and is covered under a group health plan (as defined in Section 1862 (b)(1)(A)(v) of the Social Security Act). If suspension occurs and if the policyholder or certificateholder loses coverage under the group health plan, the policy shall be automatically reinstated (effective as of the date of loss of coverage) if the policyholder provides notice of loss of coverage within ninety (90) days after the date of the loss and pays the premium attributable to the period, effective as of the date of termination of enrollment in the group health plan.

(d) Reinstatement of coverages as described in Subparagraphs (b) and (c):

(i) Shall not provide for any waiting period with respect to treatment of preexisting conditions;

(ii) Shall provide for resumption of coverage that is substantially equivalent to coverage in effect before the date of suspension. If the suspended Medicare Supplement policy provided coverage for outpatient prescription drugs, reinstatement of the policy for Medicare Part D enrollees shall be without coverage for outpatient prescription drugs and shall otherwise provide substantially equivalent coverage to the coverage in effect before the date of suspension; and

(iii) Shall provide for classification of premiums on terms at least as favorable to the policyholder or certificateholder as the premium classification terms that would have applied to the policyholder or certificateholder had the coverage not been suspended.

(8) If an issuer makes a written offer to the Medicare Supplement policyholders or certificateholders of one or more of its plans, to exchange during a specified period from his or her 1990 Standardized plan (as described in Section 9 of this regulation) to a 2010 Standardized plan (as described in Section 9.1 of this regulation), the offer and subsequent exchange shall comply with the following requirements:

(a) An issuer need not provide justification to the director if the insured replaces a 1990 Standardized policy or certificate with an issue age rated 2010 Standardized policy or certificate at the insured's original issue age. If an insured's policy or certificate to be replaced is priced on an issue age rate schedule at the time of such offer, the rate charged to the insured for the new exchanged policy shall recognize the policy reserve buildup, due to the pre-funding inherent in the use of an issue age rate basis, for the benefit of the insured. The method proposed to be used by an issuer must be filed with the director.

(b) The rating class of the new policy or certificate shall be the class closest to the insured's class of the replaced coverage.

(c) An issuer may not apply new preexisting condition limitations or a new incontestability period to the new policy for those benefits contained in the exchanged 1990 Standardized policy or certificate of the insured, but may apply preexisting condition limitations of no more than six (6) months to any added benefits contained in the new 2010 Standardized policy or certificate not contained in the exchanged policy.

(d) The new policy or certificate shall be offered to all policyholders or certificateholders within a given plan, except where the offer or issue would be in violation of state or federal law.

B. Standards for Basic (Core) Benefits Common to Benefit Plans A to J. Every issuer shall make available a policy or certificate including only the following basic "core" package of benefits to each prospective insured. An issuer may make available to prospective insureds any of the other Medicare Supplement Insurance Benefit Plans in addition to the basic core package, but not in lieu of it.

The provider shall accept the issuer's payment as payment in full and may not bill the insured for any balance;

No issuer may offer any 1990 Standardized Medicare Supplement benefit plan for sale on or after the effective date of these 2010 Standardized Medicare Supplement benefit plan standards in this state. Benefit standards applicable to Medicare Supplement policies and certificates issued with an effective date for coverage before June 1, 2010 remain subject to the requirements of Section 8 of this regulation.

A. General Standards. The following standards apply to Medicare Supplement policies and certificates and are in addition to all other requirements of this regulation.

(1) A Medicare Supplement policy or certificate shall not exclude or limit benefits for losses incurred more than six (6) months from the effective date of coverage because it involved a preexisting condition. The policy or certificate may not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six (6) months before the effective date of coverage.

(2) A Medicare Supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

(3) A Medicare Supplement policy or certificate shall provide that benefits designed to cover cost sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible, copayment, or coinsurance amounts. Such notice shall be communicated contemporaneously with the notification of termination.

(2) At the time of an event described in Subsection B of this section because of which an individual ceases enrollment under a contract or agreement, policy, or plan, the organization that offers the contract or agreement, regardless of the basis for the cessation of enrollment, the issuer offering the policy, or the administrator of the plan, respectively, shall notify the individual of his or her rights under this section, and of the obligations of issuers of Medicare Supplement policies under Section 12A. (2) Notifying the participating physician or supplier and the beneficiary of the payment determination;

(3) Paying the participating physician or supplier directly;

(6) Providing to the Secretary of Health and Human Services, at least annually, a central mailing address to which all claims may be sent by Medicare carriers.

B. Compliance with the requirements set forth in Subsection A above shall be certified on the Medicare Supplement insurance experience reporting form.

Section 14. Loss Ratio Standards and Refund or Credit of Premium

A. Loss Ratio Standards.

(1)(a) A Medicare Supplement policy form or certificate form shall not be delivered or issued for delivery unless the policy form or certificate form can be expected, as estimated for the entire period for which rates are computed to provide coverage, to return to policyholders and certificateholders in the form of aggregate benefits (not including anticipated refunds or credits) provided under the policy form or certificate form:

(i) At least seventy-five percent (75%) of the aggregate amount of premiums earned in the case of group policies; or

(ii) At least sixty-five percent (65%) of the aggregate amount of premiums earned in the case of individual policies;

(b) Calculated on the basis of incurred claims experience or incurred health care expenses where coverage is provided by a health maintenance organization on a service rather than reimbursement basis and earned premiums for the period and in accordance with accepted actuarial principles and practices. Incurred health care expenses where coverage is provided by a health maintenance organization shall not include:

- (i) Home office and overhead costs;
- (ii) Advertising costs;
- (iii) Commissions and other acquisition costs;
- (iv) Taxes;
- (v) Capital costs;
- (vi) Administrative costs; and
- (vii) Claims processing costs.

