Discussion of Agenda and Procedure

- I. Chairman Newton states the purpose of this meeting is to discuss the following items: the Economic Development, Transportation, and Natural Resources Subcommittee’s study of the Rural Infrastructure Authority; the Healthcare and Regulatory Subcommittee’s study of the Department of Mental Health; and scheduling the next agencies for study.

- II. Chairman Newton notes that the Healthcare and Regulatory Subcommittee’s study of the Department of Mental Health was approved one hour prior to this meeting.

Discussion of the Rural Infrastructure Authority

- I. Representative William M. (Bill) Hixon provides an overview of the Economic Development, Transportation, and Natural Resources Subcommittee’s study of the Rural Infrastructure Authority, or “RIA.”

- II. Representative Hixon explains the subcommittee has one finding arising from the RIA study: the need for legislative action to provide resources to support statewide access to broadband services, including in rural communities. Additionally, he notes House Bill 3780, which already has been approved by the House, proposes establishing a fund for the RIA and broadband expansion into rural areas without access.

- III. Representative Hixon notes the subcommittee has five recommendations arising from the RIA study pertaining to the following topics:
 - i. clarified roles and responsibilities;
 - ii. coordinating infrastructure efforts;
 - iii. updating accounting requirements;
 - iv. updating state code terminology; and
 - v. adding definition to a specified code.

- IV. Ms. Bonnie Ammons, Executive Director of the Rural Infrastructure Authority, under oath, addresses questions regarding the RIA study and its current work.

- II. Representative Hixon moves to approve the study on RIA. A roll call vote is held, and the motion passes.

Discussion of the Department of Mental Health

- I. Representative John Taliaferro (Jay) West, IV, provides an overview of the Healthcare and Regulatory Subcommittee’s study on the Department of Mental Health, or “DMH.”

- II. Representative West notes the subcommittee has five findings arising from the DMH study pertaining to the Vulnerable Adults Fatalities Review Committee, a multidisciplinary investigating entity which includes among its membership the DMH Director, on the following topics:
 - i. importance of charge
 - ii. communication of recommendations; and
 - iii. administrative issues.

- III. Representative West states that the subcommittee has 27 individual recommendations arising from the DMH study addressing the following topics:
 - i. patient care;
 - ii. organizational structure;
 - iii. performance measures;
 - iv. employee recruitment, retention, and compensation;
 - v. community health services;
 - vi. collaboration; and
 - vii. pass-through funds.

- IV. Representative Williams states that he would like more time to review the DMH study before proceeding.

- V. Mr. Mark Binkley, Interim State Director of the South Carolina Department of Mental Health, under oath, addresses committee member questions regarding coordination of services with the Department of Corrections.

Discussion of Committee Administrative Matters

- I. Chairman Newton provides an overview of administrative matters, including the ability of members to submit written statements for inclusion in Committee Studies pursuant to Standard Practice Rule 12.6.

- II. Chairman Newton then opens discussion into recommendations for agencies that should next undergo study.
 - i. Speaking on behalf of the Economic Development, Transportation, and Natural Resources Subcommittee, Representative Hixon provides recommendations of agencies for study. Specifically, he recommends the Department of Commerce and the Jobs-Economic Development Authority.
 - ii. Speaking on behalf of the Education and Cultural Subcommittee, Representative Joseph H. Jefferson, Jr., provides recommendations of agencies for study. Specifically, he recommends the Arts Commission and the State Library.
 - iii. Speaking on behalf of the Executive Subcommittee, Representative Gary E. Clary provides recommendations of agencies for study. Specifically, he recommends the State Ethics Commission and the Department on Aging.
 - iv. Speaking on behalf of the Healthcare and Regulatory Subcommittee, Representative West provides recommendations of agencies for study. Specifically, he recommends the Department of Health and Human Services as well as the State Accident Fund.
 - v. Speaking on behalf of the Law Enforcement and Criminal Justice Subcommittee, Representative Tallon provides recommendations of agencies for study. Specifically, he recommends the South Carolina Attorney General's Office.

