Table 1. Summary of Recommendations

RECOMMEND AGENCY ADDRESS . . .
...SAFETY, HIRING, RECRUITMENT, and RETENTION
<p>1. Ensure the appropriate division head is involved in the hiring process. Ensure policies outline clearly which personnel provide input at which stages of the hiring process.</p> <p>2. Research the cost and feasibility of implementing a career path for agency employees.</p> <p>3. Track applicable data to determine which recruiting methods are effective in obtaining applicants with the temperament and ability to successfully complete appropriate Criminal Justice Academy courses. Include this data in the agency's Accountability Report each year.</p> <p>4. Revisit policy which automatically disqualifies job applicants with visible tattoos.</p> <p>5. Update the agency's Personnel Allocation Model to conform to national standards.</p> <p>6. Review industry best practices on trooper fatigue under various shift changes.</p>
...EQUIPMENT REPLACEMENT
<p>7. Request a permanent line item, which identifies funding for the equipment replacement schedules, in the General Appropriations Act.</p> <p>8. Develop a computer and technology replacement cycle; include this information in the agency's budget request.</p>
...APPLYING POLICIES CONSISTENTLY
<p>9. Implement the agency's existing Alcohol and Drug Deterrence Policy and perform random and post-accident drug testing of agency employees.</p> <p>10. Revise the agency's Residency Policy to have clear standards of which employees are required, and which are not required, to live within various requisite distances from their troop headquarters or their assigned post. Apply Residency Policy consistently.</p> <p>11. Update the agency's Audio-Video Monitor Report Form to include the reason the supervisor is reviewing a video. Track this information in the activity console (i.e., agency's internal database).</p> <p>12. Review the policies and format of the corrective action plans submitted by Troop Commanders in response to Staff Inspection Reports. Ensure these plans include deadlines and appropriate follow-up.</p>
...COMMUNICATION AND MORALE
<p>13. Distinguish between the number of active troopers and number of troopers who are still in training when reporting data.</p> <p>14. Restructure the agency so both the Office of Professional Responsibility and Human Resources Office report to the Legal Department, whose attorneys are subject to requirements of legal ethics and rules of professional responsibility to remain licensed to practice law, then the Director.</p>

- 15.** Adopt a process by which employees can provide feedback to the agency anonymously.
- 16.** Have an outside entity perform a leadership climate and employee morale survey of the agency beginning this year and once every three years thereafter. Require agency leadership to generate and follow through with improvement plans based upon the results of the surveys.
- 17.** Require Troop Commanders and Supervisors in the Blythewood Office, including the Director, to spend one day per month on the road to stay abreast of troopers' daily activities.

...FOCUSING ON ITS PRIMARY MISSION

- 18.** Transfer the Illegal Immigration Enforcement Unit to the State Law Enforcement Division.
- 19.** Transfer grants programs unrelated to highway safety (i.e., criminal justice, juvenile justice; and crime victims) to another agency.
- 20.** Coordinate a meeting with the division of State Human Resources and other agencies which may have similar scheduling situations, (e.g., Department of Juvenile Justice; Department of Corrections; and Department of Social Services), to discuss ways to reduce the amount of time necessary to enter and update personnel hours in the South Carolina Enterprise Information System.

...ANALYZING AND UPDATING INFORMATION

- 21.** Research the costs involved in the agency producing reports from the Multi-disciplinary Accident Investigation Team and private sector industry standards related to amounts charged for this type of information to determine appropriate charges for these reports.
- 22.** Revise SC Code Section 23-6-187, relating to witness fees for troopers, trained in Advanced Accident Investigation, testifying in civil matters, to allow the agency to adjust the amount it charges each year with inflation.
- 23.** Revise SC Code Section 23-6-20, relating to establishment of the agency, to remove references to transfers of divisions and, instead, require the agency to maintain a list of its divisions.
- 24.** Update SC Code Section 23-6-30, relating to the duties and powers of the agency, to remove a reference to a training program now provided by the Criminal Justice Academy.
- 25.** Revise SC Code Section 23-6-50, relating to an annual audit, carrying funds into the next fiscal year, and retention of revenue to meet the agency's expenses, to remove outdated references and allow the agency to expend certain funds for drug testing.

...FOLLOW UP

- 26.** Provide an update, in an approved format, once a quarter from April 3, 2017, until April 3, 2018, or the Committee re-visits the need for the updates.
- 27.** Provide the Committee an update every 30 days about the status of payments to subgrantees (i.e., crime victim service providers grant requirements).

Subcommittee & Public Actions

The Subcommittee meets with the agency once about process and on ten occasions about the agency's work.¹⁰ The Subcommittee holds two work sessions and the full Committee meets once on an issue referred to it by the Subcommittee.¹¹ All meetings are open to the public and streamed live online with videos archived.

Public input is a cornerstone of the House Legislative Oversight Committee's process.¹² Members of the public are able to participate anonymously in a public survey about the agency and four other agencies during the month of September in 2015, provide comments via a link on the Committee website at any time, and appear in person before the Subcommittee during the public input meeting in May 2016. Throughout the process, members of the public, including current and former employees, actively provide input to the Subcommittee. This input, including anonymous input, points the Subcommittee to management issues with the agency. **Due to the volume of input from constituents about the Highway Patrol, Human Resources, and Office of Professional Responsibility, the Subcommittee focuses on those aspects of the agency in regards to the agency efficiently and effectively fulfilling its statutory duties.**¹³

Highlights of meetings, public participation, and major events at the agency during the study process are listed below in a **timeline**. A summary of this timeline is set forth in Figure 1 on pages 4-5. Meeting minutes and archived videos of meetings are available online.¹⁴

On February 21, 2017, the Subcommittee meets with the agency (**Meeting #12**) and **(1) receives constituent testimony; (2) discusses information provided to families of traffic fatality victims; and (3) length of time in which the agency's Office of Professional Responsibilities cases proceed to disposition.**¹⁰³ A constituent, Ms. Avril Wilson, provides testimony to the Subcommittee sharing concerns about the agency. Members ask questions to Ms. Wilson and agency representatives.¹⁰⁴ Members ask questions about the materials the agency provides to families of traffic fatality victims to which agency representatives respond.¹⁰⁵ Chairman Tallon asks additional questions relating to the agency's Office of Professional Responsibility, including the length of time in which investigations are open and what notification is provided to employees under investigation about the status of the investigation.¹⁰⁶

The Subcommittee meets with the agency on February 28, 2017, (**Meeting #13**) and **(1) receives constituent testimony; and (2) discusses grants, drug testing, and technology issues.**¹⁰⁷ Agency representatives answer questions about the agency's issuance of new guns and reprogramming trooper's radios.¹⁰⁸ A constituent, Ms. Laura Hudson, provides testimony about grants administered by the agency.¹⁰⁹ Members ask questions which Ms. Hudson and various agency representatives answer.¹¹⁰ Members ask questions about drug testing, laptops, and other technology.¹¹¹ Agency representatives respond to the questions.¹¹² **Subcommittee Members adopt multiple motions for recommendations** which include: (1) moving Criminal Justice, Juvenile Justice, and Crime Victim Grants to another agency; and (2) providing the Committee a document every 30 days which includes a list of the subgrantees that have and have not been paid.¹¹³

On February 24, 2017, the **agency supplements the responses in its February 17, 2017, letter** by providing information related to the following topics: (1) fatalities and trooper activity¹¹⁴; (2) remediation¹¹⁵; (3) video policies¹¹⁶; and (4) dispatch staffing¹¹⁷.

