Attendance

I. Subcommittee Chairman Edward R. Tallon Sr. calls the Department of Corrections Ad Hoc Subcommittee meeting to order on Thursday, February 21, 2019, in Room 110 of the Blatt Building. The following members of the Subcommittee are present during all or part of the meeting: Subcommittee Chairman Tallon, Representative Robert Q. Williams, Representative Jeffrey E. ‘Jeff’ Johnson, Representative Micajah P. “Micah” Caskey, IV, Representative Gary E. Clary, Representative Chandra E. Dillard, and Representative Joseph H. Jefferson, Jr.
Discussion of the S.C. Department of Corrections

I. Subcommittee Chairman Tallon explains the purpose of today’s meeting is for the S.C. Department of Corrections (SCDC) to present an overview of the agency, including: history, legal directives, mission and vision, resources available, governing body, and organizational chart.

II. Subcommittee Chairman Tallon explains that while Members are permitted to ask any questions they desire, there will be some questions the agency is unable to answer in a public venue such as the legislative oversight process (e.g. questions in which the answer may endanger the safety of the inmates and agency staff, questions related to any pending litigation involving the agency). Also, he explains the House Oversight Committee requested the Legislative Audit Council (LAC) conduct an audit of the Department of Corrections in June 2018 and the LAC anticipates completing its report this July. Once the report is published, the Subcommittee will invite LAC representatives to present the report at a Subcommittee meeting. Subcommittee Chairman Tallon states that after receiving the report, the Subcommittee can continue to meet with the agency.

III. Subcommittee Chairman Tallon explains that all testimony given to this subcommittee, which is an investigating committee, must be under oath. He reminds agency personnel previously sworn in that they remain under oath. Subcommittee Chairman Tallon swears in the following agency personnel:

   a. Mr. Brian Stirling, Director;
   b. Mr. Michael McCall, Deputy Director for Operations;
   c. Mr. Thomas Osmer, Deputy Director for Administration;
   d. Mr. Brian Bolchoz, Deputy Director for Police Services;

   f. Ms. Terre Marshall, Deputy Director for Health Services;
   g. Mr. Dexter Lee, Legislative Liaison;
   h. Ms. Dayne Haile, Executive Assistant; and
   i. Ms. Chrysti Shain, Director Information Services.

IV. Mr. Brian Stirling, Director of SCDC, presents information on the agency’s history; mission and vision; organizational structure; flow charts illustrating the following: (1) potential movement of inmates from initial booking to release, and (2) hour by hour timeline of an average day for an inmate; and deliverables related to the Director’s Office.
V. Members ask questions related to the following topics, which Director Stirling answers:

   a. Percentage of inmates released;
   b. Reception and Evaluation Center;
   c. Visitation;
   d. Employee hiring, retention, and morale;
   e. Tablet pilot program; and

VI. There being no further business, the meeting is adjourned.

Figure 2. Snapshot of the agency’s history, mission, major divisions, fiscal year 2017-18 resources (employees and funding), successes, and emerging issues. 

In 1866, the South Carolina Legislature passed an act to transfer the control of convicted and sentenced felons from the counties to the State, and appropriated $65,000 for construction and maintenance of a State Penitentiary.

Agency Mission
The mission of the South Carolina Department of Corrections is:
1. Safety—we will protect the public, our employees, and our inmates.
2. Service—we will provide rehabilitation and self-improvement opportunities for inmates.
3. Stewardship—we will promote professional excellence, fiscal responsibility, and self-sufficiency.

Fiscal Year 2017-18 Resources

Emerging Issues
1. Managing a more violent population due to security threat groups.
2. Prison population is aging and remaining incarcerated. The agency will be faced with a new management issue regarding how to care for the special requirements that the elderly have in a prison environment. We need to evaluate proper housing for the aging population as we currently have small units; however, it is anticipated that specialized facilities geared toward this population’s special needs will have to be explored in the near future.
3. Aging buildings due to lack funds.

Successes
1. Settled decade old mental health lawsuit.
2. Increased salaries for correctional officers, food service and mental health staff.
3. Working with cell phone industry to minimize contraband cell phones in our prison.
4. Closed 5 prisons.
5. Centralized pre-release functions for male inmates and developed a pre-release center at Manning Pre-Release Center.

Overview of Division

The Division of Visitation and Inmate Drug Testing serves the inmates, as well as their families and friends that request to visit, in a timely manner.

