Performance Measures

Agency Responding	Department of Health and Environmental Control
Date of Submission	12/1/2016

INSTRUCTIONS: In the first two columns of this Chart, please copy the information for the Performance Measure Item Number and Performance Measure from the agency's Accountability Report submission this year. Next, fill in the information requested by the remaining columns. Please note, the "Type of Measure" column and "Required by" column include drop downs. Therefore, the agency will need to drag this column down for as many performance measures it has to ensure the drop down is available for each performance measure.

DHEC's Board approved and implemented a new strategic plan December 10, 2015. Therefore the Agency's information will not correspond to the information provided in its Restructuring Report.

Performance Measure Item Number	Performance Measure	Type of Measure (i.e. outcome, efficiency, output, input/activity)	Required by (State, Federal, Agency only)	Why was this performance measure chosen?	What was considered when determining the level to set the future target value?
1	Meet or exceed the American Academy of Pediatrics (AAP) benchmark of 95% infants screened for hearing loss by one month old.	Outcome	Federal	National benchmark established by the AAP and the Joint Commission on Infant Hearing (JCIH) collected annually by the CDC.	National benchmark established by the AAP and the Joint Commission on Infant Hearing (JCIH) collected annually by the CDC.
2	% of Medicaid-eligible children 2 years of age who had one or more capillary or venous blood testing for lead poisoning	Outcome	Agency Selected	HP 2020 Measure	HP 2020 Measure
3	The 15 Rape Crisis Centers, in conjunction with its external partners, will inform and educate over 50,000 people in the state about sexual violence issues and prevention methodologies.	Output Measure	Federal	Federal Grant Deliverable	Federal Grant Deliverable
4	By the end of FY 2016, increase the total number of clients served (CY 2014, 89,175) by 4% to 92,742, ensuring that low-income clients comprise at least 97% (89,959) of total clients served.	Outcome Measure	Agency selected	This measure indicates the number of citizens served	Number of citizens served.
5	By the end of FY 2017, make available a broad range of contraception and increase the contraceptive reliability rate from 79% to 82%.	Outcome Measure	Federal	This measure indicates the effectiveness of the methods provided to prevent unplanned pregnancy.	Effectiveness of the methods provided to prevent unplanned pregnancy.
6	Increase the number of exclusive breastfeeding infants by 5% from 7,712 breastfeeding infants.	Outcome Measure	Federal	WIC promotes breastfeeding as the optimal feeding choice.	Breastfeeding as the optimal feeding choice.

Performance Measures

7	Improve the PCE (Participant Centered Education) skills utilized by the CPA (Competent Professional Authority-includes physicians, registered dietitians, registered nurses and nutritionists) during the certification and nutrition education process.	Outcome Measure	Federal	The participant centered model enhances WIC nutrition education and services for positive health outcomes. The model is an approach that puts participant's needs and the goal of healthy eating behaviors at the core of WIC service delivery.	Participant's needs and the goal of healthy eating behaviors.
8	Number of policies, programs, or organizations that Bureau of Maternal and Child Health staff contribute data analysis or evaluation results to inform.	Outcome Measure	Agency selected	This measure was chosen to assess how effectively the Bureau of Maternal and Child Health utilizes data and provides data to partners to inform decisions.	Agency Goals.
9	By August 2017, increase the number of school aged children receiving at least one dental sealant on permanent molars to 9,784	Outcome Measure	Federal	Federal Requirement/ Grant Deliverable	Federal Requirement/ Grant Deliverable
10	The number of people participating in National Diabetes Prevention Programs.	Output Measure	Federal	The National Diabetes Prevention Program is an evidence-based curriculum that teaches participants how to eat healthier and get more physical activity. It can help prevent prediabetes from becoming type 2 diabetes. Many people with prediabetes who do not change their lifestyle—by losing weight (if needed) and being more physically active—will develop type 2 diabetes within five years. Type 2 diabetes can lead to serious health issues such as heart attack, stroke, blindness, kidney failure, and loss of toes, feet, or legs.	Goal to prevent diabetes.
11	Number of partner organizations with 3 or more Healthy Aging implementation sites (across all interventions).	Output Measure	Federal	To track the effectiveness of expansion efforts as required by Centers for Disease Control and Prevention.	Federal requirement
12	Number of children and adults participating in Supplemental Nutrition Education Programs.	Output	Federal	To track the number of clients participating in SNAP Nutrition Education Programs. Region IV USDA requirement.	Region IV USDA requirement.

