## Fiscal Year 2016-2017 Accountability Report

### SUBMISSION FORM

<b>AGENCY MISSION</b>	<p>The mission of the Office of the Lieutenant Governor is to fulfill the state constitutional duties of the Office and the Lieutenant Governor's role as President of the Senate. As South Carolina's second highest ranking Constitutional Officer, the Lieutenant Governor provides leadership on legislative matters and public policy, and serves as the chief advocate for the state's senior citizens. In addition, the Lieutenant Governor's Office works to meet the present and future needs of seniors and to enhance the quality of life for seniors through advocating, planning, and developing resources in partnership with federal, state, and local governments, nonprofits, the private sector and individuals.</p>
-----------------------	--

<b>AGENCY VISION</b>	<p>The vision set forth by the Lieutenant Governor's Office allows for seniors and vulnerable adults to enjoy an enhanced quality of life, contribute to communities, have economic security, and receive supports necessary to age independently with choice and dignity.</p>
----------------------	--

Please select yes or no if the agency has any major or minor (internal or external) recommendations that would allow the agency to operate more effectively and efficiently.

<b>RESTRUCTURING RECOMMENDATIONS:</b>	<b>Yes</b>	<b>No</b>
	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Please identify your agency's preferred contacts for this year's accountability report.

## **AGENCY'S DISCUSSION AND ANALYSIS**

Kevin L. Bryant became South Carolina's Lieutenant Governor on January 25, 2017, when then Lieutenant Governor Henry McMaster was elevated to the Office of the Governor.

The Lieutenant Governor's Office and the Office on Aging work to meet the critical needs facing South Carolina's rapidly growing senior population through planning and advocacy, as well as by providing valuable federal and state resources to the 10 regional Area Agencies on Aging (AAAs) throughout the state.

### **Agency Organization**

#### Lieutenant Governor's Office:

Under the state constitution, Lieutenant Governor Bryant serves as President of the Senate and assumes the position of Governor if for any reason the Governor is unable to perform the duties of that office. Additionally, state law grants the Lieutenant Governor statutory authority to head the State Office on Aging, the agency responsible for the coordination of aging services in South Carolina. As reflected in the attached organizational charts, the Lieutenant Governor's Chief of Staff is Dr. Daniel Varat and Darryl Broome is the Director of the Lieutenant Governor's Office on Aging.

Because of a change to the State Constitution, effective with the 2018 gubernatorial election, wherein the Governor and Lieutenant Governor will be elected through a joint ticket, a decision on placement of the Office on Aging will be required. Currently, a bill to create a new Department of Aging under the Governor's authority is pending in the General Assembly and is being deliberated by a Conference Committee. If Senate Bill 107 passes, the Office on Aging will plan for an eventual move and transition in 2018.

#### **The Lieutenant Governor's Office on Aging (LGOA)**

The Older Americans Act (OAA) mandates each state have a federally designated State Unit on Aging (SUA). In South Carolina the Lieutenant Governor's Office on Aging (LGOA) is the federally designated State Unit on Aging (SUA). The OAA outlines the framework for the LGOA to coordinate programs and to administer federal funding

The OAA is the structural blueprint that provides programmatic and service development direction nationwide for the provision of essential aging programs and services. The OAA mandates national statutory requirements, but allows flexibility for each state to address its own specific challenges. Therefore, the OAA grants the LGOA (as the State Unit on Aging) the authority and the latitude to set policies best tailored to serve South Carolina's seniors, adults with disabilities, and vulnerable adults, as long as those policies are within the scope of the OAA.

The LGOA is responsible for administering all of the federal OAA funds allocated for the state, as well as state appropriated funds. Federal law requires the LGOA to allocate aging funds (through the federally approved Intrastate Funding Formula) to the 10 Area Agencies on Aging (AAAs). In addition, State Proviso 95.5 stipulates that all state funds appropriated for Home and Community-Based Services are to be allocated to the AAAs based on the methodology of the Intrastate Funding Formula. The AAAs use this funding for regional planning, resource coordination, client needs assessments, and oversight of a coordinated service delivery system. Through regional evaluations of met and unmet needs, the AAAs determine how aging funds are to be budgeted locally.

The OAA gives the AAAs legal authority to select regional service providers. Each AAA competitively procures with contracted providers for a wide range of aging services offered locally to seniors. Each AAA established legal contractual relationships with their respective county providers. The OAA (federal statute) prevents the LGOA from being involved in the local procurement of services.

