SCTIB QUALIFIED PROJECT REVIEW PROCESS

SCTIB Act

To be eligible as a project to be considered to receive financial assistance from the SCTIB, a highway project must first be found by the Board to provide public benefits by enhancing mobility and safety, promoting economic development, or increasing the quality of life and general welfare of the public. [SCTIB Act, Section 11-43-130(6)]

Then, to be found qualified by the Board to receive financial assistance from the SCTIB, the Board should consider the following and any other appropriate criteria it deems relevant:

a. local support for the project expressed by local governing bodies through resolutions, financial contributions or in-kind contributions;

b. maximum economic benefit, enhancement of mobility, enhancement of public safety, acceleration of project completion and enhancement of transportation services;

c. ability of applicant to repay a loan;

d. financial or in-kind contributions to project from other sources;

e. greater weight given to areas experiencing high unemployment;

f. whether governing bodies of the City and/or County in which the project will be located through resolution determine the project is essential to economic development and/or Department of Commerce Advisory Coordinating Council for Economic Development determines the project is essential to economic development in the state.

g. feasibility of the project;

h. risk to the SCTIB;

i. must give preference to eligible projects which have local financial support.

[SCTIB Act, Section 11-43-180]

Minutes

July 30, 1997, Minutes

By motion, the Board established an Application Development and Review Advisory Committee to review and make recommendations on project selections.
August 19, 1997 Minutes

By motion, the Board adopted the current Application Review Process as set forth in Application Brochure. The Brochure states that an Evaluation Committee will be appointed by the Board to review eligible applications and issue a report to the Board on each applicant project.

September 14, 2004 Minutes

The Chairman appointed a Project Review Evaluation Committee comprised of Board members Metcalf, Tapp and Hooper to review new project applications.

History of Applications

Each project, other than the Interstate Median Barrier Project, has been reviewed by an Evaluation Committee appointed by the Board or Chairman and a report made thereon made to the Board prior to granting of financial assistance. The initial evaluation committee in 1997 was comprised of non-Board members.

During meetings with the national credit rating agencies and bond insurers, they have commented on their concern over whether the processes entities like the SCTIB use to decide on awards of financial assistance to projects are objective, analytical and insulated from inappropriate influences. The SCTIB's continuous use of an established, objective review process for awarding financial assistance has been an important factor in the credit rating agencies' and bond insurers' evaluation of the SCTIB's credit worthiness.
South Carolina
Transportation Infrastructure Bank

AGENDA

STATE TRANSPORTATION INFRASTRUCTURE BANK BOARD
Chairman, Howard “Champ” Covington, Jr.

Coastal Carolina University Board Room
Myrtle Beach, S. C.
2:00 p.m. August 19, 1997

I. Call to Order

II. Approval of Minutes

III. Discussion:

Long Range Transportation Planning Advisory Committee

IV. Report by Application Development and Review Advisory Committee

V. Proposed Budget

VI. Discussion:

Annual Contribution by SCDOT

VII. Presentation by SCDOT:

Transportation Financing and Status of Transportation Projects

VIII. Presentation by Horry County:

Transportation Issues

IX. Comments by Board Members

X. Adjourn
South Carolina
Transportation Infrastructure Bank

Meeting of
August 19, 1997
Coastal Carolina University Board Room

Present
Howard "Champ" Covington, Jr., Chairman
Senator Luke Rankin, Vice Chairman
Representative Ronny Townsend
B. K. Jones
H. B. "Buck" Limehouse
Tim Madden
S. Lyman Whitehead

Absent

Chairman Covington called the meeting to order.

A motion was made by to approve the Minutes for the meeting of July 30, 1997
Motion was seconded by Mr. Madden with the following amendments:

Page 2, paragraph 1 is amended to read as follows:

"Motion was made by Mr. Jones and seconded by Senator Rankin to direct the State Treasurer to establish bank accounts as required by Section 11-43-120(D) for the necessary and convenient administration of the Bank. Motion passed unanimously."

Page 2, paragraph 4 is amended to read as follows:

"Motion was made by Representative Townsend and seconded by Mr. Madden to authorize the Chairman to establish offices, obtain professional services of legal counsel and hire administrative staff, subject to budgetary approval and report back to the Board."

This motion was passed unanimously.

Senator Rankin introduced Horry County Council Chairman Joey McNutt and Mr. Ashby Ward of the Myrtle Beach Chamber of Commerce. Both addressed the Board with infrastructure needs for Horry County.
Motion was made by Representative Townsend and seconded by Senator Rankin that the Board establish the Long Range Transportation Planning Advisory Committee by offering appointments to the Directors of the ten Councils of Governments to serve along with business members appointed by the Chairman. Motion was passed unanimously.

Chairman Covington introduced the members of the Application Development and Review Advisory Committee. Mr. George Fletcher of Greenville, Mr. Gary Loftus of Myrtle Beach and Mrs. Elizabeth Mabry of Columbia.

Motion was made by Senator Rankin and seconded by Mr. Madden that the Board adopt the policy that eligible projects are limited to those large or major projects whose costs exceed $100,000,000, excluding financing or interest costs; and that project costs may include the cost for design, environmental documents preparation, right-of-way acquisition, construction and construction management.

In discussion of the motion, Mr. Limehouse raised the question of the dollar amount for eligible projects. Mr. Larry Esteridge, legal counsel for the Board, advised that there is no limitation in the enabling legislation to prohibit the Board from amending the criteria as needed.

After further discussion by various Board members, the motion was passed unanimously.

Mr. George Fletcher made a presentation to the Board on the criteria recommendations of the Application Review Committee.

Representative Townsend made a motion that section 3(a) of the application add a category Public Hearings. Motion was seconded by Mr. Whitehead and passed unanimously.