- Visitation is an integral part of the rehabilitation process and is conducted in the least restrictive manner possible while meeting requirements of safety, security, classification, and space availability.
- The Drug Testing Unit assist our facilities statewide to ensure that staff is trained, supplies are available, and records of all test results are maintained as necessary.
- The Division also serves all institutional managers and staff as we do our part to ensure safety and security when processing visitation applications and inmate drug tests.
- This Division strives to be fair, firm, and consistent based on South Carolina Department of Corrections policies and guidelines.
Deliverables of the Division

There are no deliverables from the Division of Visitation and Inmate Drug Testing specified in law. However, examples of deliverables this division provides are as follows:

- Process visitation applications - Fiscal Year 2018 SCDC processed over 33,500 applications for visitation
- Process inmate drug tests – Fiscal Year 2018 SCDC tested 11,638 Inmates for Illegal Drugs. Of those tests, 1,299 were positive, 568 refused.

Performance Measures 5,6,7,8 & 21

Legislative Intent in enabling Act

(1) Preserve public safety, reduce crime, and use correctional resources most effectively. Currently, the South Carolina correctional system incarcerates people whose time in prison does not result in improved behavior and who often return to South Carolina communities and commit new crimes, or are returned to prison for violations of supervision requirements. It is, therefore, the purpose of this act to reduce recidivism, provide fair and effective sentencing options, employ evidence-based practices for smarter use of correctional funding, and improve public safety; and,

(2) Provide consistency in sentencing classifications, provide proportional punishments for the offenses committed, and reduce the risk of recidivism.

Collaborate with PPP to jointly develop agreement for implementation of a supervised furlough program to reduce recidivism

Deliverable 26 (Required by S.C. Code Section 24-13-710 and -720)

Components include:

• Ensure the cooperative agreement with the Department of Probation, Parole, and Pardon for the supervised furlough program specifies the responsibility and authority of each agency in implementing the program
• Determine guidelines for supervised furlough program including, but not limited to, the selection criteria and process, requirements for supervision, conditions for participation, and removal
• Ensure the written guidelines for the supervised furlough program include, at a minimum, the procedures and eligibility criteria outlined in this statute
• Ensure the written guidelines for the supervised furlough program state as a condition to participate in the program, certain inmates must agree to be subject to search or seizure, without a search warrant, with or without cause, of the inmate's person, any vehicle the inmate owns or is driving, and any of the inmate's possessions (unless procedures for the program, which were developed jointly by SCDC and Department of Probation, Parole, and Pardon, state PPP is responsible for doing this)
• Follow the rules in this statute when determining whether an inmate is eligible for supervised furlough
• Prohibit certain inmates from participating in furlough program unless certain conditions are met
• Before the inmate is granted supervised furlough, ensure applicable inmates agree in writing to be subject to search or seizure, without a search warrant, with or without cause, of the inmate's person, any vehicle the inmate owns or is driving, and any of the inmate's possessions (unless procedures for the program, which were developed jointly by SCDC and Department of Probation, Parole, and Pardon, state PPP is responsible for doing this)
• Determine the cost of each inmate's supervision and other financial obligations incurred because of participation in the supervised furlough program, and charge the inmate the cost
Collaborate with PPP to jointly develop supervised furlough program

Legislative Intent in enabling Act

• Provide law enforcement officers with the statutory authority to reduce recidivism rates of probationers and parolees, apprehend criminals, and protect potential victims from criminal enterprises.

• Different U.S. Supreme Court cases which held: (1) warrantless and suspicionless searches of probationers and parolees are a legitimate state interest due to the fact that they are persons more likely to commit future criminal offenses; (2) parolees have fewer expectations of privacy than probationers because parole is more akin to imprisonment than probation; (3) probationers do not enjoy the absolute liberty of other citizens; (4) warrantless searches of probationers are allowed if based on reasonable suspicions; (5) recidivism is a grave concern throughout the nation; and (6) Fourth Amendment does not render the states powerless to effectively address concerns for protecting people from criminal activity.

Legislative Intent in enabling Act

(1) Preserve public safety, reduce crime, and use correctional resources most effectively. Currently, the South Carolina correctional system incarcerates people whose time in prison does not result in improved behavior and who often return to South Carolina communities and commit new crimes, or are returned to prison for violations of supervision requirements. It is, therefore, the purpose of this act to reduce recidivism, provide fair and effective sentencing options, employ evidence-based practices for smarter use of correctional funding, and improve public safety; and,

(2) Provide consistency in sentencing classifications, provide proportional punishments for the offenses committed, and reduce the risk of recidivism.

In FY17 and FY18, the source of information became the number of workers' comp claims for employees assaulted by inmates that resulted in serious injury. If using workers' comp data for FY14: 24, FY15: 21, FY16: 33.

Less than 1 assault for every 200 inmates in ADP.
