AGENCY'S DISCUSSION AND ANALYSIS

Vision

The South Carolina Military Department is an *extraordinary, community-based organization* – ready to execute its mission today, with a *relevant* force structure, composed of *resilient* Service Members, Employees, and Families, who are *responsible* to our Nation, Communities, Families, Soldiers, and Airmen.

Values

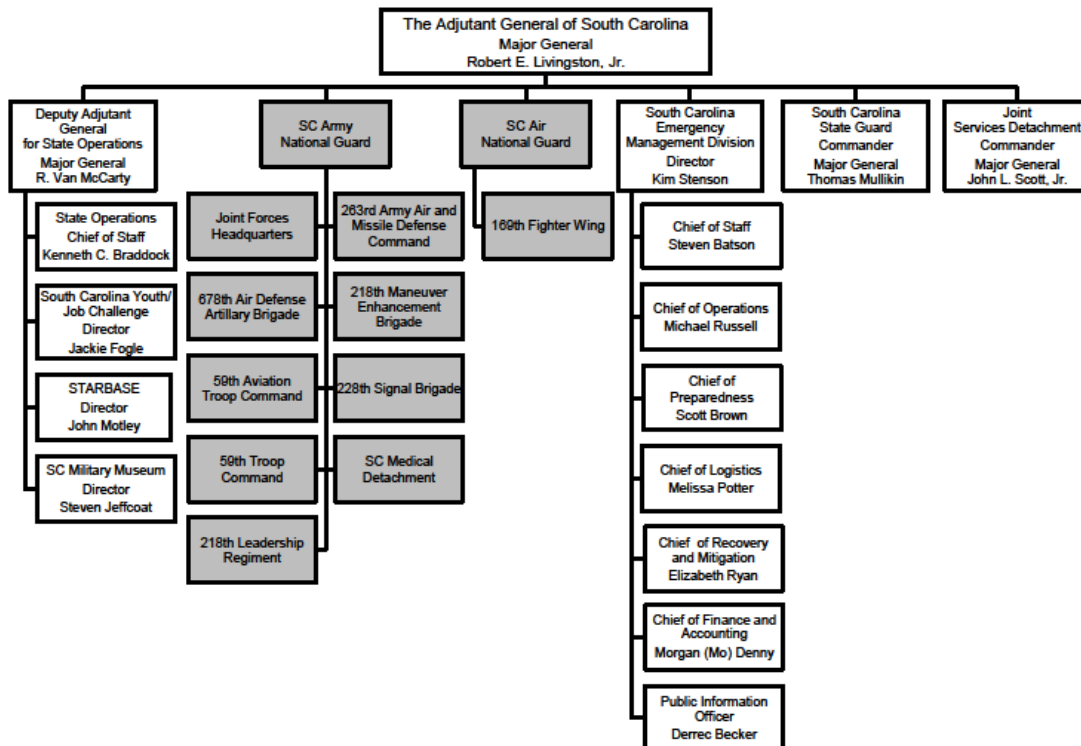

S.C. Army National Guard: Loyalty, Duty, Respect, Selfless-Service, Honor, Integrity, Personal Courage

S.C. Air National Guard: Integrity First, Service Before Self, Excellence in All We Do

Goals

The goal of the Office of the Adjutant General and S.C. Military Department is to sustain an extraordinary organization, consisting of Army, Air and State Operations, in support of the State and its communities, not only in times of emergency but also in the daily activities of communities and their citizens. The agency continued to meet this goal in FY 2016-17, both in terms of overall-mission readiness and service to the citizens of South Carolina. Aligned with its strategic plan, Palmetto Horizon 2018-2023, the S.C. Military Department continued working toward the achievement of the organization's strategic goals:

- 1) Grow the South Carolina Army National Guard to 10,000 Soldiers with relevant force structure
- 2) Set the conditions to gain a Brigade Combat Team
- 3) Ensure joint and relevant force structure at McEntire Joint National Guard Base
- 4) Establish a consolidated joint, interagency, intergovernmental, multinational Emergency Operations Center concept of operations
- 5) Provide for the safety, health, and wellbeing of the citizens, residents, and visitors of the State of South Carolina

A. Risk Assessment and Mitigation Strategies:

As it pertains to The State of South Carolina, the most negative impact on the public would occur if the Office of the Adjutant General failed in its responsibilities for Emergency Management and the provision of emergency management support and coordination. Within these areas, the main concerns are the ability to execute early or timely alerts and warnings, and the risk of complex disasters either exceeding or exhausting the Agency's resources or capabilities.

In the area of alerts and warnings, the Agency is dependent on State and Federal agencies, counties, and organizations to collect and provide timely information and alerts to the State for dissemination and decision-making. Short or no-notice events (e.g., earthquakes, train wrecks, chemical spill, etc.) could initially result in a slower, less coordinated response. Additionally, delays or reluctance in decision-making at the local, county, State or Federal levels would negatively impact the Agency's (and State's) ability to provide timely and effective response and support. The Agency continues to mitigate this challenge by utilizing multiple strategies. State-level exercises and drills incorporate exercise of established alert and warning systems, as well as working with county and State agencies and leadership to incorporate them into the decision-making aspects of the exercises. SCEMD continues to exercise and validate their communications, and alert and warning systems with the counties, State and Federal agencies. The SEOC continues to expand its use of social media and established media channels to message and inform the public.