March 2017

On March 3 and 7, 2017, the **agency supplements the responses in its February 17, 2017, letter** by providing information related to the following topics: (1) grants¹¹⁸; (2) driving under the influence arrest data for calendar years 2012-2016¹¹⁹; (3) traffic collision statistics for calendar year 2015 and 2016¹²⁰; and (4) Highway Patrol Annual Report for each year from 2012 through 2015¹²¹.

On March 7, 2017, the Subcommittee has a Work Session to discuss the study of the agency and recommendations arising from the study (**Meeting #14/Work Session**).¹²² The **Subcommittee reviews its study recommendations.**¹²³ The **Subcommittee adopts additional recommendations** which include: (1) performing random and post-accident drug testing; (2) updating the Highway Patrol's Personnel Allocation Model; and (3) revising South Carolina Code Sections 23-6-20; 23-6-30; and 23-6-50.¹²⁴

As this timeline evidences, the Subcommittee addresses multiple issues with the agency that relate directly to the agency fulfilling its statutory duty. These topics are discussed in further detail in the "Issues in Fulfilling Statutory Duty" section of the Subcommittee Report.

Agency Actions

The **Committee asks the agency to conduct a self-analysis** by completing and submitting a 2015 Annual Restructuring Report and Seven-Year Plan for cost savings and increased efficiencies, a Program Evaluation Report, and a 2016 Restructuring Report. The agency submits its 2015 Annual Restructuring Report and Seven-Year Plan on March 31, 2015¹²⁵, its Program Evaluation Report on August 28, 2015.¹²⁶ Committee staff provide a staff study and agency response to the Subcommittee on April 29, 2016,¹²⁷ the agency amends its response on May 5, 2016. The agency submits its 2016 Restructuring Report on January 11, 2016,¹²⁸ and its 2015-16 Accountability Report on September 14, 2016.¹²⁹ All reports are available online. Additionally, throughout the study process the agency responds to Subcommittee questions.

Next Steps

Pursuant to Committee Standard Practice 12.4, **individual members of this Subcommittee may provide a written statement for inclusion with the Subcommittee's Study**. After an opportunity to provide written statements, the Subcommittee Chair, pursuant to Committee Standard Practice 12.5, notifies the Committee Chair in writing that a Subcommittee Study is available for consideration by the full Committee.

Once the Committee Chair receives written notice from the Subcommittee Chair, the full Committee Chair shall, pursuant to Committee Standard Practice 13.1, include the Subcommittee Study on the agenda for a full Committee meeting. During the full Committee meeting at which the Subcommittee Study is discussed, the full Committee may vote, pursuant to Committee Standard Practice 13.2, to take one of the following three options: (1) refer the study and investigation back to the Subcommittee for further evaluation; (2) approve the Subcommittee's Study; or (3) further evaluate the agency as a full Committee.

When the full Committee approves a final study, any member of the Committee may provide a written statement for inclusion with the final study.¹³⁰ The final study and written statements are published online and the agency, as well as all House Standing Committees, receive a copy.¹³¹

Lastly, the Committee shall offer at least one briefing to Members of the House about the contents of the final oversight study approved by the Committee.¹³² The Committee Chair may also provide briefings to the public about the final oversight study.¹³³

ISSUES IN FULFILLING STATUTORY DUTY

Public input is a cornerstone of the House Legislative Oversight Committee's process.¹³⁴ Due to the volume of input from constituents about the Highway Patrol, Human Resources, and Office of Professional Responsibility, the Subcommittee focuses on those aspects of the agency in regards to the agency efficiently and effectively fulfilling its statutory duties.¹³⁵

Safety

The primary purpose of the agency is encompassed in its very name, the Department of Public Safety, with a focus on highway safety. This purpose is embodied in the agency's mission, which is as follows:

As the largest law enforcement agency in South Carolina, it is the mission of the South Carolina Department of Public Safety to **protect and serve the public** with the highest standard of conduct and professionalism; to **save lives** through educating its citizens on highway safety and **diligent enforcement of laws governing traffic**, motor vehicles, and commercial carriers; and to **ensure a safe, secure environment** for the citizens of the state of South Carolina and its visitors. (emphasis added)¹³⁶

As described below, data from fiscal year 2012-13 to the present evidences an annual escalation in the **agency's inefficiency and ineffectiveness in fulfilling its mission and statutory duty.**¹³⁷

From 2013 to 2016, the **number of patrol hours decreases by 86,696 hours**, number of warnings and citations decrease by 164,389, and total collisions increase by 23,755.¹³⁸ During this same time period, the number of fatal collisions increase by 30.18% and number of fatalities increase by 32.33%.¹³⁹ As of February 17, 2017, **the total number of fatalities is the highest since 2007**, and this number may further increase as the agency continues to receive information.¹⁴⁰ Ancillary, there is also a \$318,201 decrease in funding to the Criminal Justice Academy, which trains law enforcement officers across the state, as surcharges on traffic citations have been a source of funding for the Criminal Justice Academy until 2016.¹⁴¹ Additional information regarding trooper activity, collisions, and fatalities is included in Attachment 1 (Trooper Activity, Collisions, Fatalities, and Budget).

Moreover, the **agency is not tracking data to monitor the performance of dispatch** or Telecommunication Centers (TCCs) which provide telephone access for citizens' calls, dispatch DPS law enforcement officers to collision scenes and other calls for service, and provide officers with accurate and timely information which enhances officer safety and promotes the overall safety of the motoring public.¹⁴² Information from the agency illustrates repeated concerns that are noted from the Bureau of Protective Services and Highway Patrol about the amount of time taken for law enforcement officers to reach TCCs.¹⁴³

Potential causes of the agency's inefficiency and ineffectiveness in fulfilling its mission and statutory duty to protect the public through enforcement of laws **include deficiencies in the following areas:** (1) hiring, recruitment, and retention; (3) replacement of equipment; (4) application of agency policies; and (5) communication and morale.

Hiring, Recruitment, and Retention

A potential cause of the agency's inefficiency and ineffectiveness in fulfilling its mission and statutory duty to protect the public through enforcement is lack of manpower and turnover.

During the study process, the Subcommittee requests and receives from the agency information pertaining to recruitment, hiring and retention. This information serves as a basis for the Subcommittee's recommendations in this area.

Track applicable data to determine which recruiting methods are effective in obtaining applicants with the temperament and ability to successfully complete appropriate Criminal Justice Academy courses. Include this data in the agency's Accountability Report each year.4. Revisit policy which automatically disqualifies job applicants with visible tattoos.5. Update the agency's Personnel Allocation Model to conform to national standards.6. Review industry best practices on trooper fatigue under various shift changes.	