Chairman Newton opens discussion for comments on the recommended agencies for study.

- i. Representative Tommy M. Stringer expresses concerns regarding oversight of the Judicial Merit Selection Committee. Chairman Newton notes this entity may not be an agency as defined by S.C. Code Ann. § 2-2-10(1) for purposes of legislative oversight of executive agencies.
- ii. Representative Bill Taylor expresses interest in bringing the Department of Social Services back in front of the committee for an update from its new director. Chairman Newton notes the committee may invite the agency head to testify at a future meeting.

Representative Clary moves to adopt the agencies named by the subcommittee chairs for study in 2020. A roll call vote is held, and the motion passes.

LEGISLATIVE OVERSIGHT COMMITTEE

Healthcare and Regulatory Subcommittee

Study of the Department of Mental Health: Executive Summary

The full report of the Healthcare and Regulatory Subcommittee’s study of the Department of Mental Health (DMH), issued on December 9, 2019, is available on the House Legislative Oversight Committee’s [webpage](#).

Findings

During the study of the Department of Mental Health, issues are raised pertaining to the Vulnerable Adult Fatalities Review Committee (VAFRC), a multidisciplinary investigating entity which includes among its membership the Director of the Department of Mental Health. The **Subcommittee adopts five findings, through a single motion, all pertaining to the VAFRC**. The Subcommittee’s findings fall into three categories: (1) importance of charge; (2) communication of recommendations; and (3) administrative issues. The Subcommittee has a recommendation to address some of these findings.

Findings

IMPORTANCE OF CHARGE	1. The charge of the VAFRC remains important, particularly its functions related to aggregating and disseminating data, detecting trends, identifying opportunities for cross-training, and communicating deficiencies in our statutory infrastructure to the General Assembly and Governor.
COMMUNICATION OF RECOMMENDATIONS	2. There is not a record of the VAFRC communicating recommendations or a lack of a need for any changes to the General Assembly, in the last five years. 3. The VAFRC could communicate any findings or recommendations about a state agency to the agency’s leadership via a letter, in addition to currently required reporting.
ADMINISTRATIVE ISSUES	4. Additional administrative support might be required for the VAFRC to fulfill its statutory requirements. State law only requires each of the nine ex-officio members to provide “sufficient staff and administrative support to carry out the responsibilities of the article.” It does not direct any one agency to be responsible. 5. The VAFRC membership is not currently up-to-date on the Secretary of State’s website.

Recommendations

The **Subcommittee has 27 recommendations** arising from its study of the agency. The Subcommittee’s recommendations fall into six categories: (1) patient care; (2) organizational structure, governance, directives, and performance measures; (3) employee recruitment, retention, and compensation; (4) community mental health services; (5) collaboration; and (6) pass-through funds.

Patient Care

EMPLOYEE
TRAINING

1. The Department of Mental Health should randomly test employee knowledge of DMH policies and procedures. Random testing should include both written tests and hands-on strategies by trained staff with appropriate expertise to determine whether employees are aware of and employing appropriate care techniques.
2. The Department of Mental Health should provide a quarterly update about employee training oversight to the House Legislative Oversight Committee for a period of two years beginning on the date of approval of the full Committee study. The report should include the following: current processes and systems to monitor employee training, compliance, and competency; guidelines, membership and stated meeting times of responsible internal committees; meeting minutes; and reviews of the sufficiency and efficiency of all training programs with appropriate indicators as approved by internal committees. The report should also delineate responsibilities for training, competencies of employees following training, and the assessment mechanisms used to ensure employees understand and rely upon training. All information submitted to the Committee should be in compliance with state law.
3. The Department of Mental Health should implement a method to determine which of the trainings it offers can be linked to better patient outcomes.
4. The Department of Mental Health should update policy and training manuals to include all necessary training, competencies, and continuing education for each position and disciplinary measures for employees who fail to employ policy and procedural mandates.