The SEOC is the State's coordination center for response and initial recovery actions for disasters or multi-county events, and the National Guard provides available support to State agencies and counties after all other county and State resources or avenues have been exhausted. This means if the National Guard does not have or has exhausted its resources, there would be no other means readily available within the State. In the event of extremely large or complex event, there is the potential for the resource requirements or length of response actions to exhaust both SEOC and National Guard personnel and resources, or to require resources exceeding the Agency's ability or availability. The Agency utilizes multiple, established, and well exercised strategies to mitigate this challenge. FEMA can provide access to Federal resources to assist the State once it has exhausted its resources. In addition, through the Emergency Management Assistance Compact (EMAC), the State and the National Guard can receive state-to-state assistance in both personnel and resources. The Agency effectively utilized these methods during the 2014 Ice Storm, 2015 Severe Weather Event, Hurricane Matthew, and Pinnacle Mountain Fire.

In response to these areas, the Agency recommends the Legislature take action in three areas:

- Promote and support the participation of county emergency management agencies and State agencies in State-level drill and exercises. This would provide the opportunity to exercise communications and decision-making systems, and increase and reinforce familiarity at all levels with emergency management systems and processes.
- Ensure the State Emergency Management Program is adequately funded. Federal Emergency Management Program Grants (EMPG) currently funds almost 50% of SCEMD's budget. By Federal policy, SCEMD passes at least ½ of the grant funds it receives through the EMPG Program to county programs with the counties receiving allocations ranging from \$52,862 to \$95,917. The initial Federal FY2018 budget proposed a 20% cut in EMPG funding which equated to greater than \$1M reduction in funding to SC. This would reduce county grants by more than \$12,000 on average. Reductions could eliminate or reduce county Community Emergency Response Team funding, reduce hurricane guide distribution, restrict travel, exercises, and training, and eliminate selected FTEs. The last 3 major disasters clearly indicate the need for a strong, robust State and local level emergency management system of which EMPG is the key to maintaining the required operational capability.
- Be prepared to provide financial assistance to counties and State agencies in the event Federal funding is not available. An event whose size or level of damage that does not meet the threshold for a Federal declaration has the potential to have significant physical and financial impacts on county and local governments, and State agencies' budgets. In addition, indications from FEMA are the Federal government is moving toward reduced disaster funding and reduced Federal matching for future events. Neither counties nor State agencies are in the position to absorb the increased costs.

B. Restructuring Recommendations: None

AGENCY SUMMARY

South Carolina Emergency Management Division (SCEMD)

SCEMD again demonstrated its ability to meet and exceed mission requirements. The Division served as the State Coordinating Agency when Hurricane Matthew struck South Carolina. Hurricane Matthew was the first hurricane to make landfall in SC since Hurricane Gaston in 2004, and caused the largest amount of damage to the State since Hurricane Hugo in 1989. In addition to Hurricane Matthew, the Division also coordinated resources for the Pinnacle Mountain Fire, the largest and costliest forest fire in State history, as well as conducted a State Full-Scale Exercise in March 2017. While responding to Hurricane Matthew and the Pinnacle Mountain Fire, the Division continued to support recovery efforts from the 2014 Ice Storm and the 2015 Flood Event. The Division continues to process eligible Federal damage estimates for the three disasters under the Stafford Act totaling more than \$1 billion in Individual Assistance, Public Assistance, and Hazard Mitigation. While Recovery and Mitigation program staff continued to address short, intermediate and long-term needs, the Division refocused and continues to prepare for the next challenge by addressing lessons learned and best practices.

Hurricane Matthew

Hurricane Matthew made landfall as a Category 1 Hurricane with 75 mph winds on 8 October 2016, near McClellanville. Hurricane Matthew was a threat as both a Tropical Cyclone event and a riverine flooding event. The entire coast line is damaged by storm surges, downed trees and major flooding, and SC’s coastal and inland communities are inundated by as much as 15 inches of rain. In response, SC executed a successful lane reversal and evacuation, and opened more shelters and sheltered more people than any event in the last 25 years. Hurricane Matthew was the 3rd major disaster for South Carolina in three years, to include the 2014 Ice Storm and the 2015 Flood Event.

The State Emergency Operations Center (SEOC) was activated for 16 days as the State’s coordination center for Response and initial Recovery activities. The SEOC responded to 817 resource requests which included requests for helicopter support, mass casualty response assistance, bus support, water rescue teams, incident management teams, debris management and damage assessment expertise, and recovery assistance to include both individual and public assistance support. The SEOC also coordinated Emergency Management Assistance Compact (EMAC) support from North Carolina, Louisiana, Tennessee, Washington, Maryland, Pennsylvania, Alabama, Alaska, Kentucky, and Ohio. In coordination with the Governor’s Office, Adjutant General’s Office, FEMA, and local governments, State Public Information Officers coordinated media availabilities and advisories, news releases and fact sheets. SCEMD’s website and social media channels became the focal point for agencies to share information with the media and the public. The State’s Public Information Phone System (PIPS) operators answered more than 16,500 calls from people with questions about the ongoing emergency.

