PAGE 2: About Agencies Scheduled for Study

Q1: Please share any comments, suggestions or concerns you may have about these agencies. Please note your responses will be posted online and may be included in a Committee report.

Natural Resources, Department of

I would really like for the committee to investigate the OSS Division. In the past two years there has been a mass exodus of employees (13 out of 17) in the Accounting & Finance Section of that division. Because of the sheer number of employees that have left and the new employees that have received larger salaries (but do less work) bills are not being paid on time and deposits are not being made on time. Bills are not only being paid late but they are sometimes so late the grant used to pay a bill has closed. This has caused auditing issues with grants. There is a reason that so many people are leaving but no one is looking into those reasons. The OSS Division is supposed to provide support to all the Divisions in order for DNR to work toward its mission. The lack of leadership in that division is deplorable and it is not supporting the rest of the agency as it should. The executive office has been made aware of these issues by at least 4 of the exiting employees. This dysfunctional division needs some serious attention and new leadership before the rest of the agency collapses.

PAGE 3: There are three questions seeking general information.

Q2: What is your age?

Prefer not to answer

Q3: Which best describes your current role?

State employee

Q4: In which county do you live?

Respondent skipped this question
