Dear Secretary Hall:

An important component of the House Legislative Oversight Committee's mission is to inform the public about state agencies. In an effort to meet this mission, agencies that have been through the House oversight process receive an annual request for information so that information obtained during the formal oversight study process remains current online for the public to view. The 2017 annual request for information guidelines were shared with the agency on June 20, 2016. Due to a miscommunication about the request, the agency requested and received an extension to provide this information to the Committee. The extension deadline has long-since passed, and now the demands of an engrossing legislative session for the agency have passed. Accordingly, please provide the requested information on or before the close of business on Wednesday, May 31, 2017.

Sincerely,

Signature Redacted

Wm. Weston J. Newton