(2) All filings of rates and rating schedules shall demonstrate that expected claims in relation to premiums comply with the requirements of this section when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards.

(3) For purposes of applying Subsection A(1) of this section and Subsection C(3) of Section 15 only, policies issued as a result of solicitations of individuals through the mails or by mass media advertising (including both print and broadcast advertising) shall be deemed to be individual policies.

(4) For policies issued prior to May 1, 1992, expected claims in relation to premiums shall meet:

- (a) The originally filed anticipated loss ratio when combined with the actual experience since inception;
- (b) The appropriate loss ratio requirement from Subsection A(1)(a)(i) and (ii) when combined with actual experience beginning with July 22, 2005 to date; and
- (c) The appropriate loss ratio requirement from Subsection A(1)(a)(i) and (ii) over the entire future period for which the rates are computed to provide coverage.

B. Refund or Credit Calculation.

(1) An issuer shall collect and file with the director by May 31 of each year the data contained in the applicable reporting form contained in Appendix A for each type in a standard Medicare Supplement benefit plan.

(2) If on the basis of the experience as reported the benchmark ratio since inception (ratio 1) exceeds the adjusted experience ratio since inception (ratio 3), then a refund or credit calculation is required. The refund calculation shall be done on a statewide basis for each type in a standard Medicare Supplement benefit plan. For purposes of the refund or credit calculation, experience on policies issued within the reporting year shall be excluded.

(3) For the purposes of this section, policies or certificates issued prior to May 1, 1992, the issuer shall make the refund or credit calculation separately for all individual policies (including all group policies subject to an individual loss ratio standard when issued) combined and all other group policies combined for experience after April 28, 1996. The first report shall be due by May 31, 1998.

(4) A refund or credit shall be made only when the benchmark loss ratio exceeds the adjusted experience loss ratio and the amount to be refunded or credited exceeds a *de minimis* level. The refund shall include interest from the end of the calendar year to the date of the refund or credit at a rate specified by the Secretary of Health and Human Services, but in no event shall it be less than the average rate of interest for thirteen-week Treasury notes. A refund or credit against premiums due shall be made by September 30 following the experience year upon which the refund or credit is based.

C. Annual filing of Premium Rates. An issuer of Medicare Supplement policies and certificates issued before or after the effective date of May 1, 1992 in this state shall file annually its rates, rating schedule and supporting documentation including ratios of incurred losses to earned premiums by policy duration for approval by the director in accordance with the filing requirements and procedures prescribed by the director. The supporting documentation shall also demonstrate in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which rates are computed. The demonstration shall exclude active life reserves. An expected third-year loss ratio which is greater than or equal to the applicable percentage shall be demonstrated for policies or certificates in force less than three (3) years. As soon as practicable, but prior to the effective date of enhancements in Medicare benefits, every issuer of Medicare Supplement policies or certificates in this state shall file with the director, in accordance with the applicable filing procedures of this state:

(1)(a) Appropriate premium adjustments necessary to produce loss ratios as anticipated for the current premium for the applicable policies or certificates. The supporting documents necessary to justify the adjustment shall accompany the filing.

72 FINAL REGULATIONS

(b) An issuer shall make premium adjustments necessary to produce an expected loss ratio under the policy or certificate to conform to minimum loss ratio standards for Medicare Supplement policies and which are expected to result in a loss ratio at least as great as that originally anticipated in the rates used to produce current premiums by the issuer for the Medicare Supplement policies or certificates. No premium adjustment which would modify the loss ratio experience under the policy other than the adjustments described herein shall be made with respect to a policy at any time other than upon its renewal date or anniversary date.

(c) If an issuer fails to make premium adjustments acceptable to the director, the director may order premium adjustments, refunds or premium credits deemed necessary to achieve the loss ratio required by this section.

(2) Any appropriate riders, endorsements or policy forms needed to accomplish the Medicare Supplement policy or certificate modifications necessary to eliminate benefit duplications with Medicare. The riders, endorsements or policy forms shall provide a clear description of the Medicare Supplement benefits provided by the policy or certificate.

D. Public Hearings. The director may conduct a public hearing to gather information concerning a request by an issuer for an increase in a rate for a policy form or certificate form issued before or after the effective date of this regulation if the experience of the form for the previous reporting period is not in compliance with the applicable loss ratio standard. The determination of compliance is made without consideration of any refund or credit for the reporting period. Public notice of the hearing shall be furnished in a manner deemed appropriate by the director.

Section 15. Filing and Approval of Policies and Certificates and Premium Rates

A. An issuer shall not deliver or issue for delivery a policy or certificate to a resident of this state unless the policy form or certificate form has been filed with and approved by the director in accordance with filing requirements and procedures prescribed by the director.

