Retirement System Investment Commission

I am very concerned about the State Employee Pension Fund. I have been keeping tabs on this issue for some time. I have hoped someone would step and say, " Enough is enough!" and then do something to change it's direction before it joins the Titanic! The plan lost (\$6.1 billion) BILLION in 2008 and 1.5 BILLION in FY 2016 – why has no one lost their jobs?? I see billions of reasons something needs to be corrected. Why has no commissioner lost his or her job? I thought their job was to have a plan that made money instead of bankrupting the fund. Why isn't the Legislative Oversight Commission investigating the significant losses from (\$6.2 billion) 2008 and 1.5 BILLION 2016? Where is the State of South Carolina going to get the funds to make up these loses? Which Legislator is going to put his/her political future on the chopping block to recommend new tax revenue and/or debt to fund any shortages? With all due respect, I ask you to step up to the plate and do what is necessary protect our State Employees and our Tax Payers from the catastrophe that lies before us. Thank you for your time and understanding. Bill Pickle
