**Q1: Please share any comments, suggestions or concerns you may have about these agencies. Please note your responses will be posted online and may be included in a Committee report.**

Natural Resources, Department of

Poorly managed agency that ignores a significant responsibility for promoting scientific understanding of the State's ecosystems in favor of selling hunting and fishing licenses and law enforcement. These are important but not the sole mission of the agency. The agency should be directed by executives with a better understanding of all elements of natural resources.