Mr. Limehouse requested that some consideration be given to bonus points for innovative solutions.

Senator Rankin made a motion that the Board adopt the proposed Application Review process subject to future amendments. Mr. Limehouse seconded this motion. Passed unanimously.

Further discussion was held on the selection criteria. Mr. Fletcher and the Application Review Committee will continue to work on the process and report back to the Board.

Motion was made by Mr. Limehouse and seconded by Representative Townsend that the Board adopt the budget as proposed by the Chairman. Passed unanimously.

Discussion was held on the annual contribution to the Bank by the SCDOT.
Elizabeth Mabry and Don Freeman of the SCDOT made a presentation to the Board on transportation financing and status of transportation projects.

Mr. Bob Probst of the Federal Highway Administration gave an overview of the Federal/State infrastructure bank process.

Mr. John Cost of the Horry County Council addressed the Board and stressed the highway needs in Horry County.

There being no further business to come before the Board, the meeting was adjourned at 4:00 p.m.

Howard "Champ" Covington, Jr.
Chairman
Only **major projects** which provide **public benefit** are eligible for financing from the highway account.

1. **MAJOR PROJECTS** - Construction of or improvements to highways, including bridges, which exceed $100 million in cost are eligible for financing. This cost includes preliminary engineering, traffic and revenue studies, environmental studies, right of way acquisition, legal and financial services associated with the development of projects, construction, construction management, facilities, and other costs necessary for the project. The cost shall not include interest on loans used to construct the project. While the total cost must exceed $100 million, the financial assistance requested may be less than $100 million.

2. **PUBLIC BENEFIT** - The proposed project must provide public benefit in one or more of the following areas: enhancement of mobility and safety; promotion of economic development; or, increase in the quality of life and general welfare of the public.

Note: An applicant must procure pre-approval from the Board before submitting an application for projects that cost less than $100 million.

**APPLICATION FORMAT**

The application should be submitted to the Evaluation Committee using the following format, and in the order listed:

**DESCRIPTION OF PROJECT:**

Describe the project in sufficient detail that the Board may determine the project's scope, intent, and eligibility for financial assistance. Provide a map depicting project location.

**PUBLIC BENEFITS**

20 POINTS

The proposed project must provide public benefit in one or more of the following areas: enhancement of mobility and safety; promotion of economic development; or, increase in the quality of life and general welfare of the public. Evidence to substantiate public benefit may include but not be limited to:

- Traffic studies;
- Resolution from the local governing body which makes a finding that the project is essential to economic development in their area;
- Certificate that the project is essential to economic development in the state from the Advisory Coordinating Council for Economic Development of the Department of Commerce;
- Local support of the project from residents through petitions or comments at public hearings;
- Resolutions from municipalities, county councils, advisory groups, Metropolitan Planning Organizations or Councils of Government.

Such evidence should be referenced in the application and included as appendices.
FINANCIAL PLAN

Provide a financial plan that clearly describes the funding for development, implementation and operation of the project, including:

- the amount of local contribution
- the total cost of the project;
- amount of assistance requested;
- type of assistance requested;
- other proposed sources of funds, including commitment of all parties;
- the anticipated schedule of when disbursement of funds will be required (cash flow diagram);
- if applicable, a schedule of project revenues for loan payments and assumptions of risks of such payments such as taxes, user fees, toll rates, etc.;
- the useful life of the project and method of determination;
- cost provisions for future resurfacing;

The South Carolina Transportation Infrastructure Bank Act requires the Board to give preference to eligible projects which have local financial support. Local financial support may include local taxes or fees, grants, tolls, private contributions, donated rights of way, etc.

PROJECT APPROACH

Describe the proposed schedule for implementing the project, including the time for completion. Identify critical assumptions or milestones for completion of the project. The proposal should provide at a minimum the following:

- a time table bar chart of events/milestones to implement phases of project (when the facility will be open for use); include critical factor necessary for the project success (i.e. environmental approvals, permit approvals, etc.) and the status of each;
- a complete description of the current status of the project;
- a description of potential obstacles (legal issues, lack of local support, environmental concerns, etc.);
- method for assuring that the project will be completed (intergovernmental agreements, performance bonds, letters of credit, etc.);
- a clear statement of the entity responsible for the following activities: environmental studies, design of project, right of way acquisition construction, construction management, operation, maintenance, tort liability and ownership, law enforcement, and marketing

OTHER/BONUS POINTS

The Board may award additional points for factors not included in the above, such as but not limited to, innovative solutions in financing, multimodal enhancements, applicant's proposal to assume maintenance, innovative public/private partnerships, and other creative or unique approaches.
Applications should include an executive summary.

Applications will be no longer than 20 pages, excluding appendices. Evidence of local support, studies, and other reports may be attached as appendices.

Applications should include cross referencing rather than using repetition in explaining the project and assistance requested.

Twenty (20) copies of the application should be mailed by December 31, 1998 to:

South Carolina State Transportation Infrastructure Bank
955 Park Street, Room 316
Columbia, South Carolina 29201
Attention: Howard W. "Champ" Covington, Jr., Chairman

Each application submitted to the Board will be reviewed to determine if a project is eligible for financial assistance. Projects that are not eligible for financial assistance will be returned to the applicant with proper notification.

The Board assumes no liability and will not reimburse costs incurred by applicants, whether selected or not, in developing applications.

The Board reserves the right to request or obtain additional information about any and all applications.

EVALUATIONS OF ELIGIBLE APPLICATIONS

An Evaluation Committee will be appointed by the Board to review eligible applications. The Evaluation Committee will review each application and rate its strengths and weaknesses based on prescribed evaluation criteria. The Evaluation Committee will issue a report to the Board on each application. The final decision on each financial assistance application will be determined by the Board.