Performance Measures

13	The number of high quality Child Passenger Safety (CPS) educational presentations provided.	Output	Federal	To raise awareness of correct installation of child passenger safety seats.	Agency Goals.
14	Number of National Highway, Transportation and Safety Administration (NHTSA) Certified Child Passenger Safety (CPS) Technician Classes conducted.	Output	Federal	Increase access to NHTSA qualified technicians.	Agency Goals.
15	Proportion of women at least 50 years old or older who have received mammograms through the Best Chance Network.	Output Measure	Federal	Measured by funder and requires that 75% of women served through the program are 50-64 years of age. Women in this age group are at higher risk for breast cancer.	Risk for breast cancer.
16	Percent of WISEWOMAN patients who participate in evidence-based cardiovascular health coaching and lifestyle services. (WISEWOMAN - Well-Integrated Screening and Evaluation for Women Across the Nation)	Output Measure	Agency selected	WISEWOMAN services provide cardiovascular, health coaching and lifestyle services to BCN patients.	Agency Goals.
17	At least 95% of annual newly diagnosed cancer cases in SC collected and reported to CDC and NAACCR by deadline Dec. 1.	outcome measure	Federal	Highest level of excellence for completeness of case ascertainment for program	Program goal
18	South Carolina Behavioral Risk Factor Surveillance System (BRFSS) number of survey completions	Input/activity measure	Federal	Grant deliverable	Grant deliverable
19	The proportion of school districts implementing model tobacco-free policies.	Outcome measure	Federal	Young people spend much of their formative years in school. Their attitudes toward the acceptability of smoking in general are influenced by the actions of their peers and educators at school. It is important, therefore, for schools to adopt policies that support tobacco-free lifestyles and environments to establish these as norms.	Reduction of tobacco use.

Performance Measures

20	The number of residents living in multi-unit housing facilities that are protected from secondhand smoke in living areas, common areas, and lobbies.	Outcome measure	Federal	Eliminating smoking in indoor spaces is the only way to fully protect nonsmokers from secondhand smoke exposure. For residents of multi-unit housing (e.g., apartments, buildings and condominiums), secondhand smoke can be a major concern. It can migrate from other units and common areas and travel through doorways, cracks in walls, electrical lines, plumbing, and ventilation systems. Residents in subsidized housing tend to be of lower SES, and of a higher likelihood of being a smoker, thus efforts are focused on public housing authorities and properties that serve these populations.	Eliminating smoking in indoor spaces
21	Number of DHEC staff qualified as bilingual workers, interpreters or readers.	Outcome Measure	Agency Selected	To increase cost effectiveness and meet the needs of our diverse customer/client base by providing services in their preferred language.	Agency Goals.
22	Proportion of women screened in the Best Chance Network (BCN) Program who are minorities	Outcome Measure	Federal	Program Data indicates that South Carolina still face large disparities in health care. Programs are designed to address health disparities.	Addressing health disparities
23	Percent of violent death records obtained for data abstraction purposes from SC Coroner Offices for incidents meeting ICD-10 Coding Standards; expectation.	Output	Federal	Established and mandated by the funding agency beginning 9.1.2014; new 5-year grant cycle.	Grant deliverable
24	Percent of violent death records obtained for data abstraction purposes from SC Law Enforcement Offices for incidents meeting ICD-10 Coding Standards; expectation .	Output	Federal	Established and mandated by the funding agency beginning 9.1.2014; new 5-year grant cycle.	Grant deliverable
25	Make summary data available with regards to reports by healthcare providers of diseases and conditions on the DHEC List of Reportable Conditions.	Outcome Measure	Federal	The timely detection, investigation and response to reports of diseases helps decrease the occurrence of disease in the community. Reporting mandated by South Carolina Law 44-29-10 and Regulation 61-20.	Mandated by South Carolina Law 44-29-10 and Regulation 61-20.

