Natural Resources, Department of

The OSS division is totally falling apart. EVERYONE is looking for another job outside of SCDNR and most of the time there are few people that show up for their jobs. New hires leave before a year is up and go to other agencies or jobs. No support for employees, poor pay compared to other agencies, no leadership, conflicting policies and procedures, no management at all especially at the top levels. Employees lied to and doublecrossed in jobs and duties. Does anyone at the Legislature care that the division that actually brings in the money and process registrations and provides customer service is self destructing?
