BUDGET AND CONTROL BOARD
2009-2010
REGULATIONS FOR REIMBURSEMENT FOR
TRAVEL AND SUBSISTENCE EXPENSES

The regulations contained herein are promulgated by the State Budget and Control Board.

P O L I C Y

These regulations apply to all employees of the State or any agencies thereof not otherwise specifically covered by law.

Travel and transportation at State expense will be authorized only when officially justified and by those means which meet State Government requirements consistent with good management practices.

A traveler on official business will exercise the same care in incurring expenses and accomplishing an assignment that a prudent person would exercise if traveling on personal business. Excess costs, circuitous routes, delays or luxury accommodations unnecessary or unjustified in the performance of an assignment are not considered acceptable as exercising prudence. Travel by commercial airlines will be accomplished in coach or tourist class, except where exigencies require otherwise. Transportation to and from points of arrival and departure will be accomplished by the most economical method.

It is the duty and responsibility of the respective department heads to insure compliance with these regulations.

D E F I N I T I O N S

PERMANENT PLACE OF EMPLOYMENT: The location of the place of activity where a State Employee is regularly assigned and performs work. The corporate limits of the city or town in which the employee's place of work is located. If an employee is not employed in an incorporated city or town, his permanent place of employment is the place of work.

RESIDENCE (ACTUAL): The fixed or permanent domicile of a person that can be reasonably justified as a bona fide place of actual residence.

MILEAGE ALLOWANCE: A rate per mile in lieu of actual expenses of operation of a privately-owned automobile. Certain restrictions and conditions are prescribed in these regulations about the allowable reimbursement amount.

- A. **Reimbursement** - Employees of the State of South Carolina or any agency thereof including employees and members of the governing bodies of each technical college while traveling on the business of the State shall, upon presentation of a paid receipt, be allowed reimbursement for actual expenses incurred for lodging.

The employee shall also be reimbursed for the actual expenses incurred in the obtaining of meals except that such costs shall not exceed \$25 per day within the State of South Carolina. For travel outside of South Carolina, the maximum daily reimbursement for meals shall not exceed \$32 per day.

It shall be the responsibility of the agency head to monitor the charges for lodging which might be claimed by his employees in order to determine that such charges are reasonable, taking into consideration location, purpose of travel, or other extenuating circumstances. Actual hotel/motel costs will be reimbursed for a single room rate or one-half the cost of the double room rate if shared with another State employee. A paid receipt must be attached to the employee's travel voucher.

- B. **Dependents Accompanying Employee** - If a dependent accompanies an employee on an authorized business trip, only those expenses which may be directly attributed to the employee may be reimbursed.
- C. **Reimbursements - Non-Legislative Members of Committees** - Non-Legislative members of committees appointed pursuant to Acts and Resolutions of the General Assembly whose membership consists solely of members of the General Assembly and other personnel who are not employees of the State of South Carolina shall be allowed subsistence expenses of \$35 per day while traveling on official business. Members of such committees may opt to receive actual expenses incurred for lodging and actual expenses incurred in the obtaining of meals in lieu of the allowable subsistence expense.

D. Reimbursements - Members of State Boards, Commissions or Committees - Members of state boards, commissions, or committees whose duties are not full-time and who are paid on a per diem basis, shall be allowed reimbursement for actual expenses incurred at the rates provided in paragraphs 1 and 10 of the Subsistence Section while away from their places of residence on official business of the State. One person accompanying a handicapped member of a state board, committee or commission on official business of the State shall be allowed the same reimbursement.

E. Subsistence Reimbursement - Supreme Court Justices - No subsistence reimbursement shall be allowed to a Justice of the Supreme Court or Judge of the Court of Appeals while traveling in the county of his official residence. When traveling on official business of said Court outside the county of his official residence, but within 50 miles of his residence, a Supreme Court Justice and a Judge of the Court of Appeals shall be allowed subsistence expenses in the amount of \$35 per day. When traveling on official business of said Court outside the county of his official residence, 50 or more miles from his residence, each Justice and Judge of the Court of Appeals shall be allowed subsistence expenses in the amount as provided for members of the General Assembly. The Chief Justice, or such other person as the Chief Justice designates, while attending the Conference of Chief Justices and one member of the Supreme Court while attending the National Convention of Appellate Court Judges, and three Circuit Judges while attending the National Convention of State Trial Judges shall be allowed actual subsistence and travel expenses.