B. An issuer shall file any riders or amendments to policy or certificate forms to delete outpatient prescription drug benefits as required by the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 only with the director in the state in which the policy or certificate was issued.

C. An issuer shall not use or change premium rates for a Medicare Supplement policy or certificate unless the rates, rating schedule and supporting documentation have been filed with and approved by the director in accordance with the filing requirements and procedures prescribed by the director.

D.(1) Except as provided in Paragraph (2) of this subsection, an issuer shall not file for approval more than one form of a policy or certificate of each type for each standard Medicare Supplement benefit plan.

(2) An issuer may offer, with the approval of the director, up to four (4) additional policy forms or certificate forms of the same type for the same standard Medicare Supplement benefit plan, one for each of the following cases:

- (a) The inclusion of new or innovative benefits;
- (b) The addition of either direct response or agent marketing methods;
- (c) The addition of either guaranteed issue or underwritten coverage;
- (d) The offering of coverage to individuals eligible for Medicare by reason of disability.

(3) For the purposes of this section, a "type" means an individual policy, a group policy, an individual Medicare Select policy, or a group Medicare Select policy.

E.(1) Except as provided in Paragraph (1)(a), an issuer shall continue to make available for purchase any policy form or certificate form issued after the effective date of this regulation that has been approved by the director. A policy form or certificate form shall not be considered to be available for purchase unless the issuer has actively offered it for sale in the previous twelve (12) months.

(a) An issuer may discontinue the availability of a policy form or certificate form if the issuer provides to the director in writing its decision at least thirty (30) days prior to discontinuing the availability of the form of the policy or certificate. After receipt of the notice by the director, the issuer shall no longer offer for sale the policy form or certificate form in this state.

(b) An issuer that discontinues the availability of a policy form or certificate form pursuant to Subparagraph (a) shall not file for approval a new policy form or certificate form of the same type for the same standard Medicare Supplement benefit plan as the discontinued form for a period of five (5) years after the issuer provides notice to the director of the discontinuance. The period of discontinuance may be reduced if the director determines that a shorter period is appropriate.

(2) The sale or other transfer of Medicare Supplement business to another issuer shall be considered a discontinuance for the purposes of this subsection.

(3) A change in the rating structure or methodology shall be considered a discontinuance under Paragraph (1) unless the issuer complies with the following requirements:

(a) The issuer provides an actuarial memorandum, in a form and manner prescribed by the director, describing the manner in which the revised rating methodology and resultant rates differ from the existing rating methodology and existing rates.

(b) The issuer does not subsequently put into effect a change of rates or rating factors that would cause the percentage differential between the discontinued and subsequent rates as described in the actuarial memorandum to change. The director may approve a change to the differential that is in the public interest.

F. (1) Except as provided in Paragraph (2), the experience of all policy forms or certificate forms of the same type in a standard Medicare Supplement benefit plan shall be combined for purposes of the refund or credit calculation prescribed in Section 14, subsection B.

(2) Forms assumed under an assumption reinsurance agreement shall not be combined with the experience of other forms for purposes of the refund or credit calculation.

Section 16. Permitted Compensation Arrangements

A. An issuer or other entity may provide commission or other compensation to an agent or other representative for the sale of a Medicare Supplement policy or certificate only if the first year commission or other first year compensation is no more than 200 percent of the commission or other compensation paid for selling or servicing the policy or certificate in the second year or period.

B. The commission or other compensation provided in subsequent (renewal) years must be the same as that provided in the second year or period and must be provided for no fewer than five (5) renewal years.

C. No issuer or other entity shall provide compensation to its agents or other producers and no agent or producer shall receive compensation greater than the renewal compensation payable by the replacing issuer on renewal policies or certificates if an existing policy or certificate is replaced.

D. For purposes of this section, "compensation" includes pecuniary or non-pecuniary remuneration of any kind relating to the sale or renewal of the policy or certificate including but not limited to bonuses, gifts, prizes, awards and finders fees.

Section 17. Required Disclosure Provisions

A. General Rules.

(1) Medicare Supplement policies and certificates shall include a renewal or continuation provision. The language or specifications of the provision shall be consistent with the type of contract issued. The provision shall be appropriately captioned and shall appear on the first page of the policy, and shall include any reservation by the issuer of the right to change premiums and any automatic renewal premium increases based on the policyholder's age.

(2) Except for riders or endorsements by which the issuer effectuates a request made in writing by the insured, exercises a specifically reserved right under a Medicare Supplement policy, or is required to reduce or eliminate benefits to avoid duplication of Medicare benefits, all riders or endorsements added to a Medicare Supplement policy after date of issue or at reinstatement or renewal which reduce or eliminate benefits or coverage in the policy shall require a signed acceptance by the insured. After the date of policy or certificate issue, any rider or endorsement which increases benefits or coverage with a concomitant increase in premium during the policy term shall be agreed to in writing signed by the insured, unless the benefits are required by the minimum standards for Medicare Supplement policies, or if the increased benefits or coverage is required by law. Where a separate additional premium is charged for benefits provided in connection with riders or endorsements, the premium charge shall be set forth in the policy.