VULNERABLE
ADULTS
FATALITIES
REVIEW
COMMITTEE
REPORTING

5. The Vulnerable Adult Fatalities Review Committee should submit an annual report as required by S.C. Code of Laws Ann. § 43-570(6) and in accordance with the electronic transmission process described in S.C. Code of Laws Ann. § 2-1-230. In addition to statutorily required sections (i.e., findings and recommendations for changes), the report should include a summary of non-confidential portions of minutes, member attendance records, statistical information on cases reported and reviewed, committee member credentials, identified systemic deficiencies in care, and trending issues facing vulnerable adults.

PERSONS
AUTHORIZED
TO MAKE
HEALTH CARE
DECISIONS FOR
A PATIENT
UNABLE TO
CONSENT

6. The General Assembly should consider amending S.C. Code Ann. § 44-22-40 to align the priority list of people who may provide substitute consent for electroconvulsive therapy or major medical treatment with 2019 legislative changes to the priority list of relationships in S.C. Code § 44-66-30 (Adult Healthcare Consent Act).

Organizational Structure, Governance, Directives, and Performance Measures

ORGANIZATIONAL STRUCTURE	7. The Department of Mental Health should develop a complete organizational flow chart, which includes position descriptions, scope of responsibility for each position, and scope of responsibility for each area of the organization. The position descriptions should include lines of communication, the chain of command, and responsibilities assigned to each position. The organizational flow chart should depict the specific areas of care which include medical services and psychiatric services.
GOVERNANCE	8. The South Carolina Mental Health Commission should develop a procedure to determine policies and promulgate regulations governing the operation of the department and the employment of professional and staff personnel, as required of it in S.C. Code Ann. § 44-9-30(c). 9. The South Carolina Mental Health Commission should comply with S.C. Code Ann. § 1-23-120(J) by conducting a formal review of the agency's regulations at least every five years and submitting a report of that review to the Code Commissioner. 10. The South Carolina Mental Health Commission should allow public input at commission meetings. 11. The Department of Mental Health should post contact information for members of the South Carolina Mental Health Commission on its website.
AGENCY DIRECTIVES	12. The South Carolina Department of Mental Health should provide public online access to directives (i.e., policy and procedures) applicable to patients and the public.
PERFORMANCE MEASURES	13. The Department of Mental Health should continue to review and update its performance measures for the Fiscal Year 2019-20 Accountability Report. In doing so, the agency may wish to avail itself of resources available from the Department of Administration's Executive Budget Office (EBO), including but not limited to consulting with EBO's performance and accountability manager. The agency should determine whether the current set of performance measures assist agency leaders in evaluating whether the agency is accomplishing its mission.

Employee Recruitment, Retention, and Compensation

RECRUITMENT	14. The Department of Mental Health, in collaboration with relevant state agencies and the state's higher education institutions, should study existing education and training paths for mental health professionals to determine if the capacity exists to meet future estimated needs for mental health professionals at all levels. 15. The Department of Mental Health should collect data to evaluate its recruitment efficacy (e.g., ask each new employee how he or she learned about the position).
-------------	--

RETENTION	<p>16. The Department of Mental Health should continue to employ current retention strategies, implement a method to determine which ones are most effective, and research new or evolving retention strategies.</p> <p>17. The Department of Mental Health should ensure a range of employee levels are represented on agency-wide committees impacting employee onboarding, training, and retention.</p>
COMPENSATION	<p>18. The Department of Mental Health should seek funding to maintain mean salaries at or above the midpoint for each classification, particularly the GA50 (Human Services Coordinator I) and GA60 (Human Services Coordinator II) classifications.</p> <p>19. The Department of Mental Health should review mental health salaries in Georgia and North Carolina counties bordering South Carolina in order to maintain a competitive market for the recruitment and retention of mental health professionals.</p> <p>20. The General Assembly should consider re-establishing the Classification and Compensation Study Committee, originally created in Proviso 93.33 of the 2015-16 General Appropriations Act, for the purpose of examining findings and recommendations of the Department of Administration, Human Resources Division on the state's classification and compensation system.</p>

