RE: Legislative Oversight Study of the South Carolina Department of Natural Resources

Dear Director Taylor:

On May 10, 2017, the House Legislative Oversight Committee approved the South Carolina Department of Natural Resources for review, investigation and study. In conducting studies, it is the Legislative Oversight Committee's goal to partner with the agency to help it identify areas in which it can continue to improve upon the positive results it has generated for the people of South Carolina.

In the near future, the Committee will schedule a meeting with your agency to discuss preliminary matters relating to the agency. The agency will have an opportunity provide a brief overview of its programs and ask questions. Also, please do not hesitate to contact Committee staff at any time with questions.

The Committee wants to ensure the agency has as much information as possible and ample opportunity to review materials prior to the meeting. Therefore, enclosed is a flow chart with an overview of the process the Committee intends to follow, copy of the Committee's Rules and copy of the Committee's Standard Practices (please note these may be modified). Also, below is a brief summary of the Committee's expectations.

The Committee expects the following of each agency under study:

- Inform its staff that the agency is undergoing the legislative oversight study process as well as the purpose of the study;
- Appoint a liaison to assist the Committee with all activities;
- Respond to its requests in a concise, complete and timely manner;
