RE: Establishment of Residence Memorandum Revised

Upon dissemination of the August 8, 2007 memorandum informing of changes in residence establishment requirements, there has been some confusion relating to requirements of First Sergeants and below. Some troopers are interpreting that this will allow them to reside anywhere in their assigned troop. To clarify this, a revised memorandum has been prepared for dissemination. The word troop was taken out when referring to First Sergeants and below. In addition to this change, another section was added to cover CRO corporals.
