Re: SC First Steps Grants RFA Permission to Release Data to Legislative Oversight Committee

Dear Sarah,

The SC House Legislative Oversight Committee (“LOC”) staff have spoken with me regarding data stored by the Revenue and Fiscal Affairs Office (“RFA”) for South Carolina First Steps for School Readiness (“First Steps”).

This letter confirms that First Steps has granted the RFA permission to provide the LOC with any data requested by the LOC related to First Steps. The LOC will copy me on LOC requests of RFA related to First Steps to ensure that we are aware of these requests. In addition, LOC and First Steps agreed it would be best if RFA also copied me on RFA responses sent to LOC related to First Steps. This communication is designed to ensure that the LOC have access to any additional information from First Steps related to data received from the RFA.

Thank you for your assistance. Should you have any questions or need additional information, please give me a call.

With Kindest Regards,

A handwritten signature in black ink, appearing to read 'Dan Wuori', is written over a light blue horizontal line.

Dan Wuori, Ph.D.
Deputy Director
SC First Steps to School Readiness
