## Those Subject to Ethics Act

Included in the State Ethics Commission June 24, 2021 letter to the House Legislative Oversight Committee (LOC). This information was provided in response to the following question in LOC's June 7, 2021, letter to the State Ethics Commission: "29. Please provide an Excel document that includes the list of positions subject to the Ethics Act within each of the following categories, in a format similar to the example at the end of the letter in Attachment A.

- a. Public Official Elected
- b. Public Official Appointed
- c. Public Member required to file statement of economic interest
- d. Public Member with no required filings
- e. Public Employee required to file statement of economic interest
- f. Public Employee with no required filings
- g. Committees (based on the change to the statutory definition proposed by the Ethics Commission)"

In addition to providing the information in this document, State Ethics Commission provided the following response:

- See Attached Excel Spreadsheet. This list is intended to encompass public employees, public members, and public officials at all levels of government, to include, State, County, City/Town, Special Purpose and Public Service Districts, as well as all boards, commissions and councils at the State and local levels. The Commission has made a good faith effort to include all entities and positions that are subject to the Ethics Act. Any errors or omission are unintentional. As the Committee reviews this spreadsheet, the Commission encourages it to keep the following in mind:
- All information provided under "Source of Information about who is currently in that role" is in addition to the entity lists that are returned to the Commission and are provided for in Regulation 52-602.
- The Commission is unable to determine which public members are required to file SEIs and which are not at any given time. This is due to the fact that although appointed public members of local boards, commissions, and councils are not generally required to file Statements of Economic Interests, such an individual is required to file if they take on the duties of chief administrative official, chief financial official, or chief procurement official within their entity (this happens frequently in smaller political subdivisions/special purpose districts that have no employees or are unstaffed for any period of time). These duties can fluctuate from year to year depending on the entity's staffing and/or needs.
- The appointing authority for the majority of the political subdivisions listed herein are derived from the Secretary of State's 2018 Biennial Directory of Special Purpose Districts. At the time this list was compiled, the Secretary of State had not published its 2020 Biennial Directory.
- House and Senate members are subject to the jurisdiction of the House and Senate Ethics Committees, not the State Ethics Commission

Ethics Act Definition (e.g., public official, public member, public employee)	municipality, public service district, conservation district, political subdivision)	Richland, Lexington, Department of Transportation, etc.)	Source of Information about who is currently in that role (e.g., County Election Board, Governor's Office, Department of Administration, etc.)	Nature of Communication from Source (e.g., voluntary, required by statute (if required by statute, what statute))	Method of Communication (e.g., phone call, email, online form, etc.)	Is a candidate for this position also subject to the Ethics Act? (Y/N)	violations related to this position	One or more groups to which the person in this position may be a member to which the agency provides training