PRESENTATIONS

By invitation from the board, an applicant may be given the opportunity to make a presentation to the Board. Presentations would occur after the Board has had the opportunity to review the Evaluation Committee’s report on the financial assistance application. Presentations will allow applicants to further explain any aspect of their application and answer questions from the Board.
APPLICATION AND EVALUATION PROCESS

The South Carolina Transportation Infrastructure Bank Act established a Board to focus greater attention on large transportation projects. The corporate purpose of the Bank is to select and assist in financing major qualified projects by providing loans and other financial assistance to government units and private entities for constructing and improving highway and transportation facilities necessary for public purposes including economic development. The purpose of this document is to describe the financial assistance application and evaluation criteria.

The financial assistance application (application) should provide a conceptual proposal which provides sufficient information to determine project eligibility and be evaluated in accordance with the specified criteria. The Transportation Infrastructure Bank Board will review each application to determine if a project is eligible for financial assistance. Eligible projects then may be considered for financial assistance based on a review of the evaluation criteria.
ELIGIBILITY

Only major projects which provide a public benefit required by the South Carolina Transportation Infrastructure Bank Act, SC Code Sections 11-43-110 et seq., ("Act") are eligible for financial assistance from the Bank. There are two requirements for eligibility.

1. MAJOR PROJECTS - Construction of or improvements to highways, including bridges, which exceed $100 million in cost are eligible for financial assistance. This cost includes preliminary engineering, traffic and revenue studies, environmental studies, right of way acquisition, legal and financial services associated with the development of projects, construction, construction management, facilities, and other costs necessary for the project. The cost shall not include financing costs or interest on loans used for the project. While the total cost must exceed $100 million, the financial assistance requested may be less than $100 million. Eligible projects may also include transit facilities as defined by the Act. No minimum cost has been established for transit facilities.

2. PUBLIC BENEFIT - The proposed project must provide a public benefit in one or more of the following areas: enhancement of mobility and safety; promotion of economic development; or increase in the quality of life and general welfare of the public.

Once the Board of the Bank determines that a project is eligible under the Act and Board policies, it next must determine if the project qualifies for financial assistance and if so, in what form and amount and under what conditions. The Board will refer the application to its Evaluation Committee which will review and evaluate the application and issue a report to the Board on these issues.

APPLICATION FORMAT

The application must be submitted to the Bank using the following format, containing the following contents, and presented in the following order using the numerical section and subsection designations listed below. A Table of Contents with page numbers and the numerical section and subsection designations listed below is required. In all cases where information or a response is required from SCDOT, the applicant shall include a copy of the request to SCDOT for the information or response and a copy of the response from SCDOT if received prior to the application being submitted. If the SCDOT information or response is not included, the applicant must provide it immediately upon receipt from SCDOT.

DESCRIPTION OF PROJECT:

Describe the project in sufficient detail through a narrative presentation and through data so that the Board may determine the project's scope, intent, benefits, and financing components and its eligibility for financial assistance. Provide a map depicting project location with a scale of sufficient size (at least 1 inch = 2 miles) so all information on the map may be easily read and with traffic volumes and other useful data referenced thereto.
1. PUBLIC BENEFIT 30 POINTS

The proposed project must provide a public benefit in one or more of the following areas: enhancement of mobility and safety; promotion of economic development; or, increase in the quality of life and general welfare of the public. The application must identify each public benefit and explain how each is substantiated by the information in the application and rank the public benefits in the order of importance from the perspective of the applicant. Evidence to substantiate the public benefit(s) shall include but not be limited to:

1.1 traffic studies including current and projected traffic volume and accident data (cite source of information and if not SCDOT, state why another source was used);
1.2 urgency of project (why accelerating the project is critical);
1.3 resolution from the local governing body or bodies which make a finding, with supporting information, that the project is essential to the economic development in the area;
1.4 certificate that the project is essential to the economic development in the state from the Advisory Coordinating Council for Economic Development of the Department of Commerce;
1.5 current and five year history of unemployment data for the counties served by the project;
1.6 local support of the project from residents through petitions or comments at public hearings;
1.7 resolutions from municipalities, county councils, advisory groups, Metropolitan Planning Organizations or Councils of Government and planning documents indicating where project is on all priority lists maintained by or in possession of those entities or the applicant; and
1.8 if applicable, explain and substantiate why the project is of regional or statewide significance.

Such evidence should be referenced in the application and included as appendices.

2. FINANCIAL PLAN 50 POINTS

Provide a financial plan that clearly describes the funding for development, implementation, operation and maintenance of the project, including but not limited to:

2.1 the total cost of the project, including source(s) used to determine cost (include letter from SCDOT stating the projected cost is accurate and reasonable);
2.2 the amount of local contribution and the percentage of contribution to total project cost;
2.3 source of local contribution or loan payment (whether from a tax, non-tax or other—preference will be given to long-term non-tax sources)
2.4 amount of assistance requested from the Bank;
2.5 form of assistance requested (e.g. loan, grant, other)—preference will be given to projects requesting loans;
2.6 other proposed sources of funds, include written commitment of all parties;
2.7 the anticipated schedule of when disbursement of funds will be required (cash flow diagram) (include letter from SCDOT indicating disbursement timeframes are accurate and reasonable);
2.8 if applicable, a schedule of project revenues for local contributions or loan payments and assumptions of risks of such payments such as taxes, user fees, toll rates, etc. (cite source or method used to determine projected revenues);
2.9 the useful life of the project and method of determination (include from SCDOT letter verifying);
2.10 commitment to assume future maintenance requirements (include letter from SCDOT stating projected future maintenance costs); and
2.11 If more than one individual component project is included in the application, include a component project priority list and explain other contingency plans should the Board approve less than the requested financial assistance or actual project costs exceed estimated project costs, or if only one project is involved, explain how the scope of the project may be reduced if the Board approves less than the requested financial assistance or actual project costs exceed estimated project costs.

