Horry County Drug Court

We have two levels to our Drug Court. Our Level II is an 18-month program for clients that are facing more than 3 years in prison. This level has been active since August of 2005. In January of 2008 we added Level I. This level is designed to target clients that are facing less than 3 years in prison. We are targeting clients that may not have progressed as far into criminality.

Below are charts of our numbers. The first chart combines both levels and then each level is broken down. The charts are divided by year. For example, in 2005 we accepted 9 clients, out of those 9 clients, 8 were terminated and 1 graduated; in 2008 we accepted 46 clients, out of those 46 clients, 9 were terminated, 16 graduated and 21 are still active in the program.

Ms. Radeker-

The 11th Circuit Solicitor's Drug Court was the first Drug Court in the State of South Carolina. Since the inception of the program in 1996 to present (March 24, 2009) 957 cases have been referred. 607 (63%) of those cases were accepted into the program. Of the 607 accepted cases 219 (36%) have graduated, roughly 17 clients a year. According to a random sample of successful clients 76% had remained crime free.

I hope this data is helpful.

INTRODUCTION

Richland County Mental Health Court is a voluntary court diversion program originally funded by the Bureau of Justice Assistance and Richland County. The Probate Court of Richland County administers the Mental Health Court. The Administrative Order establishing the Richland County Mental Health Court was signed by Jean H Toal, Chief Justice, SC Supreme Court on June 26, 2003 and modified on November 21, 2005.

The Mental Health Court began accepting referrals from the Magistrate Courts on August 22, 2003 and from General Sessions Court on October 1, 2004.

PURPOSE

The Richland County Mental Health Court seeks to address the inappropriate involvement of mentally ill individuals with or without substance abuse in the criminal justice system, charged with misdemeanor and/or non-violent felony offenses, resulting mainly from untreated symptoms of psychiatric and co-occurring disorders. Treatment is obtained for the individuals through collaboration among the judicial, mental health and substance abuse systems. Judicial oversight ensures follow through.

- Able to understand the terms / conditions of the program

THE PROGRAM

Defendants for referral are identified at the time of arrest, at the bond hearing or at the trial. Referrals are accepted from the public, law enforcement, bond court judges, trial judges, solicitors, attorneys and mental health professionals.

Clinical assessments are performed by mental health professionals to identify defendants with mental illness.

Upon meeting eligibility criteria and acceptance into Mental Health Court, jurisdiction of the charges is transferred by the court system to Mental Health Court.

The participant from Magistrate Court agrees to a minimum of three (3) months to a discretionary maximum of twelve (12) months at the discretion of the Mental Health Court team, depending on the offense and the individual's progress. The participant from General Sessions Court agrees to a minimum of twelve (12) months to a maximum of time equal to the length of sentence or probation imposed.

Intensive case management and supervision is provided to the participant based on an individualized treatment plan developed for that individual. As treatment progresses, the participant will move to more traditional mental health services.
