

5-4-11

Dear Govner Haley,

My name is Mary Grace Wingard. I'm in 3rd grade at RCES. We went on a trip to the State House and met you. You told us to get excited and get involved with the government, so I did. I'm trying to make collards the state vegetable. Here are 2 reasons...

1. Collards are grown in every county in the state.

2. Collards are grown year round.

Thank you for supporting my bill.

Your friend,

Mary Grace