SCEMD continues coordination with disaster recovery partners in support of local recovery efforts for residents, local governments and private organizations to ensure assistance is available to everyone eligible throughout the State. SCEMD’s Private-Sector Group processed more than 1,000 business requests for post-disaster reentry, and provided daily updates to over 1,100 commercial entities throughout the response, and initial stages of recovery. The Individual Assistance (IA) team worked with FEMA to open nearly two dozen Disaster Recovery Centers throughout the State. The IA program worked with the voluntary organizations to help disaster survivors find solutions to unmet needs. The IA staff continues to coordinate relief efforts with local long-term recovery groups and the State’s crisis counseling teams. The Public Assistance (PA) program is currently working with more than 230 applicants for federal reimbursement for debris removal, emergency protective measures, and the repair, replacement, or restoration of disaster-damaged, publicly owned facilities and the facilities of certain private, non-profit organizations.

Pinnacle Mountain Fire

The 2016 Pinnacle Mountain Fire was the largest, longest and costliest mountain fire in State history. The fire was ignited by an escaped campfire in Table Rock State Park in Pickens County on 9 November, and destroyed 10,623 acres of forest by the time it was controlled on 16 December. During the fire, SCEMD provided coordination of State assets and support to the SC Forestry Commission, and Pickens and Greenville counties.

The rugged terrain, and the length and complexity of the firefighting effort required the SC Forestry Commission to request external assistance. More than 25 local, State and federal agencies responded, including local fire and Emergency Management, U.S. Forestry Service, SC and Georgia National Guards, SC

Department of Parks, Recreation, and Tourism, SC Department of Natural Resources, Greenville Watershed, and others. Many out-of-state resources were also utilized, including an Incident Management Team from Utah, hand crews and overhead personnel from many western states, and fire suppression aircraft. These included aircraft from the SC and Georgia National Guards, and the use of CL-415 Amphibious Water-Scooping airplanes on contract from the US Forest Service. These aircraft dropped more than 3 million gallons of water on the fire during the firefighting efforts. As a result, no lives were lost and no homes were damaged by the fire.

2016-2017 SCEMD Highlights:

- SCEMD monitored all tropical cyclone activity in the Atlantic Basin during the 2017 Hurricane Season. In addition to Hurricane Matthew, SCEMD responded to Tropical Storms Bonnie, Colin and Julia, and Hurricane Hermine. Tropical Storms Bonnie and Colin generated State-level support due to flash flooding in the Lowcountry, specifically Jasper County. The SEOC activated for Hurricane Hermine due to potential overland impacts as the storm came north from the Gulf Coast.
- Conducted planning workshops as well as conducted comprehensive planning with Federal, State, local, tribal, and non-governmental agencies to enhance planning inputs to support the revision and update of the SC Emergency Operations Plan (SCEOP), to include the Basic Plan and Annexes. The SCEOP and all its subcomponents are publically available through the SCEMD Website to ensure ease of access for County Emergency Management, emergency responders, and the general public.
- Conducted a FEMA evaluated Radiological Emergency Preparedness (REP) exercise at Oconee Nuclear Station and participated in the annual Savannah River Site (SRS) evaluated exercise. State agencies, surrounding counties, and the State Emergency Response Team (SERT) participated in these exercises.
- Conducted the State Full-Scale Earthquake Exercise with SCEMD’s partners, as well as conducted the SERT and Governor’s Hurricane Exercises.
- Coordinated and presented 41 training events and trained more than 927 personnel.
- Developed, coordinated, and/or participated in 89 exercises involving more than 2,153 participants. These exercises included 5 Seminars, 39 Workshops, 18 Drills, 12 Tabletop Exercises, 6 Functional Exercises and 8 Full-Scale Exercises.
- Conducted dam failure analysis for each of the Federal Energy Regulatory Commission (FERC) high-hazard dams using utility-provided dam failure inundation maps to determine direct and indirect effects onto the State’s infrastructure. This process establishes the foundation for helping impacted counties identify evacuation zones, traffic control points, diversion routes, and potential shelter locations.
- Coordinated the State’s participation in the SC Earthquake Awareness Week to include the State’s participation in the “Great Southeast Shakeout” event. Academic institutions and areas not impacted by the effects of Matthew provided the target audience for the information-sharing and exercise participation.
- As a member of the SC Cyber Security Working Group, SCEMD assisted in developing the S.C Critical Infrastructure Cyber Security Strategic Plan. The Division continues to integrate and share information across several key organizations to enhance understanding of current and emerging threats.