Community Mental Health Services

SERVICES	<p>21. The Department of Mental Health should annually review services available in each community and determine if they are adequate to serve the needs of the community.</p> <p>22. The Department of Mental Health and the Department of Education should determine a desired clinician to student ratio, in addition to the goal of two schools per clinician, and report this determination to the Committee within one year after the approval of the full Committee study.</p>
FUNDING	<p>23. The Department of Mental Health should continue efforts to increase local government contributions to community mental health services. A year following approval of the full Committee study, DMH should report to the Legislative Oversight Committee local contributions to community mental health centers, and note if a center has experienced a shortfall in the year between study approval and this follow up report.</p> <p>24. In requesting additional funding for school-based mental health services, the Department of Mental Health should report on each district's financial contributions and the outcomes of the Magill school-based mental health services certificate program.</p>

Collaboration

CONTINUITY OF CARE FOR CRIMINAL JUSTICE INVOLVED INDIVIDUALS	<p>25. The Department of Mental Health and the Department of Corrections should form a committee constituted of professionals of these and other appropriate entities to devise a plan to provide a seamless transition for inmates who are under the care of a mental health professional upon the release of the inmate. The plan should be implemented by the participating agencies.</p>
--	--

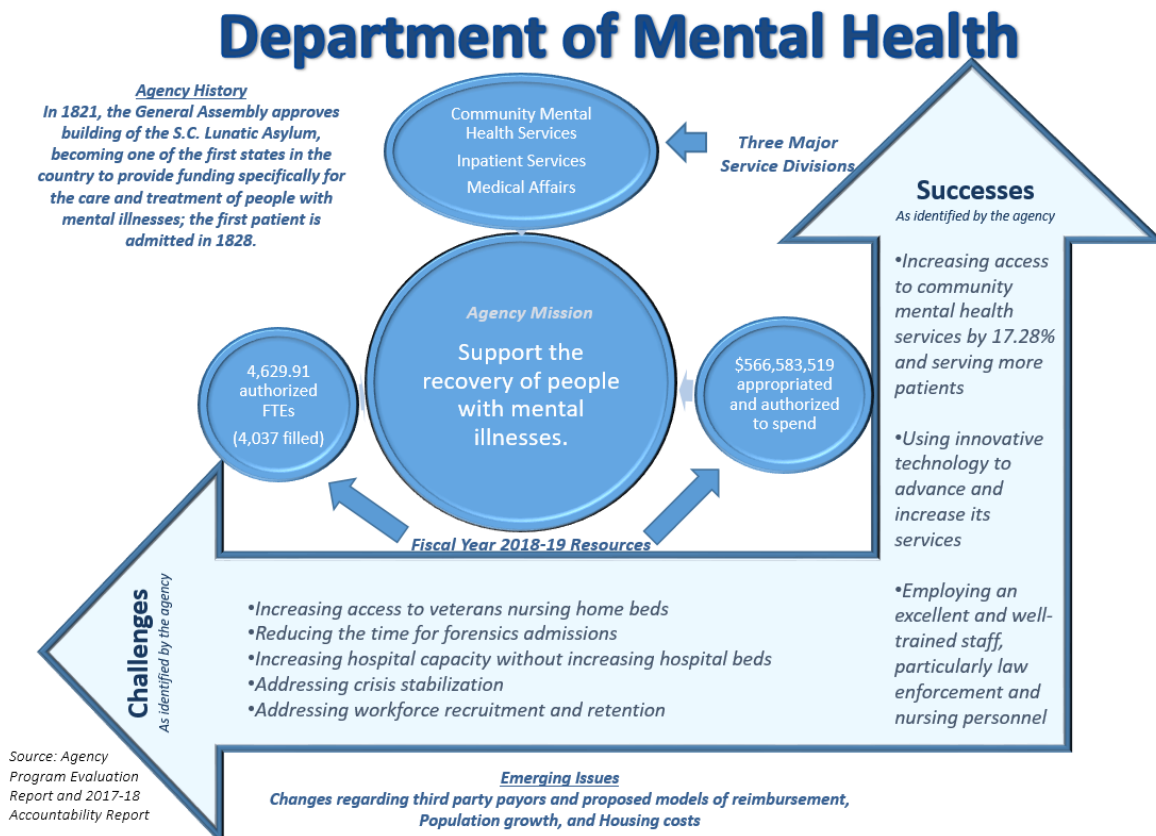

SEXUALLY
VIOLENT
PREDATOR
TREATMENT
PROGRAM

26. The Department of Mental Health should collaborate with the Office of the Attorney General and the criminal defense bar to review the amendments to S.C. Code Ann. §44-48-10 et seq. (Sexually Violent Predator Act) in Senate Bill 797, as introduced in 2019. The Department of Mental Health should provide to the Committee a summary of suggested changes to Senate Bill 797, as introduced in 2019, if any, based on that input.

