Mr. Edward R. Tallon, Sr. South Carolina House of Representatives Post Office Box 11867 Columbia, South Carolina 29211

RE: Follow-up to July 24, 2019 Subcommittee meeting

Dear Representative Tallon:

Please see below and attached responses to your follow-up questions from the sub-committee meeting held on July 24, 2019.

Release of Inmates

- 1. Please provide the number of inmates held past their maxout date during the last five calendar years.
 - SCDC has identified 15 individuals that were past their maxout date and have since been released. The Agency is currently conducting an audit, on all currently incarcerated inmates, to ensure that there are not any other inmates being held past their maxout date. This audit will be complete by October 1, 2019.
- 2. Over the last three years, what is the average amount an inmate has withdrawn to zero out their Cooper Trust Fund Account upon release (i.e., amount with which the inmate leaves the prison)?
 - Please see attached spreadsheets, one for calendar year and one for fiscal year. Please note that your request says, "withdrawn to zero out...", but the balance was not stored in archived data, so these reports assume that the withdrawals made would have zeroed out their account. There is no way to verify this without recreating their entire account history and adding up the debits and credits.
- 3. Over the last three years, how many inmates, incarcerated for 60 days or more, maintained a zero balance in their Cooper Trust Fund Account throughout their incarceration?
 - Among inmates incarcerated over the last three fiscal years (which includes the inmates in the population on 7/1/16, beginning date of FY17, and inmate admissions during the three fiscal years FY17, FY18 and FY19) and where the incarceration period was 60 days or more:
 - There were 39,337 inmates incarcerated during the period, of which 1,643 had at least one incarceration during the three-year period where they maintained a zero balance in their EH Cooper Trust Fund account throughout their incarceration, which is 4% of the total inmates. Further explanation can be provided if requested.
 - Among inmates incarcerated over the last three calendar years (which includes the inmates in the population on 1/1/16, beginning date of CY16, and inmate admissions during the three complete calendar years CY16, CY17 and CY18) and where the incarceration period was 60 days or more:
 - There were 40,193 inmates incarcerated during the period, of which 1,580 had at least one incarceration during the three-year period where they maintained a zero balance in their EH Cooper Trust Fund account throughout their incarceration, which is 4% of the total inmates. Further explanation can be provided if requested.

Employee Training

- 4. Please provide information on how SCDC evaluates the effectiveness of training provided to employees in classification and other areas if different (e.g., testing)?
 - Agency policy, Adm. 17-03, Administration of Agency Training Programs, requires that SCDC Form 17-8, "Training Evaluation," must be completed by at least one-third of all participants receiving training. This evaluation is summarized by the presenter of the training and forwarded to the Division of Training and Staff Development. The effectiveness of the training is reviewed and determined by the area responsible for and delivering the training.
 - Also, SCDC policy outlines what type of testing SCDC utilizes to ensure an understanding of the materials taught. Please see below excerpt from this policy.

Policy Excerpt, ADM.17.03, EMPLOYEE TRAINING STANDARDS

- 7. REQUIREMENTS FOR SUCCESSFUL COMPLETION OF ORIENTATION & CORRECTIONAL OFFICER CERTIFICATION TRAINING (BASIC) TRAINING COURSE:
- o 7.1 Each New Employee Orientation and Correctional Officer Certification Training class must be attended <u>in its entirety</u>. Correctional Officers and Cadets who do not complete certification training within six months of their hire date will be terminated.
- o 7.2 All written and performance tests must be successfully completed pursuant to requirements established by the Division of Training. When an employee does not successfully complete such tests, the actions listed in paragraph 8.1 through 8.3, below, will apply:
- o 8. REMEDIAL TRAINING AND RE-TESTS:
- o 8.1 New Employees (Uniformed Security):
- o 8.1.1 If a new employee fails to pass any written tests, the employee will be offered remedial training in the failed subject(s) and will be re-tested. Only one (1) re-test will be permitted per failed subject.
- 0 8.1.2 Should the new employee fail one re-test, s/he will complete the Correctional Officer Certification Training Program as scheduled. The employee will be scheduled to return to the Training Academy to attend the failed course within 90 days of completing certification training.
- o 8.1.3 Should any new employee in attendance for a failed course fail to pass the written test s/he will be terminated by the Division Director of Training.
- o 8.1.4 Should the new employee fail two re-tests or four (4) written exams, s/he will be terminated by the Division Director of Training.
- o 8.1.5 New employees (as outlined in Paragraph 6. above), who fail the firearms training required during Correctional Officer Certification qualification, will immediately be provided remedial training and three (3) additional opportunities to successfully quality. If the employee fails to fire a qualifying score after this fourth attempt, the employee has failed firearms training. The Division of Training will reschedule the employee to attend the next C/O Basic Firearms training class to be conducted at the Training Academy. The employee will be scheduled to attend this class no later than 60 days from the employee's fourth (4th) attempt to qualify. If the employee fails to qualify during the rescheduled C/O Basic Firearms Class, s/he will be terminated by the Division Director of Training.
- 8.2 New Employees (Uniformed Non-Security and Non-Uniform):
- 0 8.2.1 If a new uniformed non-security or non-uniform employee, while attending the Correctional Officer Training Course, fails two retests or four (4) written tests, s/he will receive an incomplete for the course and no training credit hours will be granted.
- 0 8.2.2 The Division of Training will notify the appropriate Division Director/Warden for any necessary action which may include rescheduling the student for the Correctional Officer Training Course, continuing the student's employment with the incomplete, or terminating the student. (NOTE: A non-certified new employee's failure of the Correctional Officer Training Course should not be the only consideration for termination.)

- o 8.3 Permanent State Employees: The same procedures outlined in paragraphs 7 through 8.1.5, above, apply for those employees attending Correctional Officer Certification Training who are required to be certified. However, prior to any personnel action on any permanent status employee, The Division Director of Training or designee, will contact the Employee Relations Branch to ensure that all appropriate regulations and policies are followed.
- o Note: A passing score for written tests is 70.

Education for Inmates - Palmetto Unified School District (PUSD)

- 5. Is initial training required of newly appointed members of the board? If yes, please explain.
 - No training is required of newly appointed members of the Board.
- 6. Is annual training required of members of the board? If yes, please explain.
 - No annual training is required
- 7. Please provide minutes from board meetings during the last twelve months.
 - Please see attached Board Meeting Minutes. The Board meets quarterly, so these minutes are from April 12, 2018; August 8, 2018; November 15, 2018; and April 11, 2019.
- 8. Would SCDC oppose posting minutes from the board meetings on SCDC's website?
 - No, minutes from board meetings will be posted beginning with the August 2019 meeting.
- 9. Of the current board members, who is the longest serving? When was the member first appointed?
 - Reverend Dr. Robert J. Reid was appointed in 2008, so he is the longest serving member of the Board.
- 10. If the General Assembly required appointment of board members by region, what regions would SCDC recommend be used and why?
 - PUSD would welcome greater diversity among board members. Should the General Assembly appoint board members by region, we would recommend at least one but no more than two members from each of the following regions:
 - o Pee Dee: Lee, Evans, Turbeville, Palmer, Kershaw, Wateree;
 - o Midlands: Camille Graham, Broad River, Kirkland, Goodman, Manning;
 - o Upstate: Livesay, Perry, Tyger River;
 - o Low country: MacDougall, Lieber, Allendale, Ridgeland;
 - o West: McCormick, Trenton, Leath; and,
 - o two at-large members appointed by the Governor
- 11. Why does SCDC pay adult education teachers less than Education Finance Act teachers?
 - Teacher pay is driven by Class Code and not the program in which they teach. All salaries for positions with the Class Code of "UB**" are based on the Teacher Pay Scale.

Teacher Class Codes	Class Title
UB02	Certified Teacher
UB04	Vocational Teacher
UB05	Special Ed Teacher
UB07	Principal
UB09	Superintendent

Other PUSD Class Codes	Class Title
AA75	Administrative Assistant
AH10	Administrative Coordinator
AH35	Program Coordinator
AM65	IT Consultant
BE20	Grants Coordinator
UE07	Academic Program Manager

Positions are coded internally as program coordinators and/or education coordinators which by SCDC policy excludes them from the state-mandated teacher pay scale. (These are teachers who are coded as program coordinators or education coordinator.)