On August 30, 2016, in response to questioning, the Colonel of the South Carolina Highway Patrol affirmed there are resources in the budget to hire more and the lack of officers on the road is not the result of lack of funding.¹⁴⁴ During each of the last four years there are **more than 200 authorized, but unfilled, positions at the agency** as Table 3 illustrates.¹⁴⁵ Table 3 also illustrates the amount the **agency carries forward in personal services from the General Fund increases each year**.¹⁴⁶ Lastly, a comparison of the agency's total budget, and highway patrol budget, shows an increase of 4% and 13%, as seen in Table 4.¹⁴⁷

Hiring

The Director makes final hiring decisions¹⁵⁰ without input from division heads.¹⁵¹ The hiring process at the agency has numerous stages including an initial administrative review, a physical agility component, a written test, and an interview with an Oral Interview Board.¹⁵² Follow up data from the agency shows distinct differences in materials available to the Oral Review Board and the Director.¹⁵³ Table 5 illustrates the Oral Review Board is not provided the interviewee's application and does not include division heads. Also, division heads do not participate in meetings when final hiring decisions are made.¹⁵⁴ Additional information about the hiring process, which includes number of applicants culled (i.e., not advanced) at each stage and reasons for doing so are included in Attachment 2 (Hiring Process).

Recruitment

The agency's strategy, objectives, and performance measures relating to recruitment do not appear to provide the agency sufficient information to determine whether its recruitment efforts are effective or efficient. As an example, one of the agency's performance measures is simply, "[d]id Highway Patrol Telecommunications Office develop a recruitment plan?"¹⁵⁸ As another example, the agency counts the number of recruitment seminars held, but not the number of individuals that apply, and are hired, to know if the agency's recruitment efforts are effective.¹⁵⁹ Tracking data, in particular outcome data, may allow the agency the ability to analyze which of its efforts are successful.

Retention

Employee retention is an issue of concern in the Highway Patrol Division as less manpower means fewer troopers to educate those on the road and to enforce traffic safety laws. **Between 2012 and 2015, \$8.9 to \$21.1 million is spent on training and equipping new troopers, but the net result of this spending is an increase in total trooper strength across the state of only two troopers.**¹⁶⁰ In 2015, Troops across the state have, on average, less than 60% of the manpower the agency's personnel allocation model states is needed in each Troop.¹⁶¹

In 2014-15 in particular, 142 employees leave the highway patrol, compared to only 102 in 2011-12.¹⁶² Also, in **FY 2014-15, "personal" reasons account for approximately 59% of all Highway Patrol separations, compared to 27% in 2011-12.**¹⁶³ The agency states in a letter that changes have been made in pay scale in an effort to reinstate troopers separated from employment and to retain current troopers.¹⁶⁴ However, the agency acknowledges it is not tracking data in order to determine whether the efforts are effective.¹⁶⁵

Employee retention is an issue not isolated to the Highway Patrol Division. In 2014-15 in particular, 199 employees leave the agency, which is 38.19% more than 2011-12 and 48.51% more than 2010-11.¹⁶⁶ The agency's **Human Resources Office has a turnover rate between approximately 30% and 60% from fiscal year 2012-13 through fiscal year 2014-15.**¹⁶⁷ During the last four fiscal years, the agency's **Information Technology Office is not fully staffed, and currently one-third of the positions are vacant.**¹⁶⁸ During the study, agency representatives mention a potential career path to assist in retention, but the agency has no information on potential costs, implementation dates, or even if it will be implemented.¹⁶⁹ Additional information on separations is available in Attachment 3 (Employee Separations). Statements from the agency's Staff Inspection Reports which relate to how the current number of personnel impact morale and operational effectiveness are included in the Morale section of this Report. Complete copies of Staff Inspection Reports can be found on the Committee's webpage.

Equipment Replacement

Another potential cause of the agency's inefficiency and ineffectiveness in fulfilling its mission and statutory duty to protect the public through enforcement is a deficiency in replacing equipment.

The Subcommittee requests and receives from the agency information pertaining to equipment utilized by agency personnel. This information serves as a basis for the Subcommittee's recommendations.

Table 6. Summary of the Subcommittee's Recommendations: Equipment Replacement

RECOMMEND AGENCY ADDRESS . . .
...EQUIPMENT REPLACEMENT
7. Request a permanent line item, which identifies funding for the equipment replacement schedules, in the General Appropriations Act. 8. Develop a computer and technology replacement cycle; include this information in the agency's budget request.

An issue of concern among Highway Patrol and Telecommunications Units across the state is a lack of reliable, functioning equipment. As an example, an entire recent graduating class of troopers did not have properly functioning laptops installed in their vehicles.¹⁷⁰ Staff inspection reports note a variety of concerns pertaining to patrol vehicles and technology equipment (e.g., computers; telephones; software, etc.). Among other things, these concerns include both the distance and amount of time required to travel to repair vehicles or other equipment.¹⁷¹ The agency states it uses grants and non-recurring funding for equipment.¹⁷² Also, the agency states in a letter to the Subcommittee, "SCDPS has neither a formal policy nor a recurring budget regarding a computer and technology replacement cycle."¹⁷³

Applying Policies Consistently

Another potential cause of the agency's inefficiency and ineffectiveness in fulfilling its mission and statutory duty are deficiencies in consistent application of the agency's policies.

The Subcommittee requests and receives from the agency information pertaining to agency policies and the application of the policies. This information serves as a basis for the Subcommittee's recommendations.

Table 7. Summary of the Subcommittee's Recommendations: Applying Policies Consistently

RECOMMEND AGENCY ADDRESS . . .
...APPLYING POLICIES CONSISTENTLY
9. Implement the agency's existing Alcohol and Drug Deterrence Policy and perform random and post-accident drug testing of agency employees.

- 10.** Revise the agency's Residency Policy to have clear standards of which employees are required, and which are not required, to live within various requisite distances from their troop headquarters or their assigned post. Apply Residency Policy consistently.
- 11.** Update the agency's Audio-Video Monitor Report Form to include the reason the supervisor is reviewing a video. Track this information in the activity console (i.e., agency's internal database).
- 12.** Review the policies and format of the corrective action plans submitted by Troop Commanders in response to Staff Inspection Reports. Ensure these plans include deadlines and appropriate follow-up.

Alcohol and Drug Deterrence Policy

The agency has an Alcohol and Drug Deterrence Policy which allows, among other things, for random drug testing, drug testing based on suspicion, and post-accident drug testing.¹⁷⁴ However, the **agency has opted not to perform any random (i.e., suspicion less) drug testing or post-accident drug testing during the last four years.**¹⁷⁵ The agency states, “[i]nsofar as a very small number of investigations and disciplinary actions over the last few years have been associated with drug/alcohol use, the Department does not view widespread random testing as a critical need at this time.”¹⁷⁶ The Subcommittee notes concerns with not utilizing this policy since troopers are entrusted with state vehicles, which they may operate at high levels of speed, carry weapons, and have the authority to arrest citizens.¹⁷⁷

Disciplinary Policies

The Subcommittee questions the agency about these policies as public input is received alleging a perception of an inconsistent application of the policy.¹⁷⁸ Discussion of the agency's application of its disciplinary polices is set forth in detail under the Communication and Morale section of this report.