Pass-Through Funds

27. The General Assembly should consider removing the pass through of funds to the Alzheimer’s Disease and Related Disorders Association (Proviso 35.3 - 2019), Department of Social Services (Proviso 117.53 – 2019) and the Department of Children’s Advocacy (Proviso 35.1 – 2019 referring to the Continuum of Care) from the Department of Mental Health’s section of the General Appropriations Act and include those funds in the most-applicable agency’s section.

Healthcare and Regulatory Subcommittee

Study of the Department of Alcohol and Other Drug Abuse Services: Executive Summary

The full report of the Healthcare and Regulator Subcommittee's study of the Department of Alcohol and Other Drug Abuse Services (DAODAS), issued on February 25, 2020, is available on the House Legislative Oversight Committee's (Committee) [webpage](#).

Recommendations

The Subcommittee has eleven recommendations arising from its study of the agency. The Subcommittee makes five recommendations to DAODAS, two recommendations to the Department of Health and Environmental Control (DHEC), and four recommendations to the General Assembly.

Recommendations to DAODAS

- | | |
|---------------------------|--|
| EFFECTIVENESS | 1. Provide key social media messages to legislators for dissemination to constituents. |
| | 2. Encourage local county alcohol and drug abuse authorities to notify relevant county legislative delegations if there is resistance to cooperation in implementing prevention programs in local schools. |
| EFFICIENCY | 3. Consider rates of substance abuse when distributing federal Substance Abuse Prevention and Treatment Block Grant funding to counties for prevention services. |
| ACCOUNTABILITY | 4. Provide a way for participants in local DAODAS-funded programs to provide feedback directly to DAODAS. |
| INTERAGENCY COLLABORATION | 5. Collaborate with the Department of Natural Resources to explore ways to collaborate to reduce boating under the influence and other substance use-related incidents. |

