Security Levels

Level 1 (Minimum) – Level 1A - For non-violent inmates within 36 months of release. Housing is mainly open areas with bunk beds (no partitions or cubicles). Perimeters are unfenced. These units are work and program oriented, providing intensive specialized programs that prepare the inmates for release to the community. Level 1B - For inmates with relatively short sentences or time to serve. Housing is mainly cubicles with two bunk beds/cubicle. Perimeters are unfenced. Operational procedures at Level 1-B facilities impart a higher level of security compared to level 1-A facilities.

Level 2 (Medium) - Housing is primarily double bunk, cell type with some institutions having double-bunk cubicles. Perimeters are single fenced with electronic surveillance. Level 2 institutions provide a higher level of security compared to level 1 facilities.

Level 3 (Max) - For violent offenders with longer sentences, and inmates who exhibit behavioral problems. Housing is single and double cells. Perimeters are double-fenced with extensive electronic surveillance. Inmates are closely supervised with their activities and movement highly restricted.

Division of Inmate Services
• **Chaplains**: Assist the inmates in practicing their faith/religious views. Chaplains provide services in the areas of worship, religious education, and pastoral counseling. These services are provided to inmates of various faiths. Chaplains are responsible for the notification of an inmate’s serious illness, injury, or death.
14.1 The Chaplain is responsible for obtaining the inmate's consent and information for notifying family/designated individuals in the event of the inmate's serious illness, injury, or death. SCDC Form 9-11, "Inmate/Resident Release of Information/Consent," will be filled out by each inmate during the institutional orientation upon transfer to a new institution. This form will be filed in the inmate's institutional record.

14.2 When an inmate is seriously ill, seriously injured, or dies, the Warden/Duty Warden will contact the Chaplain to notify the inmate's family.

14.2.2 The Chaplain will notify the designated family member of an inmate's death only after the doctor or coroner has verified the death. The family may claim the body and provide a funeral. If the family is not located or does not claim the body, SCDC will contact the funeral home to cremate the body. The family can claim the ashes, or they will be spread in the SCDC cemetery within 30 days after cremation. The institutional Chaplain will prepare SCDC Form 26-8, "Medical Emergency or Death of an Inmate." The form will be placed in the inmate's institutional record and a copy will be forwarded to the Chief, Pastoral Care Services Branch. (See SCDC Policy/Procedure HS-18.04, "Inmate Death."

14.2.3 The Chaplain will arrange for the next of kin to receive any possessions of the deceased inmate. If the next of kin cannot be located, the Chaplain will ensure the appropriate disposition of the inmate's property as specified in SCDC Policy OP-22.03, "Authorized Inmate Property and Disposition of Unauthorized Property," section 10.
Upon an Inmate’s Death

• **What method does SCDC use to notify of an inmate’s death?**
  
  • Contact for notification of an inmate death is normally made by phone.

• **How many times does SCDC try to contact next of kin to determine if they want the body before SCDC cremates the body?**

  • SCDC Chaplains try repetitively to make contact for Notification of an inmate death. In difficult contact situations this process may go over a period of days, even beyond a week. On rare occasions, an inmate’s attorney has been contacted for the Notification to be done. Even friends may be sought out to enable contact with the inmate Family for Notification. County Sheriff(s) may be contacted to assist in this effort. The SCDC contract funeral home will hold the body when there is a delayed Notification or in a circumstance where it takes a period of time for an inmate Family to determine if they will claim the body.
In the Notification process, upon the death of an inmate, the inmate’s Family is asked if they desire to claim the body. If they say they will, they are informed that all funeral costs upon claiming are borne by the Family, SCDC will not assist in any way. If the Family indicates they will not claim the body, the Chaplain informs them that SCDC will do a Cremation of the remains. The Chaplain further asks the Family if they would desire to receive the Cremains. If the Family wants the Cremains, the Chaplain will work with the Family to arrange this. If the Family does not claim the Cremains, the ashes will be spread in the SCDC Cemetery in a Spreading of the Ashes Service by Chaplains and staff.

Are there any options for family/friends, who are unable to pay for a funeral, to at least view the body before SCDC cremates?

If a Family requests to view the body without claiming the body, they are informed that SCDC will not provide such a service; but that they can discuss this possibility with the contract funeral home, and that this would be at the Family expense.
• Can the family of an individual that dies in prison have their own autopsy performed on the individual?

• An autopsy will be performed by the State on a deceased inmate in almost every case as determined by the Coroner. If a Family claims the body of a deceased inmate, the Family can have their own additional autopsy conducted.