74 FINAL REGULATIONS

(3) Medicare Supplement policies or certificates shall not provide for the payment of benefits based on standards described as “usual and customary,” “reasonable and customary” or words of similar import.

(4) If a Medicare Supplement policy or certificate contains any limitations with respect to preexisting conditions, such limitations shall appear as a separate paragraph of the policy and be labeled as “Preexisting Condition Limitations.”

(5) Medicare Supplement policies and certificates shall have a notice prominently printed on the first page of the policy or certificate or attached thereto stating in substance that the policyholder or certificateholder shall have the right to return the policy or certificate within thirty (30) days of its delivery and to have the premium refunded if, after examination of the policy or certificate, the insured person is not satisfied for any reason.

(6)(a) Issuers of accident and sickness policies or certificates which provide hospital or medical expense coverage on an expense incurred or indemnity basis to persons eligible for Medicare shall provide to those applicants a *Guide to Health Insurance for People with Medicare* in the form developed jointly by the National Association of Insurance Commissioners and CMS and in a type size no smaller than 12 point type. Delivery of the *Guide* shall be made whether or not the policies or certificates are advertised, solicited or issued as Medicare Supplement policies or certificates as defined in this regulation. Except in the case of direct response issuers, delivery of the *Guide* shall be made to the applicant at the time of application and acknowledgement of receipt of the *Guide* shall be obtained by the issuer. Direct response issuers shall deliver the *Guide* to the applicant upon request but not later than at the time the policy is delivered.

(b) For the purposes of this section, “form” means the language, format, type size, type proportional spacing, bold character, and line spacing.

B. Notice Requirements.

(1) As soon as practicable, but no later than thirty (30) days prior to the annual effective date of any Medicare benefit changes, an issuer shall notify its policyholders and certificateholders of modifications it has made to Medicare Supplement insurance policies or certificates in a format acceptable to the director. The notice shall:

(a) Include a description of revisions to the Medicare program and a description of each modification made to the coverage provided under the Medicare Supplement policy or certificate; and

(b) Inform each policyholder or certificateholder as to when any premium adjustment is to be made due to changes in Medicare.

(2) The notice of benefit modifications and any premium adjustments shall be in outline form and in clear and simple terms so as to facilitate comprehension.

(3) The notices shall not contain or be accompanied by any solicitation.

C. MMA Notice Requirements. Issuers shall comply with any notice requirements of the Medicare Prescription Drug, Improvement and Modernization Act of 2003.

D. Outline of Coverage Requirements for Medicare Supplement Policies.

(1) Issuers shall provide an outline of coverage to all applicants at the time application is presented to the prospective applicant and, except for direct response policies, shall obtain an acknowledgement of receipt of the outline from the applicant; and

(2) If an outline of coverage is provided at the time of application and the Medicare Supplement policy or certificate is issued on a basis which would require revision of the outline, a substitute outline of coverage properly describing the policy or certificate shall accompany the policy or certificate when it is delivered and contain the following statement, in no less than twelve (12) point type, immediately above the company name:

NOTICE: Read this outline of coverage carefully. It is not identical to the outline of coverage provided upon application and the coverage originally applied for has not been issued.

(3) The outline of coverage provided to applicants pursuant to this section consists of four parts: a cover page, premium information, disclosure pages, and charts displaying the features of each benefit plan offered by the issuer. The outline of coverage shall be in the language and format prescribed below in no less than twelve (12) point type. All plans A-L shall be shown on the cover page, and the plans that are offered by the issuer shall be prominently identified. Premium information for plans that are offered shall be shown on the cover page or immediately following the cover page and shall be prominently displayed. The premium and mode shall be stated for all plans that are offered to the prospective applicant. All possible premiums for the prospective applicant shall be illustrated.

(4) The following items shall be included in the outline of coverage in the order prescribed below.

E. Notice Regarding Policies or Certificates Which Are Not Medicare Supplement Policies.

(1) Any accident and sickness insurance policy or certificate, other than a Medicare Supplement policy, a policy issued pursuant to a contract under Section 1876 of the Federal Social Security Act (42 U.S.C. § 1395 et seq.), disability income policy; or other policy identified in Section 3B of this regulation, issued for delivery in this state to persons eligible for Medicare shall notify insureds under the policy that the policy is not a Medicare Supplement policy or certificate. The notice shall either be printed or attached to the first page of the outline of coverage delivered to insureds under the policy, or if no outline of coverage is delivered, to the first page of the policy, or certificate delivered to insureds. The notice shall be in no less than twelve (12) point type and shall contain the following language: “THIS [POLICY OR CERTIFICATE] IS NOT A MEDICARE SUPPLEMENT [POLICY OR CONTRACT]. If you are eligible for Medicare, review the Guide to Health Insurance for People with Medicare available from the company.”

(2) Applications provided to persons eligible for Medicare for the health insurance policies or certificates described in Subsection D(1) shall disclose, using the applicable statement in Appendix C, the extent to which the policy duplicates Medicare. The disclosure statement shall be provided as a part of, or together with, the application for the policy or certificate.