- Internal coding for Adult Education includes three full-time permanent positions (coded as education coordinators rather than certified teachers) and two full-time temporary positions (coded as education coordinators rather than certified teachers) that are usually renewed each year. Another two certified teachers work full-time but on a temporary basis. Twenty-one certified teachers hold part-time temporary positions and work less than 37.5 hours per week in ABE sites. Two certified teachers hold temporary positions (aka "pink slip") that require two weeks unpaid break between service years, offer no paid holidays or bonuses offered by state, no accrual of sick or annual leave, and no accrual of time for retirement.
- SCDC is compiling more information regarding which positions qualify for which benefits as a summary for the members and will be provided at a later date.
- 12. Do teachers in the PUSD have the opportunity for step increases in salary like in other school districts in the state? If not, why not?
 - Yes, step increases are based on years of experience and are the basis of the Minimum Salary Schedule
 provided annually from SC Department of Education. SCDC's teacher pay scale is driven directly from
 this schedule. Years of experience are evaluated twice a year and teachers' salaries are increased at the
 evaluations as their certification anniversary dates occur.
 - There are 53 full-time EFA certified personnel (teachers, guidance counselors, and media specialists) receive step increases. One certified vocational teacher at an ABE site is not eligible for step increases. Twenty-one certified teachers who work part-time (24-30 hours per week) in the ABE sites are not eligible for step increases.
 - Principals are also on teacher pay scale and receive a step increase.
 - SCDC internal coding of positions and temporary/permanent status affect eligibility for step increases.
- 13. Please provide information on the vacancies, as a percentage of total teacher positions, in PUSD and comparable school districts in the state.
 - PUSD has 163 teacher positions (ABE, EFA, CTE). Currently, 47 teacher vacancies exist. SCDC has requested vacancy information from SC Department of Education.
- 14. For each funding source in slide 86 of SCDC's Programs, Reentry, and Rehabilitative Services presentation (i.e., federal, state, and local), please explain why comparable school districts receive two to ten times as much per student as PUSD.
 - Information is from the State Dept: https://ed.sc.gov/finance/financial-services/student-data/revenue-per-pupil-reported-by-school-district-fy-2018-2019/
 - It is difficult to compare PUSD's revenue to other school districts for several reasons:
 - Public school districts receive revenue from tax dollars and school fees (ex. transportation fees, breakfast & lunch sales, per-class tuition fees, etc.).
 - Public schools include many different programs that our district does not have (ex. Elementary education, middle school education, STEM programs, etc.). Each of these programs are funded by SC Dept. of Education at different rates many of which are higher than the programs for which we receive funding. To make a fair comparison there would have to be a breakdown of the other districts to only include the programs housed within PUSD.
 - Enrollment of students in statewide SIS (PowerSchool) used to determine funding
 - Local and state revenue streams are more diverse in other districts, and elementary schools historically receive more funds. PUSD serves high school and adult learners.
 - Gap of education services between entry and enrollment in PUSD.
 - PUSD does not support transportation, health/medical services, extracurricular activities, capital projects, legal services, and/or food services. This means we do not embed this in the amount per student we receive.
- 15. Please provide documentation related to when, during the last three years, SCDC had to restrict inmate enrollment in an education program.
 - Please see attached spreadsheet. The "Rationale" column indicates the reason an inmate would have been restricted from enrolling in an educational program.

- 16. When does SCDC anticipate having the results of the Test of Adult Basic Education for all inmates? When this information is available, please provide an updated chart, similar to the one on slide 75 of SCDC's Programs, Reentry, and Rehabilitative Services presentation.
 - A structure must be developed to administer the Test of Adult Basic Education (TABE) upon entry of inmates to Kirkland Reception and Evaluation (R&E) and Camille Graham. This structure must include increased funding, increased permanent full-time staffing, appropriate testing space, testing booklets/forms, and scoring devices.
 - No date can be projected for TABE testing at R&E until all structural needs are accomplished.
 - Inmates are admitted daily excluding weekends and holidays.
- 17. Please explain the potential causes for the number of inmates on the waiting list for educational courses and discuss the anticipated impact utilization of tablets in SCDC facilities may have on this number.
 - The number of inmates on a waiting list for educational services is affected by teacher vacancies, insufficient staffing, lack of funding for full-time positions, inmates in lock-up custody, work release job responsibilities during school hours, sentence length versus time needed to complete program; inmate in mandatory substance abuse treatment; and inmate disciplinary action.
 - Ideally, tablets would enable PUSD to reach and educate more students using a greater variety of methods. However, security restrictions, current infrastructure, and access to accredited SC-standards aligned curriculum will determine success of using tablets for educational purposes.
- 18. Once SCDC receives information from the tablet provider, or by October 21, 2019, whichever is earlier, please provide an update on whether inmates, who are willing to pay to take college courses, will be able to do so via the tablets.
 - The tablet provider can support any type of educational courses via the inmate tablets, including college courses, if all the course materials are available in a standard (SCORM compliant) package that can be loaded into their learning management system. They do not support live interactive distance learning through the inmate tablets at this time. Our first concern is to provide access to inmates mandated by South Carolina Department of Education to receive a High School Diploma or its equivalent.

Programs - Academy of Hope

- 19. Please list recommendations Mr. Andre Norman, CEO, Academy of Hope, has (e.g., improved staff training) for ways in which SCDC can improve.
 - Andre Norman provided the following response:
 - o "Staff support, and training would be the core improvement that will have the greatest impact."
 - o "Providing for them the type of trainings that address the emotional intelligence of the inmates. The days of do what I say because I'm the boss are behind us."
 - o "Creating engaging programs for inmates, ideally there is a state-wide plan for them."
 - o "Increase staffing levels."
 - o "View my TED x talks"
 - o Ted Talk Information: (How to Fix the American Prison) https://m.youtube.com/watch?v=4eN2jmlb7m8
 - o (Radical extremists recruit American prisoners) https://m.youtube.com/watch?v=CbFg1v9QYKs
- 20. Please provide dates/intervals in which Mr. Norman reviews the metrics for the Academy of Hope (e.g., staff assaults, inmate assaults, weapons found, and lock in on time) to gauge the program's progress and provide the data reviewed on those intervals.
 - In addition to what the Academy of Hope uses as their metrics, SCDC will compare the disciplinary history of the inmates admitted to the Academy of Hope Program, prior to admission and then while in the program, please see attached. A better metric will be once these inmates return to the General Population, which will allow SCDC to determine the effectiveness of the Program. For statistical data, it is best to analyze data from the same length of time prior to the program, during the program and after the program. As this is a new program, this will take time.

- 21. What are the measurable outcomes, if any, Mr. Norman believes the Academy of Hope must achieve, at a minimum, for he and his team to consider the program a success?
 - Andre Norman stated, "The goal of AOH is to maintain zeros on all metrics, furthermore AOH seeks to impact the population and staff beyond the program itself."
 - SCDC seeks more realistic measurable outcomes reflecting a reduction in major disciplinary charges, and non-compliant behaviors.
- 22. What must occur for Mr. Norman and SCDC to consider the Academy of Hope a program they would recommend as a model to other states around the country?
 - Andre Norman stated, "For AOH to be recommend to other states, we would like to have great metrics for a substantial time, have gathered a huge staff buy in, and created inmate mentors that can go help establish AOH in receiving state."

Programs - Training and Employment of Inmates Upon Release

- 23. Is SCDC aware of any challenges inmates who receive commercial driving license training while incarcerated, face when seeking employment as a truck driver? If so, please explain the challenges as well as any ideas for how SCDC, or the General Assembly, may address those issues.
 - Yes inmates with CDL training have trouble securing employment because insurance companies write the risk as proximate cause "true cause," which allows truck driving companies to become victims of "negligent hiring" lawsuits due to individuals having criminal histories. Employers are reluctant to hire former inmates because of "negligent hiring" exposure.
 - Recommendation to the General Assembly: Evaluate insurance laws to consider amending so that a
 person's criminal history would not prohibit employment if not related to driving or drug trafficking
 offenses.
- 24. What other state agencies does SCDC collaborate with to determine the skills employers in the state need to assist SCDC in determining the type of training that may be most beneficial to inmates upon release? For each agency, please list the types of information SCDC receives.
 - Department of Employment and Workforce DEW provides on-site pre-employment training of inmates, i.e. resume writing, job search, job application, soft skills that include interview skills, dressing for interviews, Federal Bonding Letter & Employee Tax Credit SC Works in partnership with DEW provides jobseekers with career counseling, job referrals, testing and training services, Career Counseling, Job Referrals, Educational and Vocational Testing.
 - PPP SPICE Program and Shared Information Regarding Returning Citizens, Community Placement.
 - Department of Vocational Rehabilitation Connective Services, assist returning citizens with job placement, training, soft skills, resume writing, educational services.
 - Department of Employment and Workforce Our main partners who assist with employment opportunities for returning citizens.
 - Department of Vocational Rehabilitation Connective Services, assist returning citizens with job placement, training, soft skills, resume writing, educational services.
 - Department of Motor Vehicles State Identification.
 - DHEC Birth Certificates.
 - DAODAS Managed Assistance Treatment.
 - DSS Life Skills, Assistance with child support deferment, Fatherhood initiative.
- 25. Currently, does SCDC have information on skills employers are looking for, by county? If not, could this type of information, if it was available, assist SCDC in suggesting training to inmates based on the county in which the inmate anticipates returning upon release?
 - No, there is no list of job skills needed by counties.
 - Some second chance employers contact SCDC with needs for personnel possessing specific job skills. Job needs, by county, would allow SCDC to match and train returning citizens with the skills necessary for employment.

