*** No data available from 2010-2013 - Prior to 2014, all reporting was done through, and records were maintained on a NGB supported, internet based database system. In 2014, NGB ceased use and support of the system, and implemented use of manual forms for yearly data submission. In 2016, the Program's server crashed, destroying all historical database files.

□
*** Increase in Higher Education is mostly due to establishment of the Job Challenge Test Program