• Under current contract, the cost of cremation is $457
• **Recreational and Wellness Programs**: Promotes physical fitness, good health, and wellness by ensuring inmates are afforded access to recreational programs. Recreational programs and leisure activities assist the inmates in developing positive means of releasing tension and reduce idleness.

• **Volunteers**: Special people who unselfishly donate their time and energy towards inmates. They are the cherished resources of the South Carolina Department of Corrections. They supplement staff, provide programs and support services that may not otherwise be available. They bridge the gap between the community and the correctional setting.

• **Self-Paced In-Class Education (SPICE):** An education and employment initiative. This initiative is a faith-based community partnership between SC Department of Corrections, SC Department of Probation, Parole and Pardon Services, SC Department of Vocational Rehabilitation, and SC Technical Colleges. The SPICE program provides meaningful educational opportunities (vocational training, life skill training, spiritual awareness and career readiness training).

• **Public Awareness/Crime Prevention:** SC Department of Corrections recognizes the importance of public awareness and crime prevention and currently offers two crime prevention/public awareness programs for schools, colleges, law enforcement, churches, civic and business groups throughout South Carolina.
• **Operation Get Smart**: Implemented in 1976, and for more than 40 years has been an intricate component in our crime prevention efforts. Operation Get Smart consists of a carefully screened team of inmates who travel the state speaking to youth and adults about actions which led to their involvement in crime and the consequences of criminal behavior.

• **Operation Behind Bars**: Implemented in 1992, utilizes a more realistic approach with the participants rather than scare tactics. The program is targeted toward young adults, allows each participant to tour a prison facility and then hear inmates give realistic accounts of actions that led to their criminal behavior, the effects of incarceration and day to day prison life.

Palmetto Unified School District (PUSD)

In 1981, the South Carolina General Assembly established a “special statewide unified school district within the South Carolina Department of Corrections to be known as the ‘Palmetto Unified School District No. 1’”.

• Deliverable #61
• Required by S.C. Code Ann. §24-25-10

Test of Adult Basic Education (TABE)

Testing Performed (Previous Years)

- **Purpose:** TABE is used for diagnostic and/or summative assessment for all students enrolled or seeking to enroll in educational classes (GED, VOC, and WIN)
- **Inmates tested:** All students enrolled or seeking to enroll in educational classes (GED, VOC, and WIN) are tested
- **Test occurs:** Testing occurs when students are assigned to facilities and are enrolled in school and after obtaining programmatic required hours of instruction.

*Changes occurred with inmates who are tested because of the need to differentiate the educational services provided for EFA and adult learners. Testing protocol described below is the new process.*

Testing (New Practice began July 1, 2019)

- **Purpose:** TABE is used for diagnostic, and/or summative assessment for Adult Education Students and those EFA students determined to be ineligible for high school diploma track coursework.
- **Inmates tested:** Adult Education students 21 on or before September 1 and those EFA students identified as ineligible for high school diploma track coursework are tested
- **Test occurs:** Pre- and post-instruction testing are administered at the assigned school

**How is it calculated?**

- Recidivism rate = % of this group that returns to SCDC within that subsequent 3 year period.
- If an inmate earned their GED in SCDC during the "releasing" incarceration, returns to SCDC custody within three years after the release date for a new crime or as a result of a revocation for technical violations of their conditions of their supervision.
- Inmates who died or left SCDC for appeals, or whose sentences were remanded, are not included in this recidivism analysis.
Ensure No SCDC Funds are used for Inmate College Courses as it is Prohibited in State Law

Greatest Potential Harm of Not Utilizing Funds for College Courses

- Increased restlessness and recidivism as education/skills learning is the best portal to successful reentry and to community restoration

Recommendations to General Assembly

- None

§24-13-230(G) – “The South Carolina Department of Corrections may not pay any tuition for college courses.”
Post-Secondary Education’s Impact on Recidivism

The more advanced education earned, the lower the rate of recidivism

• Prioritize educational program funds to educate inmates with less than an 8th grade education

• Submit student enrollment to the State Department of Education so the Department of Education's appropriation request under the line item "Education Finance Act" shall include sufficient funds for the Palmetto Unified School District 1

• Attempt to secure federal and other funds which may be available for the school district*

• Providing assistance in finding stable housing.

• Assisting in obtaining wraparound services that may include substance abuse treatment, mental health assistance, and vocational rehabilitative services.

• Emphasizing the importance of demonstrating the ability to be productive, responsible, law abiding citizens while in the correctional system, as well as upon release to the community.
The Division of Reentry is...