Performance Measures

26	Prevent the occurrence and spread of HIV, AIDS, STDs and Viral Hepatitis.	Outcome Measure	Federal	Research and data consistently indicate that getting people tested and linking and retaining those positive with HIV and Viral Hepatitis into care provides the best chance at survival with quality of life, and minimizing the impact of both HIV/AIDS and Viral Hepatitis overall. This is the essence of the HIV/AIDS continuum of care paradigm (which includes behavioral interventions, testing, linkage and retention into care), which is now mandated by the CDC and HRSA, the federal entities who fund our programs.	Federal mandates
27	All immunization providers will be mandated to report administered immunization into the Immunization Registry by January 1, 2017.	Output Measures	State	Is an overall measure of the effectiveness of the Immunization program and will help to increase immunization rates across the state.	Immunization Rates
28	Identify and report persons with HIV. At least 85% of the expected number of cases diagnosed will be reported to the HIV/AIDS Surveillance program within twelve months of diagnosis year.	Output Measure.	Federal	Is an overall measure of the effectiveness of the HIV Surveillance Program.	Prior Standards
29	Conduct STD and HIV testing, treatment and partner service investigations.	Outcome Measure	Federal	Research and data consistently indicate that getting people tested is the key and first step into linking and retaining those positive with HIV into care provides the best chance at survival with quality of life, and minimizing the impact of both HIV/AIDS and Viral Hepatitis overall. This is the essence of the HIV/AIDS continuum of care paradigm, which is now mandated by the CDC and HRSA, the federal entities who fund our programs.	Prior Standards
30	Number of SC Health + Planning Toolkit trainings offered.	Output Measure	Agency Selected	The SC Health + Planning Toolkit is a guide to healthy eating and active living policy. This measure was chosen to estimate the reach of the guide across the state.	The reach of the guide across the state.

Performance Measures

31	Percent of salmonellosis cases with exposure history.	Efficiency Measure	Federal	Contact of salmonellosis cases represents the largest measured manpower effort to provide health education for acute infectious diseases.	Prior Standards
32	For TB patients with positive AFB sputum-smear results, increase the proportion who have contacts elicited.	Outcome Measure	Federal	National TB Program Objectives and Performance Targets by CDC targets 100% on this performance measure. Increasing the proportion of contacts elicited for evaluation of tuberculosis infection is a proactive standard of care targeting an overall decrease in tuberculosis case numbers in South Carolina.	National TB Program Objectives and Performance Targets by CDC targets.
33	Meet Vital Statistics Cooperative Program (VSCP) deliverables for closeout of statistical files for birth records.	Outcome Measure	Federal	VSCP deliverable	VSCP deliverable

40	Review of IRB requests are completed within 30 days of submission	efficiency measure	Agency selected	Demonstrates good customer service	Agency Goals.
41	Increase health care coalition membership by 10% in each Public Health Region	Outcome	Federal	grant deliverable	grant deliverable
42	Facilitate discussions between DHEC, the American Red Cross, and local facilities to identify potential SMNS locations in three counties currently without any SMN shelter.	Output	Agency selected	It will enhance preparedness by working towards increased shelter availability.	Agency Goals.
43	Submit all required grant reports on time	Output	Federal	grant deliverable	grant deliverable
44	Increase number of Closed Points of Distribution by 25%	Output	Agency selected	grant deliverable	grant deliverable

