Corrections, Department of Corrections, Department of The inmates are being in cells with other inmates that have prior history of assaults on past cellmates..or the cellmate has issue with cellmate..when inmate request to be moved because of safety they are ignored ..there have been quite a few incidents where a inmate safety is a issue that results in death and assaults..the civil rights for safety are clearly a violation in the SCDC system ..this should be addressed before another inmate is found dead ..

Inmates are charged with drug charges when there are no drugs found and they are not drug tested. This is unfair because several have medical issues that may result in odd behavior or glazed eyes because of not receiving mental health or mental health medicine or even blood pressure medicine. The response through SCDC is they are expert enough to tell when someone is on drugs. Well, I do not know who made the law up that they are expert enough. But in America it's innocent until proven guilty. This policy of charging the inmates with not evidence prevents them from getting a fair parole hearing or release time. This is a violation of their rights. When did SCDC become judge and jury over people?