• Providing essential training and job skills
• Providing returning citizens work skills and certifications
• Promoting Employer incentives that include:
  • Federal Bonding
  • Job Tax Credits
  • Apprenticeship Tax Credits
Inmate Skills – Information Maintained by SCDC

SCDC captures inmates’ skills through entries made from job assignments and training obtained during incarceration. SCDC’s IT department has created an Inmate Occupation Search engine that allows us to extract a listing of inmates with particular skills by county, release date, age, offender type and job code. This information is utilized to assist with job placement internally and as employment referrals prior to release, please see example below.

Offender Employment Preparation Program Elements (cont.)

• Areas in which MOU must establish the responsibilities and role of each agency (cont.)

  5. Develop and maintain statewide network of employment referrals for inmates at time of their release;
  6. Aid inmates in securing employment;
  7. Identify and facilitate other transitional services within both governmental and private sectors; and
  8. Survey employment trends within the State and making proposals to SCDC regarding potential vocational training activities.

• Adopt policies necessary to implement the MOU
• Develop policies/standards for assessment, training, and referral services

  o Inform inmates about the following…
    ▪ Post release job training and employment referral services available through the program
    ▪ Services available from other entities, including:
      • Department of Alcohol and Other Drug Abuse Services
      • Department of Mental Health
      • Division of Veterans’ Affairs

  o Work with the Department of Motor Vehicles to develop and implement a plan to provide valid ID cards to inmates who are being released
• Disseminate information about the program services statewide

• Inform and assist other agencies to carry out the objectives of the program

• Coordinate efforts of all state agencies affected by the program

• Obtain information to determine actions needed to create/modify program services

• Prepare and submit an annual report about the program to the agencies that are part of the program’s MOU
Greatest potential harm of not having the program

• Without proper identification, substance abuse services, and/or mental health services, there is an increased likelihood of recidivism, poor community safety, and inability of former inmates to obtain meaningful work

• Without policies and standardization of practices, there would be no road map for rendering services

Recommendations to General Assembly

• Promote and encourage state and nonprofit agencies to be partners with SCDC in providing vocational, rehabilitation, and pre-employment training to offenders

• Fund programs/entities (e.g., Alston Wilkes) providing pre-release training/services to offenders

• Support adoption and implementation of policy regarding employment and offender release preparation

Division of Victim Services
The Division of Victim Services provides victim notification for temporary, provisional, or final release from custody, as well as notice of escape and recapture. These notifications, and additional notifications of transfers between facilities, are also provided through the South Carolina Statewide Automated Victim Information and Notification System (SC SAVIN), which is administered through this Division. Other services, such as Victim Offender Dialogue, through which victims of violent crime may request to meet face to face with the offender involved in their case or victim wraparound services are also available.

The division also provides peer support services for employees assaulted by offenders. The Critical Incident Stress Management (CISM) Program was established to provide peer support specifically for staff who have been assaulted or have experienced any other trauma.

The mission of the Division of Victim Services is to inform, support, restore and empower survivors of crime by providing meaningful justice for crime victims of SCDC offenders in partnership with community, state and national resources.

Components include:

• Transfer $20,500 each month to Attorney General’s office for distribution through the State Victims’ Assistance program
Transfer $20,500 each month to Attorney General’s office for distribution through the State Victims’ Assistance program

**SCDC evaluates:** customer satisfaction; and outcomes obtained
Notify victims and inmate relatives, when applicable, prior to inmate visiting sick or dying family member

Death Bed/Funeral Victim Notification Process

Victim Services receives and reviews SCDC Form 26-7 for eligibility disqualifiers

A completed SCDC Form 26-7 is returned to the offender’s institution noting victim opposition or approval

If offender meets criteria for transport, Victim Services contacts the victim to disclose the name of the sick/dying family member, the relationship to offender, transport reason, transport county and means of transport

Victim Notification is documented in Victim Services Case Management System

SCDC knows: Number of potential customers, customers served, and cost per unit
SCDC evaluates: Outcomes obtained
Notify victims before unconditionally discharging a youthful offender

Victims receive an advanced automated notification of an unconditional release 21 days prior to release (telephone call, text message, e-mail)

Victims receive a written notification of release at least 15 days prior to an unconditional release.

Victims receive an automated notification of release on the day of release (telephone call, text message, e-mail)

**SCDC knows:** Number of potential customers, customers served, and cost per unit

**SCDC evaluates:** Customer satisfaction and outcomes obtained
Deny unconditional discharge of a youthful offender based on information from the victim

Victim Services receives a Victim Impact Statement and/or other contact/documentation relaying compelling victim opposition to release.

Youthful Offender is denied discharge based on strong victim/community opposition.