The Act requires the Board to give preference to eligible projects which have local financial support. Local financial support may include local fees, grants, tolls, private contributions, donated rights of way, local taxes or similar payments. The Board reserves the right to determine the suitability of the form of the local financial support.

3. PROJECT APPROACH

20 POINTS

Describe the expected schedule for implementing the project, including the time for completion. Identify critical assumptions or milestones for completion of the project. In this section, the application shall provide at a minimum the following:

3.1 a time table bar chart of events/milestones to implement phases of project (including when the facility will be open for use); include critical factors necessary for the project success (i.e. environmental approvals, permit approvals, etc.) and the status of each (include letter from SCDOT concurring with time table);
3.2 a complete description of the current status of the project;
3.3 a description and explanation of potential obstacles (legal issues, lack of local support, right of way costs, environmental concerns, etc.) and methods the applicant proposes be used to manage or avoid those obstacles; and
3.4 a clear statement of the entity (including contact name, address and telephone number) responsible for each of the following activities:
   - environmental studies, design of project, right of way acquisition,
   - construction, construction management, operation, maintenance,
   - tort liability and ownership, law enforcement, and marketing (include letters from the entities agreeing to the responsibilities).

OTHER

The Board may consider other significant factors not included in the above in determining award of financial assistance to a project.

APPLICATION SUBMITTAL

AND EVALUATION

Applications should include an executive summary and list a contact person for the applicant including that person’s full name, mailing and street addresses, telephone and facsimilie numbers, e-mail address, and relationship to applicant.

Applications will be no longer than 50 pages, excluding appendices. Evidence of local support, studies, and other reports may be attached as appendices.

Applications should include cross-referencing rather than using repetition in explaining the project and assistance requested.
Applications shall be submitted as follows:

Fifteen complete copies on fifteen compact discs in Word software, (or if compact discs are not possible, 15 bound copies) mailed to the address below, **and**

One complete un-bound printed copy mailed to:

South Carolina State Transportation Infrastructure Bank  
P. O. Box 191  
Columbia, South Carolina 29202-0191

Each application submitted to the Board will be reviewed to determine if a project is eligible for financial assistance. Projects that are not eligible for financial assistance will be returned to the applicant with proper notification.

The Board reserves the right to request or obtain additional information about any and all applicants and applications and to return applications that do not comply with the format set forth herein, are not found to be eligible by the Board, or are filed after any deadlines established by the Board.

**EVALUATIONS OF ELIGIBLE APPLICATIONS**

An Evaluation Committee of the Board will review applications determined to be eligible by the Board. The Evaluation Committee will review each application and rate its strengths and weaknesses based on prescribed evaluation criteria. The Evaluation Committee will issue a report to the Board on each application. The final decision on financial assistance on each application will be determined by the Board. The Board may place conditions on financial assistance it provides.

**PRESENTATIONS**

By invitation from the Board, an applicant may be given the opportunity to make a presentation to the Board. Presentations usually will occur before the Evaluation Committee reviews the applications. Further presentations may be requested to answer any questions from the Board or Evaluation Committee.

**Additional Provisions Applicable to All Applications and Applicants**

Projects and financial assistance approved by the Board also must be approved by the Joint Bond Review Committee of the General Assembly under the Act prior to implementation.

The Bank is not responsible for providing any additional financial assistance of any kind to a project beyond what it and the Joint Bond Committee initially approve under any circumstances regardless of the actual cost of the project.

The Board assumes no liability for and will not reimburse any costs or liabilities incurred by applicants or others, whether provided financial assistance by the Bank for the project or not, in developing, submitting or presenting applications.

Revised 10/19/2005
SOUTH CAROLINA TRANSPORTATION INFRASTRUCTURE BANK (“Bank”)  
Financial Assistance Application Process

(Amendments approved by the SCTIB Board in May 2008 shown in red)

ELIGIBILITY

Only major projects which provide a public benefit required by the South Carolina Transportation Infrastructure Bank Act, SC Code Sections 11-43-110 et seq., (“Act”) are eligible for financial assistance from the Bank. There are two requirements for eligibility.

1. **MAJOR PROJECTS** - Construction of or improvements to highways, including bridges, which exceed $100 million in cost are eligible for financial assistance. This cost includes preliminary engineering, traffic and revenue studies, environmental studies, right of way acquisition, legal and financial services associated with the development of projects, construction, construction management, facilities, and other costs necessary for the project. The cost shall not include financing costs or interest on loans used for the project. While the total cost must exceed $100 million, the financial assistance requested may be less than $100 million. Eligible projects may also include transit facilities as defined by the Act. No minimum cost has been established for transit facilities.

2. **PUBLIC BENEFIT** – The proposed project must provide a public benefit in one or more of the following areas: enhancement of mobility and safety; promotion of economic development; or increase in the quality of life and general welfare of the public.

Once the Board of the Bank determines that a project is eligible under the Act and Board policies, it next must determine if the project qualifies for financial assistance and if so, in what form and amount and under what conditions. The Board will refer the application to its Evaluation Committee which will review and evaluate the application and issue a report to the Board on these issues.

APPLICATION FORMAT

The application must be submitted to the Bank using the following format, containing the following contents, and presented in the following order using the numerical section and subsection designations listed below. A Table of Contents with page numbers and the numerical section and subsection designations listed below is required. In all cases where information or a response is required from SCDOT, the applicant shall include a copy of the request to SCDOT for the information or response and a copy of the response from SCDOT if received prior to the application being submitted. If the SCDOT information or response is not included, the applicant must provide it immediately upon receipt from SCDOT.