- 26. Currently, does SCDC have information on employers located on bus routes, by county? If not, could this type of information, if it was available, assist SCDC in suggesting training to inmates based on the county in which the inmate anticipates returning upon release?
 - No, there is no information regarding employers located on bus routes, by county.
 - Yes, that type of information would be helpful.

Conditions for Inmates (sunlight, hygiene, meals, air conditioning, and pest control)

- 27. Currently, are there windows at any of the SCDC facilities, through which inmates would otherwise receive natural light, that are obstructed (e.g., blocked, painted over)? If so, at which institutions and why?
 - Yes, please see attached example of the window coverings and louvers that have been and will be installed at the following institutions: Allendale, Broad River, Evans, McCormick, Perry and Tyger River. The top row in the picture is what SCDC was installing, which allowed limited light to pass through. This cover has been modified and louvers attached to the outside to allow additional natural light to enter. SCDC has installed approximately 60 louvers at Broad River CI and will continue installation until the institution is complete. To fabricate window coverings with louvers and install will take approximately 3 years to complete. The windows that are being sandblasted do allow light to pass through, however, it does not allow any visibility to the outside. The following institutions have obstructed natural light, which could include paint, sandblasting or glaze: Kershaw, Turbeville and Lieber. Though these methods obstruct natural light, it does not completely block natural light from entering the cell. The reason SCDC installed window coverings or obstructed natural light is for security reasons due to inmates coordinating with outside civilians regarding the introduction of contraband, by signaling to the civilian when the employee perimeter rover has passed the area where the contraband is being thrown. Inmates have also used hacksaws and other devices to cut the cell bars and windows to exit the cells to obtain contraband, and possibly attempt escape.
- 28. What hygiene items, if any, are available to inmates free of charge (e.g., toilet paper, toothbrush and toothpaste, feminine products, etc.)?
 - In accordance with SCDC policy ADM 16.08-Commissary Operations, all inmates will be issued: One (1) personal hygiene pack containing: soap (three [3]); pencil (one [1]), which will be exchanged for a new pencil when it wears out; toothpaste (one [1]); toothbrush (one [1]); deodorant (one [1]); envelopes (two [2]); sheets of paper (eight [8]); 3 in 1 (shampoo, shave, shower) gel male (two [2]) and female (three [3]); disposable razors (four [4]); and comb (upon request by inmate). Indigent inmates will receive replacement hygiene packs on the first scheduled distribution date after showing up on the dorm report as being indigent. (4-ACRS-4B-01) (The ACRS standards originate from the American Correctional Association.)
 - Hygiene packages are given out every 30 days. The dorm report indicates which inmates are indigent. Inmates on the list should be notified to come to the Commissary. The inmate will sign SCDC Form 20-40 when the package is received. Toilet paper is issued each week one roll per inmate.

What hygiene items are available for purchase at the canteen and how much does each cost?

- 29. Are there any state or national associations that prescribe standards relating to inmate personal hygiene for correctional facilities? If so, please provide information on where the Committee can access those standards.
 - SCDC Policy ADM-15.13.9.2 9.2 In compliance with applicable state, federal, and case law, inmates who are determined to be indigent will be provided adequate hygiene products, writing supplies, and postage on a monthly basis. Indigent inmates will be allowed an opportunity to visit the commissary monthly where they will receive a package containing a 30-day supply of hygiene items and writing materials. (4-ACRS-4B-01, 4-ACRS-6A-06, 4-4342, 4-4489).
 - The first two Standards listed are from the ACRS Manual. ACRS standards originate from the American Correctional Association. This means that they are applicable only to our Pre-Release Centers and to inmates who are in Pre-Release status at other facilities. These Standards are cited below for reference:
 - (1) 4-ACRS-4B-01-Articles necessary for maintaining proper personal hygiene are provided and are readily available to offenders. Articles include at least the following: soap, shampoo, toothbrush. toothpaste or powder, comb, toilet paper, and special hygiene items for female offenders. Comment: Hygiene items should be available as approved by the facility administrator. Offenders are not precluded from purchasing and/or providing their own hygiene items. Protocols: Written policy/procedure. Offender handbook/rules.

Process Indicators: Offender account records (purchases of hygiene items). Interviews.

(2) 4-ACRS-6A-06-Indigent offenders, as defined in policy, receive a specified postage allowance to maintain community ties.

<u>Comment</u>: An offender without financial resources should be provided the means to send a reasonable number of letters per month.

Protocols: Written policy/procedure. Offender handbook/rules.

<u>Process Indicators</u>: Documentation of postage provided. Offender accounts.

- The last two Standards listed are from the "Standards for Adult Correctional Institutions, Fourth Edition" which are applicable to our non-Pre-Release Institutions and populations. These Standards are cited below for reference:
 - (1) 4-4342-Articles necessary for maintaining proper personal hygiene are available to all offenders and provided to those who are indigent. Each offender should be provided soap, toilet paper, and a tooth brush, and toothpaste, denture cleaner and adhesives, if needed. Shaving equipment should be made available upon request, and the special hygiene needs of all offenders should be met. Comment: None.
 - (2) 4-4489-Written policy, procedure, and practice provide that indigent inmates, as defined in policy, receive a specified postage allowance to maintain community ties.

 <u>Comment:</u> An inmate without financial resources should be provided the means to send a reasonable number of letters per month. Community ties include family, personal friends, and so on, but not privileged communication to attorney, public officials, and courts.
- 30. Once SCDC makes a final decision, or by October 21, 2019, whichever is earlier, please provide an update on SCDC's analysis of providing inmates three meals a day on the weekend as opposed to two meals.
 - SCDC strives to provide inmates with a targeted caloric intake that ranges from 2,300 to 2,500 calories
 per day, to include the days on the weekends that serve brunch. SCDC will evaluate providing an
 additional side item for brunch meals. The Deputy Director for Administration is also evaluating the
 entire food service process.
- 31. Does the Department of Health and Environmental Control, other entities, or SCDC internally have requirements or standards related to pest control in SCDC facilities that house inmates? If so, what are those requirements and how does SCDC ensure compliance?
 - ADM 16.01-Vermin and Pest Control governs the Agency's pest control process, please see attached
 policy. The Pest Control Department of the Division of Facilities Management is responsible for the
 overall vermin and pest control program within SCDC. The pest control technicians are licensed
 through the Department of Agriculture and the chemicals used are used in accordance to the chemical's
 label and state law. The pest control Supervisor is responsible for the scheduling of the institutions and
 assurance of scheduled services.
 - SCDC does have requirements and standards relating to pest control. Each institution is scheduled monthly in coordination with the Pest Control Department and the Emergency Health Safety Officer of each institution as well as the Food Service Director. Each Institution's EHSO, and FFD receive a copy of the month's schedule. The technician contacts the EHSO on the day of service to inquire of any specific areas of concern. As a standard preventative, each area (housing, offices etc.) is serviced on a quarterly basis unless additional treatment is needed.
 - The Dining areas are serviced monthly which is a standard practice. The service to the dining area is performed after the evening service cleanup is completed. A thorough inspection and treatment is performed, and any deficiencies are documented and photographed, if necessary. Also, recommendations are made to help control pests without the use of further chemical application. A service report is filled out and given to the EHSO, food service supervisor and food service director following the specific institution's pest control service.
 - An example of a recent monthly schedule:

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
Pest Control Service	Broad River Lee	Perry Leath	Trenton Goodman	4	5	6
7	8 Allendale Kershaw	9 Evans MacDougal	10 Ridgeland Livesay	Manning Camille	Coastal 12	13
14	15 McCormick Turbeville	Wateree 16	17 Tyger River	Local Service	19 Palmer Work Release	20
21	22 Kirkland	Lieber 23	24 Allendale – Re-service Kershaw –	25	26	27
28	29 Evans – Yard Service Livesay –	30 Camille – Re-service Wateree –	Local Service			

- 32. In regards to temperature ranges in SCDC facilities that house inmates, please answer the following:

 (a) Does the Department of Health and Environmental Control, other entities, or SCDC internally, have requirements or standards;
 - The only standard SCDC has is SCDC policy ADM-13.04 "ENERGY CONSUMPTION, MANAGEMENT, AND CONSERVATION", which states: "5.2 Employees working in areas with thermostats for simple HVAC systems (cannot heat and cool at the same time) will set the thermostat so that the room air temperature is 78°F when cooling and 68°F when heating. In areas with more complex systems (heat and cool at the same time), exact thermostat settings will be determined and set forth by the *Assistant Director*, *Division of Facilities Management* or designee, Division of *Facilities Management*, due to the unique features of these systems and to minimize energy use while maintaining comfort. (4-ACRS-4B-03, 4-4153)".
 - (b) If requirements or standards exist, how does SCDC ensure compliance; and
 - These systems are monitored by energy management systems and software or simple room thermostats.
 - (c) In the past year, has the temperature gone above or below those requirements or standards in any unit for more than 24 hours?
 - There is no written record, but yes, we have experienced issues with the heating and cooling that would have allowed them to be down for more than 24 hours. Many of our air handling units are old and we experience usual problems with older equipment. We repair/maintain this equipment as quickly and as efficiently as possible, so the residents of the institutions do not have to go without climate control for long periods. SCDC has 25 different institutional units in critical need of replacement.
 - 33. In addition to posting the Department of Health and Environmental Control inspection grade for SCDC cafeterias on SCDC's website, what other information could SCDC post to communicate to inmate

families, and the public about meals inmates are receiving and quality assurances required of the food in those meals (e.g., page on the website dedicated to information about meals including daily menu at each facility, types of inspections required of food, etc.)?