Performance Measures

45	Ensure all coalition members are afforded opportunity to participate in at least one exercise annually.	Output	Agency selected	It will enhance readiness and increase emergency preparedness.	Agency Goals.
46	Maintain or decrease average number of permit process days.	Efficiency Measure	Agency Selected	Applicants have a reasonable expectation that the permit processes will be conducted in accordance with regulatory requirements in a timely and clear manner. This measures gives customers a clear understanding of generally expected process time frames.	Agency Goals.
47	Meet ozone standard at 100% of ozone monitoring sites and maintain ozone standard by 2018.	Outcome Measure	Agency Selected	Attainment of the National Ambient Air Quality Standards (NAAQS) ensures that the public live in areas with clean air and reduces regulatory burdens on regulated facilities. NOTE: The actual results for 2012, 2013, and 2014 were based on the NAAQS effective during that time (75 parts per billion (ppb)). In October, 2015, the USEPA strengthened the ozone standard to 70 ppb. The percent of monitor sites meeting the NAAQS in 2015 was based on this lower, more stringent standard. Results provided base on calendar years.	Ozone standards
48	On an annual basis, inspect at least 15% of all asbestos abatement projects that have been issued an asbestos permit by the Department and are subject to the National Emissions Standards for Hazardous Air Pollutants (NESHAP)	Output Measure	Federal	Inspections of the larger NESHAP projects ensures compliance with federal requirements and protects the public from the greatest potential of asbestos exposure. The number of inspections conducted annually are dependent upon the number of staff available. Results provided based on calendar years.	Compliance with federal requirements and protection for public from the greatest potential of asbestos exposure.
49	Improve compliance with R.61-25 Retail Food Establishments by the use of Downgrading and Civil Penalties.	Outcome Measure	Agency Selected	By using standardized inspections, the number of downgrades would be a direct correlation of the level of compliance being achieved in Retail Food Establishments throughout the state.	Agency Goals.

Performance Measures

50	The number of compliance monitoring activities (CMAs) at hazardous waste facilities and the number of hazardous waste facilities on the Government Performance and Results Act (GPRA) Baseline that have: (1) control of unacceptable human exposures from site contamination; (2) control of migration of contaminated groundwater; and (3) selection and construction of remedies to clean up contaminated sites.	Outcome Measure	Federal	This performance measure is a federal grant reporting requirement. It is an outcome measure used to demonstrate program effectiveness with federal funding and used to measure hazardous waste cleanup progress under the Government Performance and Results Act (GPRA, 1993), Pub.L. 103-62.	Federal grant reporting requirement.
51	The number of teachers educated annually on environmental and recycling curriculum; and amount of municipal solid waste recycled annually.	Outcome Measure	State	The Solid Waste Policy and Management Act requires DHEC to implement recycling programs. One measure of how the state performs is to track the MSW recycled. In addition, the state requires DHEC to provide a recycling curriculum to public and private K-12 schools. Implementation is measured in part by the number of teachers trained.	In 2011, the state set a goal to recycle 40 percent of its municipal solid waste by 2020.
52	Underground Storage Tank (UST) Release Cleanup Progress (release closures per federal fiscal year or FFY)	Outcome Measure	Federal	Cleanup progress on UST release closures is reported to EPA for grant requirements and reported annually in the SUPERB Advisory Committee Report to be published on legislative website.	grant requirements
53	Number of acres made "ready for Brownfields reuse"	Outcome Measure	Federal	This performance measure is a Federal grant reporting requirement. It is an activity measure used to demonstrate effective results from Federal funding. Community revitalization through cleanup of Brownfields is a voluntary activity driven by the economy. Therefore, this is a performance measure rather than a target or goal.	Federal grant reporting requirement.
54	Percent of surface waters meeting numeric standards (fishable, swimmable)	Outcome Measure	Agency Selected	This measure helps to gauge whether waters are meeting their designated uses.	Agency Goals.