Upon approval of the Chief Justice, Supreme Court Justices, Judges of the Court of Appeals, Circuit Judges, and Family Court Judges shall be reimbursed for actual expenses incurred for all other official business requiring out-of-state expenses at the rate provided in Method of Determining Reimbursable Expenses of this section.

F. Subsistence Reimbursement - Circuit, Family Court and Administrative Law Judge - No subsistence reimbursements are allowed to a Circuit Court, Family Court, or Administrative Law Judge while holding court within the county in which he resides.

While holding court or on other official business outside the county within 50 miles of his residence, a Circuit Court, Family Court, or Administrative Law Judge is entitled to a subsistence allowance in the amount of \$35 per day.

While holding court or on other official business at a location fifty miles or more from his residence, a Circuit Court, Family Court, or Administrative Law Judge is entitled to a subsistence allowance as provided for members of the General Assembly.

G. Mileage Reimbursement - When an employee of the State shall use his or her personal automobile in traveling on necessary official business, a charge to equal the standard business mileage rate as established by the Internal Revenue Service will be allowed. **However, the standard business mileage rate used in this calculation shall be the lesser of 50.5 cents per mile or the current rate established by the Internal Revenue Service.** Whenever State-provided motor pool vehicles are reasonably available and their use is practical and an employee of the State shall request to use his personal vehicle, a charge of 4 cents per mile less than the standard business mileage rate as established by the Internal Revenue Service will be allocated for the use of such vehicle. **However, the standard business mileage rate used in this calculation shall be the lesser of 50.5 cents per mile or the current rate established by the Internal Revenue Service.** Auto travel should be by the most direct route practicable, and substantial deviation from the distances shown by the current State Highway System Map of the South Carolina Department of Transportation should be explained. When more than one employee is traveling to the same location, the authorized number of automobiles should be limited to not more than one automobile to two people

A separate entry should be made for travel in the vicinity of a community or city. Only actual miles driven on official State business will be reimbursed.

Mileage between the employee's home and his or her place of employment is not subject to reimbursement. However, when an employee leaves on a business trip directly from his or her home, and does not go by the employee's headquarters, the employee shall be eligible for reimbursement for actual mileage beginning at his or her residence.

- H. Subsistence Reimbursement - Employment Security and Workers' Compensation Commissions - No subsistence reimbursement shall be allowed to a member of the Employment Security Commission or the Workers' Compensation Commission while traveling in the county of his official residence.

When traveling on official business of the Commission outside the county of his official residence, but within 50 miles of his residence, each member shall be allowed subsistence expenses in the amount of \$35 per day.

When traveling on official business (in state) of the Commission outside the county of his official residence, 50 or more miles from his residence, each member shall be allowed a subsistence allowance as provided for members of the General Assembly.

When traveling out-of-state, members may claim the established amount of per diem, as stated in the General Appropriation Act, or actual expenses as deemed reasonable by the Comptroller General.

- I. Reimbursement - Members of the General Assembly Serving on Committees - Members of the General Assembly serving on Standing Committees of the Senate and House of Representatives, Joint Study Committees created pursuant to Acts and Resolutions of the General Assembly and members traveling on official State business shall receive subsistence expense equal to the maximum allowable by regulation of the Internal Revenue code for the Columbia area.

Members may elect to receive actual expenses incurred for lodging and meals in lieu of the allowable subsistence expense

- J. Foreign Travel - Any travel outside the United States, Canada, and Puerto Rico. Any foreign travel of a State employee will be reported annually at the end of each fiscal year by the authorizing agency to the President of the Senate, the Speaker of the House, and the Budget and Control Board.

The following information is to be included in the annual reports. (a) name of State employee; (b) destination; (c) inclusive dates of the travel period; (d) purpose of the travel; (e) total cost of the travel; and (f) source of funds.

- K. Maximum subsistence for meals shall be determined in accordance with the attached schedule method of "Determining Maximum Subsistence."
- L. Per Diem - That the per diem allowance of all boards, commissions, and committees shall be at the rate of \$35 per day. Provided, that no full-time officer or employee of the State shall draw any per diem allowance for service on such boards, commissions, or committees.