Residency Policy

The agency has a Residency Policy, which requires certain personnel to live within various requisite distances of the area of the state in which they are assigned.¹⁷⁹ The definition of “residence” in the policy states,

The fixed or permanent domicile of a person where s/he has an intention of returning when absent. SCDPS may consider the factors identified in SC Code 7-1-25(D) **and any other matter(s) deemed relevant** in determining the location constituting an officer's domicile under this policy (emphasis added).¹⁸⁰

The Subcommittee questions the agency about this policy as public input is received alleging a perception of an inconsistent application of the policy.¹⁸¹ During the study, there are more than ten ranking and ten non-ranking officers living outside the requisite area.¹⁸² The justification for some of the waivers include, “statewide supervisory responsibilities.”¹⁸³ However, instead of individuals with statewide responsibility living in the center of the state, to allow for efficient travel throughout the state, several live in the upstate (York and Spartanburg) or on the coast (Horry and Berkeley).¹⁸⁴

Supervisory Review of In-Car Audio/Video Recordings

The agency has a policy which address supervisory review of in-car audio/video recordings.¹⁸⁵ The Highway Patrol Division Manual of Operations requires supervisory review of these recordings on a regular basis as well as when certain events occur.¹⁸⁶ When a supervisor reviews a trooper's video, the supervisor is required to complete an "Audio/Video Monitor Report."¹⁸⁷ However, the "Audio/Video Monitor Report," does not include any sections which require a supervisor to note the reason the supervisor is reviewing the video, and data relating to supervisory review of a trooper's video is not tracked in the Highway Patrol Division's activity console.¹⁸⁸

The Subcommittee questions the agency about this policy, and inability to readily track the reason for reviewing the video and number of videos reviewed. The basis for the questioning is public input the Subcommittee receives alleging a potential practice whereby the agency, or certain higher ranking personnel within the agency, request supervisors specifically review videos of troopers with alleged low activity to search for any type of violation for which the supervisor may refer the trooper to the Office of Professional Responsibility (OPR), thereby utilizing OPR as punishment for low activity.¹⁸⁹

Implementing Commander Corrective Action Plans

The agency performs Staff Inspections every three years.¹⁹⁰ The Staff Inspection Reports include recommendations for items to correct/improve and Troop Commanders are required to create plans to address issues.¹⁹¹ However, during the study the Subcommittee is not made aware of any policies which ensure Commanders follow through with these plans.

Communication and Morale

Another potential cause of the agency's inefficiency and ineffectiveness in fulfilling its mission and statutory duty is deficiency in communication, particularly in the areas of external communication and internal feedback.

The Subcommittee requests and receives information pertaining to communication at the agency. This information serves as a basis for the Subcommittee's recommendations.

Table 8. Summary of the Subcommittee's Recommendations: Communication and Morale

RECOMMEND AGENCY ADDRESS . . .
...COMMUNICATION AND MORALE
13. Distinguish between the number of active troopers and number of troopers who are still in training when reporting data.
14. Restructure the agency so both the Office of Professional Responsibility and Human Resources Office report to the Legal Department, whose attorneys are subject to requirements of legal ethics and rules of professional responsibility to remain licensed to practice law, then the Director.
15. Adopt a process by which employees can provide feedback to the agency anonymously.

16. Have an outside entity perform a leadership climate and employee morale survey of the agency beginning this year and once every three years thereafter. Require agency leadership to generate and follow through with improvement plans based upon the results of the surveys.

17. Require Troop Commanders and Supervisors in the Blythewood Office, including the Director, to spend one day per month on the road to stay abreast of troopers' daily activities.

Human Resources Data

During the study process, the Subcommittee reviews a variety agency reports including those made to other legislative entities. **Human resources data from the agency may not be reliable as evidenced by inconsistencies in data provided to different House Committees.** While it is not unreasonable to have slight discrepancies in the number of employees for the current year, as the number of employees at an agency can change from day to day, it is reasonable to expect consistency in information from previous years.

As one example, on August 15, 2016, the Subcommittee requests, and agency provides, information about the number of troopers at the start and end of each fiscal year for the past six fiscal years.¹⁹² When the Subcommittee compares the information to similar data provided to another House Committee, the data is inconsistent.¹⁹³ Table 9 illustrates the variance in the data.¹⁹⁴

Table 9. Variance in data provided by the agency to two different House Committees

Highway Patrol Law Enforcement Manpower			
Year	DPS Data to Other House Committee	DPS Data to House Oversight Committee	Variance

2012-13	758	763	5
2011-12	809	793	16

As another example, the **human resources information the agency provides to the same legislative entity does not appear to be consistent over multiple years.** Table 10 reflects differences in the agency's presentation of information to the same legislative entity with regards to Highway Patrol Officer Manpower.¹⁹⁵

Table 10. Differences in the agency's presentation of information to the same legislative entity with regards to Highway Patrol Officer Manpower

Office of Professional Responsibility /Division Investigations

Agency policies state the Director has discretion over (1) which situations are and are not investigated¹⁹⁶ and (2) the discipline issued.¹⁹⁷ The Office of Human Resources maintains a log containing investigative dispositions for matters investigated by the Office of Professional Responsibility along with disciplinary actions, if any.¹⁹⁸ The agency utilizes this information as a resource and reference for the Director and other members of the Disciplinary Review Committee when they are reviewing and making decisions on potential disciplinary actions.¹⁹⁹

Data from the agency reveals what some may perceive to be inconsistencies in addressing disciplinary matters pertaining to veracity.

- In one situation, an employee is initially untruthful with a supervisor when questioned about the events surrounding another officer's review of in-car video and, later admits the untruthfulness.²⁰⁰ The agency investigates the situation, classifies it as "Failure to Provide Truthful and Complete Information" and "Improper Conduct/Conduct Unbecoming a State Employee," terminates the employee, and submits a "Notification of Separation Due to Misconduct," form to the Law Enforcement Training Council.²⁰¹ This notification begins the process of removing the individual's certification as a law enforcement officer.
- In another situation, evidence shows a troop commander, along with the entire troop under his command, have RADAR training certifications containing false information.²⁰² The agency investigates the situation and terminates the training officer.²⁰³ Also, there is a finding that "thirteen of the twenty-seven troopers who engaged in this conduct did so after [the troop commander] had participated in this practice. . . ."²⁰⁴ The troop commander receives a one day suspension as the agency classifies his actions as "Negligence in the Performance of Supervisory

Responsibilities" and "Negligence in Following Rules, Regulations, Policies or Procedures," instead of "Failure to Provide Truthful and Complete Information," which requires termination under the agency's progressive disciplinary policy.²⁰⁵ Some of the individual troopers specifically acknowledge they signed the Speed Measuring Device ('SMD') Field Proficiency Test Form, admitted the signature was theirs, admitted they did not complete a field proficiency test using the speed measuring device, and admitted they issued speeding citations using their measuring device after the date they signed the form.²⁰⁶ However, even these troopers receive only a letter of reprimand as the agency classifies their actions as "Negligence in Following Rules, Regulations, Policies or Procedures," which allows for Level I reprimands, instead of "Failure to Provide Truthful and Complete Information," which requires termination.²⁰⁷