• Cafeterias are inspected by Associate Wardens or institutional designee weekly. Monthly inspections are conducted by Food Service Branch. Cafeterias are visited frequently by Food Service Administrator, unannounced as follow-up and oversight to any complaints from inmates, inmate's family or staff. Menu(s) are written in (6) week cycles. Any or all of these are available to public/inmates upon request and available for posting on SCDC website. SCDC is currently investigating the posting of menus on the institutional websites along with caloric intake values.

Death of Inmate

- 34. When an inmate dies while in SCDC custody, does SCDC or another entity determine the cause of death? If it is another entity, what entity is it and does that entity perform its own independent investigation to make the determination? Are there any other entities who could investigate the death, if they desired?
 - Another entity determines the cause of death.
 - The Coroner's Office determines the cause of death through an autopsy and may choose to investigate or conduct an inquiry into the death.
 - SCDC Police Services and/or SLED will investigate the incident if the death is suspected homicide, suicide, or otherwise suspicious. The Coroner's Office may also choose to investigate or conduct an inquiry into the death if they determine it is warranted to decide on cause of death.
- 35. Are other inmates allowed to do anything to mourn when another inmate passes away?
 - In many institutions a Memorial Service is offered after the death of an inmate in their population. These services include prayer, scripture, a eulogy or reflections on the inmate's life, opportunities for other inmates to share reflections, a moment of silence and sometimes comments received from the inmate's family. Attached are two examples of such a service.
 - A number of Chaplains also offer Grief Groups where inmate roommates or friends may be
 referred after an inmate's death. Individual Grief Pastoral Counseling also may occur
 following an inmate death. Chaplains indicate they increase Pastoral Visitation in areas
 where a deceased inmate lived in order to care for the grieving population. There are times
 where inmates have drawn or written cards of sympathy individually or as a group that, upon
 review by the Chaplain, have been authorized to be given to the family of the deceased
 inmate.

Visitation (processing; notification)

- 36. On average, how long does it take to process inmate visitors? What factors if any, may increase or decrease this time?
 - As the number of visitors vary, as do circumstances, we took 4 separate weekends and the number of visitors who entered and the times of the first entry and the last entry to obtain an average time for processing each visitor. Based on this data, we found that on average it takes approximately 4.14 minutes to process a visitor; however, it can take as little as 2 minutes to process. Factors which could increase the time are as follows: finding contraband on a visitor, inability to clear the scanner, disruptive behavior by the visitor, etc. Decreasing the time to process a visitor would only be accomplished by the visitors being prepared for the process, with no disruption, to include appropriate attire and behavior. SCDC must ensure safety/security first and foremost. NOTE: Visitors coming to see inmates housed on the Broad River Complex must also be processed through the front gate, so their overall time would be longer.

- 37. On average, how long does it take to post information on SCDC's website to inform visitors that a facility is on lockdown or otherwise not accepting visitors? Is this information communicated directly to individuals who regularly visit/volunteer/lead programs? If so, how?
 - As denoted in a previous response, the Agency has a Visitation Hotline (803.896.1838) with several options for assistance. The #2 option is a message which advises what facilities and/or unit(s)/dorm(s) at a facility are not going to have visitation for a day or weekend. The message is updated throughout the weekend, as soon as notification is made to visitation that there are any changes due to security/staffing/weather/etc. While last minute changes are unavoidable, it has been a valuable tool to assist us with notifying visitors, as soon as feasible, which is normally within 30 minutes or less of the decision to lock a unit down. (Weekend lockdowns are not posted on the website as everyone doesn't have access to the Internet, but most everyone has phones to check the hotlines.) Notification for scheduled volunteers/program leaders would come directly from the Duty Warden of the respective institution.
- 38. Currently, can an individual provide information online to SCDC and receive an email or other notification when one or more facilities they regularly visit goes on lockdown or is not accepting visitors? If not, would SCDC be willing to research options that may allow this type of notification?
 - No, not currently. SCDC notifies visitors by the hotline denoted above in response to Question #37.
 This allows SCDC to reach those who know they plan to visit and can call the number to check for
 the location where they are visiting. SCDC is working on implementing a plan to post notifications
 of visitation cancellations/delays on social media. SCDC will piloted social media notifications on
 Twitter August 23, 2019.

End of Study

- 39. Please maintain a list of any internal changes SCDC makes during the oversight study process (e.g., classification system, release date calculations and audits to prevent future occurrences of early release and release after maxout date; adding Test for Adult Basic Education (TABE) back to the inmate intake process) and provide this information after the last Subcommittee meeting.
 - As requested, this list will be provided at the end of the subcommittee meetings.

Should you have further questions or require additional information, please do not hesitate to contact me. Thank you.

Sincerely,

Bryan P. Stirling

Inmate Funds/Release – Avg. Amount in Inmate Account When Released

Included in the Department of Corrections' (SCDC) August 22, 2019 letter to the House Legislative Oversight Committee (LOC). This information was provided in response to the following question in LOC's July 29, 2019 letter to the Department of Corrections: "2. Over the last three years, what is the average amount an inmate has withdrawn to zero out their Cooper Trust Fund Account upon release (i.e., amount with which the inmate leaves the prison)?"

In addition to providing the information in this document, SCDC provided the following response:

• Please see attached spreadsheets, one for calendar year and one for fiscal year. Please note that your request says, "withdrawn to zero out...", but the balance was not stored in archived data, so these reports assume that the withdrawals made would have zeroed out their account. There is no way to verify this without recreating their entire account history and adding up the debits and credits.

BOT Minutes August 8, 2018

Budget Update

The Superintendent began his report by outlining the projected budget compared to year-to-date expenditures ending June 30, 2018. A motion was made by Chairman Ragley to accept the budget. All were in favor.

Staffing

Palmetto Unified School District has a total of approximately 151 positions available statewide, totaling a 33% vacancy rate. There is a national and state shortage of certified teachers. The shortage is even greater considering correctional education.

SC Code of Law

Volume 9, Title 24, Chapter 25, Section 10 (established in 1981) states, "There is hereby established a special statewide unified school district within the South Carolina Department of Corrections to be known as the "Palmetto Unified School District No. 1."...

Special Presentations

The superintendent invited Ms. Nena Staley to assist him in giving out awards.

Grievances and Assaults

In 2008 under the auspices of Palmetto Unified an agency wide Character Education Initiative was implemented with the intent of creating a more positive climate and increasing employee and inmate morale. Decreases in assaults and grievances are the targeted measures of effectiveness. Winners received an aluminum 30 inch tree, and previous year winners received a recognition plate to place on their tree. Awards were presented as follows:

Level I Grievances

1st Place Palmer, Representative: Ms. Bartelle, Warden McFadden

2nd Place: No Reduction

Level I Assaults

1st Place: Palmer, Representative: Ms. Bartelle, Warden McFadden 2nd Place: Livesay, Representative: Dr. Thompson, Warden Dodkin

2nd Place: Perry, Representative: Ms. Bratton, Warden Lewis

Academic Attainment for 4th Quarter FY 2018

- a. Approximately 324 GED's have been awarded which is 135% of the 240 goal (Implemented new GED in 2015)
- b. Vocational completers is at 2,333 which is 77% of the 3000 goal
- c. WorkKeys (Career Readiness Certificates) have been earned by 626 which is 56% of the 1,100 goal

Page **3** of **4**

BOT Minutes August 8, 2018

- d. On the Job Training (OJT) awards have been issued to 2,942 participants which is 91% of the 3,200 goal
- e. Employability Skills Curriculum is at 234 which is 195% of the 120 goal
- f. Department of Labor Apprenticeships completers is 36 which is 113% of the 32 goal (Authorized in 2015)

In FY 2018, the District's Academic Goal was 4,395 which is 57% of the 7,692 goal.