Per diem is a daily fee given in lieu of an annual salary.

- M. These limitations may be made more restrictive by the agency director as dictated by agency requirements.
- N. Automobile Travel When Air Travel Is Most Economical Mode of Travel - The Appropriations Act states that transportation for official State business will be accomplished by the most economical method. Based on this, an employee who elected to drive his car for his convenience when more economical modes of travel are available is entitled to reimbursement for:
1. Mileage equal to the amount of coach or tourist airplane fare.
 2. Vicinity mileage incurred on official business in lieu of using a taxi
 3. Parking fees equal to that which would have been incurred if car had been parked at airport.
 4. Subsistence based on date and time airline connections would have been made for departure and return. Any period of time exceeding these guidelines would be at the employee's expense and no subsistence could be paid.

- O. Travel for Handicapped Employees: - The Appropriation Act states that transportation for official State business will be accomplished by the most economical mode of travel, due consideration being given to urgency, schedules and like factors.

We feel the above restricts handicapped employees to travel in the most economical mode of travel possible. However, a handicapped employee who is unable to use the most economical mode of travel due to his handicap may avail himself of the next most economical mode of travel available. In determining the next most economical mode of travel, the following items must be considered.

1. Cost of fare or mileage.
2. Subsistence expenses incurred due to extra days travel, if any
3. Lodging expenses incurred due to extra days travel, if any.
4. Other allowable expenditures incurred due to extra days travel, if any.

The cost figures used in determining the mode of travel must be attached to the disbursement voucher when it is submitted for payment.

The agency director of the employee's home agency must certify the employee is handicapped. He must also certify the employee was physically unable to use the most economical mode of travel.

Expenses at the same rates allowed to State employees will be authorized for attendants traveling with State employees if the travel is required by the job.

P. Method for Determining Subsistence

2009-2010
METHOD OF DETERMINING SUBSISTENCE OR SINGLE CALENDAR DAY TRAVEL

In determining the maximum amount of subsistence for meals which may be reimbursed, the following time schedule will be adhered to:

		AMOUNT PER MEAL		
If Departure Time Is:	And If Return Time Is:	In State Maximum \$25/day	Out-of-State Maximum \$32/Day	
1	Before 6.30 A.M	*1. After 11 00 A.M	*\$ 6.00	*\$ 7.00
		*2. After 1 30 P.M. (Lunch)	*\$ 7.00	*\$ 9.00
		*3. After 8 30 P.M. (Supper)	*\$12.00	*\$16.00

3.	11:00 A.M. or after and before 5.15 P.M	*1. After 8:30 P.M. (Supper)	*\$12.00	*\$16.00

2009-2010
METHOD OF DETERMINING SUBSISTENCE

FOR OVERNIGHT TRAVEL

When a State Employee is traveling in or out of the State on official State business, the following maximum reimbursement will apply:

1. The costs of meals will be reimbursed up to the maximum amount as provided for in the Single Calendar Day schedule. The time limitations for breakfast will not apply for overnight trips when returning early in the morning.
2. State employees who are required to perform their duties during the night shall be allowed reimbursement for breakfast even though their arrival time back to residence or headquarters occurs prior to 11:00 A.M. if the following conditions are met:
 - A. Employee must be in travel status (more than 10 miles from residence and/or headquarters).
 - B. Employee must be in travel status after 8:30 P.M. for a period of not less than six hours.
3. Actual costs for lodging will be reimbursed in accordance with current maximum lodging rates as established by the U.S. GSA. Any exceptions must have the written approval of the agency head. The single rate or one-half the cost of the double room rate if shared with another State employee will be reimbursed. A paid receipt must be attached to the employee's travel voucher.

Q. Special Rules**SPECIAL RULES**

*No reimbursement shall be made for meals within ten (10) miles of an employee's official headquarters and/or residence. Agency directors may increase this distance requirement as deemed appropriate.

Receipts for all expenditures, except taxis and meals, shall be attached to the voucher.