**DESCRIPTION OF PROJECT:**

Describe the project in sufficient detail through a narrative presentation and through data so that the Board may determine the project’s scope, intent, benefits, and financing components and its eligibility for financial assistance. Provide a map depicting project location with a scale of sufficient size (at least 1 inch = 2 miles) so all information on the map may be easily read and with traffic volumes and other useful data referenced thereto.
1. **PUBLIC BENEFIT**  

The proposed project must provide a public benefit in one or more of the following areas: enhancement of mobility and safety; promotion of economic development; or, increase in the quality of life and general welfare of the public. The application must identify each public benefit and explain how each is substantiated by the information in the application and rank the public benefits in the order of importance from the perspective of the applicant. Evidence to substantiate the public benefit(s) shall include but not be limited to:

1.1 traffic studies including current and projected traffic volume and accident data (cite source of information and if not SCDOT, state why another source was used);
1.2 urgency of project (why accelerating the project is critical);
1.3 resolution from the local governing body or bodies which make a finding, with supporting information, that the project is essential to the economic development in the area;
1.4 certificate that the project is essential to the economic development in the state from the Advisory Coordinating Council for Economic Development of the Department of Commerce;
1.5 current and five year history of unemployment data for the counties served by the project;
1.6 local support of the project from residents through petitions or comments at public hearings;
1.7 resolutions from municipalities, county councils, advisory groups, Metropolitan Planning Organizations or Councils of Government and planning documents indicating where project is on all priority lists maintained by or in possession of those entities or the applicant; and
1.8 if applicable, explain and substantiate why the project is of regional or statewide significance.

Such evidence should be referenced in the application and included as appendices.

2. **FINANCIAL PLAN**  

Provide a financial plan that clearly describes the funding for development, implementation, operation and maintenance of the project, including but not limited to:

2.1 the total cost of the project, including source(s) used to determine cost (include letter from SCDOT stating the projected cost is accurate and reasonable);
2.2 the amount of local contribution and the percentage of contribution to total project cost;
2.3 source of local contribution or loan payment (whether from a tax, non-tax or other – preference will be given to long-term non-tax sources)
2.4 amount of assistance requested from the Bank;
2.5 form of assistance requested (e.g. loan, grant, other)-- preference will be given to projects requesting loans;
2.6 other proposed sources of funds, include written commitment of all parties;
2.7 the anticipated schedule of when disbursement of funds will be required (cash flow diagram) (include letter from SCDOT indicating disbursement timeframes are accurate and reasonable);
2.8 if applicable, a schedule of project revenues for local contributions or loan payments and assumptions of risks of such payments such as taxes, user fees, toll rates, etc. (cite source or method used to determine projected revenues);
2.9 the useful life of the project and method of determination (include from SCDOT letter verifying);
2.10 commitment to assume future maintenance requirements (include letter from SCDOT stating projected future maintenance costs); and
2.11 if more than one individual component project is included in the application, include a component project priority list and explain other contingency plans should the Board approve less than the requested financial assistance or actual project costs exceed estimated project costs, or if only one project is involved, explain how the scope of the project may be reduced if the Board approves less than the requested financial assistance or actual project costs exceed estimated project costs.

2.12 whether the County(s) or other political subdivisions benefited by the project has adopted any impact fee(s) to assist in financing the project (see S.C. Code Ann. § 6-1-930)? If the response is negative, please explain why no impact fee to assist in financing the project has been adopted.

2.13 whether the County(s) or other political subdivisions benefited by the project has adopted any local accommodations tax dedicated to the project to assist in its financing (see, e.g., S.C. Code Ann. § 6-1-500 et seq., Local Accommodations Tax Act)? If the response is negative, please explain why no such tax has been adopted.

2.14 whether the County(s) or other political subdivisions benefited by the project has adopted any local hospitality tax dedicated to the project to assist in its financing (see, e.g., S.C. Code Ann. § 6-1-700 et seq., Local Hospitality Tax Act)? If the response is negative, please explain why no such tax has been adopted.

2.15 whether the County(s) or other political subdivisions benefited by the project has adopted any local sales tax dedicated to the project to assist in its financing (see, e.g., S.C. Code Ann. § 4-10-300 et seq., Capital Project Sales Tax Act)? If the response is negative, please explain why no such tax has been adopted.

2.16 whether the County(s) benefited by the proposed project has adopted a sales tax or implemented any tolls dedicated to the project to assist in its financing (see, e.g., S.C. Code Ann. § 4-37-10 et seq.)? If the response is negative, please explain why no such toll has been implemented.

2.17 whether the County(s) benefited by the proposed project has adopted any user fee dedicated to the project to assist in its financing or future maintenance (see, e.g., S.C. Code Ann. § 6-1-300 et seq.)? If the response is negative, please explain why no such user fee has been adopted.

2.18 whether the County(s) benefited by the proposed project has implemented any Tax Increment Financing Districts to assist in financing the proposed project (see, S.C. Code Ann. §§ 6-33-10 et seq., Tax Increment Financing and §§ 31-7-10 et seq.). If the response is negative, please explain why no Tax Increment Finance District has been implemented.

2.19 whether the county(s) benefited by the proposed project has implemented an assessment program (see, S.C. Code Ann. § 4-35-10 et seq.)? to assist in financing the proposed project? If the response is negative, please explain why no such assessment program has been implemented.

2.20 whether the applicant (and/or other political subdivisions benefited by the project) has established any development agreement programs with developers or property owners or entered into any development or other agreements to assist in financing the project? If the response is negative, please explain why no development agreement programs have been established or such agreements entered.