Recommendations to DHEC

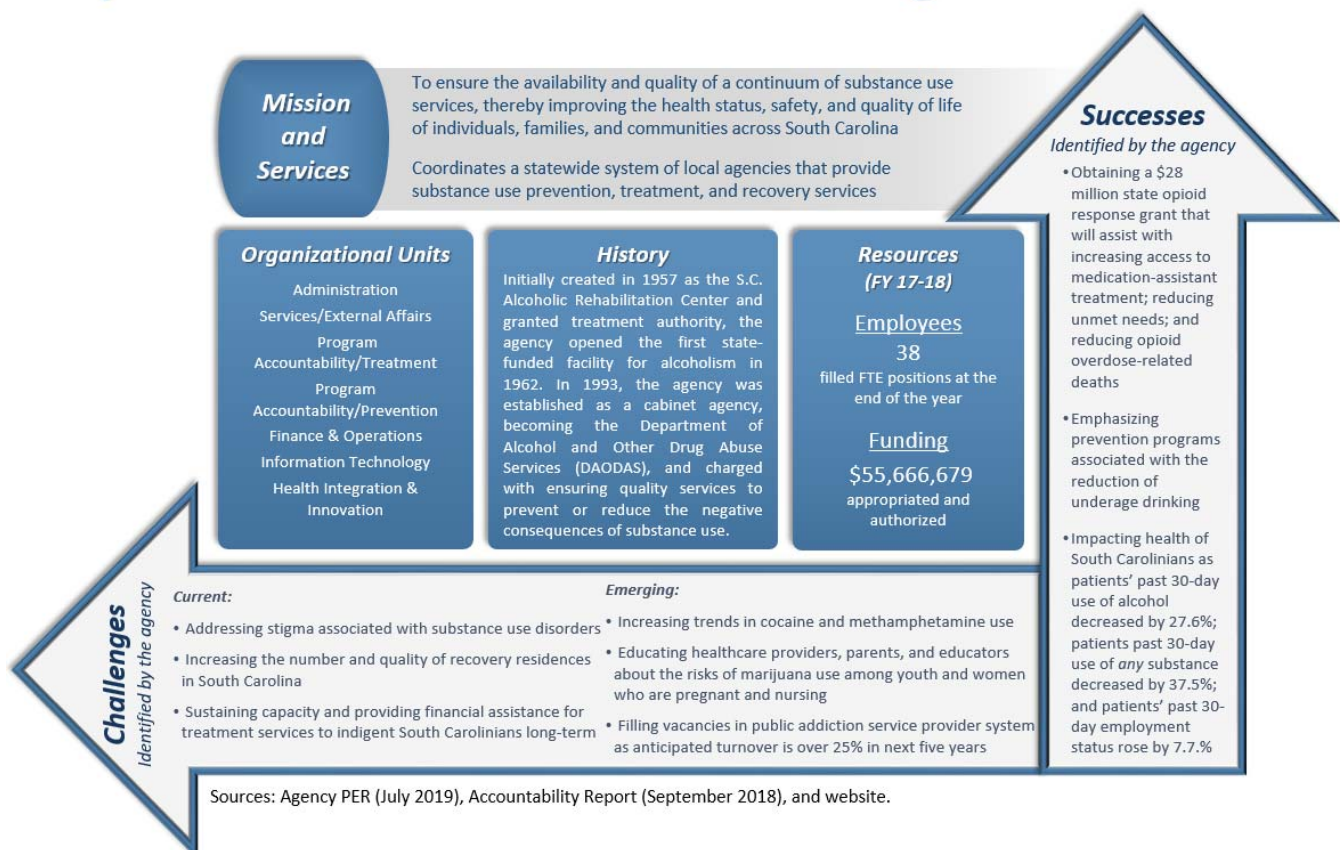

- | | |
|---------------|---|
| EFFECTIVENESS | 6. Assess the need for the Community Outreach by Paramedic Education program in all counties of the state, particularly rural areas, and report its findings to the Committee six months after publication of the Committee's report. |
| | 7. Seek additional funding to expand the Community Outreach by Paramedic Education program to additional counties where there is a demonstrated need for it and continue the program after the expiration of the current grant funding. |

Recommendations to the General Assembly

- EFFECTIVENESS
8. Consider requiring any individual convicted of selling tobacco or alternative nicotine products to minors to complete a merchant education program approved by DAODAS by amending S.C. Code Ann. § 16-17-500.
 9. Consider requiring those serving alcohol for on-premises consumption to complete a merchant education program approved by DAODAS.
- MODERNIZATION OF LAWS
10. Consider updating S.C. Code Ann. Title 44, Chapter 49 to accurately reflect DAODAS’s current role and functions and replace outdated language related to substance use.
 11. Consider updating S.C. Code Ann. § 59-150-230(I) to reflect the current method of distributing unclaimed lottery prize funds used to address problem or pathological gambling.