Employees required by their agency head, as a part of their official duties, to attend statewide, regional or district meetings within the area in which the employee is headquartered, may receive reimbursement for the cost of meals served at such meetings. If the cost of the meal exceeds the state allowance, receipts must be provided in order to receive reimbursement. At least 75% of those attending the meeting must be employees of other agencies or outside organizations. Meetings of boards, commissions, and committees are not considered statewide, regional or district meetings.

Law enforcement personnel who are assigned to escort the Governor and members of his family, state constitutional officers, and members of the State's congressional delegation shall be allowed reimbursement for actual meal expenses if their escort duty requires them to dine with the officials.

Paid motel and hotel receipts for lodging must be attached to the travel voucher when submitted for reimbursement.

No reimbursement for overnight accommodations will be made within fifty (50) miles of the traveler's official headquarters and/or residence.

*It shall be the responsibility of the agency head to monitor the charges for lodging which might be claimed by his employees in order to determine that such charges are following maximum lodging rates as established by the U.S. General Services Administration. Any exceptions must have the written approval of the agency head, taking into consideration location, purpose of travel or other extenuating circumstances.

MILEAGE

Mileage will be reimbursed at the lesser rate of 50.5 cents or the current standard business mileage rate established by the Internal Revenue Service. Whenever state-provided motor pool vehicles are reasonably available, mileage will be reimbursed at 4 cents less than the lesser of 50.5 cents per mile or the current standard business mileage rate established by the Internal Revenue Service. Employees are directed to use self-service pumps when fueling state-owned vehicles at commercial facilities.

Re: Request regarding SCDNR Flight Logs and SCDNR Aircraft

Dear Mr. Lundgren:

In response to the remaining questions you had in your request dated August 26, 2009, I offer the following:

1. Identity of the person at DNR who was customarily contacted by the Governor's office to request a DNR aircraft for the Governor.

MAJ John Watford, SCDNR Law Enforcement Division or the Agency Director's Office receives the requests for the Governor to fly on SCDNR aircraft.

The majority of these travel requests are made orally to MAJ Watford or to the Director's Office from the Governor's Office (Governor's Security Detail Leader) with some requests being made via email.

2. Any documents concerning authorization for DNR to provide air transportation to the Governor.

It is SCDNR's position that part of its mission is to provide security for the Governor and his family. SCDNR is a law enforcement agency with law enforcement officers assigned to the Governor's security detail. As part of this mission, SCDNR provides transportation (ground, air or water-borne) to the Governor, first family and Governor's staff, when flying with the Governor or first family, as requested through the Governor's Office. The authority to provide air transportation is Budget Proviso 89.27.

Re: Amended DNR Flight Log

Dear Mr. Lundgren:

In regard to your request of August 26, 2009 for information regarding flights the Governor has taken on DNR aircraft, attached please find amended Flight Log No. 8684.

In reviewing logs, it was noted that Flight Log No. 8684, which was sent to you previously, was inadvertently dated April 30, 2006 rather than the actual flight date of April 29, 2006. This correction has been made to our record and, therefore, I am sending a copy as a supplement to your previous request.

Should you have any questions, please do not hesitate to contact me at (803) 734-4006.

Sincerely,

A handwritten signature in black ink that reads "Tina M. Beard".

MEMORANDUM FOR RECORD

September 3, 2009

The South Carolina Department of Natural Resources Law Enforcement flight log number 8684, passenger flight, dated 4/30/06, was incorrectly dated. The flight actually took place on Saturday, April 29, 2006. It was brought to my attention recently upon reviewing the flight logs, and I have corrected the date and initialed the flight log to annotate the correction.

Re: Complaint C2010-020
 In the Matter of Governor Mark Sanford
 Your File No. 27049/1500

Dear Mr. Bowers:

During our investigation of the above-captioned matter, we have reviewed a total of 663 flights on state-owned aircraft by Governor Sanford and/or his family members. These flights are broken down by agency and reveal 628 flight legs on Division of Aeronautics aircraft between January 13, 2003 and October 15, 2009, and 35 flights on Department of Natural Resources aircraft between April 26, 2004 and August 26, 2009.