2.21 what, if any, zoning or other land use controls has the applicant (and/or other political subdivisions benefited by the project) established to foster the use of existing roads to connect developments? If the response is negative, please explain why no such zoning or other land use controls have been established.

2.22 discount, to present value, any and all cash flows using a 5% discount rate to include, without limit:
The value of the applicant’s future payments or contributions to the proposed project; and
The value of the any non-SIB third-party future payments or contributions to the proposed project; and
The value of future expenditures associated with the proposed project.

2.23 for purposes of cost estimates associated with the proposed project, please set forth the inflation rate assumed.

2.24 should condemnation be needed to complete the proposed project, is the applicant and/or other political subdivisions benefited by the project willing to serve as the named party in such condemnation proceedings? If the response is negative, please explain why the applicant and/or other political subdivisions benefited by the project are unwilling to serve in such role.

2.25 whether the applicant and/or other political subdivisions benefited by the proposed project has utilized or sought sources of funding other than those listed hereinabove? If the answer is affirmative, please explain the status and amount of each other source of funding. If the answer is negative, please explain why such other sources of funding have not been sought or obtained.

The Act requires the Board to give preference to eligible projects which have local financial support. Local financial support may include local fees, grants, tolls, private contributions, donated rights of way, local taxes or similar payments. The Board reserves the right to determine the suitability of the form of the local financial support.

3. PROJECT APPROACH 20 POINTS

Describe the expected schedule for implementing the project, including the time for completion. Identify critical assumptions or milestones for completion of the project. In this section, the application shall provide at a minimum the following:

3.1 a time table bar chart of events/milestones to implement phases of project (including when the facility will be open for use); include critical factor necessary for the project success (i.e. environmental approvals, permit approvals, etc.) and the status of each (include letter from SCDOT concurring with time table);
3.2 a complete description of the current status of the project;
3.3 a description and explanation of potential obstacles (legal issues, lack of local support, right of way costs, environmental concerns, etc.) and methods the applicant proposes be used to manage or avoid those obstacles; and
3.4 a clear statement of the entity (including contact name, address and telephone number) responsible for each of the following activities:
   environmental studies, design of project, right of way acquisition, construction, construction management, operation, maintenance, tort liability and ownership, law enforcement, and marketing (include letters from the entities agreeing to the responsibilities).

OTHER
The Board may consider other significant factors not included in the above in determining award of financial assistance to a project.

APPLICATION SUBMITTAL AND EVALUATION
Applications should include an executive summary and list a contact person for the applicant including that person’s full name, mailing and street addresses, telephone and facsimilie numbers, e-mail address, and relationship to applicant.

Applications will be no longer than 50 pages, excluding appendices. Evidence of local support, studies, and other reports may be attached as appendices.

Applications should include cross-referencing rather than using repetition in explaining the project and assistance requested.

Applications shall be submitted as follows:

Fifteen complete copies on fifteen compact discs in Word software, (or if compact discs are not possible, 15 bound copies) mailed to the address below, and

One complete un-bound printed copy mailed to:

South Carolina State Transportation Infrastructure Bank
P. O. Box 191
Columbia, South Carolina 29202-0191

Each application submitted to the Board will be reviewed to determine if a project is eligible for financial assistance. Projects that are not eligible for financial assistance will be returned to the applicant with proper notification.

The Board reserves the right to request or obtain additional information about any and all applicants and applications and to return applications that do not comply with the format set forth herein, are not found to be eligible by the Board, or are filed after any deadlines established by the Board.

EVALUATIONS OF ELIGIBLE APPLICATIONS

An Evaluation Committee of the Board will review applications determined to be eligible by the Board. The Evaluation Committee will review each application and rate its strengths and weaknesses based on prescribed evaluation criteria. The Evaluation Committee will issue a report to the Board on each application. The final decision on financial assistance on each application will be determined by the Board. The Board may place conditions on financial assistance it provides.

PRESENTATIONS

By invitation from the Board, an applicant may be given the opportunity to make a presentation to the Board. Presentations usually will occur before the Evaluation Committee reviews the applications. Further presentations may be requested to answer any questions from the Board or Evaluation Committee.

Additional Provisions Applicable to All Applications and Applicants

Projects and financial assistance approved by the Board also must be approved by the Joint Bond Review Committee of the General Assembly under the Act prior to implementation.
The Bank is not responsible for providing any additional financial assistance of any kind to a project beyond what it and the Joint Bond Committee initially approve under any circumstances regardless of the actual cost of the project.

The Board assumes no liability for and will not reimburse any costs or liabilities incurred by applicants or others, whether provided financial assistance by the Bank for the project or not, in developing, submitting or presenting applications.

Revised 10/19/2005
Revised 5/12/08
SOUTH CAROLINA TRANSPORTATION INFRASTRUCTURE BANK (“Bank”)
Financial Assistance Application Process
[SC Code Sections 11-43-30(6) and 11-43-180(B)]
Revised 10/8/2013

ELIGIBILITY

Only major projects which provide a public benefit required by the South Carolina Transportation Infrastructure Bank Act, SC Code Sections 11-43-110 et seq., (“Act”) are eligible for financial assistance from the Bank. There are two requirements for eligibility.

1. MAJOR PROJECTS - Construction of or improvements to highways, including bridges, which exceed $100 million in cost are eligible for financial assistance. This cost includes preliminary engineering, traffic and revenue studies, environmental studies, right of way acquisition, legal and financial services associated with the development of projects, construction, construction management, facilities, and other costs necessary for the project. The cost shall not include financing costs or interest on loans used for the project. While the total cost must exceed $100 million, the financial assistance requested may be less than $100 million. Eligible projects may also include transit facilities as defined by the Act. No minimum cost has been established for transit facilities.