108 FINAL REGULATIONS

Section 18. Requirements for Application Forms and Replacement Coverage

A. Application forms shall include the following questions designed to elicit information as to whether, as of the date of the application, the applicant currently has Medicare Supplement, Medicare Advantage, Medicaid coverage, or another health insurance policy or certificate in force or whether a Medicare Supplement policy or certificate is intended to replace any other accident and sickness policy or certificate presently in force. A Supplementary application or other form to be signed by the applicant and agent containing such questions and statements may be used.

[Statements]

(1) You do not need more than one Medicare Supplement policy.

(2) If you purchase this policy, you may want to evaluate your existing health coverage and decide if you need multiple coverages.

(3) You may be eligible for benefits under Medicaid and may not need a Medicare Supplement policy.

(4) If, after purchasing this policy, you become eligible for Medicaid, the benefits and premiums under your Medicare Supplement policy can be suspended, if requested, during your entitlement to benefits under Medicaid for 24 months. You must request this suspension within 90 days of becoming eligible for Medicaid. If you are no longer entitled to Medicaid, your suspended Medicare Supplement policy (or, if that is no longer available, a substantially equivalent policy) will be reinstated if requested within 90 days of losing Medicaid eligibility. If the Medicare Supplement policy provided coverage for outpatient prescription drugs and you enrolled in Medicare Part D while your policy was suspended, the reinstated policy will not have outpatient prescription drug coverage, but will otherwise be substantially equivalent to your coverage before the date of the suspension.

(5) If you are eligible for, and have enrolled in a Medicare Supplement policy by reason of disability and you later become covered by an employer or union-based group health plan, the benefits and premiums under your Medicare Supplement policy can be suspended, if requested, while you are covered under the employer or union-based group health plan. If you suspend your Medicare Supplement policy under these circumstances, and later lose your employer or union-based group health plan, your suspended Medicare Supplement policy (or, if that is no longer available, a substantially equivalent policy) will be reinstated if requested within 90 days of losing your employer or union-based group health plan. If the Medicare Supplement policy provided coverage for outpatient prescription drugs and you enrolled in Medicare Part D while your policy was suspended, the reinstated policy will not have outpatient prescription drug coverage, but will otherwise be substantially equivalent to your coverage before the date of the suspension.

(6) Counseling services may be available in your state to provide advice concerning your purchase of Medicare Supplement insurance and concerning medical assistance through the state Medicaid program, including benefits as a Qualified Medicare Beneficiary (QMB) and a Specified Low-Income Medicare Beneficiary (SLMB).

NOTICE TO APPLICANT REGARDING REPLACEMENT OF MEDICARE SUPPLEMENT INSURANCE OR MEDICARE ADVANTAGE

[Insurance company's name and address]

110 FINAL REGULATIONS

SAVE THIS NOTICE! IT MAY BE IMPORTANT TO YOU IN THE FUTURE.

According to [your application] [information you have furnished], you intend to terminate existing Medicare Supplement or Medicare Advantage insurance and replace it with a policy to be issued by [Company Name] Insurance Company. Your new policy will provide thirty (30) days within which you may decide without cost whether you desire to keep the policy. You should review this new coverage carefully. Compare it with all accident and sickness coverage you now have. If, after due consideration, you find that purchase of this Medicare Supplement coverage is a wise decision, you should terminate your present Medicare Supplement or Medicare Advantage coverage. You should evaluate the need for other accident and sickness coverage you have that may duplicate this policy.

STATEMENT TO APPLICANT BY ISSUER, AGENT [BROKER OR OTHER REPRESENTATIVE]:

I have reviewed your current medical or health insurance coverage. To the best of my knowledge, this Medicare Supplement policy will not duplicate your existing Medicare Supplement or, if applicable, Medicare Advantage coverage because you intend to terminate your existing Medicare Supplement coverage or leave your Medicare Advantage plan. The replacement policy is being purchased for the following reason

(check one):

- Additional benefits.
- No change in benefits, but lower premiums.
- Fewer benefits and lower premiums.
- My plan has outpatient prescription drug coverage and I am enrolling in Part D.
- Disenrollment from a Medicare Advantage plan. Please explain reason for disenrollment. [optional only for Direct Mailers.]
- Other. (please specify) _____

1. **Note:** If the issuer of the Medicare Supplement policy being applied for does not, or is otherwise prohibited from imposing preexisting condition limitations, please skip to statement 2 below. Health conditions that you may presently have (preexisting conditions) may not be immediately or fully covered under the new policy. This could result in denial or delay of a claim for benefits under the new policy, whereas a similar claim might have been payable under your present policy.

2. State law provides that your replacement policy or certificate may not contain new preexisting conditions, waiting periods, elimination periods or probationary periods. The insurer will waive any time periods applicable to preexisting conditions, waiting periods, elimination periods, or probationary periods in the new policy (or coverage) for similar benefits to the extent such time was spent (depleted) under the original policy.

3. If, you still wish to terminate your present policy and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical and health history. Failure to include all material medical information on an application may provide a basis for the company to deny any future claims and to refund your premium as though your policy had never been in force. After the application has been completed and before you sign it, review it carefully to be certain that all information has been properly recorded. [If the policy or certificate is guaranteed issue, this paragraph need not appear.]

Do not cancel your present policy until you have received your new policy and are sure that you want to keep it.

*Signature not required for direct response sales.