With the state's aging population increasing significantly, the LGOA meets the OAA mandate to serve seniors, persons with disabilities, and vulnerable adults with the greatest social and economic needs, by advocating, facilitating,

<b>AGENCY NAME:</b>	<b>Lieutenant Governor's Office</b>		
<b>AGENCY CODE:</b>	<b>E04</b>	<b>SECTION:</b>	<b>95</b>

coordinating, educating, granting, and regulating, as well as providing critical funding for aging services and programming. The LGOA is also the clearinghouse for aging data and information, and serves as a think tank for planning and innovative ideas in order to meet the needs of seniors and adults with disabilities.

**Services provided through LGOA Funding**

The LGOA provides numerous resources and services to seniors and adults with disabilities in South Carolina. These critical services provide assistance that benefit seniors and adults with disabilities by allowing them to live at home independently and safely for as long as possible, thereby preventing costly institutional placement. Direct services provided through federal and state aging funds include rental assistance, legal services, respite care, caregiver support, nutrition, health promotion and disease prevention programs, transportation, homemaker services, minor home repair, and Long Term Care Ombudsman programs. Additionally, the LGOA offers insurance counseling, Medicare fraud prevention through the Senior Medicare Patrol program, and Information and Assistance/Referral (I&R/A) services.

**LGOA Strategic Planning**

In July 2016, the LGOA submitted its 2017 – 2021 State Plan on Aging to the U.S. Department of Health and Human Services (USDHHS), Administration for Community Living (ACL). The Plan was subsequently approved by the Assistant Secretary for Aging USDHHS. The State Plan guides the LGOA as it achieves its goals, established by a comprehensive strategic planning process. The agency's planning process is an ongoing activity, which evaluates the met and unmet needs of South Carolina's growing senior population.

**Lieutenant Governor's Office and LGOA Risk Assessment and Mitigation Strategies**

*In this subsection, the agency is required to identify the potential most negative impact on the public as a result of the agency's failure in accomplishing its goals and objectives. The agency also should explain the nature and level of outside help it may need to mitigate such negative impact on the public. Lastly, the agency should list up to three options for the General Assembly to help resolve the issue before it becomes a crisis.*

**Goal: Increase the aging network's capacity to provide person-centered services for seniors, adults with disabilities and their caregivers.**

- (1) Potential Most Negative Impact in accomplishing agency goals and objectives.
  - a. Aging services are meant to keep seniors actively engaged and living independently and safely at home for as long as possible. Failure to meet this goal could result in declining levels of health among the senior population and higher levels of costly institutionalization.
  - b. The LGOA partners with regional Area Agencies on Aging and locally contracted service providers to deliver aging services. This structure is mandated by federal law and is a requirement to receive aging funding from the United States Department of Health and Human Services, Administration for Community Living. As the federally designated State Unit on Aging, the LGOA disburses funds to the AAAs through the Intrastate Funding Formula. The AAAs, in turn, procure and/or provide services consistent with Title III services, with budgets allocated from the AAAs according to greatest need in each region. Potential statutory changes to the structure or mission of the agency could create conflicts with the mission of the Older Americans Act and risk the federal designation as the State Unit on Aging and future federal funds.
- (2) Outside Help to Mitigate Impact
  - a. Other state agencies such as the Departments of Health and Human Services and Social Services provide services to seniors but do not have the same federal mandates stipulated by the Older Americans Act.
  - b. Groups like Meals on Wheels and the Alzheimer's Association serve senior clients, but without the strict laws, regulations, and requirements the LGOA must adhere to in order to be the federally designated State Unit on Aging and to receive funding.
- (3) Options for General Assembly

<b>AGENCY NAME:</b>	<b>Lieutenant Governor's Office</b>		
<b>AGENCY CODE:</b>	<b>E04</b>	<b>SECTION:</b>	<b>95</b>

- a. Study impact of statutory changes to limit conflicts of interests that put the LGOA's federal designation as the State Unit on Aging and federal funding at risk.
- b. Establish protocols for human services agencies to share data and to cross reference clients to eliminate duplication and to promote efficiencies in systems.
- c. Work with the LGOA and South Carolina Aging Network partners when legislative actions are taken to relocate and restructure the Office on Aging.

