Education, Department of

The Education Oversight Committee needs to be ended... they have not improved education outcomes in SC and are wasting funds. Our State Board of Education needs to be changed to ELECTED positions based on Judicial Districts. The present SC College/Career Ready Standards need changing as they are over 90% in line with failed Common Core Standards. We need to adopt standards that have a PROVEN success rate such as Massachusetts Standards BEFORE they adopted Common Core. We need to stop accepting Federal Funds that come with mandates from an unconstitutional US Dept of Ed.

All Agencies

Please loosen restrictions on new housing development requirements. Current regulations force such high infrastructure cost that land owners are forced to develop high density-low quality neighborhoods. Allow 2-5 acre/home neighborhoods without paved roads that must meet SCDOT. Bring back the great neighbors we used to have before it's too late. More green space and more environmentally sustainable neighborhoods will bring a higher standard of living. Kids can play in their own yards again.

Education, Department of

The parent surveys/school report cards should be improved to give residents better information on how it's residents truly feel about their respective school district's performance as well as public relations. The school district employees should be taken out of the information collection process entirely. Parent and student surveys should be mailed directly to the students' home and returned via mail. These surveys need to be annual to make it harder for schools to time and game the process. This would help voters make educated decision that avoid County manipulation.

Natural Resources, Department of

Litter Litter Litter - We need more enforcement. It needs to be publicized. Region 2 is underperforming.

Parks, Recreation and Tourism, Department of

Litter. Better patrols of public areas.
