Agency Comments		
Additional comments from agency (optional)		Explanation of increase in funding from FY 15-16 to FY 16-17: The Office of School Transformation received an increase in state technical assistance funds from the
		General Assembly, which allowed for the hiring of a transformation coach for every low performing school in the state. This allowed us to provide daily coaching
		services to each of the 38 schools and increase the number of face-to-face and virtual trainings offered regarding school transformation. These three things: the
		hiring of 30 transformation coaches, the completion of the remaining 26 diagnostic reviews, and the execution of diagnostic reviews for any district identified as
		underperforming per Act 281 resulted in the increased number of expenditures. Additionally, we declared a state of emergency in Allendale County School District
		and managed two schools in the Florence Four school district, both of which required additional state technical assistance and funding support. For example, we
		placed a district level transformation coach in Allendale in addition to appointing Dr. Walter Tobin as superintendent. The SCDE also declared a state of emergency in
		Williamsburg County School District which resulted in additional state technical assistance and funding support for that district. FY 17-18: 18 face to face trainings; 4
		virtual trainings, and daily coaching for low performing schools (335 days of coaching/30 transformation coaches); FY 16-17: 8 face to face trainings; 3 virtual
		trainings, and daily coaching for low performing schools (335 days of coaching/30 transformation coaches); FY 15-16: 4 face to face trainings; coaching for low performing schools (335 days of coaching/3 transformation coaches)

Ms. Tammy Taylor-Principal Great Falls Elementary Chester County Schools

We have developed a professional development plan that has job-embedded, on-gong PD completed – and as a team are ensuring that we are actualizing and monitoring the plan. Our Transformation Coach has been an essential part of ensuring our meetings are focused and intentional. She also guides us to monitor the plan and facilitates our work with ensuring we are monitoring our interventions. As a school, we are committed to growing our students and teachers and have adopted an all hands on deck philosophy.

Ms. Deitra Johnson-Principal Ronald E. Mcnair Jr. High Florence School District 3

We will continue to work with teachers on all phases of the School Improvement process during SIT Committee meetings once a month. We are using what we have learned as a CSI school to move forward in school improvement and ensure that we are consistent and focused in our efforts. Our motto this year is "Mission Possible: Where learning is EPIC," and we are working toward making our school a place where learning is Engaging, Purposeful, Inclusive, and Collaborative.