F. Paragraphs 1 and 2 of the replacement notice (applicable to preexisting conditions) may be deleted by an issuer if the replacement does not involve application of a new preexisting condition limitation.

Section 19. Filing Requirements for Advertising

An issuer shall provide a copy of any Medicare Supplement advertisement intended for use in this state whether through written, radio or television medium to the Director of Insurance of this state for review or approval by the Director to the extent it may be required under state law.

Section 20. Standards for Marketing

A. An issuer, directly or through its producers, shall:

(1) Establish marketing procedures to assure that any comparison of policies by its agents or other producers will be fair and accurate.

(2) Establish marketing procedures to assure excessive insurance is not sold or issued.

(3) Display prominently by type, stamp or other appropriate means, on the first page of the policy the following:

“Notice to buyer: This policy may not cover all of your medical expenses.”

(4) Inquire and otherwise make every reasonable effort to identify whether a prospective applicant or enrollee for Medicare Supplement insurance already has accident and sickness insurance and the types and amounts of any such insurance.

(5) Establish auditable procedures for verifying compliance with this Subsection A.

B. In addition to the practices prohibited in S.C. Code Sections 38-57-10 et seq, the following acts and practices are prohibited:

(1) Twisting. Knowingly making any misleading representation or incomplete or fraudulent comparison of any insurance policies or insurers for the purpose of inducing, or tending to induce, any person to lapse, forfeit, surrender, terminate, retain, pledge, assign, borrow on, or convert an insurance policy or to take out a policy of insurance with another insurer.

(2) High pressure tactics. Employing any method of marketing having the effect of or tending to induce the purchase of insurance through force, fright, threat, whether explicit or implied, or undue pressure to purchase or recommend the purchase of insurance.

(3) Cold lead advertising. Making use directly or indirectly of any method of marketing which fails to disclose in a conspicuous manner that a purpose of the method of marketing is solicitation of insurance and that contact will be made by an insurance agent or insurance company.

C. The terms “Medicare Supplement,” “Medigap,” “Medicare Wrap-Around” and words of similar import shall not be used unless the policy is issued in compliance with this regulation.

Section 21. Appropriateness of Recommended Purchase and Excessive Insurance

A. In recommending the purchase or replacement of any Medicare Supplement policy or certificate an agent shall make reasonable efforts to determine the appropriateness of a recommended purchase or replacement.

B. Any sale of a Medicare Supplement policy or certificate that will provide an individual more than one Medicare Supplement policy or certificate is prohibited.

C. An issuer shall not issue a Medicare Supplement policy or certificate to an individual enrolled in Medicare Part C unless the effective date of the coverage is after the termination date of the individual’s Part C coverage.

Section 22. Reporting of Multiple Policies

A. On or before March 1 of each year, an issuer shall report the following information for every individual resident of this state for which the issuer has in force more than one Medicare Supplement policy or certificate:

(1) Policy and certificate number; and

(2) Date of issuance.

B. The items set forth above must be grouped by individual policyholder.

112 FINAL REGULATIONS

Section 23. Prohibition Against Preexisting Conditions, Waiting Periods, Elimination Periods and Probationary Periods in Replacement Policies or Certificates

A. If a Medicare Supplement policy or certificate replaces another Medicare Supplement policy or certificate, the replacing issuer shall waive any time periods applicable to preexisting conditions, waiting periods, elimination periods and probationary periods in the new Medicare Supplement policy or certificate to the extent such time was spent under the original policy.

B. If a Medicare Supplement policy or certificate replaces another Medicare Supplement policy or certificate which has been in effect for at least six (6) months, the replacing policy shall not provide any time period applicable to preexisting conditions, waiting periods, elimination periods and probationary periods.

Section 24. Prohibition Against Use of Genetic Information and Requests for Genetic Testing

This Section applies to all policies with policy years beginning on or after May 21, 2009.

A. An issuer of a Medicare Supplement policy or certificate;

1. Shall not deny or condition the issuance or effectiveness of the policy or certificate (including the imposition of any exclusion of benefits under the policy based on a preexisting condition) on the basis of the genetic information with respect to such individual; and

2. Shall not discriminate in the pricing of the policy or certificate (including the adjustment of premium rates) of an individual on the basis of the genetic information with respect to such individual.

B. Nothing in Subsection A shall be construed to limit the ability of an issuer, to the extent otherwise permitted by law, from:

1. Denying or conditioning the issuance or effectiveness of the policy or certificate or increasing the premium for a group based on the manifestation of a disease or disorder of an insured or applicant; or

2. Increasing the premium for any policy issued to an individual based on the manifestation of a disease or disorder of an individual who is covered under the policy (in such case, the manifestation of a disease or disorder in one individual cannot also be used as genetic information about other group members and to further increase the premium for the group).

C. An issuer of a Medicare Supplement policy or certificate shall not request or require an individual or a family member of such individual to undergo a genetic test.

D. Subsection C shall not be construed to preclude an issuer of a Medicare Supplement policy or certificate from obtaining and using the results of a genetic test in making a determination regarding payment (as defined for the purposes of applying the regulations promulgated under Part C of Title XI and Section 264 of the Health Insurance Portability and Accountability Act of 1996, as may be revised from time to time) and consistent with Subsection A.