Performance Measures

55	Percent of population served by community public water systems that are in compliance with all health based standards	Outcome Measure	Federal	This measure serves to help protect public health.	Protection of public health.
56	Percent of high hazard and significant hazard regulated dams receiving appropriate inspection	Outcome Measure	Agency Selected	This measure help indicate safety conditions for protection of property and people	Safety conditions for protection of property and people.
57	Reduce the amount of marine debris in coastal waters and within the beach/dune system by increasing participation in the Adopt a Beach program	Output Measure	Agency Selected	Marine debris removal is an ongoing priority for the Coastal Program's regulatory and planning efforts.	Agency goals. Number of annual volunteer hours for the past 5 years
58	Strengthen interactions with local governments through improved technical assistance and beachfront management planning to reduce community vulnerability to coastal hazards	Outcome Measure	State	Improving resilience to coastal hazards was identified as a priority management measure in the Coastal Program's 5-year strategic planning effort	# of LCBMPs revised annually for the past 5 years
59	Issue all licenses and permits within 15 calendar days of receipt of completed licensing packet.	Output Measure	Agency Selected	To provide the best customer service to our facilities and programs by ensuring they have their licenses in a timely manner.	Agency Goals.
60	Conduct all routine inspections within the timeframe prescribed by law or regulation.	Output Measure	State	To ensure the facilities and programs are providing quality care.	Statutory or regulatory requirements
61	Conduct all initial investigations within the appropriate timeframe corresponding to the severity of the complaint, i.e., 24-48 hours, 30 days, 60 days, or 90 days.	Output Measure	Agency Selected	To ensure we are investigating complaints within the appropriate timeframes.	Agency Goals.
62	Perform and document design reviews and construction inspections within 15 calendar days of the date requested.	Output Measure	Agency Selected	Experience has shown that customers desired prompter response times to review and inspection requests.	Customer Feedback
63	Meet the performance standards for the frequency, quality, and enforcement for nursing homes and other health care facilities.	Output Measure	Federal	This data is tracked as a measure of performance standards for CMS.	Federal CMS requirements
64	Meet the performance standards for the frequency, quality, and enforcement for CLIA laboratories.	Output Measure	Federal	This data is tracked as a measure of performance standards for CMS.	Federal CMS requirements

Performance Measures

65	Process and approve 95% of all complete emergency medical technician (EMT) and athletic trainer credential applications within 10 days of receipt.	Output Measure	Agency Selected	To ensure prompt and accurate processing and delivery of EMT and athletic trainer credentials to the regulated community and significantly decrease "program completion" to "on the job" times.	Agency Goals.
66	Increase the number of emergency service providers trained and certified in this State by in-state training institutions by 5% for EMT level and 10% for paramedic level within the next 12 months.	Outcome Measure	Agency Selected	SC is suffering critical shortages in credentialed EMS personnel.	Annual net loss of 3% of trained EMS personnel and using 5% and 10% to overcome growing number of losses.
67	Guidelines and transport protocols for trauma patients reviewed and published for public comment by March 1, 2017.	Output Measure	Agency Selected	To provide consistency across all EMS agencies in trauma triage for transportation.	Statutory requirement and utilizing 100% to ensure all EMS agencies have input and comment on transport guidelines.
68	Establish a statewide stroke registry by July 1, 2018 and ensure that 85% of stroke-certified hospitals are reporting data within 6 months of implementing the registry.	Output Measure	State	To provide data collection for stroke patients in a uniform and state-supported manner.	Statutory requirement.
69	Implement the Pediatric Facility Recognition Program by September 2018 and ensure that at least 30% of acute care hospitals receive pediatric facility recognition by 2020.	Output Measure	Agency Selected	To increase pediatric emergency readiness in acute care hospitals in the state.	Grant deliverable
70	Revise the State Health Plan every 2 years.	Output Measure	State	To promote adherence to state statute.	Statutory requirement.
71	Improve the turnaround time for all Certificate of Need (CON) decisions by 10% each year.	Output Measure	Agency Selected	To promote efficiency and serve the purposes of Certificate of Need.	Agency Goals.
72	Issue registrations within 10 business days of receiving completed applications.	Output Measure	Agency Selected	Every person and entity who, either proposes to engage in, or manufactures, distributes, or dispenses any controlled substance shall obtain a registration issued by the Department and it is imperative that these requests be done in a timely manner.	Agency goals and timeframes

