The purpose of legislative oversight is to determine if agency laws and programs are being implemented and carried out in accordance with the intent of the General Assembly and whether or not they should be continued, curtailed or even eliminated. Any House Member may file legislation to implement the Legislative Oversight Committee's recommendations.

Constituents May:

- Share comments and concerns with the Legislative Oversight Committee about State agencies.
- Request notification when an agency is scheduled for study and investigation by the Committee.
- Participate in public hearings.

While all testimony before the Committee must be under oath, the Committee solicits written comments from constituents that are not considered testimony. These comments may direct the Committee to areas of improvement for the state agency.
