OVERVIEW: RESTRUCTURING & SEVEN-YEAR PLAN

Background

Pursuant to Section 1-30-10(G)(1), state department and agency governing authorities must submit the following to the Governor and General Assembly:

- “reports giving detailed and comprehensive recommendations for the purposes of merging or eliminating duplicative or unnecessary divisions, programs, or personnel within each department to provide a more efficient administration of government services.” (Annual Restructuring Report, Restructuring Report or ARR)

Pursuant to Section 1-30-10(G)(2), state department and agency governing authorities must submit the following to the Governor and General Assembly:

- “a seven-year plan that provides initiatives and/or planned actions that implement cost savings and increased efficiencies of services and responsibilities within the projected seven-year period.” (Seven-Year Plan)

These questions and instructions are provided for the purposes of fulfilling the agency’s requirement to the House Legislative Oversight Committee under these statutes. **Please note the agency’s response will be published on the General Assembly’s website.**

In completing these documents, having a copy of the Fiscal Year 2012-13 Accountability Report and Fiscal Year 2013-14 Accountability Report the agency submitted to the Executive Budget Office will be helpful.

Submission Process

Please complete the information and answer the questions included on the following pages. Please note at the end there is a request to complete an Excel document with the name of all personnel at the agency who were consulted or performed work to obtain the information utilized when answering the questions in these reports, their title and their specific role in answering the question (i.e., searched the agency documents, asked for information because they are in charge of the department, etc.). Therefore, for efficiency purposes, the agency may want to keep track of this information while answering the questions instead of waiting until the end.

All forms should be submitted electronically by **March 31, 2015**, to the House Legislative Oversight Committee (HCommLegOv@schouse.gov) in both the original format (Word and Excel) and saved as a PDF for online reporting. The signed copy of the Submission Form with a hard copy of the forms and attachments should be mailed to: House Legislative Oversight Committee, Post Office Box 11867, Columbia, South Carolina 29211. Please direct any questions about this process to Jennifer Dobson (jenniferdobson@schouse.gov) or Charles Appleby (charlesappleby@schouse.gov).

OVERVIEW: RESTRUCTURING & SEVEN-YEAR PLAN

Efforts to Avoid Duplication

Please note at the end of each page in this report, the Committee includes the following:

Does the agency already provide the information requested on this page, or similar information, in a report required by a legislative entity? If yes, add the appropriate information to the Similar Information Requested Chart. If the agency look in the Excel document attached, there is a template for the agency to complete for any questions which ask for the same information under the tab labeled, "Similar Info Requested."

In the Excel document attached, there is a template to complete any questions which ask for the same information under the tab labeled, "Similar Information Requested." The Committee asks this at the end of every page because if the questions on that page seek information similar to information sought in another report to a legislative entity, we want to know so we may communicate with the legislative entity who requires the other report and determine the most efficient way to avoid duplication in the future.

In addition, notice that one section of this report requests the agency list all other reports it has to submit. The Committee is seeking this information to analyze and determine whether there are any recommendations the Committee may make, in collaboration with the other entities which require reports, in an effort to minimize the burden of all the reporting requirements on the agency while still ensuring all appropriate information is provided.

Looking Ahead

The Restructuring Report, Seven-Year Plan and Oversight Study process are new for 2015. Each year the Committee will review information sought from agencies, the methods through which it is sought and any feedback received from agencies. Through this review, it is the Committee's goal to continually improve its processes and obtain greater effectiveness and efficiency for agencies and the Committee through revisions and updates both in the information it receives and way in which it is collected. The Committee looks forward to working with agencies to provide the most effective and efficient state government for the people of South Carolina.

RESTRUCTURING REPORT

V. Key Performance Measurement Processes

This category examines the agency's performance and improvement in key areas. Performance levels are examined relative to those of competitors and other organizations providing similar programs and services. Information is typically displayed by the use of performance measures. Quantitative measures may be supplemented by a discussion of qualitative measures where appropriate; however, every effort should be made to use appropriate quantitative measures that can be charted to show trends and comparisons to benchmarks.

Address only top-level results showing aggregate measures of agency-wide performance that are reflective of the value added to customers. Please include comparative data as applicable. These results are typically captured in performance goals and planning documents. When determining which processes are "key processes" consider the business impacts, and select those processes that are most important to the customer (both internal and external) to satisfy their requirements and/or those processes with problem areas identified by management.

Note: Results information (i.e., each chart, graph, table) reported for this category should be referenced to the specific question number (Ex. Chart 5.1-1, Graph 5.1-2, Table 5.1-3). The third digit identifies the sequential position of the specific chart, graph or table included in the agency's responses to each questions.

For each performance measurement included in response to the questions on the next page under Subsection A, please provide the following information:

- a. The performance goal(s)/benchmark(s) for the overall process output, and/or critical activities that produce the output.
 - i. Three agency/government entities in other states or non-government entities the agency considers the best in the country in this process or similar process and why.
 - ii. If the agency did not use results from an entity the agency listed in response to "i" as a performance goal/benchmark, why not and why did the agency choose the goal/benchmark it did?
 - iii. Individual(s) who are not employed by the agency (government or non-government, located anywhere in the country) whom the agency considers an expert in the process or similar process and their contact information, or if deceased, name of books authored.
- b. List the senior leaders who review the performance measure, their title and frequency with which they monitor it.
- c. Trends the agency has seen and the method by which it analyzes trends in these results.
- d. Whether the agency has reasonable control over this result (i.e., more than 50% or enough to be able to influence and accurately measure the result).
 - i. If the agency does not have reasonable control over this result, the other one or more agencies, who when combined with the agency, together have reasonable control over the result and names of those other agencies.