- In another situation a trooper makes an arrest for simple possession of marijuana. The trooper allows the individual to plead guilty to the offense, and does not inform the Court the agency's marijuana analysis report indicates the evidence tests negative for marijuana.²⁰⁸ The trooper admits to receiving the report prior to the court date but states, "she was in the habit of saving documents on her email without opening the attachments.²⁰⁹ According to [the trooper], she failed to review the report because she automatically assumed the results were positive based on her observation of the evidence."²¹⁰ The Office of Professional Responsibility concludes the Trooper, "had access to the analysis report" but "failed to review the report prior to her court date.²¹¹ Conversely, there is not sufficient evidence to show that [the trooper] intentionally withheld this report in order to manipulate the defendant or the court."²¹² The agency classifies the matter as "Negligence in Following Rules, Regulations, Policies or Procedures," which allows for a Level I reprimand, instead of "Failure to Provide Truthful and Complete Information," which requires termination.²¹³

Data from the agency reveals the **agency expends resources in matters some may consider inconsequential**. As an example, between 2012 and 2016, while only receiving nine citizen complaints about profanity, the Office of Professional Responsibility investigates 48 cases of profanity.²¹⁴ Two separate investigations of alleged of profanity each take nine months to reach a disposition.²¹⁵ While an officer is under investigation for any matter, including profanity, the officer is not eligible for promotion.²¹⁶

Additionally, data from the agency reveals the **Office of Professional Responsibility and Division Investigations may remain open for years**. Table 11 provides examples of long periods of time some investigations of allegations remain open.²¹⁷ The data is current as of June 30, 2016.²¹⁸

Table 11. Examples of long periods of time some investigations of allegations remain open

ALLEGATION	TIMEFRAME FOR INVESTIGATION (DPS records provided on June 30, 2016)
Improper conduct	1,173 days (3.1 years)
Insubordination	889 days (2.3 years)
Improper procedures	408 days (1.09 years)
Providing false information	Open since October 2013
Improper procedures	Open since February 2014

Morale

Potential causes of the agency's inefficiency and ineffectiveness in fulfilling its mission and statutory duty to protect the public through enforcement of laws **include deficiencies in the following areas:** (1) hiring, recruitment, and retention; (3) replacement of equipment; (4) application of agency policies; and (5) communication and morale. These deficiencies have negatively impacted the morale of agency personnel across the state.

While agency management assert agency morale is at a 3 out of 4²¹⁹, based on the scores from the Staff Inspection Reports, information received during the study process **indicates morale scores may be skewed based on the agency's directions to employees to not consider manpower issues when reporting morale.** This potential skewing of the data is illustrated by the following comments from the Staff Inspection Reports:

“Although the **post personnel were asked not to base answers regarding morale on manpower issues**, personnel seem to feel that they do not get to maximize their potential as far as their work ethic because they have no time for proactive enforcement activities because of the amount of calls for service compared to the number of troopers working at one time” (emphasis added).²²⁰

SC Highway Patrol Troop Six, Post B, Colleton and Dorchester

“Although it is **consistently stated by patrol command that this should not be considered**, field personnel relate that the **lack of personnel** does negatively affect morale and operational effectiveness” (emphasis added).²²¹

SC Highway Patrol Troop Five, Post B, Dillon, Florence, and Marion

Another factor which may skew the data in the Staff Inspection Report is **morale scores are obtained by field lieutenants or officers with higher ranks** within the agency,²²² and constituents who have contacted Subcommittee Members state they have a fear of retribution when providing feedback to the agency.²²³

Table 12, provides examples of quotes from agency employees around the state, which are within Staff Inspection Reports. These quotes illustrate comments Subcommittee Members receive during the study and continue to receive:²²⁴

Impact of Agency Deficiencies on Personnel and Safety of the Public

The Highway Patrol separates the state enforcement into seven Troops (i.e., regions).

Troop Three:

Anderson, Oconee, Pickens, Greenville, and Spartanburg

"Most everyone interviewed was disappointed in the disciplinary actions of late. They felt that troopers were being written up for minimal violation and not given second chances; locally and throughout the state. Some troopers mentioned that they were afraid to do their job because of all the disciplinary actions being imposed."²²⁵

Troop Two:

Laurens, Newberry, Abbeville, Greenwood, Edgefield, McCormick, and Saluda

"The troopers feel the troop command staff does not truly understand how things really are out in the field, in particular to activity and the shortage of manpower."²²⁷

"...many feel they are relegated to being in the area of the city limits in order to satisfy the (20) seat belt citations per month. The lack of patrolling in the county on secondary roadways was expressed as troopers feel they are not being able to do their job as they see it."²²⁸

"Supervisors were concerned with low manpower, regaining trust, rebuilding confidence in the troopers..."²²⁹

Troop Seven:

Allendale, Bamberg, Barnwell, Hampton, Orangeburg, Calhoun, and Aiken

"Personnel expressed concerns regarding the lack of quality applicants; therefore, resulting in less desirable trainees. Personnel, both supervisory and non-supervisory, recognize the lack of 'experienced' personnel as a cause for lower ratings in this area," (area is operational effectiveness),²³⁸

Troop Six:

Berkeley, Charleston, Colleton, Dorchester, Beaufort, and Jasper

"The troopers feel like DPS Headquarters does not 'have their backs...'²³²
 "The lack of quality equipment is frustrating. ... Repairs [to vehicles] are stated to normally take a month or two to complete."²³³
 "personnel seem to feel that they do not get to maximize their potential as far as their work ethic because they have no time for proactive enforcement activities because of the amount of calls for service compared to the number of troopers working at one time."²³⁴

Troop Four:

Cherokee, Union, York, Fairfield, Chester, Lancaster, and Chesterfield

"Post personnel consistently describe shortages in staffing as having a negative effect on the overall operational effectiveness of the post."²²⁶

Troop Five:

Darlington, Marlboro, Dillon, Florence, Marion, Georgetown, Williamsburg, and Horry

"Some troopers feel like the DPS Command Staff does not support them; therefore, they find themselves second guessing the decisions they make attempting to avoid making a mistake and possibly generating a District Investigation (DI)."²³⁰

"The leading cause for concern ... is (1) the low morale of the post - rated by the majority of personnel interviewed as 'poor' and (2) the overall lack of manpower."²³¹

Troop One:

Sumter, Clarendon, Kershaw, Lee, Lexington, and Richland

"Some feel that there is a 'disconnect' between the troop command staff and the road trooper"²³⁵

"Operational effectiveness was directly correlated to the overall lack of manpower; as well as, the lack of experienced personnel assigned to or retained within the post."²³⁶

"At times, troopers in the post simply investigate collisions one after another with little time available to effectively reduce collisions through enforcement."²³⁷

Focusing on Agency's Primary Mission

The Subcommittee requests and receives from the agency information pertaining to the agency's mission, duties, and powers. This information serves as a basis for the Subcommittee's recommendations.

Table 13. Summary of the Subcommittee's Recommendations: Focusing on Agency's Primary Mission

RECOMMEND AGENCY ADDRESS . . .
...FOCUSING ON ITS PRIMARY MISSION
18. Transfer the Illegal Immigration Enforcement Unit to the State Law Enforcement Division. 19. Transfer grants programs unrelated to highway safety (i.e., criminal justice, juvenile justice; and crime victims) to another agency. 20. Coordinate a meeting with the division of State Human Resources and other agencies which may have similar scheduling situations, (e.g., Department of Juvenile Justice; Department of Corrections; and Department of Social Services), to discuss ways to reduce the amount of time necessary to enter and update personnel hours in the South Carolina Enterprise Information System.