South Carolina National Guard Hurricane Matthew Response and Recovery (October 2016)

Upon receipt of the Governor’s State of Emergency Declaration on 4 October 2016, the South Carolina National Guard (SCNG) began prepositioning equipment and personnel in preparation for State Active Duty, stood up the Joint Operations Center (JOC) and the Air Cell for ESF-1 (Transportation), and augmented ESF-19 (Military Support). Beginning 5 October, the SCNG activated approximately 2,000 Service Members, and began moving equipment and personnel to critical areas throughout coastal region. Elements of the SCNG provided support to the SC Department of Public Safety, local law enforcement, and first responders to assist with the coastal evacuation of approximately 350,000 coastal residents by manning checkpoints and conducting aerial recon.

By 9 October, over 2,900 members of the SCNG and the SC State Guard had responded to requests for assistance and recovery along the SC coast. In response to EMAC requests, Search and Rescue helicopter teams from the National Guards of Pennsylvania, Maryland, North Carolina, Tennessee, and Louisiana began to arrive in South Carolina to provide assistance as needed.

From 10 October until 2 November, the SCNG executed Response operations that included 2,800 Army National Guard Soldiers, 50 Air National Guard Airmen, and 90 State Guard Members. These operations included 25 air search and rescue missions, 54 high-water vehicle rescues, transporting and providing more than 150,000 gallons of water and 33 pallets of meals, clearing 4,230 cubic yards of beach sand and 1,052 miles of roads,

AGENCY CODE:	E240	SECTION:	100

hauling of 922,000 pounds of sand, and transporting of 461 pallets of sandbags. In addition, the SCNG provided a dedicated liaison to 17 County Emergency Operations Centers.

South Carolina National Guard Pinnacle Fire Response (November 2016)

On 9 November 2016, a wild fire originated in Table Rock State Park, threatening people and structures in Pickens and Greenville County. Beginning on 10 October, the SCNG responded to a request for assistance from the SC Forestry Commission with helicopters from the SC Army National Guard (SCARNG) equipped with water buckets. After an exhaustive effort, the SCNG recommended requesting EMAC support. The Georgia National Guard responded with an additional aircraft to supplement the operations on 26 November. By 30 November, the fire was mostly contained and the Incident Commander requested an end to SCNG aviation support operations. During the period of the operation, the SCNG helicopters and crews conducted 2,175 bucket drops, dropped 2,991,160 gallons of water, and flew 276.9 hours.

South Carolina National Guard Winter Storm Response (January 2017)

The SCARNG conducted a winter weather response in support of State agencies in January of 2017. In response to the Governor's State of Emergency Declaration and requests from the SC Department of Public Safety, the SCARNG provided three (3) Vehicle Removal Teams (VRT) to assist in response to anticipated hazardous extreme winter weather conditions.

South Carolina Army National Guard (SCARNG)

The core mission of the SCARNG is to generate mission/combat ready units able to fulfill both the Federal and the State missions; specifically its three main competences are emergency preparedness/ homeland defense, quality Soldier and Family support system, and innovative technological application. The SCARNG's goal is to ensure relevance through the adaptation of its force structure to the challenges of the 21st century.

The 43rd Civil Support Team (CST) is a key element of the SCNG's program to provide Defense Support to Civil Authorities (DSCA) in the event of an incident involving weapons of mass destruction. Established in 2000, the 43rd CST provides Chemical, Biological, and Radiological assistance to Federal, State, Tribal and local law enforcement throughout South Carolina. The 43rd CST conducted a total of 143 missions in FY16-17 and provided support to various agencies to include the FBI, SC Law Enforcement Division (SLED), the police and fire departments of Charleston, Myrtle Beach, North Myrtle Beach, Greenville, and Anderson, as well as Clemson University and the University of South Carolina.

The SCARNG's Governor's Counterdrug Task Force partnered with State and local law enforcement in the seizure of drugs, currency, weapons, and vehicles totaling \$43,970,041 in 2016-2017. The Task Force supported law enforcement agencies with management of required equipment, and preparation of various operational and financial reports and briefings. The unit provided assistance with Link Analysis, Document Exploitation, Commodity-Financial Analysis, and Case Construction to Agencies including the FBI, DEA, SLED, 15th Circuit Court Drug Enforcement Unit, and the Sheriff's Offices of Greenville, Richland, Lexington, and Charleston Counties. The Task Force provided domestic cannabis suppression and eradication operation support to SLED, as well as reconnaissance and observation of airspace, maritime or surface areas for illegal drug activities.

The S.C. Helicopter Aquatic Rescue Team (SC-HART) is a collaborative effort between the State Urban Search and Rescue Task Force (SC-TF1), SC Emergency Management Division, and SCARNG aviation units based at McEntire Joint National Guard Base. SC-HART responds to requests requiring helicopter rescue capabilities on an on-going basis. These capabilities include land and water based hoist operations. SC-HART can respond to swift water and mountain conditions for both ambulatory and non-ambulatory emergency situations. SC-HART conducts missions in conjunction with rescue swimmers, all of whom have completed the 80-hour Helicopter Rescue Technician Class that meets USCG Rescue Swimmer standards.

The SCARNG and Greenville Technical College's Aircraft Maintenance Technology Program provides increased capacity for training FAA Certified aircraft maintainers. The Program will more than triple Greenville's Tech's current capacity thus supporting South Carolina's increasing aerospace industry needs. Also, the Program is an enterprise solution for the Army National Guard's requirement to train UH-72 Lakota helicopter mechanics to FAA certification standards.