Performance Measures

73	Increase the number of inspections performed by 10% each year.	Output Measure	Agency Selected	To ensure registrants are properly maintaining records and accountability and storing controlled substances securely as well as making recommendations and offering assistance to help registrants follow proper procedures in the handling of controlled substances	Agency Goals.
74	Increase the usage and participation in SCRIPTS by 5% each year.	Output Measure	Agency Selected	The prescription monitoring program (PMP) is an essential tool in responding to prescription drug abuse. Increasing the number of practitioners that utilize the system will help reduce misuse, abuse, and diversion of the drugs, reduce prescription overdoses, and improve patient care.	Agency Goals.
75	Issue registration and licensing actions within 30 calendar days of reviewing complete applications.	Output Measure	Agency Selected	This is a core function of the radiological health program and to help customers effectively run their programs.	Agency Goals.
76	Conduct all inspections within the timeframe prescribed by law or regulation.	Output Measure	Federal	To protect public health and safety through inspections.	Federal laws and standards
77	Conduct all investigations of incidents and allegations within the appropriate timeframe corresponding to the severity of the complaint.	Output Measure	Agency Selected	To protect public health and safety through investigating the public's complaints.	Federal regulations and agency program standards.
78	By June 30, 2019, transition all outdated mainframe applications to modern platforms.	Outcome Measure	Agency Selected	To increase efficiency by reducing the number of applications needing maintenance and modifications. This will also reduce and standardize hardware requirements as we move to the DTO data center.	Agency goal to consolidate 25% of current applications/databases

Performance Measures

79	Fully implement ePermitting solution by June 30, 2020	Outcome	Agency Selected	The increased agency efficiency from the purchase of an ePermitting system will greatly improve DHEC's ability to protect the health of the public and the environment and provide much better service to our partners—especially businesses—in the regulated community. This performance measure demonstrates our commitment to and progress toward improving electronic access to DHEC services.	Agency Goals.
80	Deploy statewide Electronic Health Record system by June 30, 2018	Outcome	Required by Federal	DHEC must implement an EHR to remain competitive for Title X funding, and the 2009 HITECH Act requires use of an EHR to remain eligible for CMS reimbursement. This performance measure will allow us to demonstrate our progress toward meeting Federal mandates and expectations and implement a system that will help us to better serve our clients.	The ability to remain competitive for Title X funding, and the 2009 HITECH Act requirement of the use of an EHR to remain eligible for CMS reimbursement.
81	Relocate DHEC data center to DTO fa	Outcome	Agency Selected	A carefully planned but expeditious move to DTO's data center is critical to mitigate DHEC's exposure to hardware and system failures and potential security breaches. As the legislature has allocated funds to ensure a successful transition, this measure provides accountability to the agency in meeting that goal.	To mitigate DHEC's exposure to hardware and system failures and potential security breaches.
82	Maximize the job satisfaction of current teams, identify and develop potential successors for key positions in the Agency, and provide an efficient and welcoming recruitment and onboarding process for new and future team members.	Outcome Measure	Agency Selected	DHEC is committed to becoming the employer of choice in South Carolina and to becoming a high performing organization with a culture of continuous improvement.	Agency Goals.

Performance Measures

83	Establish a safety office and determine policies and procedures for this office by June 30, 2017	Outcome Measure	Agency Selected	DHEC is focused on improving safety for its employees and customers. In order to do so, the Agency is recruiting a Safety Officer to establish policies and procedures related to safety. This will better enable to Agency to become the premier employer in South Carolina and help support a high performance organization with a culture of continuous improvement.	Agency Goals.
84	Provide new internal and external continuing education opportunities for our teammates to develop and learn new skills and enhance their contributions to the Agency.	Outcome Measure	Agency Selected	DHEC is committed to providing new internal and external continuing education opportunities for our teammates to develop and learn new skills and enhance their contributions to the Agency.	Agency Goals.