2. PUBLIC BENEFIT – The proposed project must provide a public benefit in one or more of the following areas: enhancement of mobility and safety; promotion of economic development; or increase in the quality of life and general welfare of the public.

Once the Board of the Bank determines that a project is eligible under the Act and Board policies, it next must determine if the project qualifies for financial assistance and if so, in what form and amount and under what conditions. The Board will refer the application to its Evaluation Committee which will review and evaluate the application and issue a report to the Board on these issues.

APPLICATION FORMAT

The application must be submitted to the Bank using the following format, containing the following contents, and presented in the following order using the numerical section and subsection designations listed below. A Table of Contents with page numbers and the numerical section and subsection designations listed below is required. In all cases where information or a response is required from SCDOT, the applicant shall include a copy of the request to SCDOT for the information or response and a copy of the response from SCDOT if received prior to the application being submitted. If the SCDOT information or response is not included, the applicant must provide it immediately upon receipt from SCDOT.

DESCRIPTION OF PROJECT:

Describe the project in sufficient detail through a narrative presentation and through data so that the Board may determine the project’s scope, intent, benefits, and financing components and its eligibility for financial assistance. Provide a map depicting project location with a scale of sufficient size (at least 1 inch = 2 miles) so all information on the map may be easily read and with traffic volumes and other useful data referenced thereto.
1. PUBLIC BENEFIT 30 POINTS

The proposed project must provide a public benefit in one or more of the following areas: enhancement of mobility and safety; promotion of economic development; or, increase in the quality of life and general welfare of the public. The application must identify each public benefit and explain how each is substantiated by the information in the application and rank the public benefits in the order of importance from the perspective of the applicant. Evidence to substantiate the public benefit(s) shall include but not be limited to:

1.1 traffic studies including the current and projected traffic volume, truck volume and accident data and the pavement quality index of existing road or highway to be improved (cite source and date of information and if not SCDOT, state why another source was used);
1.2 urgency of project (why accelerating the project is critical);
1.3 resolution from the local governing body or bodies which make a finding, with supporting information, that the project is essential to the economic development in the area and consistent with applicable local land use plans;
1.4 certificate that the project is essential to the economic development in the state from the Advisory Coordinating Council for Economic Development of the Department of Commerce;
1.5 current and five year history of unemployment data for the counties served by the project;
1.6 local support of the project from residents through items such as petitions or comments at public hearings;
1.7 resolutions from municipalities, county councils, advisory groups, Metropolitan Planning Organizations or Councils of Government and planning documents indicating where project is on all priority lists maintained by or in possession of those entities, SCDOT and the applicant;
1.8 if applicable, explain and substantiate why the project is of regional or statewide significance;
1.9 review and evaluate the pros and cons of all alternative transportation plans to the project; and
1.10 provide an analysis of the environmental impact of the project.

Such evidence should be referenced in the application and included as appendices.

2. FINANCIAL PLAN 50 POINTS

Provide a financial plan that clearly describes the funding for development, implementation, operation and maintenance of the project, including but not limited to:

2.1 the total cost of the project, including source(s) used to determine cost (include letter from SCDOT stating the projected cost is accurate and reasonable);
2.2 the amount of local contribution and the percentage of contribution to total project cost;
2.3 source of local contribution or loan payment (whether from a tax, non-tax or other – preference will be given to long-term non-tax sources)
2.4 amount of assistance requested from the Bank;
2.5 form of assistance requested (e.g. loan, grant, other)-- preference will be given to projects requesting loans;
2.6 other proposed sources of funds, include written commitment of all parties;
2.7 the anticipated schedule of when disbursement of funds will be required (cash flow diagram) (include letter from SCDOT indicating disbursement timeframes are accurate and reasonable);
2.8 If applicable, a schedule of project revenues for local contributions or loan payments and assumptions of risks of such payments such as taxes, user fees, toll rates, etc. (cite source or method used to determine projected revenues);

2.9 The useful life of the project and method of determination (include from SCDOT letter verifying) and the estimated maintenance and repair costs of the project over its expected useful life;

2.10 Commitment to assume future maintenance requirements (include letter from SCDOT stating projected future maintenance costs); and

2.11 If more than one individual component project is included in the application, include a component project priority list and explain other contingency plans should the Board approve less than the requested financial assistance or actual project costs exceed estimated project costs, or if only one project is involved, explain how the scope of the project may be reduced if the Board approves less than the requested financial assistance or actual project costs exceed estimated project costs.

2.12 Whether the County(s) or other political subdivisions benefited by the project has adopted any impact fee(s) to assist in financing the project (see S.C. Code Ann. § 6-1-930)? If the response is negative, please explain why no impact fee to assist in financing the project has been adopted.

2.13 Whether the County(s) or other political subdivisions benefited by the project has adopted any local accommodations tax dedicated to the project to assist in its financing (see, e.g., S.C. Code Ann. § 6-1-500 et seq., Local Accommodations Tax Act)? If the response is negative, please explain why no such tax has been adopted.

2.14 Whether the County(s) or other political subdivisions benefited by the project has adopted any local hospitality tax dedicated to the project to assist in its financing (see, e.g., S.C. Code Ann. § 6-1-700 et seq., Local Hospitality Tax Act)? If the response is negative, please explain why no such tax has been adopted.

2.15 Whether the County(s) or other political subdivisions benefited by the project has adopted any local sales tax dedicated to the project to assist in its financing (see, e.g., S.C. Code Ann. § 4-10-300 et seq., Capital Project Sales Tax Act)? If the response is negative, please explain why no such tax has been adopted.

2.16 Whether the County(s) benefited by the proposed project has adopted a sales tax or implemented any tolls dedicated to the project to assist in its financing (see, e.g., S.C. Code Ann. § 4-37-10 et seq.)? If the response is negative, please explain why no such toll has been implemented.

