

# Legislative Oversight Committee

Striving to improve state government for all South Carolinians

The Legislative Oversight Committee reviews and publishes studies of state agencies to ensure state laws and programs are being carried out in accordance with the intent of the General Assembly and to determine whether those programs should continue in their current form.

## The Committee serves all South Carolinians by:

### PROMOTING EFFICIENCY

Committee studies help identify outdated or duplicative services, waste, and poor internal controls.

### ENCOURAGING EFFECTIVENESS

The Committee facilitates cooperation between agencies to provide the best services to the people of this state.

### AMPLIFYING YOUR VOICE

Public input is a cornerstone of the oversight process. Share your concerns with the Committee online, by email, over the phone, or in person.

### INCREASING TRANSPARENCY

All the information state agencies submit to the Committee is made available to the public online. All Committee meetings are open to the public and can be viewed online during or after the meeting.

### DEMANDING ACCOUNTABILITY

In public meetings that are recorded and available online, agency leaders must answer frank questions based on agency performance outcomes and concerns expressed by South Carolinians.