Noteworthy in 2018

In FY 2018, the District received an "All Clear" audit from the Office of Special Education, for the Federal Title I N&D grant, and for the Accreditation Standards from the State Department of Education.

EFA Membership/Funding

The Education Finance Act (EFA) enrollment continues to decline. The 135 Day Average Daily Membership (ADM) was approximately 439. As the number of students decline so does funding.

School Improvement Council (SIC)

The SIC is mandated by the Education Improvement Act (EIA) and serves as an advisory committee to the District and assists in the preparation, implementation and evaluation of the five year plan and updates and in developing the Annual Report to the Public. Dr. Reagan presented each member with a wooden Plexiglas token of appreciation crafted by carpentry students. The members of this council are as follows: Beverly Holiday, John Barkley, Dexter Lee, Gwen Bright, Mike Brown, Joette Scarborough, Jannita Gaston, John Shipman, Steve Harbin, and Charlette Taylor, SIC Chair.

Student Average Daily Attendance Rate/ Educational Services Application

In 2018, the average student daily attendance rate was between 30 to 40 percent. The district wide goal is 80 percent. Dr. Reagan announced that the database is a work in progress and teachers must maintain hard copies of their attendance.

Student Academic Achievement

According to The RAND Report on the effectiveness of correctional education, inmates who participate in correctional education experienced a 43 percent reduction in recidivism. Inmates exposed to computer-assisted instruction; learned slightly more in reading, and substantially more in math. Every \$1 spent on Correctional Education reduces incarceration costs by \$4 to \$5.

Academic Cup of Excellence

Leath Adult Education Center is the agency's overall winner across all three levels by exceeding the district's SAI Index of 616. The School Leader, Ms. Tammy Cunningham received the superintendent's Cup of Academic Excellence for a year, a recognition plaque, and a box of office supplies as well as bragging rights for one year. Warden Yeldell was assigned a laptop computer for one year.

2018 Palmetto School District Teacher of the Year

The District Superintendent and Chairman of the Board announced Ms. Tina Stahlman as the 2018 Palmetto Unified School District Teacher of the Year (TOY). Ms. Stahlman is a Lead Teacher at Kershaw. Ms. Stahlman is an exceptional teacher as evidenced by the accolades administrators, colleagues and students bestow on her. She is a dedicated Lead Teacher who exemplifies professionalism in her interactions with students and staff.

Ms. Stahlman received a rocking chair handcrafted by student inmates from Manning Reentry/Work Release Center and a reserved parking at Kershaw Correctional Institution. She will also receive, as all South Carolina District Teachers of the Year, a \$1,000.00 check from the SC Department of Education and the opportunity to vie for the State Teacher of the Year title.

November 15, 2018

The following information was presented to the Board Members by Ms. Holiday and Mr. Shipman:

Student Enrollment

Total EFA (students enrollment is 474, and the total ABE enrollment is 1,794.

Average daily attendance is low (estimated at 20% as many institutions remain on partial lock down since April 2018. Manning, Camille Graham, and Leath are exceptions; at these institutions, students are being allowed to attend school regularly. The other institutions are working on a tiered gradual release system. Many teachers go to the dorms to provide packets of assignments and/or work with students directly in the dorms.

Staffing

Palmetto Unified School District has an approximate 30% vacancy rate. There is a national teacher shortage and better economy affects staffing, particularly vocational areas.

On the bright side, NeoGov, the new online application system will help streamline the process. PUSD has had an increase in applicants and several new hires.

Superintendent Selection Process

Ms. Rita Crapps presented information on the superintendent's selection process. Section 24 25 90 (Code of Laws). Superintendent and other personnel to be employed according to the South Carolina Department of Correction policies and procedures. The superintendent of the district and all other education personnel shall be employed, supervised, and terminated according to the South Carolina Department of Corrections' personnel policies and procedures.

Ms. Rita Crapps stated that superintendent position will be posted on NEOGov and SCASA for three weeks. State laws dictate the South Carolina Department of Corrections to screen and vet all the applicants.

Budget Report

Financial spreadsheet was provided to Board Members.

2019 Academic Goal Attainment - 1st Quarter

GED's/HS Diplomas – Goal 300; Attained 57 (19% of goal) Vocational Certificate – Goal 3,000; Attained 361 (12% of goal) WIN – Goal 1,100; Attained 128 (12% of goal) OJT Awards – Goal 3,200; Attained 455 (14% of goal) DOL Apprenticeships – Goal 30; Attained 0 (0% of goal) Totals – Goal 7,630; Attained 1051 (14% of goal)

New Career Readiness Programs

Information Technology (IT) Computer Repair Program – propose to place two programs: one at Camille Graham and one at Turbeville. We have surplus equipment that could be used to learn basic repairs; other equipments would need to be purchased. Both Wardens have approved this idea.

Commercial Driver's License (CDL) Program – propose to purchase a CDL simulator and place program at Manning as part of a part-time evening program. Mr. Reynolds, Carpentary instruction has agreed to teach this class; he currently is a certified CDL holder.

Page 3 of 3 BOT Minutes November 15, 2018

Heavy Equipment Operator (HEO) Simulators, Bulldozers, Backhoes, Graders, and etc. – propose to purchase a mobile simulator that would travel to selected institutions to provide HEO instructions to students on an as-needed rotation schedule.

Tiny House to be built and sold through Manning Carpentry program. If successful, expand to other programs (precursor to full size house build at Manning).

Teacher Certifications Updates

SCTS 4.0 – Student Learning Objectives (SLO); Evaluation cycle, GBE vs. Formal education. All educators within their licensure renewal cycle will need to complete the Read to Succeed requirements in order to have their licensure renewed. There are different Read to Succeed courses/requirements based on position/certification areas.

In Closing

With no other business on the agenda, Chairman Ragley made a motion that the meeting be adjourned at 10:58 AM. The motion was unanimously approved.

The next Board Meeting is scheduled for January 10, 2019, at 10:00 a.m., PUSD Board Room.

Inmate Cells - Window Covering Example

Included in the Department of Corrections' (SCDC) August 22, 2019 letter to the House Legislative Oversight Committee (LOC). This information was provided in response to the following question in LOC's July 29, 2019 letter to the Department of Corrections: "27. Currently, are there windows at any of the SCDC facilities, through which inmates would otherwise receive natural light, that are obstructed (e.g., blocked, painted over)? If so, at which institutions and why?"

In addition to providing the information in this document, SCDC provided the following response:

• Yes, please see attached example of the window coverings and louvers that have been and will be installed at the following institutions: Allendale, Broad River, Evans, McCormick, Perry and Tyger River. The top row in the picture is what SCDC was installing, which allowed limited light to pass through. This cover has been modified and louvers attached to the outside to allow additional natural light to enter. SCDC has installed approximately 60 louvers at Broad River CI and will continue installation until the institution is complete. To fabricate window coverings with louvers and install will take approximately 3 years to complete. The windows that are being sandblasted do allow light to pass through, however, it does not allow any visibility to the outside. The following institutions have obstructed natural light, which could include paint, sandblasting or glaze: Kershaw, Turbeville and Lieber. Though these methods obstruct natural light, it does not completely block natural light from entering the cell. The reason SCDC installed window coverings or obstructed natural light is for security reasons due to inmates coordinating with outside civilians regarding the introduction of contraband, by signaling to the civilian when the employee perimeter rover has passed the area where the contraband is being thrown. Inmates have also used hacksaws and other devices to cut the cell bars and windows to exit the cells to obtain contraband, and possibly attempt escape.

Correctional Facilities – Pest Control Policy and Schedule

Included in the Department of Corrections' (SCDC) August 22, 2019 letter to the House Legislative Oversight Committee (LOC). This information was provided in response to the following question in LOC's July 29, 2019 letter to the Department of Corrections: "31. Does the Department of Health and Environmental Control, other entities, or SCDC internally have requirements or standards related to pest control in SCDC facilities that house inmates? If so, what are those requirements and how does SCDC ensure compliance?"