SCDC knows: Number of potential customers, customers served, and cost per unit
SCDC evaluates: Customer satisfaction and outcomes obtained

Greatest potential harm of not providing deliverable: Re-victimization through premature release.
Notify victims before conditionally releasing a youthful offender

**Victim Notification**

Victims are instructed to contact the Division of Victim Services for questions and/or opposition to placement.

The Division of Victim Services notifies Central Classification of victim opposition.

If placement is opposed by the victim, the offender is denied placement on a Labor Crew.

Assignment to a Labor Crew is a preliminary step to placement on the Work Program.

SCDC knows: Number of potential customers, customers served, and cost per unit.
SCDC evaluates: Customer satisfaction and outcomes obtained.
Establish restitution program to reimburse victims

Components

• Develop policies and procedures to ensure payment of fines and restitution; and

• Report to the court failures to pay in situations when a judge suspends a sentence and imposes a fine or restitution.

Greatest potential harm

• The crime victims will not receive restitution owed to them

Recommendations to General Assembly

• Allow agency to maintain based on current statute

The use of cell phones and social media sites by offenders in the custody of SCDC is strictly prohibited.

Prosecute inmates, and those assisting inmates, who utilize the internet for the purpose of communicating with victims.

SCDC provides a link on the agency website (www.doc.sc.gov) to report offender usage of cell phones/social media usage.

Victims who are being harassed/intimidated through cell phones and social networking websites can report activity using the website link or call Victim Services directly.

Recommendations to General Assembly:
Increase the penalty for this offense. Minimal fines and 30 day sentences do not deter currently imprisoned inmates.

Greatest potential harm of not providing: Inmates contact, harass and extort individuals that have already been harmed

SCDC knows: Number of potential customers and number of customers served.

CRITICAL INCIDENT STRESS MANAGEMENT PROGRAM (CISM)
Summary from March 2018 – June 2019

Question from Legislative Oversight Committee 6/28/19

“How does the agency evaluate whether the Critical Incident Stress Management Program, established to provide support services to staff, is successful? What data, if any, is tracked (e.g. customer satisfaction from staff participating in the program)?”

The Critical Incident Stress Management Program (CISM) was established in 2018, within the Division of Victim Services, under Programs, Reentry and Rehabilitative Services, to support staff who have been assaulted or otherwise experienced trauma through work-related or personal events.

In October 2018, CISM Program staff conducted focus groups with staff around the state to identify work-related safety/stress/assault concerns as a baseline within the agency before the CISM Program was fully implemented. Eight focus groups were facilitated across the state and 51 SCDC employees participated. In addition, a staff survey was broadcast to every employee in August of 2018. A total of 120 employees participated in the survey. There are ongoing efforts to analyze the impact of CISM Program at many different levels. Through partnerships with the Medical University of South Carolina (MUSC), SC-LEAP (South Carolina Law Enforcement Assistance Program) and the University of South Carolina (USC) in addition to internal activities within SCDC (evaluations, etc...), we anticipate validating the success of the CISM Program continuously.

PCIS Participants complete a research instrument that is included in a larger, multistate/multijurisdictional research project, evaluating the impact of PCIS events on law enforcement staff. These instruments are forwarded to MUSC for independent evaluation. Each participant is contacted by MUSC three, six and twelve months following their participation in a PCIS to provide additional, longitudinal information to more effectively evaluate the impact. USC is currently administering a staff wellness and resiliency survey to be sent to every SCDC employee.

The following is a summary of services that have been provided to date, through the CISM Program:

March 2018 through December 2018 the CISM provided support services to a total of 373 staff/families.

This letter confirms your registration for notification in matters related to the offender listed above. Your name, address, and telephone numbers will be attached to the offender's computer records. This information is confidential under state statute and only accessible to authorized correctional employees statewide.

Your registration with our office enables you to be notified if this offender is transferred to another facility, placed on a labor crew or the work program, is released from custody, dies while in custody, escapes from custody and the subsequent apprehension, or returns to custody after release.

The Department of Corrections uses the South Carolina Statewide Automated Victim Information and Notification System (SC SAVIN), a computer-based telephone service. You can provide as many as two telephone numbers for the automated system to call or send a text message when there is a notification to be made. If you would like to receive notifications by e-mail in addition to telephone, please notify us of your e-mail address. The enclosed materials provide instructions on how to use the system.

Currently, you are registered to receive all automated notification calls or text messages in English. You may request to receive automated calls or text messages in Spanish, through TTY/TDD, or request to receive no automated notifications at all. However, we will continue to provide written notices of release.

