Subcommittee Chair
Department of Corrections Ad Hoc Subcommittee

Dear Representative Tallon:

RE: Paperwork Reduction and Streamlining Report

Thank you for your letter regarding the participation of the Palmetto Unified School District (Palmetto Unified) in the Department of Education’s Paperwork Reduction and Streamlining Report. As stated in the report, three separate surveys were created to receive feedback (one for teachers, one for school level administrators (SLAs), and one for district level administrators (DLAs)).

Although the Department of Education did not receive any responses from Palmetto Unified SLAs or teachers, three responses were received from Palmetto Unified DLAs. Your inquiry has brought to my attention that the wording used within the report is misleading and suggests that no responses from any level were received from Palmetto Unified, when in fact three DLAs did submit responses. Thus, the report should have stated no teacher level responses from Palmetto Unified were received. For your reference, I have attached the three Palmetto Unified DLA responses the Department of Education received.

Additionally, I believe Table 1 is misrepresentative as well. Table 1 represents only the number of teacher respondents by school district. It is evident that the labeling of this table is also misleading and suggests that the numbers within represent all level of respondents.
If it is the will of the subcommittee, the Department of Education is willing to re-issue the report correcting these errors. Please let me know how you would like the Department of Education to proceed.

Sincerely,

Molly M. Spearman
State Superintendent of Education