The agency's mission is as follows:

As the largest law enforcement agency in South Carolina, it is the mission of the South Carolina Department of Public Safety to protect and serve the public with the highest standard of conduct and professionalism; to save lives through educating its citizens on **highway safety** and diligent **enforcement of laws governing traffic, motor vehicles, and commercial carriers**; and to ensure a safe, secure environment for the citizens of the state of South Carolina and its visitors (emphasis added).²³⁹

The duties and powers of the agency as provided in statute are as follows:

- (1) carry out **highway** and other related safety programs;
- (2) engage in **driver training and safety activities**;
- (3) enforce the **traffic, motor vehicle, commercial vehicle**, and related laws;
- (4) enforce size, weight, and safety enforcement **statutes relating to commercial motor vehicles**;
- (5) operate a comprehensive law enforcement personnel training program;
- (6) promulgate such rules and regulations in accordance with the Administrative Procedures Act and Article 7 of this chapter for the administration and enforcement of the powers delegated to the department by law, which shall have the full force and effect of law;
- (7) operate such programs and disseminate information and material so as to continually improve **highway safety**;
- (8) receive and disburse funds and grants, including any donations, contributions, funds, grants, or gifts from private individuals, foundations, agencies, corporations, or the state or federal governments, for the purpose of carrying out the programs and objectives of this chapter; and
- (9) do all other functions and responsibilities as required or provided for by law (emphasis added).²⁴⁰

Based on state statute and the agency's mission, the **Subcommittee notes the primary focus of the agency is highway safety.**

Illegal Immigration Enforcement Unit

In 2011, an Illegal Immigration Enforcement Unit (IIEU) is created under the agency by the General Assembly.²⁴¹ The Director testifies the unit is performing well.²⁴² However, in response to questioning, Director Smith agrees the IIEU is aligned more within the State Law Enforcement Division's mission than the Department of Public Safety's mission.²⁴³

Justice Program Grants

The agency serves as the agent for the State in accepting from the federal government, and then administering to subgrantees throughout the state, two groupings of grants: (1) Highway Safety Grants; and (2) Justice Program Grants.²⁴⁴ Ms. Laura Hudson, a constituent, provides testimony to the Subcommittee which reveals how **issues with communication between the agency's finance department and grants department significantly impacts crime victim service providers (e.g., rape crisis organizations; domestic violence shelters; and children/sexual assault programs) across the state when there are significant delays in timely grant reimbursement payments (e.g., 30, 60, or in some cases, even 90 days).**²⁴⁵ Additionally, testimony from the agency reveals position postings of additional personnel necessary for timely administration of these grants remained open for almost twelve months.²⁴⁶

SCEIS Scheduling

Agency testimony indicates there are **issues with entering time in the South Carolina Enterprise Information System (SCEIS) since agency personnel do not work on the typical schedule (i.e., 8:30 a.m. to 5:00 p.m.).**

Analyzing and Updating Information

The Subcommittee requests and receives from the agency information pertaining to the agency's analysis of information as well as the currentness of statutes applicable to the agency. This information serves as a basis for the Subcommittee's recommendations.

Table 14. Summary of the Subcommittee's Recommendations: Analyzing and Updating Information

RECOMMEND AGENCY ADDRESS . . .
...ANALYZING AND UPDATING INFORMATION
<p>21. Research costs involved in the agency producing reports from the Multi-disciplinary Accident Investigation Team and private sector industry standards related to amounts charged for this type of information to determine appropriate charges for these reports.</p>
<p>22. Revise SC Code Section 23-6-187, relating to witness fees for trooper trained in Advanced Accident Investigation, testifying in civil matters, to allow agency to adjust the amount it charges each year with inflation.</p>

- 23.** Revise SC Code Section 23-6-20, relating to establishment of the agency, to remove references to transfers of divisions and, instead, require the agency to maintain a list of its divisions.
- 24.** Update SC Code Section 23-6-30, relating to the duties and powers of the agency, to remove a reference to a training program now provided by the Criminal Justice Academy.
- 25.** Revise SC Code Section 23-6-50, relating to an annual audit, carrying funds into the next fiscal year, and retention of revenue to meet the agency's expenses, to remove outdated references and allow the agency to expend certain funds for drug testing.

Some **individuals and companies purchase reports created by the Multi-Accident Investigation Team (MAIT) for use in private civil lawsuits.**

In reviewing statutes applicable to DPS, the Subcommittee notes there is **no provision in the statute which takes into consideration inflation in the amount the agency may charge when its personnel are called for depositions in private lawsuits.**

The Subcommittee notes **some statutes relating to the agency contain references that are either outdated or no longer reflect current practices.**

RECOMMENDATIONS

Recommendations

Generally

The following recommendations include areas identified for potential improvement by the Subcommittee. The Subcommittee recognizes these recommendations will not satisfy everyone nor address every issue or potential area of improvement at the agency. These recommendations are based on the agency's self-analysis requested by the full Committee, discussion with the agency during multiple meetings with the Subcommittee, and analysis of the information obtained by the Subcommittee. This information, including but not limited to the Staff Study, Program Evaluation Report, Accountability Report, Restructuring Report and videos of meeting with the agency, can all be found on the Committee's website.

The agency has no recommendations to improve efficiency and outcomes.²⁴⁷

Continue

The Subcommittee does not have any specific recommendations with regards to continuance of agency programs.

Revise (Curtail or Enhance)

The Subcommittee has 27 recommendations relating to the agency. The Subcommittee's **recommendations for revisions to the agency's internal operations and revisions to laws fall into seven categories**. These categories include: (1) recruitment, hiring, retention, and public safety; (2) equipment replacement; (3) applying policies consistently; (4) communication, morale, and leadership issues; (5) focusing on its primary mission; and (6) analyzing and updating information. For the chart of recommendations and detailed wording, see Attachment 4 (Recommendations Chart and Details).

Eliminate

The Subcommittee does not have any specific recommendations with regards to elimination of agency programs, except for the programs the Subcommittee recommends move to another agency. The programs the Subcommittee recommends move to another agency are discussed in the "Leadership Issues" section and the chart of recommendations in Attachment 4 (Recommendations Chart and Details).

Follow Up

The Subcommittee recommends receipt of quarterly reports from the agency as well as monthly updates on the status of grant payments to subgrantees (i.e., crime victim service providers).

Recommendations Chart and Details

Recommendations Chart

RECOMMEND AGENCY ADDRESS . . .

...SAFETY, HIRING, RECRUITMENT, and RETENTION

1. Ensure the appropriate division head is involved in the hiring process. Ensure policies outline clearly which personnel provide input at which stages of the hiring process.
2. Research the cost and feasibility of implementing a career path for agency employees.
3. Track applicable data to determine which recruiting methods are effective in obtaining applicants with the temperament and ability to successfully complete appropriate Criminal Justice Academy courses. Include this data in the agency's Accountability Report each year.
4. Revisit policy which automatically disqualifies job applicants with visible tattoos.
5. Update the agency's Personnel Allocation Model to conform to national standards.
6. Review industry best practices on trooper fatigue under various shift changes.