The SCARNG continues to work closely with the SC Forestry Commission to increase capacity for Aerial Wildfire Fighting operations. SCARNG helicopters and crews proved essential in battling the recent Pinnacle Mountain Fire, working at the direction of the Forestry Commission's Incident Commander. Continued development of this

AGENCY NAME:	Office of the Adjutant General		
AGENCY CODE:	E240	SECTION:	100

partnership to develop in both capability and capacity is paramount with forecasted increases in wildland fires over the next 3-5 years.

During the reporting period, the SCARNG completed or processed 27 equipment fieldings. The SCARNG fielded Strategic Mission Command platforms for Commander Situational Awareness, logistical systems to assist units in self sustainment of perishable supplies, multiple signal systems to increase displaced connectivity, upgraded Chinook Helicopters, and heavy scrapers to increase Engineer horizontal construction capabilities.

Approximately 461 Soldiers with the SCARNG were deployed or returned from overseas deployment since July 2016. These deployments include smaller sized teams, such as two-Soldier Chaplain Detachment which completed its mission in Dec 2016, to larger elements deployed for operational support, for example 47 Soldiers from the 151st Expeditionary Signal Battalion who deployed to the Horn of Africa in September 2016, 123 Soldiers from the 131st Military Police Company who deployed to Guantanamo Bay, Cuba in October 2016, and 142 Soldiers from the 742nd Maintenance Company who deployed in February 2017 to Poland and Romania.

Approximately 5.0% of the SCARNG was engaged worldwide in 9 different countries to include Afghanistan, Kuwait, Qatar, Germany, Romania, Poland, Italy, Africa, and Guantanamo Bay Cuba. In addition to overseas deployments, the SCARNG brought unmatched capability, response, and expertise to Homeland Defense operations within the continental United States. Missions supported included the South West Border Mission, and the National Capital Region Air Defense Mission.

South Carolina Air National Guard (SCANG)

The SCANG’s 169th Fighter Wing is the U.S. Air Force’s premier fighter wing and provides Combatant Commanders with world-class combat capability to meet the nation’s needs for contingency and general war requirements. The 169ths Federal mission is accomplished by employing conventional munitions in the Destruction/Suppression of Enemy Air Defenses (DEAD/SEAD), while providing 24/7 homeland defense alert fighter response. The 169th Fighter Wing also provides continual support of the Aerospace Control Alert Mission, defending east coast air space in support of North American Aerospace Defense Command (NORAD). Additionally, the Wing provides the Governor with defense assistance to the State’s homeland security office, and disaster preparation and response support for Defense Support to Civil Authorities (DSCA) activities.

The 169th Fighter Wing operates the 2400+ acre McEntire Joint National Guard Base in Eastover which has been the home of the SCANG since its founding in 1946. The SCANG welcomed an Environmental, Safety and Occupational Health Compliance Assessment and Management Program (ESOH CAMP) inspection in April 2017, which ensured both personnel and natural resources were properly maintained and protected.

During FY16-17, the SCANG enjoyed a rare year without a large unit deployment to an overseas location, affording opportunities to train in other areas of its warfighting skill set. The SCANG deployed 12 F-16 Fighting Falcon aircraft and 48 personnel to the Fighter Weapons School at Nellis Air Force Base, Nevada, integrating with the School and 5th generation fighter aircraft to build USAF enterprise DEAD/SEAD tactics. This deployment advanced USAF capabilities by the blending of 5th generation aircraft capabilities and existing warfighting tactics and burnished the SCANG reputation as the DEAD/SEAD experts in the US Air Force. SCANG personnel continued to train with the SC Emergency Management Division, staying ready to assist the citizens of South Carolina in response to disasters.

The SCANG continues to set the standard for excellence and combat capability in both their Federal and State missions.

The South Carolina State Guard (SCSG)

The SCSG is an all-volunteer State military force, which provides support to civil authorities during times of disaster or other emergencies. These assets included land, water, and equestrian Search & Rescue teams; professional trained law enforcement augmentation teams; medical support teams; professional engineering teams; and Judge Advocate General (professional lawyers) teams.

During this past year, the SCSG provided a total of 98,324 volunteer service hours at near zero cost to the State. This included than 8,000 hours in response to Hurricane Matthew. During Hurricane Matthew, the SCSG provided support, and staff to the Joint Operations Center and County EOC(s), as well as general support missions to include organizing local volunteers, filling, loading and unloading sandbags, distributing food and water, and providing security at food and water distribution sites. The SCSG provided 3,118 hours of Civil Engineer services and safety inspections to support the flood response missions of local and State agencies.

