## I. INTRODUCTORY STATEMENT MAY 1990

To: Members of the General Assembly of South Carolina

The Joint Legislative Committee on Aging is pleased to submit the Twenty-second Annual Report of the Committee.

Fifteen companion bills were introduced by the Committee on Aging in the House and the Senate during this session. These bills were in response to the requests presented by citizens, agency and organization representatives, and members and colleagues at the Public Hearing September 12 and acted upon by the Committee at the meeting on October 18, 1990.

A summary of these bills and their status, along with a list of selected legislation related to aging monitored by the Committee may be found in the body of this report.

During the state budget process for Fiscal Year 1991-92 our attention was directed to seeking funds for the building and repairing of Senior Centers statewide and to preserving state Medicaid funding.

The Committee received the final report of the Economic Impact of the Senior Living Industry in South Carolina from the Department of Parks, Recreation and Tourism at our meeting May 14. This fulfills the 1989-90 Appropriation Act proviso requesting PRT to conduct such a study and to report back to the Committee.

The Annual Public Hearing has been set for September 11, Room 101, Blatt Building, Columbia.

We welcome to the Committee Senator Warren Giese and Senator Ernie Passalunghi who have replaced former Senator Peden McLeod, now Code Commissioner, and Senator Nell Smith, chair of the Joint Legislative Committee on Children. From the House we welcome Representative Denny Woodall Neilson, who replaces former Rep. Dill Blackwell.

The SC State Library named "A Consumer's Guide to Long Term Care Insurance in South Carolina," produced by the staff of the Committee through the legislative intern program of the USC School of Social Work, as one of ten notable State Documents of 1990. We appreciate this recognition of the work of the Committee.

FRIDAY, MAY 17, 1991

It is with heartfelt appreciation that I accept the tributes that have been paid to me on the occasion of my 80th birthday. A part of my philosophy is that age is a quality of the imagination. I have just about been convinced to buy some ripe bananas and imagine that they are green!

Respectfully submitted,

/s/Patrick B. Harris, Chairman, Representative  
/s/Dave C. Waldrop, Jr., Vice-Chmn, Representative  
/s/Denny Woodall Neilson, Representative  
/s/Lasadore E. Lourie, Senator  
/s/Warren K. Giese, Senator  
/s/Ernie Passalunghi, Senator

## II. BRIEF HISTORY

In 1969 the first Joint Legislative Committee "to study the needs and problems relating to the aged citizens in South Carolina" was created. This Committee continued its work until 1963. By 1969 the need for a committee to study the problems of the elderly in South Carolina was again evident and the legislature created such a committee under Concurrent Resolution No. 1286. This Committee continued under the authority of continuing resolutions until 1978 when the General Assembly found "the Committee to Study Public and Private Services, Programs and Facilities of the Aging fulfills a necessary and continuing legislative need and that the functions of the Committee can be more properly fulfilled by a permanent Committee," Act 402 (Code 2-51-10, 1978).

The Committee is made up of three members of the Senate, appointed by the President of the Senate, three members of the House, appointed by the Speaker, and three members appointed by the Governor. Serving as chair of the Committee have been, Representative Martha Thomas Fitzgerald, 1959-1963; Senator Richard W. Riley, 1969-1976; Senator Hyman Rubin, 1977-1984. Representative Patrick B. Harris is the current Chairman, elected on November 29, 1984 (See Appendix B for membership since 1959).

Sarah C. Shuptrine was the first Director of Research. Keller H. Barron, formerly Bumgardner, succeeded her as Director of Research

in 1979. Sherri L. Craft, Research Assistant, joined the staff in 1985 and resigned February 1990. Beth Mitchell, Administrative Specialist, began working part time with the Committee in 1987 and assumed the full time position of Research Assistant in May 1990. Doane Bennett joined the Committee as Administrative Specialist in August 1990. Krista L. Hughes, USC College of Social Work, was the Legislative Intern for the academic year 1990-91.

### III. PUBLIC HEARING AND COMMITTEE MEETING

The Annual Public Hearing of the Study Committee on Aging was held on September 12, 1990. Forty-five persons appeared before the Committee and written testimony was submitted by four persons. State agencies, commissions, organizations, service delivery groups and individual interests were represented.