2.17 Whether the County(s) benefited by the proposed project has adopted any user fee dedicated to the project to assist in its financing or future maintenance (see, e.g., S.C. Code Ann. § 6-1-300 et seq.)? If the response is negative, please explain why no such user fee has been adopted.

2.18 Whether the County(s) benefited by the proposed project has implemented any Tax Increment Financing Districts to assist in financing the proposed project (see, S.C. Code Ann. §§ 6-33-10 et seq., Tax Increment Financing and §§ 31-7-10 et seq.). If the response is negative, please explain why no Tax Increment Finance District has been implemented.

2.19 Whether the county(s) benefited by the proposed project has implemented an assessment program (see, S.C. Code Ann. § 4-35-10 et seq.) to assist in financing the proposed project? If the response is negative, please explain why no such assessment program has been implemented.

2.20 Whether the applicant (and/or other political subdivisions benefited by the project) has established any development agreement programs with developers or property owners or entered into any development or other agreements to assist in financing the project? If
the response is negative, please explain why no development agreement programs have been established or such agreements entered.

2.21 what, if any, zoning or other land use controls has the applicant (and/or other political subdivisions benefited by the project) established to foster the use of existing roads to connect developments? If the response is negative, please explain why no such zoning or other land use controls have been established.

2.22 discount, to present value, any and all cash flows using a 5% discount rate to include, without limit:
The value of the applicant’s future payments or contributions to the proposed project; and
The value of the any non-SIB third-party future payments or contributions to the proposed project; and
The value of future expenditures associated with the proposed project.

2.23 for purposes of cost estimates associated with the proposed project, please set forth the inflation rate assumed.

2.24 should condemnation be needed to complete the proposed project, is the applicant and/or other political subdivisions benefited by the project willing to serve as the named party in such condemnation proceedings? If the response is negative, please explain why the applicant and/or other political subdivisions benefited by the project are unwilling to serve in such role.

2.25 whether the applicant and/or other political subdivisions benefited by the proposed project has utilized or sought sources of funding other than those listed hereinabove? If the answer is affirmative, please explain the status and amount of each other source of funding. If the answer is negative, please explain why such other sources of funding have not been sought or obtained.

**The Act requires the Board to give preference to eligible projects which have local financial support. Local financial support may include local fees, grants, tolls, private contributions, donated rights of way, local taxes or similar payments. The Board reserves the right to determine the suitability of the form of the local financial support.**

3. **PROJECT APPROACH**

Describe the expected schedule for implementing the project, including the time for completion. Identify critical assumptions or milestones for completion of the project. In this section, the application shall provide at a minimum the following:

3.1 a time table bar chart of events/milestones to implement phases of project (including when the facility will be open for use); include critical factor necessary for the project success (i.e. environmental approvals, permit approvals, etc.) and the status of each (include letter from SCDOT concurring with time table);

3.2 a complete description of the current status of the project;

3.3 a description and explanation of potential obstacles (legal issues, lack of local support, public opposition, right of way costs, environmental impact and concerns, etc.) and methods the applicant proposes be used to manage or avoid those obstacles; and

3.4 a clear statement of the entity (including contact name, address and telephone number) responsible for each of the following activities:
   environmental studies, design of project, right of way acquisition, construction, construction management, operation, maintenance, tort liability and ownership, law enforcement, and marketing (include letters from the entities agreeing to the responsibilities).
OTHER
The Board may consider other significant factors not included in the above in determining award of financial assistance to a project.

APPLICATION SUBMITTAL AND EVALUATION

Applications should include an executive summary and list a contact person for the applicant including that person’s full name, mailing and street addresses, telephone and facsimile numbers, e-mail address, and relationship to applicant.

Applications will be no longer than 50 pages, excluding appendices. Evidence of local support, studies, and other reports may be attached as appendices.

Applications should include cross-referencing rather than using repetition in explaining the project and assistance requested.

Applications shall be submitted as follows:

Fifteen complete copies on fifteen compact discs in Word software, (or if compact discs are not possible, 15 bound copies) mailed to the address below, and

One complete un-bound printed copy mailed to:

South Carolina State Transportation Infrastructure Bank
P. O. Box 191
Columbia, South Carolina 29202-0191

Each application submitted to the Board will be reviewed to determine if a project is eligible for financial assistance. Projects that are not eligible for financial assistance will be returned to the applicant with proper notification.

The Board reserves the right to request or obtain additional information about any and all applicants and applications and to return applications that do not comply with the format set forth herein, are not found to be eligible by the Board, or are filed after any deadlines established by the Board.

EVALUATIONS OF ELIGIBLE APPLICATIONS

An Evaluation Committee of the Board will review applications determined to be eligible by the Board. The Evaluation Committee will review each application and rate its strengths and weaknesses based on prescribed evaluation criteria. The Evaluation Committee will issue a report to the Board on each application. The final decision on financial assistance on each application will be determined by the Board. The Board may place conditions on financial assistance it provides.

PRESENTATIONS

By invitation from the Board, an applicant may be given the opportunity to make a presentation to the Board. Presentations usually will occur before the Evaluation Committee reviews the applications. Further presentations may be requested to answer any questions from the Board or Evaluation Committee.
Additional Provisions Applicable to All Applications and Applicants

Projects and financial assistance approved by the Board also must be approved by the Joint Bond Review Committee of the General Assembly under the Act prior to implementation.

The Bank is not responsible for providing any additional financial assistance of any kind to a project beyond what it and the Joint Bond Committee initially approve under any circumstances regardless of the actual cost of the project.

The Board assumes no liability for and will not reimburse any costs or liabilities incurred by applicants or others, whether provided financial assistance by the Bank for the project or not, in developing, submitting or presenting applications.
