**Q1** Please share any comments, suggestions or concerns you may have about these agencies, including any observations about the way the agency shares information online. Please note your responses will be posted online and may be included in a Committee report.

Employment & Workforce, Department of

**SCDEW leadership apply a false classification of NEPOTISM to my master applicant profile in 2011 to prevent employment with state agencies. SCDEW HR (Adrienne Sorenson ) applied a false classification of "barred from Applying" on July 19, 2013 to expired December 30, 2018 without notification ofr justification. I always felt blackballed but did not have the verification until receiving notification from a possible employer ( SC Judicial) stating my application can no longer be considered because of "Barred from Applying" is how I found out. SCDEW leadership fought to destroy me further by making false accusation of harassment with implications of filing charges to prevent getting answers to questions to this illegal employment act. SCDEW Leadership and other thoroughout state government sought to cover up this crime through email documentations that has been provided to the committee. No one has been held accountable and justice has not been provided. I am the only one that has suffered for a crime that was not of my doing whie others has continued with business as usual. Justice has been denied but still required. SCDEW that is supposed to assist with finding employment deliberately denied opportunities.**

Minority Affairs Commission

**Did not ensure I received fairness with employment in South Carolina with SCDEW due to an illegal employment of a false classification of NEPOTISM and blackballed my master applicant profile with "barred From Applying dated July 19, 2013 to expired December 30, 2018 without notification and justification to prevent employment with state agencies. In an attempt to get answers from illegal emplyment violations then SCDEW Leadership made false accusations of harassment with threats of filing charges with law enforcement. Minority Affairs as an active participant in the process would have been able to address issues such as this. A government agecy that does not work.**
