It is not efficient for us, because the Solicitor's Office then has to transfer the data to disc (or some other form) to send as discovery to the defense.

Our experience with cloud based data sharing and storage has been exceptional. One of the main reasons is because we are able to access and share the information from a remote locations (to include mobile devices, tablets or laptops at any hour of day). This can lead to not only efficiency but also in situations of officer involved incidents and the safety of the

Yes	Solicitor: Quality, secure cloud storage is not inexpensive. However, when the LCSD analyzes the ongoing costs of ever increasing storage demands over time and the necessary additional security, backup, maintenance and support costs to support a local storage solution, it quickly becomes evident neither option is inexpensive. Cloud-based storage through the LCSD's chosen vendor allows remarkably cost-effective scalable storage that meets our security requirements while allowing convenient sharing and accountability of the evidence.