E. For purposes of carrying out Subsection D, an issuer of a Medicare Supplement policy or certificate may request only the minimum amount of information necessary to accomplish the intended purpose.

F. Notwithstanding Subsection C, an issuer of a Medicare Supplement policy may request, but not require, that an individual or a family member of such individual undergo a genetic test if each of the following conditions is met:

(1) The request is made pursuant to research that complies with Part 46 of Title 45, Code of Federal Regulations, or equivalent Federal regulations, and any applicable State or local law or regulations for the protection of human subjects in research.

(2) The issuer clearly indicates to each individual, or in the case of a minor child, to the legal guardian of such child, to whom the request is made that:

(a) compliance with the request is voluntary; and

(b) non-compliance will have no effect on enrollment status or premium or contribution amounts.

(3) No genetic information collected or acquired under this Subsection shall be used for underwriting, determination of eligibility to enroll or maintain enrollment status, premium rates, or the issuance, renewal, or replacement of a policy or certificate.

(4) The issuer notifies the Secretary in writing that the issuer is conducting activities pursuant to the exception provided for under this Subsection, including a description of the activities conducted.

(5) The issuer complies with such other conditions as the Secretary may by regulation require for activities conducted under this Subsection.

G. An issuer of a Medicare Supplement policy or certificate shall not request, require, or purchase genetic information for underwriting purposes.

H. An issuer of a Medicare Supplement policy or certificate shall not request, require, or purchase genetic information with respect to any individual prior to such individual's enrollment under the policy in connection with such enrollment.

I. If an issuer of a Medicare Supplement policy or certificate obtains genetic information incidental to the requesting, requiring, or purchasing of other information concerning any individual, such request, requirement, or purchase shall not be considered a violation of Subsection H if such request, requirement, or purchase is not in violation of Subsection G.

J. For the purposes of this Section only:

(1) "Issuer of a Medicare Supplement policy or certificate" includes third-party administrator, or other person acting for or on behalf of such issuer.

(2) "Family member" means, with respect to an individual, any other individual who is a first-degree, second-degree, third-degree, or fourth-degree relative of such individual.

Such term includes, with respect to any individual, any request for, or receipt of, genetic services, or participation in clinical research which includes genetic services, by such individual or any family member of such individual. Any reference to genetic information concerning an individual or family member of an individual who is a pregnant woman, includes genetic information of any fetus carried by such pregnant woman, or with respect to an individual or family member utilizing reproductive technology, includes genetic information of any embryo legally held by an individual or family member. The term "genetic information" does not include information about the sex or age of any individual.

(4) "Genetic services" means a genetic test, genetic counseling (including obtaining, interpreting, or assessing genetic information), or genetic education.

(5) "Genetic test" means an analysis of human DNA, RNA, chromosomes, proteins, or metabolites, that detect genotypes, mutations, or chromosomal changes. The term "genetic test" does not mean an analysis of proteins or metabolites that does not detect genotypes, mutations, or chromosomal changes; or an analysis of proteins or metabolites that is directly related to a manifested disease, disorder, or pathological condition that could reasonably be detected by a health care professional with appropriate training and expertise in the field of medicine involved.

(6) "Underwriting purposes" means:

(a) rules for, or determination of, eligibility (including enrollment and continued eligibility) for benefits under the policy;

(b) the computation of premium or contribution amounts under the policy;

(c) the application of any preexisting condition exclusion under the policy; and

(d) other activities related to the creation, renewal, or replacement of a contract of health insurance or health benefits.

Section 25. Severability

If any provision of this regulation or the application thereof to any person or circumstance is for any reason held to be invalid, the remainder of the regulation and the application of such provision to other persons or circumstances shall not be affected thereby.

1. Section 1882 (d) of the federal Social Security Act, 42 U.S.C. 1395ss, prohibits the sale of a health insurance policy (the term policy includes certificate) to Medicare beneficiaries that duplicates Medicare benefits unless it will pay benefits without regard to a beneficiary's other health coverage and it includes the prescribed disclosure statement on or together with the application for the policy.
2. All types of health insurance policies that duplicate Medicare shall include one of the attached disclosure statements, according to the particular policy type involved, on the application or together with the application. The disclosure statement may not vary from the attached statements in terms of language or format (type size, type proportional spacing, bold character, line spacing, and usage of boxes around text).
3. State and federal law prohibits insurers from selling a Medicare Supplement policy to a person that already has a Medicare Supplement policy except as a replacement policy.
4. Property/casualty and life insurance policies are not considered health insurance.
5. Disability income policies are not considered to provide benefits that duplicate Medicare.
6. Long-term care insurance policies that coordinate with Medicare and other health insurance are not considered to provide benefits that duplicate Medicare.
7. The federal law does not preempt state laws that are more stringent than the federal requirements.
8. The federal law does not preempt existing state form filing requirements.
9. Section 1882 of the federal Social Security Act was amended in Subsection (d)(3)(A) to allow for alternative disclosure statements. The disclosure statements already in Appendix C remain. Carriers may use either disclosure statement with the requisite insurance product. Fiscal Impact Statement:

There will be no increased costs to the state or its political subdivisions.