You may obtain the offender's location and projected release dates by dialing, toll-free, 1-866-SC SAVIN, (1-866-727-2846), or visiting www.vinelink.com. Use the offender number listed above to locate the correct offender.

Your PIN code will always be set to the last four digits of the telephone number receiving the automated call. Upon receiving a telephone call, you will be asked to enter your PIN code in order to hear the notification message. Pressing the number "2" after listening to the notification message ends the call.

The South Carolina Statewide Automated Victim Information and Notification System (SC SAVIN) operates 24-hours a day, 365 days a year. Call toll-free, 1-866-SC SAVIN (1-866-727-2846) or visit www.vinelink.com to search for information on an offender. VINE stands for Victim Information and Notification Everyday. Do not depend solely on this service for your safety. Please contact your local law enforcement with any concerns regarding your safety.

To receive and cancel missed notifications, call 1-866-SC SAVIN from any telephone. After selecting your language, choose option "3" from the main menu and follow the prompts to receive the message and cancel a missed call.

When calling the inquiry line, choose option "1" to search by the Offender Number listed above. If this Offender was sentenced under the Youthful Offender Act, a "Y" may precede the Offender Number. When you call the automated service and enter the Offender Number, do not enter the "Y". Enter only the numbers.

Automated calls will be made to TTY/TDD, home or cell phone numbers. The option for text message notification is also available; however, based on your provider and plan, standard text messaging rates may apply. No automated calls will be made to work numbers. Please call the Division of Victim Services at: 1-800-835-0304, to provide your telephone information. If you do not have a telephone, notifications will be provided by mail. You may also request notifications by e-mail.

Inquiry line messages and notification messages will have the option to repeat as many times as you want to hear the message. Please also be aware that SC SAVIN uses the terms "Offender" and "Offender Number," not "inmate" or "SCDC Number."

It is essential that we have your current mailing address and telephone information on file. Outdated information means that you could miss an important call or written notification. Contact the Division of Victim Services when your address or telephone number changes. Registration information is not available through the automated system for updating. Call the Division of Victim Services at the Department of Corrections at: 1-800-835-0304.

The Sexually Violent Predator Act
South Carolina Code of Laws Title 44 Chapter 48

The Sexually Violent Predator Act, SC Code of Laws Title 44 Chapter 48, establishes an involuntary civil commitment process for the long-term control, care and treatment of sexually violent predators in a secure facility.

A sexually violent predator is defined as a person who has been convicted of a sexually violent offense, and who suffers from a mental abnormality or personality disorder that makes the person likely to engage in acts of sexual violence if not confined in a secure facility for long-term control, care and treatment.

Under the Sexually Violent Predator Act, the review of the case goes through the following levels of action:

1. The Multidisciplinary Team, chaired by the Department of Corrections, determines whether or not the person satisfies the definition of a sexually violent predator. The case may be forwarded to the Prosecutor's Review Committee.

2. The Prosecutor's Review Committee, chaired by the Attorney Generals' Office, determines whether or not probable cause exists to believe the person is a sexually violent predator. The case may be forwarded to the courts.

3. The court, in the jurisdiction where the person committed the offense, shall determine whether probable cause exists. If the court determines that probable cause exists to believe that the person is a sexually violent predator, the person must be taken into custody if he is not already confined in a secure facility. And if probable cause is found, the court shall conduct a trial to determine whether the person is a sexually violent predator.

If determined to be a sexually violent predator, the offender must be committed to the custody of the Department of Mental Health for control, care and treatment. The Department of Mental Health has entered into an agreement with the Department of Corrections to house these civil commitments. If the court is not satisfied beyond a reasonable doubt that the person is a sexually violent predator, the court shall direct the person's release.

A person committed pursuant to this law shall have an examination of his mental condition performed once every year. If the Department of Mental Health determines that the person is safe to be at large, the courts will be petitioned for release. The burden of proof is upon the Attorney General to show beyond a reasonable doubt that the petitioner's mental abnormality or personality disorder remains such that the petitioner is not safe to be at large and that if released, is likely to commit acts of sexual violence.

Relevant information and records which otherwise are confidential or privileged must be released to the agency with jurisdiction and the Attorney General for the purpose of meeting the notice requirement and determining whether a person is or continues to be a sexually violent predator. Identified reports and records include victim impact statements.

Victim Notification:

The Department of Corrections, the Department of Probation, Parole and Pardon Services, the Board of Juvenile Parole, Department of Juvenile Justice, or the Attorney General's Office, as appropriate, reasonably must attempt to notify each registered victim of post-conviction proceedings.