...EQUIPMENT REPLACEMENT

7. Request a permanent line item, which identifies funding for the equipment replacement schedules, in the General Appropriations Act.
8. Develop a computer and technology replacement cycle; include this information in the agency's budget request.

...APPLYING POLICIES CONSISTENTLY

9. Implement the agency's existing Alcohol and Drug Deterrence Policy and perform random and post-accident drug testing of agency employees.
10. Revise the agency's Residency Policy to have clear standards of which employees are required, and which are not required, to live within various requisite distances from their troop headquarters or their assigned post. Apply Residency Policy consistently.
11. Update the agency's Audio-Video Monitor Report Form to include the reason the supervisor is reviewing a video. Track this information in the activity console (i.e., agency's internal database).
12. Review the policies and format of the corrective action plans submitted by Troop Commanders in response to Staff Inspection Reports. Ensure these plans include deadlines and appropriate follow-up.

...COMMUNICATION AND MORALE

13. Distinguish between the number of active troopers and number of troopers who are still in training when reporting data.

- 14.** Restructure the agency so both the Office of Professional Responsibility and Human Resources Office report to the Legal Department, whose attorneys are subject to requirements of legal ethics and rules of professional responsibility to remain licensed to practice law, then the Director.
- 15.** Adopt a process by which employees can provide feedback to the agency anonymously.
- 16.** Have an outside entity perform a leadership climate and employee morale survey of the agency beginning this year and once every three years thereafter. Require agency leadership to generate and follow through with improvement plans based upon the results of the surveys.
- 17.** Require Troop Commanders and Supervisors in the Blythewood Office, including the Director, to spend one day per month on the road to stay abreast of troopers' daily activities.

...FOCUSING ON ITS PRIMARY MISSION

- 18.** Transfer the Illegal Immigration Enforcement Unit to the State Law Enforcement Division.
- 19.** Transfer grants programs unrelated to highway safety (i.e., criminal justice, juvenile justice; and crime victims) to another agency.
- 20.** Coordinate a meeting with the division of State Human Resources and other agencies which may have similar scheduling situations, (e.g., Department of Juvenile Justice; Department of Corrections; and Department of Social Services), to discuss ways to reduce the amount of time necessary to enter and update personnel hours in the South Carolina Enterprise Information System.

...ANALYZING AND UPDATING INFORMATION

- 21.** Research the costs involved in the agency producing reports from the Multi-disciplinary Accident Investigation Team and private sector industry standards related to amounts charged for this type of information to determine appropriate charges for these reports.
- 22.** Revise SC Code Section 23-6-187, relating to witness fees for troopers, trained in Advanced Accident Investigation, testifying in civil matters, to allow the agency to adjust the amount it charges each year with inflation.
- 23.** Revise SC Code Section 23-6-20, relating to establishment of the agency, to remove references to transfers of divisions and, instead, require the agency to maintain a list of its divisions.
- 24.** Update SC Code Section 23-6-30, relating to the duties and powers of the agency, to remove a reference to a training program now provided by the Criminal Justice Academy.
- 25.** Revise SC Code Section 23-6-50, relating to an annual audit, carrying funds into the next fiscal year, and retention of revenue to meet the agency's expenses, to remove outdated references and allow the agency to expend certain funds for drug testing.

...FOLLOW UP

- 26.** Provide an update, in an approved format, once a quarter from April 3, 2017, until April 3, 2018, or the Committee re-visits the need for the updates.
- 27.** Provide the Committee an update every 30 days about the status of payments to subgrantees (i.e., crime victim service providers grant requirements).

23. *Update SC Code Section 23-6-20²³ (Statutory)* - Recommend the update below to SC Code Section 23-6-20. As further explanation, Section 23-6-20 includes language from when different divisions were initially transferred to DPS. The reference to these transfers is removed, but new language at the end of the first sentence in (A) still allows flexibility should the General Assembly desire to move other divisions to or from the agency in the future. The historical information in (B) is removed, but the new last sentence in (A), provides a mechanism to preserve the information.

~~SECTION 23-6-20. Department of Public Safety established; divisions comprising Department; transfer of functions, powers, duties, responsibilities and authority; rules, standards, etc., of former entities remain in effect.~~

(A) The Department of Public Safety is established as an administrative agency of state government which is comprised of ~~a South Carolina Highway Patrol Division, a South Carolina State Police Division, and a Division of Training and Continuing Education~~ the divisions outlined in this chapter. The Department shall maintain a list of the divisions it has comprised, by year, on the agency website.

(B) ~~The functions, powers, duties, responsibilities, and authority statutorily exercised by the following offices, sections, departments, or divisions of the following state agencies as existing on the effective date of this act are transferred to and devolved on the department to include the South Carolina Highway Patrol and the Safety Office Section of the Division of Finance and Administration of the South Carolina Department of Highways and Public Transportation; the Safety Enforcement Officers of the Office of Enforcement within the Transportation Division of the South Carolina Public Service Commission and the Governor's Office of Public Safety, together with all assets, liabilities, records, property, personnel, unexpended appropriations, and other funds shall be transferred to the control of the department. All rules, regulations, standards, orders, or other actions of these entities shall remain in effect unless specifically changed or voided by the department in accordance with the Administrative Procedures Act, or otherwise provided.~~

HISTORY: 1993 Act No. 181, Section 343(A); 1996 Act No. 459, Section 34; 2003 Act No. 51, Section 9.

24. *Update SC Code Section 23-6-30²⁴* (Statutory) - Recommend the update below to SC Code Section 23-6-30. As further explanation, part (5) of Section 23-6-30 references a training program DPS previously operated. The details of this training program were outlined in Article 9 of Chapter 6. Article 9 was repealed in 2006 by Act No. 317, which established the Law Enforcement Training Council, established a program of training for law enforcement officers and other persons employed in the criminal justice system and provided that the Council would oversee the SC Criminal Justice Academy. The proposed update removes the reference to the training program which is now at the Criminal Justice Academy.

SECTION 23-6-30. Duties and powers of department.

The department shall have the following duties and powers:

- (1) carry out highway and other related safety programs;
- (2) engage in driver training and safety activities;
- (3) enforce the traffic, motor vehicle, commercial vehicle, and related laws;
- (4) enforce size, weight, and safety enforcement statutes relating to commercial motor vehicles;
- ~~(5) operate a comprehensive law enforcement personnel training program;~~
- (6) promulgate such rules and regulations in accordance with the Administrative Procedures Act and Article 7 of this chapter for the administration and enforcement of the powers delegated to the department by law, which shall have the full force and effect of law;
- (7) operate such programs and disseminate information and material so as to continually improve highway safety;
- (8) receive and disburse funds and grants, including any donations, contributions, funds, grants, or gifts from private individuals, foundations, agencies, corporations, or the state or federal governments, for the purpose of carrying out the programs and objectives of this chapter; and
- (9) do all other functions and responsibilities as required or provided for by law.