AGENCY NAME:	Office of the Adjutant General		
AGENCY CODE:	E240	SECTION:	100

In addition to support for Hurricane Matthew, the SCSG conducted three Search & Rescue mission in support of county sheriff departments, supported the Cooper River Bridge Run, supported four city or county festivals/ community events, conducted 14 Honor Guard missions for Military Funerals, and conducted four Honor Guard missions for Veterans events

Construction and Facilities Management Directorate

The Directorate’s efforts in managing facilities has resulted in an efficient and sustainable operation, and enabled the provision of effective services to Soldiers and their Families while also supporting the local civilian community. To accomplish this task, the SCARNG established and maintains facilities in 40 of the State’s 46 counties. These structures and activities include 62 Readiness Centers, 12 Field Maintenance Sites, two Army Aviation Support Facilities, one Combined Support Maintenance Shop, one Unit Training Equipment Site, one Major Training Center with one sub-training site, two Close In Training Areas, and the National Guard Headquarters Complex. The CFMO staff oversees over 16,000 acres of land and 3.5 million square feet of buildings with a combined State and Federal budget of \$21,967,026. In 2016-17, the CFMO continued construction of one new Readiness Center as a cost sharing effort with Greenville Technical College, and a Regional Field Maintenance Site in Greenville which will consolidate three FMSs thereby reducing overall sustainment cost.

Personnel Strength

As the result of recruiting and retention efforts, Family Support programs, and emphasis on the well-being of the force, personnel strength throughout the SCNG (Army and Air) is currently at 99.2%. In FY 16-17, to support the goal of sustaining a high level of personnel readiness, a massive effort continued in employment services, resiliency programs, and Family support initiatives and events.

Service Member and Family Care (SMFC)

The mission of SMFC is to posture, promote, and provide regionally accessible programs that support the Comprehensive Soldier Fitness Dimensions and Employment to reduce stressors for Service Members and their families, enabling them to thrive personally and professionally.

Employment Services Program

Since its inception in October 2011, the Employment Services Program trained, connected with employers, and supported SC’s Service Members and their families. Through case management and strategic outreach, the Employment Services Program provides resources and direct support to assist in the successful transition into long-term civilian careers for SC’s Service Members, Veterans, and Military Families.

- Employment Services: Resume writing, interview skills, job fairs and hiring events, job search and direct placement services, workforce development, higher education and industry-specific training, connections to other relevant programs and veteran service providers.
- Employer Outreach: Job fairs and hiring announcements/events, military-specific training for HR staff and hiring managers, direct referrals based on employer qualifications, opportunities to connect with military job seekers through general HR, and industry-specific trainings and workshops.
- Operation Palmetto Employment: SC’s Military Employment Initiative, supported by the Office of the Governor. Essentially, expanding to serve military job seekers and family members from all branches.
- Outcome:
 - SCNG Unemployment Rate - October 2011: 16% | July 2017: <2%
 - National Veteran Unemployment Rate (average) - 4.5 % | SC Veteran Unemployment Rate 3.4%
 - 876 jobs placed from 1 Oct 2016 – 30 Jun 2017 | 876 Jobs X \$33,000 average income = \$28,908,000 generated for the SC economy in FY16-17
 - 1770 Business and Community Partners
 - 24 Annual Veteran Career and Resource Fairs

Resilience, Risk Reduction, and Suicide Prevention Program (R3SP)

R3SP Branch integrates, educates, and promotes resiliency by synchronizing Soldier, Airman, and Family care systems and services by posturing and promoting its Resilience Program, Suicide Prevention Program (SPP), Sexual Assault Prevention and Response (SAPR), and Substance Abuse Program (SAP).

AGENCY NAME:	Office of the Adjutant General		
AGENCY CODE:	E240	SECTION:	100

The Resilience Program maintained a 100% fill rate for Master Resilience Trainers (MRT) for all 59 reportable units. South Carolina remains in the top 10 states and territories for MRT fills. The Resilience program sent 17 Soldiers to MRT School and hosted a MRT re-fresher training conference for more than 25 MRTs.

The SPP continues to lead the nation in Service Members trained in the Applied Suicide Intervention Skills Training (ASIST) for the 2nd year in a row. In addition, SCNG currently stands at 18% of Gatekeepers trained in ASIST, exceeding the NGB mandate of 10%.

The SAPR office has worked to establish a climate sufficiently trained and knowledgeable in recognizing and responding to sexual assault. The SCNG is currently at a 90% fill for Victim Advocates with 21 Service Members trained as Victim Advocates during the past year. The SAPR Office hosted three Refresher Trainings that provided 16 hours of continuing education to current Victim Advocates within the SCNG as well as revising the Programs educational and marketing materials.

The SAP provides prevention training and for administering unit risk inventories. In addition, SAP receives referrals and provides case management services to Service Members in need of treatment. In FY17, SAP has remained ranked 1st in the Nation for the % of unit's prevention trained/scheduled (100%); % of units with completed unit risk inventories (100%) and the number of Service Members rehabilitated.

Behavioral Health Program

The Behavioral Health Program provides counseling, assessment and referrals in supporting the health needs of the SCNG. The program provides a stable, cohesive and regionally-accessible psychological health program that strives to decrease high risk behaviors and promote healthy decision making choices in SCNG Service Members, Family Members and Retirees.

Behavioral Health Clinical Care provides onsite consultation for clinical assessment, counseling/problem solving, referral, monitoring and follow up services. The Directors of Psychological Health (DPH) provide case management and assessment for Service Members and their Families who are experiencing life stressors or psychological health challenges. DPHs work in conjunction with the Military and Family Life Counselors.