**Goal: Advocate and intervene to prevent abuse, neglect, and exploitation of seniors and adults with disabilities.**

- (1) Potential Most Negative Impact in accomplishing agency goals and objectives.
  - a. Adherence to the Older Americans Act (OAA) and meeting the goals and objectives of the Long Term Care Ombudsman Program has no negative impact.
  - b. Failure to meet the goal and successfully perform the statutory requirements of the Long Term Care Ombudsman Program could negatively impact the health, safety, welfare, and rights of residents in long term care facilities.
  - c. Any statutory change to the structure or mission of the LGOA that conflicts with the Older Americans Act puts the LGOA's federal designation as the State Unit on Aging and its federal funds at risk.
- 2. Outside Help to Mitigate Impact
  - a. No other state agency has the authority to execute the functions of the Long Term Care Ombudsman Program under the Older Americans Act. The role played by the Ombudsman Program is unique and specifically mandated by federal law.
- 3. Options for General Assembly
  - a. Since state law mandated the inclusion of DDSN and DMH facilities as part of the Long Term Care Ombudsman Program's investigative responsibilities and because the number of long term care facilities is expanding, provide funding to insure adequate staff to meet these growing obligations.
  - b. Ensure that existing conflicts between the state code and the Older Americans Act are resolved. This includes amending state code 43-35-25 to clarify that Long Term Care Ombudsmen are not mandatory reporters. The Administration for Community Living has identified this as a conflict of interest and has instructed the LGOA to seek a legislative remedy to amend this statute.

**Restructuring Recommendations**

*In this subsection, if the agency responded yes to the Restructuring Recommendations box on the Submission Form, list the recommendation(s) for internal or law changes and address the need or reason for the proposed restructuring, provide any data to support the agency's reasoning and outline a plan to implement the restructuring recommendation(s).*

The Lieutenant Governor's Office on Aging (LGOA) does not make any restructuring recommendations in the Fiscal Year 2016 -2017 Accountability Report. However, because of a change to the State Constitution, the LGOA will likely have a change in structure by January 2019. Senate Bill 107 passed the Senate and House in 2017 and currently is pending in conference. If enacted into law, the Office on Aging will relocate to an independent Department of Aging, under the authority of the Governor. Any change to the structure of the Office on Aging must be in compliance with the Older Americans Act to ensure there are not any conflicts of interests impacting the agency's status as the federally designated State Unit on Aging, thereby maintaining future federal funding from the United States Department of Health and Human Services, Administration for Community Living.

**The LGOA's Key Challenges**

The LGOA and the statewide Aging Network face significant challenges, to include serving a rapidly growing senior population and the need for modernization and enhancement of a near-capacity statewide service delivery system. The state's senior population is projected to double by the year 2030.

<b>AGENCY NAME:</b>	<b>Lieutenant Governor's Office</b>		
<b>AGENCY CODE:</b>	<b>E04</b>	<b>SECTION:</b>	<b>95</b>

The statistics are as clear as they are concerning:

- 11.5% of South Carolina's seniors live in poverty.
- Middle-income seniors are increasingly unable to support themselves due to the rising costs of health and long-term care.
- Options for long-term care are not sufficient to provide for the current and growing need.
- Nearly 10% of South Carolina's seniors have Alzheimer's disease or a related disorder.
- One in 11 of South Carolina's seniors are at risk for hunger.
- South Carolina ranks third in the nation for food insecurities.

