The State of South Carolina

Military Department

Office of the Adjutant General

ROBERT E. LIVINGSTON, JR.

MAJOR GENERAL

THE ADJUTANT GENERAL

I NATIONAL GUARD ROAD COLUMBIA, S.C. 29201-4752

December 12, 2017

The Honorable Gary E. Clary, Chairman South Carolina House of Representatives House Legislative Oversight Executive Subcommittee Post Office Box 11867 Columbia, SC 29211

Dear Representative Clary:

Thank you and the other members of the Subcommittee for providing an opportunity for the leadership from the SC Military Museum, SC Youth Challenge, STARBASE Swamp Fox, and South Carolina Emergency Management Division to discuss with you information about their outstanding organizations.

The Agency respectfully submits the following response to your letter dated November 29, 2017, Subject: Follow-up from Subcommittee's November 20, 2017 meeting with the agency:

Employee Satisfaction/Morale Surveys

1. The agency mentioned it is utilizing a climate survey of its military personnel to develop a similar survey for state civilian personnel. When the agency finishes developing this survey, would it share the format and process with other state agencies who may wish to utilize a similar format for their agency personnel?

Once the Officer of the Adjutant General/SC Military Department develops its combined military/civilian climate survey, the Agency would gladly share the format and process with other State Agencies who may wish to utilize a similar format for their agency personnel pending authorization by the Defense Equal Opportunity Management Institute (DIOMI) to release the survey format to non-DoD affiliated organizations.

Youth ChalleNGe

2. Please provide options for potential deadlines for school districts to submit necessary documents related to students who drop out of the school, which may enable Youth ChalleNGe (YC) to run more efficiently.

Cadets cannot be dual-enrolled in Youth Challenge and a school district. Youth Challenge requires submission of the withdrawal forms from the cadets' former school districts by the registration day of the cycle. The Program informs parents that the withdrawal forms are required before their child can enroll in Youth Challenge.

- 3. Please provide the following information for each of the last three years:
 - a. Number of students, by county, in YC;

See attached file "Youth Challenge Program by County – 2015-2017"

b. Number of students, by county, referred to YC as an alternative sentence;

The Program is unable to provide accurate information on this area. Because the Youth Challenge program is a volunteer program, students cannot be referred, ordered or sentenced to attend Youth Challenge. The Youth Challenge program can only accept applicants based on program guidelines and policies and applicants have to agree to follow the guidelines and policies before being accepted.

The Program has no way to know if the Applicants are court involved unless the Applicant voluntarily shares their involvement with law enforcement and/or the juvenile justice system at the time of the interview or gives Youth Challenge written consent to request information. The program receives applications each cycle from potential applicants involved in the juvenile justice system who were given the option to apply and interview for enrollment at Youth Challenge.

Out of the 636 graduates over the last three years, 224 were identified during their time in the program as having had involvement with law enforcement and/or the juvenile justice system.

c. Number of students referred to YC as an alternative sentence that did not complete or were otherwise removed from the program resulting in a referral back to the juvenile justice system;

Not tracked. Once a cadet is referred out or dismissed from Youth Challenge for any reason (e.g., medical, non-compliance, homesick, etc.), the cadet is released to the parent/guardian. No further contact is required or maintained by Youth Challenge per the established guidelines and policies. In addition, the Program has no way to know if the Applicants were court involved unless the Applicant voluntarily shared their involvement with law enforcement and/or the juvenile justice system at the time of the interview or gave Youth Challenge written consent to request information.

d. Base student cost that is transferred from the students' current school district, to the school district in which YC operates.

Because it is aligned with the Richland School District One Adult Education Program, neither Youth Challenge nor Richland School District One receives funds from the students' previous or current school districts. Unlike SC DJJ's Birchwood High School or one of the 12 alternative public schools in South Carolina, the SC Youth Challenge Academy is not recognized as a certified high school. The Program provides its educational programs through a partnership with the Richland One School District Adult Education Program.

Because the SC Youth Challenge program is restricted to youth between the ages of 16-18 (normal high school age) and its educational programs are focused on GED preparation and technical training (in line with programs offered by DJJ), the Agency recommends the Legislature put in place an exception to allow the funding which would normally follow the student to other high school-level alternative programs to also follow the students to the Youth Challenge Program (i.e., Adult Education).

4. Please provide the data YC submits to the federal government related to the program's performance.

The only data the Youth Challenge program provides to the National Guard Bureau (NGB) on a regular schedule are the Youth Challenge Quarterly Reports which have been provided by the Agency (see -

http://www.scstatehouse.gov/CommitteeInfo/HouseLegislativeOversightCommittee/A gencyPHPFiles/AdjutantGeneral.php). Other information provided to NGB is done on an "as requested" and/or "as needed" basis.

SC Emergency Management Division (EMD)

5. Please provide a list of "off the shelf" contracts currently available to EMD.

See attached file "SCEMD - Off-the-Shelf Contracts"

6. Please provide a list of events (e.g., nuclear, hurricane, etc.) for which EMD currently has plans available.

SCEMD provides public access to all its plans. They can be found on its website at http://scemd.org/planandprepare/plans.

See attached file: "SCEMD - Disaster Procurement Activity - as of 22 Nov 2017"

Thank you for your attention to this letter. If you should have any questions, please feel free to contact either myself or Mr. Ken Braddock, Chief of Staff for State Operations, at (803) 299-4445, or braddockk@tag.scmd.state.sc.us.

Sincerely,

Robert E. Livingston, Jr. Major General, SCARNG The Adjutant General
