Corrections, Department of

I would like to see if there is a time frame of when the windows on the prisons are going to be unblocked? Several of the dorms do not get outside time and the natural light not coming in is against the civil rights and is inhumane. Also i would like to add good job on the changes in Lieber Correctional the programs they are now allowed to participate will help the inmates greatly. As far as Re-entry there has been several that have not been given any kind of Re-entry ..i have spoken to Ms Donaldson and Ms Thompson in regards to this. I was told the inmates with mental are released with plans from mental health case managers for each prison. s is not happening..downtown Charleston has several inmates that were released with no resources or money or food they have mental, and health issues some with violent histories. The case worker at the prison told me as long as she has an address it does not matter.. tried to speak with Ms Leobald at Broadriver she cut me off told me to call headquarters. This is your revolving door back to the prison and i am not sure how the mayor of Charleston would like knowing these men are running the streets of downtown with all the college and tourist guest we have. Ms Thompson spoke with me she said she cannot make them go into programs..well they are not even being offered to them..please address this thank you

Corrections, Department of

Lack of education, lack of re-entry counseling, AC/heating issues, proper diet/food storage/introducing healthy foods such as fruits and veggies and not being manufactured into pig slop, lack of proper staff to inmate ratio which causes constant lock downs, keeping an eye on birds because they and wardens are bringing in contraband even after netting and other security measures have been put in place

Corrections, Department of	Deeply concerned that some of the prisons do not have air. This is especially hard for those inmates with asmatia or bronchitis. Also why is food not contained in proper way so inmates won't have to eat spoiled food.