Part 1B of the General Appropriations Bill from Fiscal Year 2003 through Fiscal Year 2010 have provided in relevant part, "Any and all aircraft owned or operated by agencies of the State Government shall be used **only for official business**. The Division of Aeronautics and other agencies owning and operating aircraft may furnish transportation to the Governor, Constitutional Officers, members of the General Assembly, members of state boards, commissions, and agencies and their invitees for **official business only**." (Emphasis added) The specific proviso numbers have changed from year to year; however, the language has remained the same. The current provision is shown at Proviso 89.27 in the 2009-2010 General Appropriations Act.

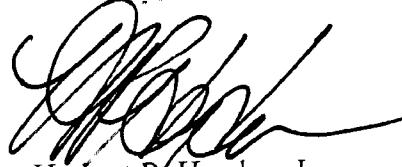

Of the flights reviewed, 53 are questionable and require explanation. Enclosed are copies, in chronological order, of the flight log and/or manifest and the Governor's calendar for that day.

Mr Karl S. Bowers, Jr.
October 22, 2009
Page 2 of 2

Please review each flight with your client and provide a written response explaining the "official business" which justifies the use of a state-owned aircraft for each questionable flight.

A response is required no later than November 2, 2009.

Sincerely,

Herbert R. Hayden, Jr
Executive Director

September 3, 2009

The South Carolina Department of Natural Resources Law Enforcement flight log number 8684, passenger flight, dated 4/30/06, was incorrectly dated. The flight actually took place on Saturday, April 29, 2006. It was brought to my attention recently upon reviewing the flight logs, and I have corrected the date and initialed the flight log to annotate the correction.

- MS needs to mention Sen. Greg Ryberg and thank him for his efforts to restrain spending in the budget. Specifically, Ryberg, along with Sen. (1500 Gateway, Greenwood, SC)

Attire: Coat and tie

Topic: Senate Budget

Media notified: Greenwood Index-Journal and the The Star and Beacon (Ninety-Six)

- Sens. John Drummond (D) and Billy O'Dell (R) represent Greenwood Co. MS needs to be careful about mentioning either by name and should probably temper his statements. Drummond is Pres. Pro Tem Emeritus of the Senate and has represented Greenwood Co. since 1967 - they love him in Greenwood. He is well-liked in the Senate and is given great deference due to the longevity of his service. If MS comes out to strongly or personally, it could backlash in Greenwood and the Senate, even with those on the Republican side of the aisle. While O'Dell did not help us on the budget, he has been helpful this session on several other fronts and is a loyal member of the caucus. He does not represent the City of Greenwood but has a significant portion of the county in his district. Again, MS should be careful in his statements due to the potential of a backlash, even among our friendlies in the Senate Caucus.

(2:05 PM - 2:35 PM) Depart for Laurens
(Greenwood, SC)
Michael Paul Thomas [REDACTED]

(2:35 PM - 3:05 PM) Business Stop: Verdin's Farm and Garden

Contact: Sen. Danny Verdin (owner) 864-984-4129
Attire: Coat and tie
Topic: Senate Budget
Media Notified: Clinton Chronicle, Laurens Advertiser, Simpsonville Times/Tribune, WLPG Radio and WFIS Radio
- Sen. Danny Verdin agreed to help get a roll call on the rebate amendment but was an uncertain going into the vote due to pressure threatening other legislation important to him. He voted against the tabling motion (FOR the rebate amendment) anyway, and got a hard time on the floor the next day for it. He also voted against "wish list" spending.

(3:05 PM - 3:50 PM) Depart for Anderson
(Laurens, SC)
Michael Paul Thomas [REDACTED]

(3:50 PM - 4:20 PM) Business Stop: Bryant Pharmacy
(1901 North Main Street, Anderson, SC)
Contact: Sen. Kevin Bryant 864-224-0711
Attire: Coat and tie
Topic: Senate Budget
Media Notified: WAIM, Anderson Independent Mail, The Journal (Williamston) and the News and Chronicle (Belton)
- Sen. Kevin Bryant introduced and argued for the rebate amendment. He introduced the TEA bill, led the fight on Jessica's Law, and voted against "wish list" spending (he also returned to the floor after he'd gone home to protect the Governor's and Atty Gen's CDV prosecutor money, but this doesn't need to be mentioned) He is a staunch supporter of the Governor and MS cannot say enough good things about him.