In addition to providing the information in this document, SCDC provided the following response:

- ADM 16.01-Vermin and Pest Control governs the Agency's pest control process, please see attached policy. The Pest Control Department of the Division of Facilities Management is responsible for the overall vermin and pest control program within SCDC. The pest control technicians are licensed through the Department of Agriculture and the chemicals used are used in accordance to the chemical's label and state law. The pest control Supervisor is responsible for the scheduling of the institutions and assurance of scheduled services.
- SCDC does have requirements and standards relating to pest control. Each institution is scheduled monthly in coordination with the Pest Control Department and the Emergency Health Safety Officer of each institution as well as the Food Service Director. Each Institution's EHSO, and FFD receive a copy of the month's schedule. The technician contacts the EHSO on the day of service to inquire of any specific areas of concern. As a standard preventative, each area (housing, offices etc.) is serviced on a quarterly basis unless additional treatment is needed.
- The Dining areas are serviced monthly which is a standard practice. The service to the dining area is performed after the evening service cleanup is completed. A thorough inspection and treatment is performed, and any deficiencies are documented and photographed, if necessary. Also, recommendations are made to help control pests without the use of further chemical application. A service report is filled out and given to the EHSO, food service supervisor and food service director following the specific institution's pest control service.
- An example of a recent monthly schedule:

SCDC POLICY/PROCEDURE

NUMBER: ADM-16.01

TITLE: VERMIN AND PEST CONTROL

ISSUE DATE: April 1, 2007

RESPONSIBLE AUTHORITY: DIVISION OF Facilities Management

OPERATIONS MANUAL: ADMINISTRATION

SUPERSEDES: ADM-16.01 (dated January 1, 2003)

RELEVANT SCDC FORMS/SUPPLIES: 20-74

ACA/CAC STANDARDS: 4-ACRS-1A-05, 4-ACRS-1C-17, 4-4215, 4-4332

STATE/FEDERAL STATUTES:

PURPOSE: To provide guidelines for inspecting, scheduling, and treating SCDC facilities for pests and vermin.

POLICY STATEMENT: The South Carolina Department of Corrections recognizes the need for a sanitary environment to maintain the health and well-being of employees and inmates. The Agency will, therefore, ensure that vermin and pests are controlled through safe and effective means. (4-ACRS-1A-05, 4-ACRS-1C-17, 4-4215, 4-4332)

TABLE OF CONTENTS

- 1. RESPONSIBILITIES
- 2. SCHEDULE
- 3. VERMIN/PEST CONTROL TREATMENT
- 4. REPORTS AND SAFETY
- 5. PEST AND VERMIN CONTROL SUPPLY ISSUES
- 6. **DEFINITIONS**

SPECIFIC PROCEDURES:

1. RESPONSIBILITIES:

- **1.1** The Division of *Facilities Management* will be responsible for the overall operation of the vermin and pest control program.
- **1.2** The Pest Control Section will be supervised by a Pest Control Supervisor who will be a licensed and certified applicator of vermin and pest control chemicals. The Pest Control Supervisor will be responsible for vermin and pest control inspections, recommendations, scheduling, treatment, and re-treatment of all SCDC facilities. Licensed pest control technicians will assist the Pest Control Supervisor.

2. SCHEDULE:

- **2.1** The Pest Control Supervisor will determine how often each SCDC facility will be treated and will develop a pest control schedule to treat all SCDC facilities. This schedule will be distributed bi-monthly to all Environmental Health and Safety Officers (EHSOs) *and* the pest control liaison for each Annex building (non-institutional areas). (**4-ACRS-1A-05, 4-4332**)
- **2.2** A copy of the pest control schedule will be posted *by the EHSO* in a conspicuous place inside all inmate living areas to ensure that the inmates are aware of when that facility will be treated.
- **2.3** Except in the case of an emergency, if changes in scheduling are required by an institution/office, the appropriate member of the Director's Staff, Division Director, Warden/Designee will notify the Pest Control Section at least two (2) weeks prior to the scheduled treatment.
- **2.4** Pre-treatments of new construction will be performed at the request of the Division Director of *Facilities Management* or designee. Forty-eight (48) hours notice will be required to make appropriate schedule changes.

3. <u>VERMIN/PEST CONTROL TREATMENT</u>:

- **3.1** All areas of each institution/office will be treated for vermin and pests as defined in this policy/procedure unless the inhabitant of that area presents a written medical excuse or a written authorization of exemption is provided by the Warden, Division Director, or designee. A list of areas not to be treated will be kept on file in each institution/office. A copy of this list will be provided to the technician prior to treatment.
- **3.2** Security personnel will be required to escort pest control technicians during the vermin/pest control treatment as requested by the Warden, Division Director, or designee or the pest control technicians.
- **3.3** An inmate may request treatment of his/her locker(s) during the scheduled treatment. It is the inmate's responsibility to notify institutional personnel so that if necessary, pest control personnel may provide treatment. It is also the inmate's responsibility to remove all of his/her personal items from the locker(s) prior to the treatment. Institutional personnel may also request the treatment of an inmate's locker(s).

4. REPORTS AND SAFETY:

- **4.1** An SCDC Form 20-74, "Pest Control Service Report," will be completed by the pest control technician after the pest control treatment. The pest control technician will give a copy of this form to the Warden/Designee and the original SCDC Form 20-74 will be maintained in the Division of *Facilities Management*. Both forms must be retained for three (3) years. **(4-ACRS-1A-05, 4-4332)**
- **4.2** The Pest Control Supervisor will distribute Material Safety Data Sheets (MSDS) on all pesticides that are used in vermin and pest control to the institutional EHSO, or designee, and the **pest control liaison for non-institutional areas.** These MSDSs will be maintained by the institution's EHSO **and liaisons** and must be available for review by the Pest Control Supervisor and the Division of Safety and **Risk Management. The Division of Facilities Management will also maintain a copy of the MSDSs in the Facilities Management Pest Control Office.**

5. PEST AND VERMIN CONTROL SUPPLY ISSUES:

- **5.1** The Pest Control Section will not distribute pesticides to institutions due to potential food/water contamination and contraband regulations. However, insecticides such as wasp spray will be distributed for general use to the EHSO or designee.
- **5.2** Wasp spray will be issued by the Pest Control Section to the Environmental Health and Safety Officer or designee at each institution on an as-needed basis. This chemical will only be used, stored, and maintained by the EHSO or designee. (**4-ACRS-1C-17, 4-4215**)
- **5.3** All SCDC institutions will be responsible for ordering Indoor Ant Spray, Ant Mound Powder, Fly Bait, and Mouse Glueboards from the Commissary Warehouse to assist in controlling vermin and pests in and around buildings. Quantities will be limited to one (1) five (5) gallon drum of Fly Spray, two (2) cans of Fly Bait, two (2) cans of Ant Powder, and two (2) boxes of glue boards per institution per month. This quantity may be increased by the Pest Control Supervisor if requested by the institutional EHSO when necessary to control vermin and pests.

6. DEFINITIONS:

Environmental Health and Safety Officer (EHSO) refers to the employee responsible for safety and environmental issues at each institution/facility.

Material Safety Data Sheet refers to a written description provided by the manufacturer of a chemical or compound. This description provides detailed health and safety related information for that product.

Pest Control Section refers to the section within the Division of *Facilities Management* that is responsible for scheduling and treating facilities for vermin and pests.

Correctional Facilities – Temperature and Heating/Cooling SCDC Policy ADM-13.04. Energy Consumption, Management, and Conservation

Included in the Department of Corrections' (SCDC) August 22, 2019 letter to the House Legislative Oversight Committee (LOC). This information was provided in response to the following question in LOC's July 29, 2019 letter to the Department of Corrections: "32. In regards to temperature ranges in SCDC facilities that house inmates, please answer the following: (a) Does the Department of Health and Environmental Control, other entities, or SCDC internally, have requirements or standards; (b) If requirements or standards exist, how does SCDC ensure compliance; and (c) In the past year, has the temperature gone above or below those requirements or standards in any unit for more than 24 hours?"

In addition to providing the information in this document, SCDC provided the following response:

- The only standard SCDC has is SCDC policy ADM-13.04 "ENERGY CONSUMPTION, MANAGEMENT, AND CONSERVATION", which states: "5.2 Employees working in areas with thermostats for simple HVAC systems (cannot heat and cool at the same time) will set the thermostat so that the room air temperature is 78°F when cooling and 68°F when heating. In areas with more complex systems (heat and cool at the same time), exact thermostat settings will be determined and set forth by the *Assistant Director, Division of Facilities Management* or designee, Division of *Facilities Management*, due to the unique features of these systems and to minimize energy use while maintaining comfort. (4-ACRS-4B-03, 4-4153)".
- These systems are monitored by energy management systems and software or simple room thermostats.
- There is no written record, but yes, we have experienced issues with the heating and cooling that would have allowed them to be down for more than 24 hours. Many of our air handling units are old and we experience usual problems with older equipment. We repair/maintain this equipment as quickly and as efficiently as possible, so the residents of the institutions do not have to go without climate control for long periods. SCDC has 25 different institutional units in critical need of replacement.

SCDC POLICY/PROCEDURE

Change 1 to ADM-13.04: <u>5.1</u>

NUMBER: ADM-13.04

TITLE: ENERGY CONSUMPTION, MANAGEMENT, AND

CONSERVATION

ISSUE DATE: June 5, 2015

RESPONSIBLE AUTHORITY: DIVISION OF FACILITIES MANAGEMENT

OPERATIONS MANUAL: ADMINISTRATION

SUPERSEDES: ADM-13.04 (April 1, 2003); (October 1, 2001)

RELEVANT SCDC FORMS/SUPPLIES: NONE

ACA/CAC STANDARDS: 4-ACRS-1A-07, 4-ACRS-1A-12, 4-ACRS-4B-03, 4-4138, 4-4139, 4-4139-1, 4-4145, 4-4146, 4-4153

STATE/FEDERAL STATUTES: South Carolina Code of Laws, 1976, as amended, §48-52-10 through §48-52-680.

