Q1

Please share any comments, suggestions or concerns you may have about these agencies, including any observations about the way the agency shares information online. Please note your responses will be posted online and may be included in a Committee report.

Department on Aging

Support the agency in the mission. All the non-lower management is very dedicated, but input is not valued much, unless your in the circle of the supervisors. I do disagree how the managment has made a division within the department in picking and choosing who is allowed to telecommute-instead of offering it to all staff. Not sure why during the pandemic we paid the same prices for non travel work by AAA's especially on assesments that were done by phone and not in person? I guess it's like most things it was swept under that imaginary rug that never is brought up again. Your not suppose to ask questions or push the line if it is not important to supervisor or managment then it's not going to be answered. The programs are run by the AAA's not the program managers.