25. *Update SC Code Section 23-6-50²⁵* (Statutory) - Recommend the update below to SC Code Section 23-6-50. As further explanation, the second paragraph of Section 23-6-50 states the DMV is authorized to carryforward funds into fiscal year 1999-2000. Since we are long past 1999-2000, this language is removed. The third paragraph of Section 23-6-50 references the “Department of Public Safety training series.” As discussed in the update of Section 23-6-30, DPS no longer has a training series. Since the agency no longer has a training series the proposed update is to remove the reference to the training series. Lastly, “drug testing,” was added as an item on which they could utilize the funds.

SECTION 23-6-50. Annual audit; carrying funds into next fiscal year; retention of revenue to meet department expenses.

The director shall annually cause the department to be audited. The audit must be conducted by a certified public accountant or firm of certified public accountants to be selected by the State Auditor. The department may undergo an Agreed Upon Procedures audit in lieu of audited financial statements. The audit shall be in coordination with the State Auditor's Office and will be in accordance with generally accepted accounting principles and must comprise all financial records and controls. The audit must be completed by November 1 following the close of the fiscal year. The costs and expenses of the audit must be paid by the department out of its funds.

Notwithstanding any other provision of law, all revenue generated by the department from the sale of vehicles, various equipment, less the cost of disposition incurred by the Department of Administration Division of Operations, gasoline and insurance claims, during the prior fiscal year may be retained and carried forward into the current fiscal year and expended for the purpose of purchasing like items. Any unexpended balance on June 30 of the prior fiscal year authorized to be expended or used for any federal grant program may be retained and carried forward to the current fiscal year and used for matching committed or unanticipated grant funds, or both. ~~The Department of Motor Vehicles is authorized to carry forward and expend all motor carrier registration fees collected pursuant to Chapter 23 of Title 58 for fiscal years 1996-1997, 1997-1998, 1998-1999 into fiscal year 1999-2000.~~

Notwithstanding any other provision of law, revenue received from the sale of publications, postal reimbursement, photo copying, electronic data from traffic collisions, sale of miscellaneous refuse and recyclable materials, insurance claim receipts, coin operated telephones, and revenue from building management services, ~~and the Department of Public Safety training series~~ shall be retained by the department and expended in budgeted operations for professional training, fees and dues, clothing allowance, drug testing, and other related services or programs as the Director of the Department of Public Safety may deem necessary. In order to complete projects begun in a prior fiscal year, the department is authorized to expend federal and earmarked funds in the following fiscal year for expenditures incurred in the prior fiscal year.

Follow Up

26. *Provide Quarterly Updates²⁶* (Internal Agency Operation) - Recommend the agency provide an update once a quarter during calendar year 2017, beginning on January 1, 2017, in a format approved by the Subcommittee. At the end of 2017, the Committee will determine whether the agency continues to provide quarterly updates during 2018. Information included in the quarterly updates may include, but not be limited to: (1) Updated strategic plan, in which each objective meets the S.M.A.R.T. criteria (as explained in the annual accountability report technical assistance guidelines); (2) After appropriate discussion among the agency director, finance department and division leaders, an updated strategic budget chart for 2016-17 and 2017-18 which has all current agency funding and all funds requested by the agency for next year, allocated to an objective; (3) Updated performance measures, with an eye towards focusing on measuring more outcomes, rather than outputs, for the citizens of South Carolina, including, but not limited to, one which seeks to increase retention of troopers between years four and seven of their employment with the agency since this appears to be a time period in which the agency loses a tremendous amount of troopers; (4) Status of OPR investigations to check if they are being handled in a timely manner and ensure the information the subcommittee requested be tracked is being tracked; (5) Update on requests to restructure agency programs in the General Appropriations Act to ensure there is a permanent line item which specifically identifies funding for each of the equipment replacement schedules; (6) Re-entrance interview forms which ask why employees are returning to the agency to determine whether changes at the agency, including, but not limited to, pay increases, are actually bringing troopers back to the force; and (7) Implementation status of other subcommittee recommendations.

Member Statement for the Subcommittee Study of the Department of Public Safety

We believe data provided by the Department of Public Safety during the House Legislative Oversight Committee's Law Enforcement and Criminal Justice Subcommittee's almost **two year study of the agency** supports the Governor's review of the agency head's performance to determine if it rises to the level of misconduct in office.¹

"Misconduct," as used in the statutory provision for removal of the Director of Public Safety, means mismanagement, wrong or improper conduct, a case or instance of bad behavior, a misdeed.² We believe the following are evidence of misconduct and mismanagement of the agency:

- **Inadequate Personnel to Keep the Public Safe.** From 2013 to 2016, the number of patrol hours decrease by 86,696 hours, number of warnings and citations decrease by 164,389, and total collisions increase by 23,755.³ During this same time period, the number of fatal collisions increase by 30.18% and number of fatalities increase by 32.33%.⁴ As of February 17, 2017, the total number of fatalities is the highest since 2007.⁵ Troops across the state have, on average, less than 60% of the manpower the agency's personnel allocation model states is needed in each Troop.⁶
- **Lack of Funding is Not the Issue.** The Colonel of the South Carolina Highway Patrol affirmed there are resources in the budget to hire more and the lack of officers on the road is not the result of lack of funding.⁷
- **Taxpayer Money Wasted.** Between 2012 and 2015, \$8.9 to \$21.1 million is spent on training and equipping new troopers, but the net result is an increase in total trooper strength across the state of only two troopers.⁸
- **Agency Wide Morale and Turnover are the Issues.** In FY 2014-15, "personal" reasons account for approximately 59% of all Highway Patrol separations, compared to 27% in 2011-12.⁹ The Human Resources Office has a turnover rate between approximately 30% and 60% from fiscal year 2012-13 through 2014-15.¹⁰ During the last four fiscal years, the Information Technology Office has not been fully staffed, and currently one-third of the positions are vacant.¹¹
- **Issues are the result of Agency Mismanagement.** The Director makes final hiring decisions¹² without input from division heads.¹³ There is a lack of reliable, functioning equipment. As an example, an entire graduating class of troopers did not have properly functioning laptops installed in their vehicles.¹⁴ The agency has not performed random or post-accident drug testing during the last four years.¹⁵ Feedback on improvements and morale is not anonymous, instead obtained by field lieutenants or officers of higher ranks within the agency¹⁶; nor based on reality as employees are instructed not to consider manpower issues when reporting morale¹⁷. Internal investigations and discipline, over which the agency Director has discretion¹⁸, are open for extended periods of times, including multiple years¹⁹; for issues some may consider inconsequential like profanity during car and foot chases²⁰; and inconsistent as an officer who admitted not being truthful to a supervisor was terminated with his law enforcement certification sought to be removed²¹ in one case while in another case an officer admitted falsifying documents and was given only a written reprimand.²² Data provided to different House Committees is inconsistent,²³ and data the agency provides the same legislative entity does not appear to be consistent over multiple years.²⁴

We believe the data above, as expounded upon in the Subcommittee Study, evidences mismanagement of the agency. This mismanagement has resulted in a downward spiral of morale among agency employees, decreased overall agency performance, and increased risk of harm to all those who travel the roads of South Carolina. We firmly believe major changes are needed in management personnel and agency policy to reverse this downward spiral.

In 2014, the data was moved to a new database and DPS began utilizing drop down menus to assist it in naming allegations consistently.