Discussion: Responsible energy consumption and energy conservation must be a cooperative effort between all SCDC employees and inmates. Maintenance personnel will be responsible for the installation of energy efficient equipment and for making needed repairs; however, energy conservation is every employee and inmate's responsibility. Energy Awareness Coordinators and Energy Management Teams will serve as leaders for this effort. Maintenance personnel cannot be expected to discover all energy conservation/consumption problems within SCDC institutions and buildings. All employees and inmates should make every effort to assist maintenance personnel by looking for potential problems and providing possible solutions. The Agency can only conserve energy through a cooperative effort by everyone.

PURPOSE: To establish guidelines that encourage more efficient use of energy resources and to develop plans to manage the energy budget and eliminate energy waste within the South Carolina Department of Corrections.

POLICY STATEMENT: The Agency is committed to conserving energy and promoting responsible energy consumption practices. To this end, the SCDC will designate an Energy Manager and Energy Awareness Coordinators who will be responsible for creating Energy Management Teams to generate energy consumption awareness. The Agency recognizes that a cooperative effort is required to reduce the amount of wasted energy within the SCDC and will encourage all employees and inmates to assist in this endeavor. The SCDC will ensure that the energy management program is in keeping with all applicable Agency policies/procedures, American Correctional Association Standards, and state and federal statutes.

- 10. OFFICE EQUIPMENT CONSERVATION
- 11. PREVENTIVE MAINTENANCE
- 12. INSPECTIONS
- 13. REPORTS
- 14. **DEFINITION(S)**

SPECIFIC PROCEDURES:

1. RESPONSIBILITIES:

1.1 Energy Manager: The *Assistant Director, Division of Facilities Management* (within the Division of *Facilities Management*) will be designated as the Agency's Energy Manager. The Energy Manager will be responsible for reviewing energy conservation suggestions submitted by employees through the Employee Innovation System. Inmates may submit energy conservation suggestions through the

Wastewatchers Program. (**NOTE:** Staff and inmates making significant contributions to the energy management program will be recognized for their input.) The Energy Manager will be responsible for ensuring that the Agency complies with state statutes governing energy conservation and management for state agencies. The Energy Manager and the Division Director of Finance will submit reports to the State Energy Office as required by state statute and as requested by the State Energy Office.

- **1.2 Energy Awareness Coordinators:** The Agency Director, each Warden, and the highest ranking official in each SCDC building (e.g., Headquarters building, Support Services building, Training Academy, etc.) will appoint an Energy Awareness Coordinator to establish and monitor energy conservation measures and goals within his/her institution or building. The Energy Awareness Coordinator will form an Energy Management Team. The Energy Awareness Coordinator will also be responsible for assisting the Inmate Representative Committee with energy conservation ideas.
- **1.3 Energy Management Teams:** Each Energy Awareness Coordinator will form an Energy Management Team (EMT) that will include representatives from each of the main components of the institution or building. (In an institution, the members would come from education, food service, maintenance, budgeting, and security. For the Headquarters building, the members would come from each office and division.) An existing committee (e.g., safety committee, staff meeting members, etc.) may serve as the EMT. Each EMT will establish and monitor energy conservation measures and goals within the institution or building. EMTs will be responsible for the enforcement of SCDC Policy/Procedure ADM-13.04 in their respective areas. Each EMT will meet at least quarterly, and each Energy Awareness Coordinator will be responsible for disseminating minutes to the EMT. Copies of the minutes should also be forwarded to the *Assistant Director*, Division of *Facilities Management*.
- **1.4 Inmate Representative Committees:** In addition to the EMT, the Inmate Representative Committees may suggest energy conservation ideas and ways to decrease waste to EMTs.
- **2. TRANSPORTATION CONSERVATION:** Employees utilizing Agency vehicles must observe all state and local speed laws and, when feasible, travel via the most efficient route possible. Whenever possible, vehicle trips will be planned and coordinated in advance to prevent more than one (1) vehicle from going to the same destination at the same time. Vehicle maintenance will be performed in accordance with manufacturer's recommendations pursuant to SCDC Policy/Procedure OP-20.02, "Transportation Management."

3. LIGHTING CONSERVATION:

- **3.1** The last employee to leave an area that will not be occupied for several hours will be responsible for turning off all lights, unless to do so would jeopardize the security and/or safety of the area.
- **3.2** Maintenance personnel will ensure that lighting is maintained at the following recommended standard illumination levels unless such would jeopardize the security and/or safety of the area:

AREA	RECOMMENDED FOOT CANDLES
Cells (at desk level)	20
Cafeterias	30-40
Personal Grooming Areas	20
Washrooms	20
Break/Briefing Rooms	20-30
Conference Rooms	30-40
Corridors/Stairways	10-10
Mail Rooms	70-80
Office/Clerical Areas	50-70
Artist/Drafting Rooms	90-100
Storage Areas	5-10
Machine Operating Rooms	90-100

(NOTE: Light readings will be taken at desk level for offices and at eye level for grooming areas and public spaces. For institutions or areas without light meters, assistance can be requested from the Division of *Occupational* Safety *and Workers' Compensation* or from the Division of *Facilities Management*.) (4-ACRS-1A-07, 4-4145, 4-4146)

- **3.3** Maintenance personnel will be responsible for removing any unnecessary fixtures, lamps, and ballasts. Unit supervisors/office managers will be responsible for ensuring that all lamps, fixtures, lenses, globes, and reflecting surfaces of lamps are kept clean and free of dust, grease, and other dirt accumulations. High pressure sodium lights will be used for outside lighting where possible.
- **3.4** If lighting is controlled automatically, maintenance personnel will be responsible for periodically checking the timer for proper operation and accuracy. If outside lighting is activated by photocells, maintenance personnel will periodically verify proper operation of the same.

- **3.5** If incandescent lamps are being used for periods over four (4) hours per day, maintenance personnel will replace the lamps with compact fluorescent lamps where feasible and economical.
- **3.6** Because the lumen output of fluorescent lamps decreases as they age, yet consume the same amount of energy, timely replacement (such as group relamping) will be implemented by maintenance personnel.
- **3.7** The most efficient fixtures (e.g., electronic ballasts and T8 lamps) will be used where possible.
- **3.8** In recessed down lights, reflector lamps of lower wattage will be used where feasible.
- **3.9** Inside warehouses or industry buildings (or where precise color rendition is not important), high pressure sodium lights will be used.

4. ENCLOSED AREAS CONSERVATION:

- **4.1** In working areas, except where security considerations dictate otherwise, employees will be responsible for ensuring that curtains and shades are left open on cold days to benefit from solar heat gain, closed on hot days to reduce solar heat gain, and closed at night during the winter to reduce heat loss through the window.
- **4.2** Weather-stripping and/or caulking will be installed around all windows and doors, where needed, to reduce the flow of outside air. Window air conditioning units will be covered by maintenance personnel in cold weather. Broken and/or cracked glass and missing window panes will be replaced. Doors that will not close properly will be fixed. Storm windows and doors will be installed where appropriate and economically feasible.

5. HEATING, VENTILATION, AND AIR CONDITIONING (HVAC) CONSERVATION:

5.1 The use of state issued portable electric heaters or heat lamps is prohibited are permitted in SCDC owned or leased buildings. NOTE: Use of portable electric heaters must be approved on SCDC Form 8-19, "Request for Use of Portable Electric Heater." In extenuating circumstances, a portable electric heater can be approved via a telephone call to Division Director Occupational Safety & Worker's Compensation or Division Director of Facilities Management, with a follow-up official request on SCDC Form 8-19. (Changes in BLUE, amended by Change 1, dated August 7, 2017.)