The record of the hearing is available in the office of the Committee, 212 Blatt Building. Transcription copies are provided to appropriate state agencies and upon request to individuals and organizations.

The Committee met on October 18, 1990 to review the public hearing testimony, to receive reports on issues under review, to discuss proposed legislation and to determine the 1991 legislative priorities.

Many persons appeared before the Committee at the Public Hearing in September requesting that the Death with Dignity Act be amended to include permanent unconsciousness and to clearly provide for the execution by the declarant as to his or her wishes regarding the withholding or withdrawal of artificial nutrition and hydration.

## VIII. S.C. COMMISSION ON AGING

The South Carolina Commission on Aging is the state agency designated by the General Assembly to administer the Older Americans Act of 1965 and to plan, coordinate, and serve as an advocate for programs and services in the areas of income, health, housing, employment, retirement and community and family-based services for the 500,000 plus older South Carolinians.

Funds are distributed to the Commission by the federal government through the Administration on Aging, and by the State of South Carolina through the budget process. Additional funding is sought through state and federal grants.

The "Aging Network" consists of 10 regional offices, Area Agencies on Aging, which plan, develop and coordinate programs and services for older people then contract with 57 local aging service provider agencies.

#### AREA AGENCY ON AGING DESIGNATIONS

Two new Area Agencies on Aging were designated in 1991. Pee Dee Community Health Services, Inc. was designated for the Pee Dee Planning and Service Area (PSA). Upper Savannah Council of Governments was designated as Area Agency on Aging for the Upper Savannah PSA.

#### NEW INTRASTATE FUNDING FORMULA

The Commission on Aging adopted a new intrastate funding formula in order to bring South Carolina into compliance with the Older Americans Act. It will be phased in over a four-year period, beginning July 1, 1991. The following factors are included: equal base, 60+ population, 60+ minority population, 60+ population below poverty, 60+ impaired population, and rural population.

The overall impact of the new formula will be the redistribution of approximately \$220,000 of the \$8.5 million Title III OAA funds from larger urban areas to more rural areas with higher proportions of poor and minority older persons. The impact has been mitigated somewhat by an increase in Federal funds in 1991.

#### MANAGEMENT INFORMATION SYSTEMS

The University of South Carolina and Commission on Aging are developing a system to be operational on July 1, 1992 to bring the data collected by the Local Service Providers for the Client Information System (CIS) into their Area Agencies and State Office for reporting, analyzing, planning and supporting the legislative initiative

to develop a statewide information system that provides an unduplicated count of clients and services provided each client.

#### COMMISSION MEMBERS

The Commission comprises one member from each congressional district of the State, appointed by the Governor with the advice and consent of the Senate and one member of the State at large appointed by the Governor. The Speaker of the House of Representatives and the President of the Senate each names one legislator to serve on the Commission as ex-officio members.

A survey was being distributed in March to Department of Social Services, Department of Health and Environmental Control, and Employment Security Commission. A status report was presented at

#### SENIOR LIVING ECONOMIC IMPACT STUDY

As a result of the 1989 proviso 66.10 initiated by the Committee, the Department of Parks, Recreation and Tourism awarded a contract in December 1989 to the College of Business Administration, USC.

The final report entitled Economic Impact of the Senior Living Industry in South Carolina was to be presented to the Committee at the May 14th meeting.

The report contains national and state demographic trends and forecasts, an economic impact analysis of retirement community development, the linkage between the senior living industry and tourism, and forecasted estimates of future growth in residential construction activities.

#### PANEL STUDY OF OLDER SOUTH CAROLINIANS

The Panel Study of Older Adults is a major project of the Long Term Care Council, and is the most comprehensive research on the characteristics and needs of older adults ever conducted in South Carolina.

The Survey Research Lab of the Institute of Public Affairs at the University of South Carolina completed survey interview number 4,000 in October, 1990. The Division of Research and Statistical Services of the State Budget and Control Board will perform data entry and analysis of the completed surveys. The final report is due to be released June 1991.

The Heartland Center on Aging of Indiana University will prepare a regional analysis and report for each of the ten Councils of Governments districts.

Another following of the survey will include a study of the needs of informal caregivers of older persons.

Special briefings are planned during 1991 for key legislative committees with responsibilities in the areas of health care and long term care.