Over the past year, the program's Psychological Health Coordinators reached over 8,396 Service Members, Family Members and retirees. This total includes 1,535 new staff consultations, 2,371 follow-ups, 1,446 outsider referrals, and 3,278 information and referral consultations.

Family Programs

The Family Programs Office currently offers five programs: Family Readiness Support Assistance (FRSA), Family Assistance Specialist (FAS), Child and Youth Programs, Personal Financial Counselor Program, and the Military One Source Program. Family Programs also works with the SOS Section on the Gold and Blue Star Mother and Holiday Wishes events, as well as assisted the State Retirement Section with their Annual Retirement Briefs.

The FRSA Team conducted 6 Family Readiness Group (FRG) Training events, and trained 114 personnel in the Commander, Military Points of Contact and FRG roles. The team worked with FRG Leaders and community partners to host 12 fundraising activities. The FAS Team closed 755 cases and conducted outreach to approximately 3,626 Service and Family Members. Youth Programs conducted 38 Youth Hunts, six Fishing Rodeos, five 4H STEM Camps, the C. J. Spiller Football Camp, Spring Fling for 110 military children, a Snooze at the Zoo at the Midlands and Upstate zoo locations, and the SCNG Youth Camp for 160 National Guard dependents. The Financial Counselors conducted outreach to 301 Service Members, and 290 financial counseling sessions. Military One Source conducted 124 community capacity meetings, contacted 2,846 service providers and community partners, and provided information to 6,236 Service and Family Members. Additionally, the SCNG Family Programs Office conducted two Back-to-School Bashes (one for Special Needs Children), Pre-Command Course briefings and a break-out session for the Commander's Spouses, two Annual Retiree Briefs, the Christmas Cheer Program for military children, the "Month of the Military Child" Proclamation, and a Military Spouse Appreciation Day mailer for Soldier's families.

Employer Support of the Guard and Reserve (ESGR)

ESGR is a DoD program that develops and promotes supportive work environments for Reserve Component Service Members through outreach, recognition, and educational opportunities to increase awareness of applicable laws, and resolve employment conflicts between the Service members and their employers.

AGENCY NAME:	Office of the Adjutant General		
AGENCY CODE:	E240	SECTION:	100

During this past year, ESGR volunteers influenced and 3,325 employers and 3,237 Service Members serving in the Reserve Components in South Carolina. Seventy seven employers were nominated for Patriot Awards, Ombudsmen mediated 22 formal cases and handled 53 informal inquiries, and ESGR committee members logged 3,189 volunteer hours. The program continued to grow its awards program by conducting Regional Appreciation Luncheons. ESGR worked to create a culture in which all South Carolina employers value the military service of their employees resulting in less stress on the Service Member and their Family.

Cyber Initiatives

The SCNG is a national leader in Cyber defense initiatives working with government and industry partners to secure South Carolina’s critical infrastructure.

Cyber Threat Analysis and Information Sharing. The SCNG and partners, such as SPAWAR Systems Center Atlantic, SCANA Energy, and the SC CYBER consortium, have focused on capabilities to collect, analyze and disseminate Cyber threat information. The SCNG is a member of SC Critical Infrastructure Cybersecurity Task Force, a collaborative effort between government, Critical Infrastructure and Key Resources (CIKR) owners and operators, academia, and other private industry cybersecurity professionals designed to enhance cyber infrastructure security posture in South Carolina.

Cyber Partnership Endeavors. The SCNG remains a national leader in engaging partners in collaborative training and exercise activities to create more meaningful and realistic training opportunities, build relationships and trust, and synergies in realizing improved cyber security practices across SC.

Cyber Outreach and Workforce Development. The SCNG is heavily engaged with universities, technical colleges and high schools to develop Cyber education and workforce in SC, and to meet future demand across government, academia and industry.

Cyber JAG Legal and Policy. The SCNG’s nationally recognized Legal Cell supports efforts to support emergency, domestic cyber situations. The Legal Cell participated in a number of Cyber legal and policy training events, workshops and Cyber exercise scenario development.

New SCARNG Cyber Battalion. The SCNG was selected to receive one of five new Cyber Protection Battalions. The Battalion includes a Cyber Security Warfare Company and a Cyber Security Company. The Soldiers completed advanced military and commercial cyber security training courses and certifications, conducted collective training to employ these individual skills as a team, and demonstrated the capability to protect and defend networks and systems critical to protecting SC’s CIKR. The unit is postured for State and Federal missions.

Savannah River Site

The SCNG continued its objective to establish the Department of Energy’s (DOE) Savannah River Site (SRS) as a Regional Training Site for the military by 2025. The US Army Corp of Engineers has begun the development of the real estate instrument between the DOE and SCNG which will result in the SCNG being licensed 750 acres for light maneuver training. If successful, the SCNG will develop and submit a training site Master Plan to NGB for approval. Simultaneously, SCNG leadership is working an initiative with NGB to serve as the DoD’s Military Liaison for managing all DoD training at SRS. SCNG JAGs are currently reviewing the role of the Liaison Officer, funding, and an Inter-Agency Agreement between DOE and the SCNG.