- **5.2** Employees working in areas with thermostats for simple HVAC systems (cannot heat and cool at the same time) will set the thermostat so that the room air temperature is 78°F when cooling and 68°F when heating. In areas with more complex systems (heat and cool at the same time), exact thermostat settings will be determined and set forth by the *Assistant Director*, *Division of Facilities Management* or designee, Division of *Facilities Management*, due to the unique features of these systems and to minimize energy use while maintaining comfort. (**4-ACRS-4B-03**, *4-4153*)
- **5.3** Heating and cooling will be reduced or shut off in unoccupied lobbies, corridors, vestibules, and storage areas by maintenance personnel. Heat-producing equipment should be consolidated into one (1) area to better control heating and cooling (copiers, fax machines, vending machines, etc.).
- **5.4** Employees may use ventilating fans or ventilating systems (including free-standing fans) in their working areas. During the cooling season, if cool at night and humidity levels permit, doors, windows, and ventilating equipment should be used to cool the building contingent upon safety and security requirements. If practical, maintenance personnel will wire restroom exhaust fans with the light circuit so that they do not run unnecessarily.
- **5.5** HVAC systems should be turned OFF when a building is to be unoccupied for eight (8) hours or more, unless damage would occur to the building or its contents or when the outside temperature is expected to be lower than 50°F. When possible, automatic set-back thermostats will be installed by maintenance personnel to automatically set back temperatures for these extended periods (usually these thermostats will be set to shut off 30 minutes before the building is expected to be unoccupied and be set to turn on 30 minutes before the building is to be occupied). (**NOTE:** The only exception to this will be made where heat pumps [without a step-up thermostat] are used and where potential savings can be lost when the thermostat is turned up/down in the winter.)

6. ENERGY MANAGEMENT SYSTEM CONSERVATION:

- **6.1** Where energy management systems are installed, they will be used to the fullest extent possible by institutional maintenance personnel to monitor and control lighting and HVAC equipment for optimum energy efficiency and comfort.
- **6.2** Institutional maintenance personnel will continuously monitor the energy management system and will ensure that the settings and program instructions are adjusted appropriately for operational changes. (4-ACRS-4B-03, 4-4153)

7. WATER HEATING/PLUMBING CONSERVATION:

- **7.1** Institutional maintenance personnel will set temperature control devices for domestic hot water (water used for personal hygiene or general cleaning) at 105°F or the lowest setting on the control device, whichever is higher. Higher settings may be used in those facilities that have insufficient hot water. If practical and economically feasible, a mixing valve set at 105°F will be installed between the hot water tank and the nearest tap by institutional maintenance personnel. (**4-ACRS-1A-12**, **4-4138**, **4-4139**, **4-4139-1**)
- **7.2** Hot water required for food preparation or other health reasons will be set as required by pertinent laws and codes (such as DHEC regulations requiring dishwasher water to be set at 180°F).
- **7.3** Time clocks, installed by institutional maintenance personnel, will be used on water heaters to reduce the operating time, when feasible.
- **7.4** Maintenance personnel will install flow restrictors on all lavatories, showers, and hose bibs, etc., to reduce water flow to the minimum amount necessary. Spring operated faucet valves and water-conserving showerheads will be installed where feasible if funding allows.
- **7.5** Maintenance personnel will ensure that all water leaks and drips are eliminated and that insulation is installed and properly maintained on hot water storage tanks and exposed piping.
- **7.6** Water should not be left running unattended (mop sinks, kitchen loading docks, bathrooms, etc.).

8. KITCHEN EQUIPMENT CONSERVATION:

- **8.1** Kitchen personnel should utilize exhaust and hood fans only during food preparation, and should reduce the temperature or turn off cooking equipment during slower periods.
- **8.2** Kitchen personnel will turn on steam tables 30 minutes prior to use, keep them covered during use, and turn them off as soon as possible after use.
- **8.3** When possible, maintenance personnel will place condenser coils outside and will ensure that there is adequate ventilation around all condensers and compressors.
- **8.4** Maintenance personnel will set the controls on all refrigeration equipment as low as necessary, and kitchen personnel will ensure that the capacity of each unit is not exceeded. Kitchen personnel, under general supervision of maintenance personnel,

will clean the condensers and coils on self-contained refrigeration units. Maintenance personnel will clean the condensers and coils, and check the refrigerant regularly, on all other refrigerant equipment. Kitchen personnel should consolidate trips to the refrigerator/freezer to avoid the unnecessary opening of doors.

9. PERSONAL APPLIANCE CONSERVATION:

- **9.1** Personal electrical appliances of employees and inmates must be Underwriter Laboratory (UL) approved and meet the National Electrical Code. (**NOTE:** The SCDC will not be responsible for any personal property that is damaged by an electrical surge [e.g., lightning, high or low voltage, etc.].)
- **9.2** Automatic coffee makers should be limited. Coffee pools should be created to take advantage of one (1) coffee maker per group.
- **9.3** Personal electrical appliances (e.g., radio, TV, fan, etc.) may be used by inmates in keeping with the requirements of SCDC Policy/Procedure OP-22.03, "Authorized Inmate Property and Disposition of Unauthorized Property." However, no more than two (2) authorized appliances will be in use at any one time per inmate.
- 10. OFFICE EQUIPMENT CONSERVATION: Employees utilizing office and/or audio-visual equipment will ensure that they are turned off when not in use (including computers, CRTs, typewriters, dictating equipment, calculators, televisions, projectors, etc.). Slide projectors should not be rapid-cooled (switch in "fan" position) unless they are to be moved immediately. Power management functions should be utilized on all computer systems when possible.
- 11. PREVENTIVE MAINTENANCE: Preventive maintenance of all equipment such as boilers, furnaces, air conditioners, etc., will be conducted by maintenance personnel in accordance with the manufacturer's recommendations (including filter changes, adjustments, cleaning, testing, and other related maintenance). The *Assistant Director*, Division of *Facilities Management*, will be available should any technical assistance or additional information be needed. (See SCDC Policy/Procedure ADM-13.07, "Maintenance and Repairs," for more information.)
- 12. INSPECTIONS: Energy consumption and conservation measures will be reviewed during inspections conducted by Inspectors assigned to the Division of *Facilities Management* and during visits by the Department's Energy Manager. Written reports detailing the findings of these inspections at institutions will be forwarded to the respective Warden, a copy maintained by the Division Director of *Facilities Management* or designee, and a copy sent to the appropriate

Regional Director. Written reports detailing the findings of these inspections at sites other than institutions will be forwarded to the responsible **Deputy** Director, a copy maintained by the Division Director of **Facilities Management** or designee, and a copy sent to the responsible member of the Agency Director's Staff.

13. REPORTS: Quarterly and annual energy consumption graphs will be furnished to the Agency Director and the Agency Director's staff for review and distribution to appropriate authorities (e.g., Energy Awareness Coordinators, Energy Awareness Teams, etc.).

14. **DEFINITION(S)**:

Energy Management System refers to an automated system which has been implemented in some institutions to control all the boilers, heating, air conditioning, lighting, etc., within the institution.

Inmate Death – Memorial Services

Included in the Department of Corrections' (SCDC) August 22, 2019 letter to the House Legislative Oversight Committee (LOC). This information was provided in response to the following question in LOC's July 29, 2019 letter to the Department of Corrections: "35. Are other inmates allowed to do anything to mourn when another inmate passes away?"

In addition to providing the information in this document, SCDC provided the following response:

- In many institutions a Memorial Service is offered after the death of an inmate in their population. These services include prayer, scripture, a eulogy or reflections on the inmate's life, opportunities for other inmates to share reflections, a moment of silence and sometimes comments received from the inmate's family. Attached are two examples of such a service.
- A number of Chaplains also offer Grief Groups where inmate roommates or friends may be referred after an inmate's death. Individual Grief Pastoral Counseling also may occur following an inmate death. Chaplains indicate they increase Pastoral Visitation in areas where a deceased inmate lived in order to care for the grieving population. There are times where inmates have drawn or written cards of sympathy individually or as a group that, upon review by the Chaplain, have been authorized to be given to the family of the deceased inmate.

We Little Knew

We little knew that morning God was going to call your name In life we loved you dearly In death we do the same

It broke our hearts to lose you
You did not go alone
For part of us went with you
The day God called you home

You left us beautiful memories Your love is still our guide And though we cannot see you You are always by our sides

Our family chain is broken And nothing seems the same But as God calls us one by one The chain will link again

Camille Griffen Graham,

9 Know Who Holds the Future

I do not know what lies ahead; The way I cannot see, Yet One stands near to be my Guide Ite'll show the way to me.

I do nat knaw how many days Of life are mine to spend, But One who knaws and cares far me Will Keep me to the end.

I do not know the sourse ahead,
What joys and griefs are there,
But One is near who fully knows
I'll trust His locing scare.

Ephesians 6:10 - 18

10 Finally, my brethren, be strong in the Lord, and in the power of his might.
11 Put on the whole armour of God, that ye may be able to stand against the wiles of the devil.

12 For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places.

13 Wherefore take unto you the whole armour of God, that ye may be able to withstand in the evil day, and having done all, to stand.

14 Stand therefore, having your loins girt about with truth, and having on the breastplate of righteousness;

15 And your feet shod with the preparation of the gospel of peace;

16 Above all, taking the shield of faith, wherewith ye shall be able to quench all the fiery darts of the wicked.

17 And take the helmet of salvation, and the sword of the Spirit, which is the word of God: 18 Praying always with all prayer and supplication in the Spirit, and watching thereunto with all perseverance and supplication for all saints;