Through this honest evaluation, DHEC aspires to continually improve our customer service delivery, policies, and practices.	Agency Goals and improved services and efficiencies.
86	Establish a Project Management Office with standardized and fully implemented policies, procedures, and artifacts by June 30, 2017	Outcome	Agency Selected	PMOs are recognized as a vital component to any high performance organization in the private or public sectors, and the implementation of a PMO within DHEC is necessary to manage a number of high-priority strategic projects for the agency. This performance measure tracks progress of the implementation of the PMO in an effort to fully realize the efficiencies to be gained after full implementation.	Agency Goals and improved services and efficiencies.

Strategic Spending in Fiscal Year 2015-16

Agency Responding	Department of Health and Environmental Control
Date of Submission	12/1/2016

Disclaimer: The Committee understand the amount the agency budgeted and spent per goal and objective are estimates from the agency. The Committee requests that the estimates have a logical basis, which the agency can explain, as to how it determined the amounts provided.

INSTRUCTIONS:

Please copy and paste the information the agency submitted in its 2016 Restructuring Report, then update this information to reflect the funds available and funds spent through the end of fiscal year 2015-16. If the agency was unable to completely fill in this chart when submitting its 2016 Restructuring Report, this is an opportunity to provide a complete submission. Further details regarding Part A and Part B in this tab are on the next page.

Part A: Funds Available this past Fiscal Year (2015-16)

Please enter each source of funds for the agency in a separate column. Group the funding sources however is best for the agency (i.e., general appropriation programs, proviso 18.2, proviso 19.3, grant ABC, grant XYZ, Motor Vehicle User Fees, License Fines, etc.) to provide the information requested below each source (i.e., state, other or federal funding; recurring or one-time funding; etc.). The agency is not restricted by the number of columns so please delete or add as many as needed. Any grouping of funding sources should be easily understandable and clear through Part A and B how much the agency had available to spend and where the agency spent the funds.

Part B: Funds Spent this past Fiscal Year (2015-16)

a) The agency's objectives and unrelated purposes are listed based on the information the agency provided in the Restructuring Report. The agency will see there are new rows between "objectives" and "unrelated purposes." These new rows allow the agency to list money it spent this year that was for previously committed multiple year projects. The intent is to separate what the agency spent toward its current objectives and what it spent toward objectives and projects from previous years, which took multiple years to pay off. If the agency believes the new rows are not useful in illustrating how the agency uses its funds, the agency may leave them blank. However, if they assist the agency in more clearly showing how it uses its funds, please utilize them.

b) Please add any information needed in the new rows (i.e., "Money previously committed for multiple years") and make any revisions necessary to ensure all unrelated purposes are listed. An "unrelated purpose" is money the agency is legislatively directed to spend on something that is not related to an agency objective (i.e., pass through, carry forward, etc.).

c) Finally, review and revise the amounts spent from each funding source on the agency objectives, money previously committed for multiple years and unrelated purposes so it reflects how much the agency

Strategic Spending in Fiscal Year 2015-16

Where Agency Spent Money - Money previously committed for multiple years					
<i>Example - Continental Tire Recruitment Grant (agreement requires State pay income taxes for the company until 2020)</i>					
<i>Insert any additional money previously committed</i>					
Total Spent on previous multiple year commitments					
Where Agency Spent Money - Unrelated Purpose (pass through or other purpose unrelated to agency's strategic plan)					
<i>Unrelated Purpose #1 - insert description:</i>					
<i>Unrelated Purpose #2 - insert description:</i>					
<i>Insert any additional unrelated purposes</i>					
Total Spent on Unrelated Purposes:					
Total Spent (Total on Objectives + Total on Unrelated Purposes) (This should be the same as Amount actually spent in row 29)	\$504,392,647	\$109,995,943	\$203,998,053	\$152,640,798	\$37,757,854
Amount Remaining					
Funds budgeted for use in subsequent years (i.e. when grant or other money received all at once, but intended to be spent over multiple years)					
<i>Example - WIOA 3 year funds budgeted for use in next two fiscal years</i>					
Total Funds budgeted for use in subsequent years					
Cash Balance Remaining, minus funds budgeted for use in subsequent years					

Additional Explanations regarding Part B:	<i>DHEC does not budget at the objective level. Therefore the spread of costs by objective is estimated.</i>