During FY 16-17, approximately 608 Soldiers, Marines, Sailors and Airmen conducted approximately ten different missions on SRS. These missions included special operations exercises, engineering projects, route clearance, mine sweeping, and the transportation of equipment.

Innovative Readiness Training (IRT)

The IRT program provides mission essential training for units and personnel, while building upon the tradition of the SCNG as a good neighbor at the local level in applying military personnel to assist civic and community needs. IRT projects promote recognition of the Guard as a community-based organization while conducting training that makes a lasting difference.

Due to support of Operation Resolute Castle in Eastern Europe, there were no IRT projects completed in FY 16-17. The SCNG is currently coordinating with the Savannah River Site, SC State Forestry Commission, USC Aiken, Orangeburg County, and the towns of Ninety-Six, Saluda, and Johnston on projects for FY 17-18.

Secure Area Duty Officer Program (SADOP)

Per the Governor’s intent for safeguarding the SCNG’s workplaces, the SCNG trained over 220 Soldiers, Airmen, and civilians to carry small arms as a force protection measure at the Agency’s facilities. The SCNG conducted the training through a partnership between the SCNG and the SLED.

State Partnership Program (SPP) between the Republic of Colombia and South Carolina

The SPP provides a unique opportunity for South Carolinians to learn from and mentor the SCNG’s partner, the Republic of Colombia. Since its inception in 2012, the SPP has provided opportunities for SCNG members to engage with Colombians and assist in improving their maintenance systems, response to natural disasters, and their military legal system, while establishing lasting relationships of trust and friendship. In 2016, SCNG members began assisting the Colombians in planning the transformation of their military to a post-conflict regional security force that supports the U.S. security objectives. The SPP continues to evolve and now includes a cadet exchange between the Colombian Military Academy and The Citadel. The Colombians have also expressed interest in participating in the SCNG and USC Condition-Based Maintenance Program collaboration. The SPP brings over \$300,000/year into the State but, more importantly; provides opportunities that keep the SCNG ready and relevant in an ever-changing global military environment. The SPP continues to look for ways to build military and civilian bridges between the State and the Republic of Colombia.

South Carolina Military Museum

The mission of the South Carolina Military Museum is to honor and chronicle the Palmetto State’s citizen-soldiers and its martial tradition from 1670, when the Carolina colony was first founded, to present-day operations worldwide.

During FY16-17, the Museum continued to enhance its collection through the acquisition of authentic and rare weapons, uniforms, and equipment. The Museum further engaged its community by developing and fostering partnerships with entities such as the Dorn VA Medical Center and local school districts, as well as numerous Veteran and service organizations. On Veterans Day 2016, the Museum hosted Phase One of the “Welcome Home to Carolina” campaign in honor of the Palmetto State’s Vietnam Veterans with the focus on the 982 South Carolinians who made the ultimate sacrifice in Vietnam.

The Museum’s scheduled expansion in the Fall of 2017 will feature a new exhibit on Army Aviation, a centralized collection of historical documents and books, and a multi-purpose room designed to further enhance the Museum’s educational mission.

South Carolina Youth ChalleNGe Academy (SCYCA)

The SCYCA Program is one of the most successful programs designed to serve high school dropouts. During FY 16-17, SCYCA graduated 227 cadets (70% graduation rate) who earned a total of 102 GEDs. SCYCA’s job placement rate during the same period was approximately 59%. Since its inception in July of 1998, the SCYCA has graduated 4,287 cadets from the Program and enabled 1,551 of those students to earn their GED.

SCYCA’s POST Challenge Program, SC’s implementation of the Department of Labor’s Demonstration Program, Job Challenge, completed Cohorts 2 and 3 FY 16-17. The SC Job Challenge Program is a Department of Labor funded program intended as a follow-on partner program with SCYCA to provided technical job skills training for deserving graduates of the SCYCA Program. Cohort 2 graduated 24 cadets (49% graduation rate) and Cohort 3 graduated 30 cadets (59% graduation rate). Total enrollment over the past three cohorts was 148 students with 78 graduates (53% graduation rate). Approximately 70% of the graduates from Cohorts 1 and 2 are employed with approximately 50% employed in their field of training. As of 30 June 2017, eight POST Challenge graduates have entered military service.

STARBASE

STARBASE Swamp Fox, a DoD sponsored Science, Technology, Engineering and Math (STEM) program for 5th grade students, continues to operate at full capacity, reaching more than 1,100 SC elementary school students annually. Designed to augment, enhance, and reinforce the State’s educational curriculum and standards, the program acts as a catalyst for encouraging students’ future interest and studies in STEM subjects and career focus. During the 2016-2017 school year, STARBASE Swamp Fox provided training for 1,166 students in 52 classes. The STARBASE Swamp Fox 2.0 program for 6th grade students was also fully implemented for middle school students. Since the program’s inception in 2003, STARBASE has provided STEM based training for 11,511 South Carolina students.