**2016 – 2017 LGOA Accomplishments**

- The Lieutenant Governor's Office on Aging submitted its four year State Plan on Aging to the Administration for Community Living (ACL) in August 2016. The plan, which was approved by the Assistant Secretary for Aging of the United States Department of Health and Human Services in October 2016 outlines the operations, mission, and strategic goals of the LGOA. The plan is required by federal law and agency funding is contingent on the plan's approval.
- By federal law, the 10 AAAs must submit four year Area Plans to the LGOA for approval. Area plans were submitted on April 28, 2017 and LGOA staff conducted a comprehensive review of each regional plan. The approved plans are effective from October 1, 2017 through September 30, 2021.
- In Fiscal Year 2017, the LGOA moved the client assessment process from the provider level to the Area Agencies on Aging (AAA), embracing a holistic, person-centered approach to aging services. Formal training was provided to the assessors and AAA directors, as well as identified LGOA staff, through a contractual agreement with Clemson University, Youth Learning Institute. Additionally, a new client assessment tool was adopted in conjunction with this initiative. As of July 1, 2017 all assessments are conducted at the AAA level. While the policy didn't officially start until the new fiscal year, the response from the regional AAAs has been overwhelmingly positive, including information on the expansion of services to clients based on a comprehensive assessment of the client and his/her needs. Client needs both within and outside of those services available through the Aging Network are addressed, tracked and referred to the appropriate resources.
- The LGOA staff played a critical role providing services to South Carolina's older adults during Hurricane Matthew. Before, during, and after the emergency period, the LGOA held daily conference calls with its 10 Area Agencies on Aging (AAAs) and with Region IV staff at the Administration for Community Living (ACL). During the emergency, the LGOA supported the South Carolina Emergency Management Division, with LGOA employees staffing the SCEMD's Essential Support Function (ESF-6) for mass care. After the hurricane, LGOA staff and the 10 regional Information and Referral/Assistance (I&R/A) Specialists worked closely with the Federal Emergency Management Agency (FEMA) and other disaster relief organizations to assist seniors.
- Over 600 older South Carolinians attended Senior Citizen Day at the South Carolina State House on May 4, 2017. The event, held to recognize "Older Americans Month," featured over 20 vendors and senior resources, optional health screenings and immunizations, educational presentations, entertainment, and lunch. The LGOA's partners, including Walgreens, AARP, and Blue Cross Blue Shield sponsored the event.
- Through partnerships with Walmart and Walgreens, the LGOA's 2016 Holiday Initiative adopted residents living in an upstate Optional State Supplement Facility.
- The LGOA collaborated with Harvest Hope, AARP, and The Electric Cooperatives of South Carolina for ways to partner in order to provide additional benefits to South Carolina seniors.
- The LGOA Participated in the South Carolina State Fair on "Senior Day" sponsored by AARP, an opportunity to reach over 1,000 seniors with information on our office's programs and services available through the network.
- The "Tail Wagging" pet program continued to distribute pet food and educational materials, and provided veterinarian services to senior citizens with pets during Fiscal Year 2016-2017. The program is active in three regions including Central Midlands, Trident, and Appalachia. Approximately 2,725 pounds of donated pet food was distributed last year. Partners include: The South Carolina Association of Veterinarians; Harvest Hope Food

<b>AGENCY NAME:</b>	<b>Lieutenant Governor's Office</b>		
<b>AGENCY CODE:</b>	<b>E04</b>	<b>SECTION:</b>	<b>95</b>

Bank, Grace Animal Hospital and Pet Lodge; South Carolina Revenue and Fiscal Affairs Office; Women's Club of the Midlands; Pawleys' Front Porch; the Columbia Fireflies; Monroe's Mighty Mission; Homeward Bound; and Richardson's Rescue.

- The Veterans Directed Home and Community-Based Services program was expanded to include the Appalachian region. The program is also operating in the Santee-Lynches and Trident regions.
- Partnered with the Alzheimer's Association for Longest Day events, including a day-long walk at the statehouse.
- The Anderson Interfaith Ministry and the ARC of South Carolina received ElderCare Trust fund grants in 2017. Established in 1992, the ElderCare Trust Fund was created to support programming that helps seniors stay in their homes and lead productive lives. The Program is funded primarily through voluntary tax-payer contributions made through the SC Check-Off Program on state income tax returns and direct contributions. Since its inception, the ECTF has awarded over \$400,000 to more than 30 non-profit organizations statewide.
- Dr. Feneisha Franklin was the recipient of a Geriatric Loan Forgiveness Program award in 2017. For twelve years the Geriatric Loan Forgiveness Program has been incentivizing physicians specializing in the fields of geriatrics and geriatric psychiatry to practice in South Carolina by helping them repay their student loans. In exchange for the commitment to practice in South Carolina for at least five years, qualified doctors can receive as much as \$35,000 to repay their loans for medical school. Since its inception, the program has awarded over \$600,000 to 25 geriatric physicians and geriatric psychiatrists who have served over 10,000 seniors.
- Seven Permanent Improvement Project (PIP) grants were awarded in 2017. Recipients included the City of Aiken, Darlington County Council on Aging, Newberry County Council on Aging, Allendale County Council on Aging, Lexington County Recreation and Aging Commission, Middle Tyger Community Center, and the Town of Honea Path. The PIP program was authorized in 1994 to build, renovate, or enhance senior centers.