Rationale:

Promulgation of this regulation is crucial to maintaining the Department's ability to regulate the Medicare Supplement insurance products and market. The federal Medicare Improvements for Patients and Providers Act of 2008 (MIPPA) and the Genetic Information Nondiscrimination Act of 2008 (GINA) each require passage of the regulation so that states may continue to regulate the Medicare Supplement Insurance Market. The regulation includes additional consumer protections and disclosures when Medicare Supplement Insurance products are marketed and sold.

COMMISSIONERS OF PILOTAGE

CHAPTER 136

Statutory Authority: 1976 Code Sections 40-1-70 and 54-15-140

136-080. Enforcement of Pilot Statutes and Maritime Homeland Security

Synopsis:

The Commissioners of Pilotage is adding Regulation 136-080 to ensure that every vessel subject to maritime pilotage receives a pilot on board, as charged under Section 54-15-110 and 54-15-280 of the 1976 S.C. Code, as amended, as well as Part 136-070C. No person, other than a duly licensed pilot, is permitted to conduct and pilot any vessel over the bar, into and out of any South Carolina harbor. Part 136-070C of the S.C. Code of Regulations requires that a licensed pilot shall consider any circumstance wherein a master or operator of any seagoing vessel refuses to take a pilot as a "hazardous condition" and must immediately be reported to the Coast Guard. Under Section 40-1-200 of the 1976 S.C. Code, as amended, a person acting as a pilot without licensure constitutes a Class C misdemeanor as defined in Section 16-1-100. In order to establish a process to ensure compliance with these statutes and regulations, a new Part 136-080 is added to the S.C. Code of Regulations. In addition, this regulation addresses the present role of pilots on the front line of the effort to achieve maritime homeland security.

The Drafting Notice was published in the South Carolina *State Register* on December 26, 2008.

Instructions:

Add regulation 136-080 as printed below.

Text:

136-080. Enforcement of Pilot Statutes and Maritime Homeland Security.

A. Every pilot, or operator of any pilot vessel regulated pursuant to 1976 Code 54-15-170, who detects any apparent violation of 1976 Code Sections 54-15-270 and 54-15-280, and 1976 Code Section 40-1-200, wherein an unlicensed person is acting as a pilot, said pilot shall immediately report such circumstances to the sheriff of the county having jurisdiction, and/or to such other law enforcement authority designation by the Commissioners. The reporting pilot or pilot vessel operator shall thereupon identify the vessel by name, type,

164 FINAL REGULATIONS

ownership, flag, homeport, and, if known or suspected, the vessel's apparent destination within the affected port, its present location and apparent speed, and any other particulars of interest. The pilot or pilot vessel operator shall provide any sheriff, or deputy sheriff, or other duly authorized law enforcement officer of the State with full details involving any attempts to inform such a vessel of the requirements of Title 54, Chapter 15, and/or 46 CFR 15. Further, the reporting pilot and/or any other licensed pilot or pilot vessel operator may assist the appropriate law enforcement agency in lawfully causing the vessel in violation to comply with State law. Such assistance might include the use of any pilot vessel that is under the command of a State-licensed pilot.

B. Notwithstanding the requirement of Part 136-070C to immediately report such violations of pilotage statutes as "hazardous conditions" to the U.S. Coast Guard, the pilot shall also initiate a voice SECURITE' call on VHF Channels 13 and 16. When and if such a vessel is indicating it is a U.S. flagged vessel, such message shall advise all marine traffic that a vessel requiring a pilot is underway on the bar and/or harbor may be in violation of federal laws and regulations with respect to manning.

C. The Commissioners consider this enforcement role of pilots, and by the pilot vessels under their command, as being in the interest of the safety and security of the port(s) at which the pilots are licensed. Pilots and pilot vessels constitute a major surveillance asset for achieving maritime domain awareness in order to protect the port, its population, its waterways and structures, and its marine environment from the consequences of a maritime disaster, accidental or deliberate, and other like illegal activities. Pilots and pilot vessel operators shall immediately report suspicious activities and events or other actions detected upon the bar and harbor that they may consider illegal to the sheriff and/or other law enforcement official designated by the Commissioners.

D. Pilots and pilot vessels are part of Division II of the S.C. Naval Militia pursuant to 1976 S.C. Code Section 54-17-50 and S.C. Regulation 80-010(5)(b). As such they shall immediately report to the Coast Guard any and all circumstances observed that are deemed to be of a suspicious nature and that might threaten the maritime security of the port and state. Pilot vessels are considered to be law enforcement vessels of the State of South Carolina.

E. The Commissioners authorize such pilot vessels, addressed in 1976 Code 54-15-170 and S.C. Regulation 136-040, to be employed in support of maritime homeland security missions in any Maritime Security (MARSEC) condition. Unless operational control is assumed by the U.S. Coast Guard, the use of these assets shall be controlled by the respective pilots in command of such vessels, and may include, but not be limited to, transportation for law enforcement boarding terms, surveillance and detection, surveys, logistics and other maritime domain awareness purposes.

Fiscal Impact Statement:

There will be no increased costs to the State or its political subdivisions.

Statement of Rationale:

Regulation 136-080 is added to ensure that every vessel subject to maritime pilotage receives a pilot on board.
